SAINSEVAIN'S
CALIFORNIA WINE BITTERS.
As the use of California Wine is destined to exclude entirely from our midst all compounds made from alcohol and other drugs, so deleterious to health, many of our friends have suggested to us to offer to the public
A BITTERS MADE OUT OF PURE NATIVE CALIFORNIA WINE
which to an agreeable taste might combine all the tonic and invigorating properties of those kind of beverages, without presenting the bad qualities of that made out of Alcohol, &c.
According to their wishes, we offer to the public a Bitters which we warrant is composed of our best Native California Wine, in which we have diffused healthy aromatic plants; we desire to call the attention of Druggists, Physicians, and Chemists to examine our Bitters, and they will find them as represented. We are confident that our
CALIFORNIA WINE BITTERS
will soon take the place of those noxious compounds, and that the public in general will be benefited by it.
SAINSEVAIN BROS.,
Sole Proprietors.
The immense popularity of this product has, in the space of two years, taken the first rank above all other Bitters in California, Oregon, British Columbia, and all the Pacific Coast; this has determined me to solicit the Agency from my friends, Messrs. SAINSEVAIN BROS., who have already confided to me the Agency of their Wines.
Each clipper ship coming from California will bring me a lot of their most popular beverage—the Sainsevain Wine Bitters. CESAR AUG. ROBERT, No. 57 Cedar-st.

Proposals.

NAVY DEPARTMENT, BUREAU OF EQUIPMENT AND RECRUITING, June 6, 1863.
PROPOSALS for MATERIALS for the NAVY.—SEALED PROPOSALS to furnish materials for the Navy for the fiscal year ending 30th June, 1864, will be received at the Bureau of Equipment and Recruiting, until the 6th day of July next.
The materials and articles embraced in the classes named, are particularly described in the printed schedules, any of which will be furnished to such as desire to offer, on application to the commandants of the respective yards, or to the navy agent nearest thereto, and those of all the yards upon application to the Bureau. This division into classes being for the convenience of dealers in each, such portions only will be furnished as are actually required for bids. The commandant and navy agent of each station will, in addition to the schedule of classes of their own yards, have a copy of the schedules of the other yards for examination only, from which it may be judged whether it will be desirable to make application for any of the classes of those yards.
Offers must be made for the whole of the class at any yard upon one of the printed schedules, or in strict conformity therewith, or they will not be considered. In computing the classes, the price stated in the column of prices will be the standard, and the aggregate of the class will be carried out according to the prices stated.
The contracts will be awarded to the lowest *bona fide* bidder who gives proper security for its fulfillment. The Bureau reserves the right to reject all the bids for any class, if deemed exorbitant.
All articles must be of the very best quality, to be delivered in the navy yards in good order, and in suitable vessels and packages, properly marked with the name of the contractor, as the case may be, at the expense and risk of the contractor, and in all respects subject to the inspection, measurement, count, weight, &c., of the yard where received, and to the entire satisfaction of the commandant thereof.
Bidders are referred to the commandant of the respective yards for samples, instructions, or particular description of the articles; and, all other things being equal, preference will be given to articles of American manufacture.
Every offer, as required by law of 19th of August, 1846, must be accompanied by a written guaranty, the form of which is hereinafter given, and also by a certificate signed by the Collector of Internal Revenue for the district in which he resides, that he has a license to deal in the articles which he proposes to furnish; or by an affidavit signed by himself and sworn to before some magistrate authorized to administer such oath, that he is a manufacturer of, or regular dealer in, the articles he offers to supply, and has a license as such manufacturer or dealer.
Those only whose offers may be accepted will be notified, and the contract will be forwarded as soon thereafter as practicable, which they will be required to execute within ten days after its receipt at the Post Office or Navy Agency named by them.
The contracts will bear date the day the notification is given, and deliveries can be demanded.
Sureties in the full amount will be required to sign the contract, and their responsibility certified to by a United States District Judge, United States District Attorney, Collector, or Navy Agent. As additional security, 20 per centum will be withheld from the amount of the bills until the contract shall have been completed, and 80 per centum of each bill, approved in triplicate by the commandants of the respective yards, will be paid by the navy agent at the points of delivery—unless requested by the contractor to be paid at other navy agency—within ten days after warrants shall have been passed by the Secretary of the Treasury.
It is stipulated in the contract that if default be made by the parties of the first part in delivering all or any of the articles mentioned in any class bid for in the contract, or the quality, at such time and places above provided, then, and in that case the contractor and his sureties will forfeit and pay to the United States a sum of money not exceeding twice the amount of such class, which may be recovered from time to time, according to the act of Congress in that case provided, approved March 3, 1843.
No bids for more than one yard must be inclosed in one envelope, and the same must be distinctly indorsed on the outside "Proposals for materials for the navy, for the navy-yard at" (name the yard) "Class No." (name the class), and address "To the Chief of the Bureau of Equipment and Recruiting, Navy Department, Washington, D. C."
