HIPPLE AN EMBEZZLER.

Receiver Earle States That Late President Stole Five Millions.

PHILADELPHIA, Aug. 31.—Examination of the list of securities held by the defunct Real Estate Trust company disclosed the fact that Frank K. Hipple, president of the institution, who committed suicide, was an embezzler. The authority for this statement is George H. Earle, Jr., receiver for the trust company. Mr. Earle declined to say what securities are missing, but he declared that Hipple had hypothecated $65,000 worth of paper, securing $60,000 for the securities, which he never returned.

Receiver Earle further declared that President Hipple embezzled the $5,000,000 he loaned to Adolf Segal, the promoter. These loans, Mr. Earle asserted, were personal transactions. "Although made in the name of the bank, the directors had no knowledge of them; consequently the money was stolen by Hipple," said Mr. Earle.

Another enterprise in which the dead president was financially interested was discovered when it became known that he was one of the incorporators of Miss Wright's Select School For Ladies at Bryn Mawr, the suburb in which Hipple had his summer residence. The other incorporators were his son, F. Wharton Hipple, and Miss Wright. The latter five years ago began teaching school at Bryn Mawr. She made the acquaintance of Mr. Hipple's daughter, now dead, and Mr. Hipple displayed a friendly interest in her. Last year Miss Wright purchased a large stone building at Bryn Mawr at a cost, it is said, of $60,000 and established her select school.

URIC-O CURED HIM.

Rheumatism Tortured and Crippled Mr Theo. D Hadley of Kennett Square, Pa.

Dear Friend:

You will remember of my writing you some time ago regarding Uric-O for rheumatism. I took your advice and purchased three bottles from my local druggist and began its use at once. Favorable effects were experienced and day by day I improved. I have used the three bottles and can truthfully state that I am a well man.

Uric-O has cured in me as bad a case of rheumatism as ever existed. My suffering for months was intense, some nights not able to get one moment's sleep, could not raise my right hand to my head—had to do all with my left I could not even dress myself for over three months. My trouble being inflammatory rheumatism had settled in my right arm and shoulder crippling, as I thought, permanently. This is the third letter I have written, a thing I hardly expected to be able to do again, as I did not think I could possibly recover from the terrible effects of the disease, as you know I am past the four score year on the way to the "New Jerusalem." I am happy to state that after suffering so long with the most painful forms of rheumatism, that Uric-O has cured me and nearly normal conditions exist. My former strength is improving, and yet for all I am 85 years old, sleep well again, eat well and as hale and hearty as a man at the age of fifty. I thank you again most heartily for recommending Uric-O to me. I can now recommend it to my friends.

Theo H. Hadley, Kennett Square, Pa

This marvelous specific is sold at 75 cents a bottle, two weeks' treatment, a blood cure for all forms of rheumatism, acting alone on the blood, muscles and kidneys. Uric-O is a liquid taken in spoonful doses three times daily and must be used for rheumatism only. Ask your druggist for samples and circulars explaining the treatment

The store of B. A. Quinlan is the Uric-O store in Bennington.

WOODFORD

Under the present system Woodford received from the state in 1905 $55.46 for highways and $50 for schools, more than it paid to the state. Clement would abolish this system. This town now sends a representative to Montpelier. Clement calls this a "rotten borough system" and would have Woodford lose its identity in the legislature and become part of a "legislative district." In 1900 Senator Clement prevented an increased tax on corporations and fathered the last state tax ever levied in Vermont. This saved Mr Clement's railroad $28,199 34 in 1901. It costs Woodford $145.13. Vote for your town's interest next Tuesday.

AsthmaSufferers Should Know This

Foley's Honey and Tar has cured many cases of asthma that were considered hopeless. Mrs Adolph Buesing of 701 West Third street, Davenport, Iowa, writes: "A severe cold contracted twelve years ago was neglected until it finally grew into asthma. The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one fifty cent bottle entirely cured me of asthma which had been growing on me for twelve years, and if I had taken it at the start I would have been saved years of suffering." "HANDSOME HARRY" HELD.

W. H. Latimer, Wanted For Fraud, Was Weary of Wandering.

PHILADELPHIA, Aug. 31.—William H. Latimer, familiarly known as "Handsome Harry," manager of the Provident Investment bureau, which was forced out of business eighteen months ago, and who has since been a fugitive from justice, has surrendered. He was held in $2,000 bail by United States Commissioner Braig for trial in the federal court.

With Frank C. Marrin, alias Judge Franklin Stone, and Stanley Francis, alias Arthur S. Foster, Latimer was jointly indicted in September, 1905, charged with conspiracy and using the mails to defraud. These three were alleged to have been the organizers of the Provident Investment bureau, a get-rich-quick concern. They were also accused of being the principal officials of the Storey Cotton company, a swindling scheme, which failed in March, 1905. Francis was arrested, convicted and sentenced to five years. Marrin and Latimer escaped.

Latimer said he fled to London, where he met Marrin and Miss Sophie Beck, a friend of Marrin's. He traveled through England, France and Canada and was finally arrested in Calgary, province of Alberta, Northwest Territory, but was released, as his offense was not extraditable. Weary of wandering, he finally determined to come back and give himself up to justice.

Engine Coal Rate to Bristol---Machine's Only Answer to Fusion Charges.

¶ We have freely charged the Proctor machine with being responsible for quadrupling state expenses in 22 years;

¶ With spending $30,000 more in Waterbury every year than the business called for.

¶ With keeping up the unjust and iniquitous system of double taxation;

¶ With doing nothing of public importance in 50 years but increase fat offices and commissions.

The answer is that the Bristol railroad engine burns coal hauled there at the rate of 1-2 cent per ton per mile!

¶ How silly! How puerile! What an answer to serious charges against the political record of a powerful machine!

¶ It isn't a campaign issue, but the fact is that this rate is the same rate that all railroads charge each other for SOFT COAL, USED ONLY ON THEIR ENGINES.

¶ IT'S NOT A SECRET RATE; IT'S ON FILE WITH THE INTERSTATE COMMERCE COMMISSION; IT APPLIES TO ENGINE COAL ONLY. IT'S THE SAME RATE AS THE RUTLAND ROAD PAYS ON ITS OWN COAL. The destination of the cars is merely changed.

¶ Hasn't the Proctor Bureau something better than this?

Independent Literary Bureau, 1906

ALVORD'S Old Virginia Corn Relish

¶ It gives a zest to the meal and can be used in hundreds of ways—for meats, fish, game, luncheons, sandwiches, and in fact, wherever a condiment or relish is used.

¶ No matter whether you serve good things hot or cold, Alvord's Old Virginia Corn Relish will enhance their flavor.
