SUGAR WILL BE AT LEAST FOUR CENTS FOR TEN YEARS

Senator Shafroth Says Tariff Is Bound To Be Restored Next Autumn

CONGRESSIONALS NOW ON ISLAND OF KAUAI

Phenomenally Smooth Passage and Perfect Weather From Hawaii

(By Mutual Wireless to The Advertiser)

WAIMEA, Kauai, May 13.—A phenomenally smooth passage marked the trip of the S. S. Mauna Kea from Hilo to Nawiliwili. The weather was perfect throughout, and the congressional party is thoroughly delighted. The Mauna Kea arrived promptly according to schedule, and the members of the excursion were at once assigned to various private homes for their entertainment this evening. The numerous hospitable hosts took charge of the individuals of the party as soon as a landing was made.

Senators and representatives lost no time in getting acquainted with Kauaians and facts about the Garden Island. They fell in love with the Island on sight, and entered interestedly into discussions touching on the opportunities and advantages of Kauai and of the Islands generally.

Never Below Four Cents.

Senator John Shafroth of Colorado, informally speaking of the main industry of the Territory, predicted that sugar would never fall below four cents a pound in the next ten years. Also he declared it to be his belief that the revenue tariff would be restored this fall.

Luncheon was served at Niumalu, the beach home of Representative J. H. Coney. The dainty and delightful repast was served in the lanai. Following luncheon, Duke Kahanamoku, the worlds' champion short-distance swimmer, gave an exhibition 100-yard swim, much to the keen enjoyment of the visitors.

This afternoon was spent in sightseeing, automobiles conveying the travelers to the leeward side of the Island, Eleele, Waimea and Kekaha.

Public receptions will be held at Lihue and Waimea this evening.

Hilo's Farewell

The departure of the Mauna Kea from Hilo at ten o'clock yesterday morning was not "good-by" to the island, however, for the sugar mills along the Hamakua coast saluted the passing steamer with prolonged blasts from their steam whistles. The Inter-Island boat returned the farewell salutation. Last night, aboard ship, dinner was made an occasion for merriment, the Ad Club representatives doing much to furnish fun.

To Help Small Farmers

Representative Gordon Lee of Georgia showed special interest in diversified agriculture in the Territory. He promises to work for federal aid to the small farmers in these Islands. Representative Lee is a member of the house committee on agriculture. He is in favor of financial assistance being given the Territory by the national government in the fight against pests which interfere with the broadening of the agricultural field here.

There will be short automobile excursions tomorrow morning to the various attractive points within reach of the residences of those who are acting as hosts to the congressional party members. Following luncheon there will be an auto trip to the famed Hanalei valley.

At five o'clock in the afternoon the Mauna Kea will be boarded at Hanalei for the return to Honolulu. The capital city will be reached at seven o'clock Saturday morning.

Liliuokalani Welcomes Party of Congressionals

Queen Liliuokalani yesterday forenoon received some of the members of the congressional party at her residence at Washington Place. The reception began at ten-thirty o'clock and lasted until about noon. The ladies of the visiting party had expressed ardent desire to meet the Queen, of whom they had heard a great deal since their arrival in the Islands.

Queen Liliuokalani received her guests with her usual charming grace. She was attended by Mrs. C. S. Holloway, Mrs. C. P. Iaukea and Mrs. J. A. Dominis. The senators and representatives were presented by Colonel C. P. Iaukea who acted as master of ceremonies. In the garden the Hawaiian band was stationed, playing Hawaiian and other delightful airs at appropriate intervals.

The visitors signed their names in the guest book and went away delighted with their visit. Senator Reed Smoot of Utah, who had met the queen before on several occasions, stayed a little longer than the rest, holding converse with the former monarch of the Hawaiian Islands.

Those who signed their names in the queen's guest book were Senators Cummins, James, Saulsbury and Smoot and their wives; Representatives Fairchild, Langley and Rodenberg and their wives; Mesdames Anthony, Cullop, Sherley and Mann; Misses Slemp, Austin and Rodgers, and Frank B. Lord, president of the National Press Club.

Visiting Congressmen Guests of Glee Club

Contributing to the hospitality that the visiting senators and representatives and their wives are meeting with everywhere in the Islands, the Kamehameha School boys intend to add their share of enjoyment to the program by inviting the entire party to be their guests at the Glee Club concert in the Opera House tomorrow evening.

When informed of the proposed entertainment, seventy-four of the party, now on the Garden Island, signified their intention to accept the invitation. It is hoped that the stay-at-homes in Honolulu will also be able to accept.

In spite of the succession of interesting events already experienced by the visitors, the Kamehameha boys' musical treat will prove to be one of the lasting memories of the Hawaii sojourn. A block of choice seats and some of the boxes are being reserved for the use of the congressional visitors.

One of the pleasing features of the Ad club luncheon last Wednesday was the appearance of a part of the Kamehameha Glee Club. The consensus of opinion then, was that if the work of the boys on that occasion was a sample of what was to be produced Saturday evening, the Opera House entertainment would be very well worth attending. But samples are not in order, for there are to be many surprises tomorrow night.

Visitors Support America's Protest

Members of the congressional party now in Honolulu yesterday expressed themselves as strongly supporting the protest of the United States government against the action of Germany on the high seas, with special reference to the sinking of the Lusitania and the loss of so many innocent lives. Senator Cummins said that he liked the tone of the note sent to Berlin by President Wilson. He believed from what he had gathered from newspaper accounts that the American note would bear the emphatic protest that should be made against what he characterized as an indefensable violation of international rules.

Senator Saulsbury said the situation had reached a climax and could no longer be overlooked. He felt satisfied that President Wilson would provide the protection due to American citizens on the high seas and would demand amends for the lives and ships already lost through submarine warfare.

Senator Overman believed the note to Germany was timely and emphatic. "I am for Wilson," he said.

Representative Rodenberg declared that the President's note was the best framed protest that could be sent to represent the real attitude of the United States as a nation. He further said that this is the time to suspend judgment until all the facts are established.

Governor Announces Congressional Tea

A reception and tea will be given by Governor Pinkham on Tuesday afternoon, from half-past four to six o'clock at the residence of Dr. and Mrs. Charles B. Cooper, Lunalilo and Hackfeld streets, in honor of the members of the visiting congressional party. Sixteen hundred invitations have been addressed and will be sent out probably today. A big clerical staff spent yesterday addressing the great list of invitations.

"The reception and tea will give Honolulans another opportunity to meet our distinguished guests," said the Governor yesterday to The Advertiser. "It is being given really in the name of the people of Honolulu."

Queen Liliuokalani, should her health permit, likely will be present and Her Majesty will be in the receiving line. The Hawaiian Band will discourse music on the spacous lawns. The invitation reads as follows:

"Lucius E. Pinkham, Governor of Hawaii, requests the presence of ..... to meet the wives and daughters of the visiting United States senators and representatives at a reception and tea on Tuesday afternoon, May 18, 1915, from half after four until six o'clock, at the residence of Dr. and Mrs. Charles B. Cooper, Lunalilo and Hackfeld streets, Honolulu, Hawaii."

UNITED STATES LOOKS TO GERMANY FOR PROMPT AND ENLIGHTENED ACTION

Submarines Cannot Be Used Against Merchantmen and Flag Must Be Respected

(Continued from Page One)

the utmost earnestness to the practical impossibility of employing submarines for the destruction of commerce without disregarding the rules of fairness, reason, justice and humanity which modern opinions have declared imperative.

Americans May Travel Anywhere

"Submarines cannot be used against merchantmen without inevitable violation of the sacred principles of justice and humanity.

"Americans are within their indisputable rights to travel wherever their business calls them on the seas. The United States can not believe that German commanders of submarines committed these acts of lawlessness, except under misapprehension of the orders given them by the German authorities.

"The United States looks to Germany for just, prompt and enlightened action in this vital matter."

British Boer Commander Occupies Teuton Capital

General Botha Now Controls German Southwest Africa and Will Make Severe Reprisals

(Associated Press by Federal Wireless.)

CAPE TOWN, May 14.—General Louis Botha, commander-in-chief of the armies of the Union of South Africa, occupied Windhuk, the capital of German Southwest Africa, yesterday, taking prisoner the German commander and his garrison.

There are a few isolated bands of German troops and natives officered by Germans left to round up, but the campaign in Southwest Africa is now virtually at an end.

Before accepting the surrender of the Germans, General Botha reserved the right to execute "fitting reprisals" for the poisoning of wells by German troops, in their retreat across the veldt.

Earlier dispatches from General Botha carried word that his advance had been greatly hampered by the fact that he found all the wells had been poisoned with a strong arsenical wash, used by stockmen as a dip in which to free their cattle from ticks.

When General Botha sent an officer to protest, he received answer, "Our orders are to leave no water fit for man or beast."

Ten German warehouses, three hotels, twenty shop and the Liederkranz Club were sacked by rioters yesterday in Johannesburg. The Gundelfinger company's establishment was set on fire and the total loss is estimated at more than $1,000,000.

NOTEWORTHY GAINS CLAIMED BY ALLIES

Both In Belgium and France, It Is Reported, Germans Are Beaten

(Associated Press by Federal Wireless.)

PARIS, May 14.—Noteworthy gains by the Allies, both in Belgium and farther south in France, are recorded in the midnight official bulletin.

"After a month of violent fighting on the edge of the Argonne," says the bulletin, "the last of the Germans has been ejected from the Forest of le Pretre. Three German companies were annihilated in the attack.

"Between Arras and Ypres, the Allies have captured in the last forty-eight hours four towns."

The day bulletin announced the recapture of Notre Dame de Lorette, which has been strongly held by the Germans and around which some of the bloodiest fighting in the western campaign has centered.

In front of Carency, the recent advance, it was said, had been extended by the capture of additional trenches. Around Neuville, the Germans remained in possession of only a few of their defenses.

BARNES SIDE OF IT

(Associated Press by Federal Wireless.)

SYRACUSE, New York, May 13.—William Barnes Jr., who is suing Colonel Roosevelt for libel, was on the stand today. He answered the allegations made against him and gave his own version of New York state politics and other matters dealt with in the colonel's alleged libelous utterances.

CLERGYMAN WHITE SLAVE

(Associated Press by Federal Wireless.)

MILWAUKEE, May 13. — The Rev. James Morrison Darnell, a Kenosha minister, was today convicted of violating the Mann "white slave traffic" act.

RUSSIAN ATTACK PUSHES FORWARD

Petrograd Says Teutonic Allies Are Retiring In Disorder From Dneister

Vienna Asserts Advance In Western Galicia Now Within Reach of Przemysl

(Associated Press by Federal Wireless.)

LONDON, May 14.—Without any mention of reverses on their right wing, the Russian general staff, in a bulletin posted today at Petrograd, records fresh successes on the southern bank of the River Dneister, beyond which, it says, the forces of the Teutonic allies are retreating in disorder. The bulletin follows:

Five Attacks Repulsed

"Five successive attacks made by the enemy in force were repulsed by us yesterday in the region of Shavli. Hundreds of prisoners were taken. Sharp fighting continues.

"On the Dubica river we forced the enemy to abandon his fortified positions.

"On the right bank of the Dneister our offensive is being vigorously prosecuted with success. The enemy made several fruitless counter attacks, in an effort to relieve the pressure against his center, but finally was compelled to retire in disorder.

"In the course of this operation the Austrians were also repulsed north of Obertyn with heavy losses.

Two Battalions Annihilated

"Near Horodenka, our artillery annihilated two battalions (eight hundred men) which were retreating in disorder.

"Along the whole line we have captured thousands of prisoners."

Germany and Austria asserted yesterday that their advance in West Galicia, against the Russian right, had brought them to within striking distance of Przemysl, and Vienna estimated today the number of prisoners taken in the last eleven days at 150,000.

PEACE IN ORIENT CHINA'S CONCERN

This Is Why President Yuan Finally Granted All Demands of Japan

(Associated Press by Federal Wireless.)

PEKING, May 14.—"China plainly and frankly desires a consolidation of the friendship between China and Japan," says a note given out here today by the Chinese foreign office, "for the preservation of peace in the Orient.

"Despite the palpable intent of the Japanese demands," the statement continues, "to extend the interests of Japan, without a quid pro quo of any kind for China, nevertheless China approached the conference held in a spirit of friendliness.

"And China has made every concession."

BRITISH WARSHIP GOLIATH IS SUNK

(Associated Press by Federal Wireless.)

LONDON, May 13.—The British battleship Goliath, of 12,500 tons and built seventeen years ago, was torpedoed yesterday in the Dardanelles.

The Goliath, which is one of the Canopus class, was a member of the Allied fleet engaged in bombarding the Turkish forts while the land forces were pushing up the Gallipoli peninsula to take the fortifications in the rear.

Twenty officers and 160 men were rescued. The Goliath had a complement of 750, and Winston Churchill, first lord of the admiralty, fears that more than 500 perished when the vessel sank.

In revenge, Churchill announced that the British submarine E-4 had threaded the Dardanelles, reached the Sea of Marmora and sunk two Turkish gunboats and a Turkish transport.

Indications are, he said, that the land campaign of the Allies on the peninsula of Gallipoli is being crowned with success. The Allies have been throwing troops across the peninsula, cutting the defenders in two. Bombardment of the forts by the fleet has been resumed.

BOWEL COMPLAINT IN CHILDREN

During the summer months mothers should watch for any unnatural looseness of the child's bowels. When given prompt attention at this time serious trouble may be avoided. Chamberlain's Colic, Cholera and Diarrhoea Remedy can always be depended upon. For sale by all dealers. Benson, Smith & Co., Ltd., agents for Hawaii.

SUPERVISORS WILL PROBE TO BOTTOM OF LUAU FRACAS

Board Will Investigate As a Committee of the Whole At Once

SHERIFF ROSE BUSY HUNTING AFFIDAVITS

Merry Political Squabble Is In Sight When Mayor Lane Comes Back

At the meeting of the board of supervisors held last night it was moved and carried that, in view of the inability of the civil service commission to take action in the matter of investigating the recent fracas between the military and the police on the occasion of the mayor's luau, the board of supervisors sit as a committee of the whole to take up the matter and probe it to the bottom.

A communication was read from Chairman Andrews of the civil service commission, declaring its inability to investigate the matter as requested by the board.

New Rule Will Result

He further stated that he had been appointed a committee of one to prepare new rules and regulations to cover the right of any citizen to make a complaint for neglect of duty or any other improper act by a police officer or fireman, before the commission, and to punish such officer if found guilty.

Andrews' communication stated that prior commissions had hesitated to appropriate to themselves the power under consideration and that only with great reluctance, and in view of the fact that the commission would be derelict in its duty to the citizens of the community if it did not give them the right of complaint to the commission, has that body decided to take to themselves the power in question.

Police Get Affidavits

Sheriff Rose has collected several affidavits relating to the barring of soldiers from Mayor Lane's luau May 4. He is prepared to make them public tomorrow if the mayor, who will return tomorrow morning on the steamer Mauna Kea, refuses to acknowledge that he gave orders that soldiers be barred.

"We don't wish to take advantage of the mayor's absence," said Deputy Sheriff Asch last night. "We will wait until he returns and see what he says. If he says he did not give Captain Baker and myself orders to keep the soldiers out, we will make the affidavits public."

The issue was indicated clearly by the deputy sheriff in his statement as to the orders the mayor gave him. He says this is what the mayor said to him:

"Keep the soldiers out of the park tonight. There have been fights in this neighborhood the last four or five nights between the soldiers and Hawaiian boys, and we don't want any thing like this to happen at the luau."

Mr. Asch told a story of the experience of Captain Baker yesterday morning. James Kulike, one of the mayor's political supporters met the captain on the street, he said.

"Why do you want to be having this trouble with the mayor?" Kulike was quoted as having asked of Baker.

"We don't want any trouble; all we want is for the mayor to admit that he gave the orders to keep the soldiers out," replied Captain Baker, according to Mr. Asch.

"I don't believe the mayor gave you the orders," retorted Kulike.

The captain wished to know what his information was.

"Sam Keliino and I were asked by the mayor to be out at the luau and help him," the deputy said Kulike's reply was. "He told us to meet invited guests and show them their places. Then, if there were any empty seats, he said to go outside and get soldiers and bring them in."

Mr. Asch added that there was no statement made as to whether any soldiers were seated in conformity to his order.

He scouted the story.

SHIPS' WATER TO BE CHEAPER NOW

The committee on water and sewer departments recommended at the meeting of the board of supervisors last night that a change be made in the water rate to ships and that the rate be fixed at one dollar and half per 1000 gallons, the new rate to go into effect on July 1. The present rate is $2.00 per 1000 gallons. The report was adopted.
