## We have laid Thee in the Grave, Beloved.

BY FINLEY JOHNSON.

We have laid thee in the grave beloved,
The silent grave to rest;
With thy pale hands meekly folded
Across thy pulseless breast;
We saw them close the coffin lid
That hid thee from our sight;
And then we struggled fearfully
Against our sorrow's might.

O, thou wert with us, dearest one
When flowers sweetly bloomed,
When hill and valley with their breath
Were always rich perfumed;
But when the winter came, beloved,
The spoiler too came nigh:
Thou felt the wintry dreariness.
And turned away—to die,

Though thou art calmly sleeping now
Where flowers fair shall spring;
Yet hast thy spirit soared away
On free and snowy wing,
And in the land of happiness;
Of pastures green and fair,
In the spotless robes of heaven
We shall meet—yes, meet thee there.

## TO MISS ——.

BY O. D. MARTIN.

Fare thee well, my heart is breaking,
But I scorn to love thee now,
Scorn to place a wreath of marriage
On a faithless woman's brow.

Oh! I loved thee, madly, truly,
As I've prayed to call thee mine,
But the heart which thou hast broken,
Never can be joined with thine.

Once I dreamed that I had wedded
Thee to an eternal bliss,
In a land of endless pleasure,
In a home more bright than this.

Where the Angels wed each other
Where each life is endless day.
Where all pain, all care and sorrow,
Are forever washed away.

This I dreamed, and sadly waking,
Found my joy was all a dream,
Felt my heart within me breaking,
And the bright sun's golden beam

Did not bring the blissful pleasure,
Which I dreamed should soon be mine,
But a burning, bitter sorrow,
For my heart beat not for thine.

Then I whispered for the angel,
Who had sent a dream so bright,
To bring back the Heaven-like pleasure,
Which I'd felt in dreams at night.

But the day was sadly dawning,
And the night had passed away,
And a dull and gloomy morning,
Ushered in another day.

Fare thee well, and oft at evening,
When my prayers ascend on high,
I will think of thee with friendship,
Friendship which shall never die.

PHILADELPHIA, PA.

## Thou hast wounded the Spirit.

The following beautiful, though somewhat pensive, little song will not fail to meet with a hearty welcome from our fair young readers, though we know not who may be its author:

Thou hast wounded the spirit that loved thee,
And cherished thine image for years—
Thou hast taught me at last to forget thee,
In secret, in silence, and tears.
As a young bird, when left by its mother,
Its earliest pinions to try,
'Round the nest will it still lingering hover,
Ere its trembling wings can fly.

Thus we're taught in this cold world to smother
Each feeling that once was so dear—
Like that young bird, I'll seek to discover
A home of affection elsewhere.
Tho' this heart may still cling to thee fondly,
And dream of sweet memories past.
Yet hope like the rainbow of summer,
Gives a promise of Lethe at last.

Winchester.

We notice in the North Alabamian, published at Tuscumbia, Ala., a poem headed "Sweetest—Dearest. The poetry was written by Mrs. Adelia C. Graves, for the Home Journal, but we guess that it was an oversight of friend Rollston in not giving the Journal credit.

Many people never become aware of the necessity of insuring their property until a fire breaks out and destroys it. If any one desires to insure in the Ætna Company—the best company known—let them call on W. J. Slatter. See advertisement.

TO OUR SUBSCRIBERS.—We are going to ask a favor, one that can be bestowed very easily. Now, it is no *dun*—you never hear us do that. Most of subscribers are very punctual, and we are proud of them. In fact, we'll venture the assertion that better *paying* subscribers can't be found on the books of any other publisher.—But we want more of the "same sort." And now for the *favor*:—Let every subscriber to the Journal send us *one* additional—*just one*. Now, you can easily do it, will you not? You have friends, go to them and present the claims and merits of the paper; show them how nicely it is printed, how large it is, and how much original matter it contains, &c. Surely you can obtain *one* subscriber additional; we *know* you can if you will try. *Every* person who takes the Journal is appealed to, the ladies especially.

JUST RECEIVED.—One of the prettiest and best Sewing Machines ever brought to Winchester. It is at our office.

And while talking about Sewing Machines let us state a fact: A gentleman in Nashville, not long ago, bought the right to manufacture and sell those *cheap*, $30 machines in West Tennessee, and by the operation lost about $3000. The machine was a "take in."—Now, if you want a *good* machine and a sure enough cheap one, call on W. J. Slatter.

## DOCTOR BAAKE

## LIVERY STABLE.

WINCHESTER.. .TENNESSEE.

"Stop and read this notice well,
And if you have a horse to sell,
Just bring him here, we'll do our best—
If we dont buy, then try the rest.

If you have corn or oats to spare,
We shall want a liberal share;
Bring all you can to our new stable,
We'll pay you cash, if we are able.

Put up your horse and you shall say
He's been well fed on corn and hay;
We'll clean him well and give him water,
And charge you just a single quarter.

We keep fine buggies here for hire,
And horses that will never tire;
A hack that's new and very neat—
Horses and driver that can't be beat.

Come one, come all, and give us a call,
We intend to try to please you all;
Our stable is on Madison street,
At which place you'll always meet

## NATIONAL POLICE GAZETTE.

THIS Great Journal of Crimes and Criminals is in its thirteenth year, and is widely known throughout the country. It is the first paper of the kind published in the United States, and is distinctive in its character. It has lately passed into the hands of Geo. W. Matsell & Co., by whom it will hereafter be conducted. Mr. Matsell was formerly Chief of Police of New York City, and he will no doubt render it one of the most interesting papers in the country. Its editorials are forcibly written, and of a character that should command for the paper universal support.

☞ Subscriptions, $2 per annum $1 for six months, to be remitted by Subscribers, (who should write their names and the town, county and State where they reside plainly.)

He intends to keep on hand a select assortment of Patent, French and American leather. Also, lastings, to suit the wants of ladies. Repairing promptly attended to, and all work warranted.

As I am compelled to pay cash for all descriptions of leather, my Terms must be positively Cash. july 22, '58.

DOCTOR HOOFLAND'S CELEBRATED

## GERMAN BITTERS,

WILL EFFECTUALLY CURE

**Liver Complaint, Dyspepsia, Jaundice,**

Chronic or Nervous Debility, Diseases of the Kidneys, and all diseases arising from a disorderly liver or stomach.

Such as Constipation, Inward Piles, Fullness or Blood to the Head, Acidity on the Stomach, Nausea, Heartburn, Disgust for Food, Fullness or Weight in the Stomach, Sour Eructations, Sinking or Fluttering at the Pit of the Stomach, Swimming of the Head, hurried and difficult Breathing, Fluttering at the Heart, Choking or Suffocating Sensations when in a lying posture, Dimness of Vision, Dots or Webs before the sight, Fever and dull pain in the Head, Deficiency of perspiration, Yellowness of the Skin and Eyes, pain in the side, Back, Chest, Limbs, &c., sudden Flushes of Heat, Burning in the Flesh, Constant Imaginings of Evil and great Depression of Spirits.

The proprietor, in calling the attention of the public to these bitters, does so with a feeling of the utmost confidence in its virtues and adaptation to the diseases for which it is recommended.

It is no new and untried article, but one that has stood the test of a ten years' trial before the American people, and its reputation and sale are unrivalled by any similar preparations extant. The testimony in its favor given by the most prominent and well-known physicians and individuals in all parts of the country is unique, and a careful perusal of the Almanac, published annually by the proprietor, and to be had gratis of any of his Agents, cannot but satisfy the most skeptical that this remedy is really deserving the great celebrity it has obtained.

DR. HOOFLAND'S

## BALSAMIC CORDIAL,

FOR THE SPEEDY CURE OF

*Coughs, colds, influenza, croup hoarseness, bronchitis, diseases of the bowels arising from cold, incipient consumption, and for the relief and (if at all possible) cure of patients in advanced stages of the latter disease.*

Catarrh, or Common Cold, as it is familiarly called, is worthy of study, and serious enough to be avoided, if possible. Dr. Dell says "I will not say that Colds are to our inhabitants what the PLAGUE AND YELLOW FEVER are to those of other countries, but, I can say confidently that they usher in disease of greater complexity and mortality than these latter."

In the danger of BRONCHITIS and PNEUMONIA, which often follow in the train of a neglected cold, and in PHTHISIS PULMONALIS, the tubercular irritation of which is developed by the same cause, we surely have profound argument sufficient for attention, not only to the preventive means, but also to the curative ones of a disease, which however mild in its inception is directly or indirectly productive of such diversified and alarming results.

This lesson should be particularly impressed on those who have any constitutional tendency to PULMONARY CONSUMPTION.

The use of the Balsamic Cordial, agreeably to the directions accompanying each bottle, will readily cure the most distressing case of cough.

Coughs sometimes proceed from a disordered or dyspeptic state of the stomach, in which case the German Bitters should be used. In cases of weakness, or general debility of the system, resulting from a protracted cough, the German Bitters will be found of great benefit.

In cases of ACUTE Inflamation of the Lungs, the prominent symptoms generally are—hurried and painful respiration, imperfect arterialization of the blood, cough and expectoration, attended with excitement of the heart, fever, various derangements of the digestive and urinary systems, prostration of strength, &c. The lungs may be diseased without any of these symptoms being PRESENT, but the murmur produced during inspiration and respiration, and the alternate contraction and expansion of the chest, evident to both sight and feeling, all furnish most important physical signs in case of disease, and should receive prompt attention.

This disease is usually caused by a cold settling on the lungs, and the use of the Balsamic Cordial soon performs a cure.

The terrible fatality of diseases resulting from a "COMMON COLD" may be seen by a glance at the following statistics, taken from the records of the Board of Health of Philadelphia, confessedly one of the most healthy localities in the Union—

| | | |
|---|---|---|
| 1852. Total deaths in Philadelphia, | | 10,261 |
| Died of Consumption, | 1,912 | |
| " " all other diseases (250 in number,) | 8,349 | |
| | | —10,261 |
| 1853. Total deaths, | | 9,749 |
| Died of Consumption, | 1,895 | |
| " " all other diseases, | 7,854 | |
| | | —9,749 |
| 1854. Total deaths, | | 11,814 |
| Died of Consumption, | 2,178 | |
| " " all other diseases, | 9,636 | |
| | | —11,814 |

From these figures, it will be seen that nearly one-fourth of the total deaths in the country are caused by consumption, to say nothing of the numerous other diseases springing from a "slight cold."

The proprietors are in the possession of certificates showing that the Balsamic Cordial has effected cures where all other remedial means have failed. Give it a trial.

These invaluable medicines are prepared only by Dr. C. M. Jackson, 418 Arch Street, Philadelphia, and are for sale by druggists and store keepers in every town and village in the United States, Canadas, and West Indies. Price 75 cents per bottle.

## HOWARD ASSOCIATION.

PHILADELPHIA.

A benevolent Institution, established by special endowment for the relief of the sick and distressed, Afflicted with virulent and epidemic diseases.

TO all persons afflicted with Sexual Diseases, such as Spermatorrhea, Seminal weakness, Impotence, Gonorrhea, Gleet, Syphilis, the Onanism, or Self Abuse, &c.

The Howard Association, in view of the awful destruction of human life, caused by Sexual diseases, and the deceptions practised upon the unfortunate victims of such diseases by Quacks, several years ago directed their Consulting Surgeon, as a CHARITABLE ACT worthy of their name to open a Dispensary for the treatment of this class of diseases, in all their forms, and to give Medical advice GRATIS, to all who apply by letter, with a description of their condition, (age, occupation, habits of life &c.,) and in cases of extreme poverty, to FURNISH MEDICINES FREE OF CHARGE. It is needless to add that the Association commands the highest Medical skill of the age, and will furnish the most approved modern treatment.

The Directors, on review of the past, feel assured that their labors in this sphere of benevolent effort, have been of great benefit to the afflicted, especially to this very important but much despised cause.

Just published by the Association, a Report on Spermatorrhea, or Seminal Weakness, the Vice of Onanism, Masturbation or Self-Abuse, and other Diseases of the Sexual Organs, by the Consulting Surgeon, which will be sent by mail, (in a sealed letter envelope,) FREE OF CHARGE, on receipt of TWO STAMPS for postage.

Address, for Report or treatment, Dr. GEORGE R. CALVERT'S, Consulting Surgeon, Howard Association, No. 2 South Ninth Street, Philadelphia, Pa.

By order of the Directors,

OFFICE:

**No. 4, Public Square, Nashville, Tenn.**

**Reasons why this Machine is Universally Preferred over All Others.**

1 Because it is the only Sewing Machine in the world ever invented, so constructed as to fully meet the demands of families for general use.

2 It is very simple and is never liable to get out of order.

3 It makes a seam which will not rip, though every thread stitch is cut.

4 It is not a shuttle machine.

5 It sews with two needles, making any length stitch desired.

6 It sews from two ordinary spools, and thus all trouble or winding thread is avoided while the same Machine can be adapted at pleasure, by a mere change of spools, to all varieties of work.

7 The same Machine runs silk or linen thread, and common spool cotton, with equal facility.

8 This Machine will sew in the sleeves of a coat with the same ease and facility that it sews a straight seam.

9 This Machine can be run to make one thousand five hundred stitches per minute.

10 The seams are as elastic as the most elastic fabric so that it is free from all liability to break in washing, ironing or otherwise.

11 The stitches made by this machine are more beautiful than any other made either by hand or machine.

The price of the Machines at office in New York, range from $75 to $150, an additional charge of $10 is only made on each machine over New York prices at office in Nashville, to defray expenses of transportation &c. to Nashville

R. H. BROCKWAY, Secretary.

## LIFE PILLS.

AND

***Phœnix Bitters.***

THE BEST FAMILY MEDICINE NOW BEFORE THE public, for the cure of Scrofula, Ulcers, Scurvy, or Eruptions of the Skin, Fever and Ague, Dropsy, and in fact most all diseases some yield to their curative properties. It has been computed that during the last twenty five years upwards of FOUR MILLIONS of persons have been benefited by the use of these medicines; a fact which speaks volumes in favor of their curative properties—a single trial will place them beyond the reach of competition in the estimate of every patient. By their use the BLOOD IS RESTORED TO A HEALTHY STATE and freed from all impurities. The system is not reduced during their operation, but invigorated, and they require no restraint from business or pleasure.

The afflicted have in these medicines a remedy that will do for them all that medicine can possibly effect.

**HEALTH OF AMERICAN WOMEN**

To LEWIS A. SAYRE, M. D.:

As a physician and surgeon of the highest reputation, I call upon you to consider a few facts of the most vital importance to every woman in the country.

The highest Professional authority admit that more women die from uterine diseases than from any other cause, and that they are unable to cure the diseases or to arrest this frightful mortality.

I will ask your attention to the reasons for this, and then to a remedy which has been eminently successful for many years, and which has the sanction of the most enlightened physicians in the country.

The medicines in general use among the profession for the treatment of Falling in the Womb, Whites, Deranged Menstruation and local diseases of the uterine organs, together with the constitutional symptoms attending them, are Iron Strychnine, Opium, Cantharides, Conium, Cannabis Indica, Secale Cornutum, and mechanical means such as Pessaries. When administering them, the patient is informed that she is taking nothing that will hurt her.

Let us see: IRON, the most harmless and the best of them, when given for these complaints, produces headache, thirst, difficulty of breathing, and intolerable headaches. SECALE produces nausea, vomiting, giddiness, delirium, stupor and weight in the head. STRYCHNINE is a poison so violent that the most minute doses are sometimes fatal, and yet it is given by rule from the book, and without due knowledge of all the little indications which may prevent it from causing death. The effect of Opium is to relieve pain by relaxing the muscles, but this very relaxation is again the cause of some of the most torturing complaints. CONIUM and CANNABIS INDICA both cause convulsions, heat, tremblings, faintness, and general debility. PESSARIES are indelicate, and they also irritate and cause ulcers, putrid discharges, and sometimes incurable diseases of the bladder.

In small doses these medicines will not always produce immediately fatal effects, but continued as they are in the treatment of these diseases, they will inevitably injure the system, and cause lingering and painful symptoms, and hurry to the grave a woman who was already fast enough on the way without the aid of these violent poisons.

I can convince you, sir, that the administration of these medicines never cured a case of uterine disease; but on the contrary, that future suffering and often an early death almost invariably follow their use. The insidious poison is gradually absorbed by the system until the patient only perceives her error in time to find there is no hope.

I ask you, as a man and as a physician, why will you give your countenance to a practice which persists in administering poisons and in driving women
