TAFT SENDS FOR T. R.'s PICTURES AT WHITE HOUSE

WASHINGTON, March 20.—Former President Taft has missed one personal belonging which he left when he quit the White House—a picture of Theodore Roosevelt, which hung on the east wall of his private office. Several days before he started for Augusta the President took down the only other picture in his sanctum, that of his father, Alphonso Taft, but the Roosevelt picture has been hanging there alone since President Wilson assumed office. Today a letter came to the White House offices requesting that the picture be taken down and sent to the New Haven hotel, where Mr. Taft expects to live for several months after he takes up his duties as a Yale professor.

Senator Curtis Brown acted as host to his fellow members of the senate last night. The lawmakers forgot duties of state for the evening and several hours were passed most pleasantly at Senator Brown's commodious Waikiki home.

MARKET RALLIES AND IS FIRM AT CLOSE

DEATH OF J. P. MORGAN AFFECTS FINANCIAL CIRCLES ONLY IN SLIGHT DEGREE.

(By Federal Wireless Telegraph.)

NEW YORK, March 31.—(Special to The Advertiser)—Owing to the support extended by banking interests the shock occasioned by the death of J. P. Morgan did not upset the market seriously today. The effect of the passing of the financier was partially counteracted by reports that the interstate commerce commission had sanctioned freight advances of transcontinental roads.

The steadiness of the market on the first drop in price impressed the bears and short covering played a considerable part in the rally, which quickly followed. Toward noon, however, the market fell back to the earlier low level.

The opening rate for call money of five and one-half per cent and Governor Sulzer's approval of the "full crew" railroad bill had a depressing effect.

It was reported that Berlin began bidding eight and one-half to nine per cent in this market for thirty-day loans.

Bonds were easy.

The tone of the market became steadier after midday and there was a slight recovery all round. Business diminished steadily, speculation being affected by an advance in call money to seven per cent, the highest figure of the year.

While prices ruled in some cases below last week's close the general list maintained a show of stability and displayed an inclination to respond readily to favorable developments. Higher prices for copper metal infused some strength into the copper shares.

The market closed firm.

COLUMBUS' SHIPS FOR SAN FRANCISCO EXPOSITION

CHICAGO, March 20.—Manned by a crew of Harvard graduates and students of the University of Chicago the three models of Columbus' ships that attracted so much attention at the world's fair in Chicago, will start a journey down the Mississippi, through the Gulf of Mexico, through the Panama Canal and around to San Francisco in time for the opening of the Panama-Pacific Exposition. The south Park commissioners today granted permission for the use of the boats at the request of Charles P. Stephenson, instructor of rowing at Harvard. The three caravels were built in Spain and brought across the Atlantic for the exposition.

WINS FIRST PRIZE IN WORLD DISTRICT

VICE PRESIDENT WATERHOUSE COMPANY RECEIVES GOLD WATCH AND CHAIN.

Hawaii has once more come to the front in the commercial circles of the world, in this case through the Waterhouse Company, Limited, and its vice president, Harold T. Hayselden. The company is the local agent for the National Cash Register Company, of Dayton, Ohio, and Mr. Hayselden is the personal representative handling this end of the business. The company won the second prize recently for sales for this company.

Mr. Hayselden yesterday received from John H. Patterson, president of the National Cash Register Company, a handsome leather case containing a beautiful gold watch and chain by Auderton & Son, of Dayton, a gold handled knife and a gold pencil case, all engraved with his initials, in recognition of his work and as the first prize for the fifth district of the world. In other words the sales through the Waterhouse Company of cash registers of high grade have exceeded that in any other section of the world contained in this district.

The world outside the United States has been divided into five districts by the big company whose president was recently sentenced to one year in prison on alleged violation of the trust laws, but has appealed. Four of the districts constitute Latin America, Australia, New Zealand and South Africa, all the rest of the world is embraced in the fifth district in which Hawaii is included, and it is against all this large section of the world that Hawaii has had to compete and in which Mr. Hayselden has won the first prize.

The letter Mr. Hayselden received with the prize is as follows:

"March 17, 1913.

"Mr. H. T. Hayselden, Vice President The Waterhouse Co., Ltd., Honolulu, Hawaii.

"Dear Sir: As you are the leading N. C. R. salesman for 1912 in your district, I have sent to you one of the gold watches and chains which were offered as a prize to the district leaders last year.

"With the watch go my hearty congratulations upon your success. To have closed the year with the highest record in your district is an honor of which you may well feel proud.

"I trust that as you make this watch your constant companion it will serve to keep fresh in your mind the value of time and the necessity for improving each moment and what an important factor this is in your success. I know you appreciate this, as otherwise your 1912 record would not have been possible.

"Wishing you greater success in 1913, I am, very truly yours,

(Sgd.) "JOHN H. PATTERSON."

DIVIDENDS PAID OUT.

There was a great distribution of dividends yesterday and only one or two companies show any diminution of the amount disbursed as a rule by the companies named. Following is the amount opposite the names of the companies: C. Brewer & Company, $1.50 per share; Ewa Plantation, fifteen cents; Waimanalo, $2.00; Hawn. Electric, seventy-five cents; Hon. B. & M. Co., twenty cents; L.I. S. N. Co., seventy-five cents; Kahuku Sugar Co., ten cents; Hawn. Pine. Co., twenty-five cents; Hon. R. T. & L. Co., Com., (Quarterly) $2.00; Mutual Telephone Co. (Quarterly), twenty-five cents.

DIVINING ROD STUDY FRENCH ACADEMY AIM

PARIS, March 15.—Acting on the request of a number of persons who are interested in occult matters, the Academy of Sciences has appointed a special commission to inquire into the properties of the divining rod. It is intended to make an exhaustive study of the claims of those who profess to be able to discover underground springs by this means with a view to ascertaining whether the powers claimed by "diviners" are authentic, and, if so, what scientific principles are involved.

Considerable importance is attached to this action on the part of the academy, as it is the first time this body has recognized the possibility of occult phenomena possessing any value for science.

M. N. S. S. Wilhelmina, en route from Honolulu to San Francisco, at eight o'clock last night was 1600 miles off port; sea moderate, all well.
