SUPERVISOR HATCH RAISES OBJECTION TO PROMOTION FUND

During Consideration of City Budget He Declares Appropriation To Be Illegal

DENOUNCES EXPENDITURE AS 'CLASS LEGISLATION'

Messrs Larsen and Logan Join With Him But Majority of Board Authorizes Item

The city appropriation of $250 a month for the Hawaii Promotion Committee was attacked last night at the meeting of the board of supervisors, by Supervisor F. M. Hatch and in the discussion resulting from his objection to the item there was some interesting talk about the scope and results of promotion work. Hatch's opposition to the appropriation was voted down, with Supervisor Larsen as his only supporter. Hatch made his objections on legal grounds, and wanted the matter referred to the supreme court, giving it as his opinion that the appropriation for the promotion work was "class legislation," on the ground that only a few special interests received benefit from the money spent for promotion work.

Legislature Authorizes Fund

Deputy City Attorney Carden appeared to cinch the matter when appealed to for an opinion as to the right of the board to appropriate money for the promotion committee. He quoted an act of the legislature which appeared to give the supervisors an undoubted right to appropriate for promotion, and after that expression of opinion the board passed the item.

Hatch, in opposing the item, said that it appeared to him that it was for the benefit of only a few interests, and of no benefit at all to the great majority of the people. There fore, he said, it was a case of "class legislation." He said that only a few concerns benefited from the work that the promotion committee was doing, and that it was "clearly a breach of trust," for the supervisors to vote public money for promotion committee work. He held that the supervisors had no legal right to vote any money for such purposes, and said that he would vote against the item.

Arnold Defends Expenditure

Supervisor Arnold defended the item, saying that the money spent brought prosperity generally to the country, while Larsen supported Hatch's view. He thought that the suggestion by Hatch that the whole public did not get benefit from the promotion work was to be approved, and said that the same amount of money as was being put into promotion work might be better given to the Leahi Home.

Supervisor Logan, in speaking on Hatch's proposition to cut out the item, severely criticized the promotion committee work. He declared that a lot of money was being wasted in the promotion work, and he denounced in energetic language what he termed "demotion committee" work, in the circulation of criticisms of roads of Oahu.

Roads Greatly Improved

He claimed that the roads of the islands had been seventy-five per cent improved under the management of the present board, and said that the promotion committee had circulated reports that the roads were unfit for automobiles, whereas only a very small proportion of the roads were bad. Logan, in concluding his remarks, said he would be willing to vote for the appropriation if it was provided that the supervisors should have a representative on the promotion committee.

Supervisor Horner said that he thought the promotion committee was doing good work and should be backed up. Hollinger, who spoke as a former member of the promotion committee, said that the work ought to be boosted, and he put in a good word for the work of A. P. Taylor, as secretary of the promotion committee.

When it came to a vote the only ones to oppose the insertion of the item of $250 a month for the promotion committee, in the budget for the next six months, were Hatch and Larsen.

MEXICAN SITUATION DEPRESSES 'CHANGE

Between-Boards Trade Practically All of Saturday Crop

The Mexican situation displaced all thought of money making in Merchant street yesterday. Between-boards trades were practically all of the Saturday crop, for hardly a share changed hands after the session. Unlisted securities were also practically untouched.

McBryde dropped three-quarters from last quotation and Waialua and H. C. & S. a quarter. Oahu gained a half and Olaa a quarter. Ewa, Brewery and Honomu held firm.

Bid and asked curb prices were, Mineral Products 1.12½—1.15; Engels Copper, 2.80—2.90; Mountain King, 75—90; Hon. Consolidated, 3.05—3.25; and Tipperary, 10—12.

The directors of the Bank of Hawaii have voted to pay a dividend of 2 per cent for the quarter ending June 30, making 5 per cent for the half year.

UNCLE SAM WANTS PART OF CHANNEL WHARF HIMSELF

Writes Harbor Board He Needs That and Some of Adjoining Land For Depot

MAJ. R. R. RAYMOND ASKS FOR SPEEDY CONSIDERATION

Piles Making Pilikia In Construction of New Piers On Local Waterfront

Maj. R. R. Raymond, United States engineer officer in charge of the work in this district, has requested the board of harbor commissioners to turn over to the exclusive control of his office a portion of the channel wharf, and the territorial buildings thereon, and on the tract of land adjoining.

Accompanying his letter to the board, which proved a surprise to the commissioners at their special meeting yesterday afternoon, was a map showing a tract of land extending from the wharf to the Ewa line of the United States immigration station.

The land and the wharf is wanted, says the letter, in connection with the fortifications "now under consideration for the Territory." The plan of Major Raymond is to construct a depot or warehouse on the site, and it is also planned to make permanent and exclusive use of the wharf for unloading broken rock and other supplies.

Warehouse Greatly Needed

The need of such a depot, or warehouse, declared the letter, has been growing steadily, with the growth of the fortification work down here, and the locality of the channel wharf is deemed ideal for the purpose.

In commenting upon his letter later, Major Raymond said last night:

"We have felt for a long time the need of a warehouse where we could store our property. We now have stuff scattered all over the island of Oahu, and it is a most inconvenient and costly method of attempting to do business. The wharf we want for handling the broken stone, and other supplies needed for the structural work at the Waikiki fortifications, and I am most anxious to know if the Territory can not spare us enough for our purposes."

Chairman Forbes of the commission, appointed a committee, consisting of Commissioners Church and McClellan, to visit Major Raymond and see if a swap of land cannot be arranged. This committee will see Major Raymond as soon as possible, and report on the offer he may make.

Rumpus Over Pilot

The board, after listening to a statement from Forbes, in which the chairman advised the transfer of Capt. E. H. Parker, pilot and harbormaster of Kahului to Honolulu, and sending Capt. J. F. Haglund, territorial pilot, to Kahului, in place of Parker, took the matter up in executive session, to which Harbormaster W. R. Foster and Capt. M. A. Madsen, one of the pilots here, were called. The argument over the proposed transfer was anything but quiet while it lasted.

"We took no action and will take none for some time," said Forbes after the session was over.

Piles Making Trouble

The board received another minor shock at yesterday's meeting, when Chairman Forbes announced that there was pilikia in connection with the driving of piles for piers eight, nine and ten. A ledge of coral rock extends out beyond the wharf line, and into this the piles have been driven. Now it appears that the concrete piling for pier eight is scaling the coral off the side, and allowing the water to reach the softened coral and sand into which the wood piling is to be driven. This, as was pointed out by Forbes, would expose the wooden piling to the action of the water and the toredo.

In order to avert this, it was suggested that the board authorize the construction of a concrete retaining wall, which would keep the water from the wooden piling and also serve to sustain the concrete piles themselves. After some discussion it was decided to approve this plan.

The board announced that it would re-advertise for bids on the Kahului dredging job, after making certain changes in the specifications.

A mass of routine bills and letters were disposed of by the board during the meeting.

'NO COATS OFF,' SAYS MAYOR TO SUPERVISORS

Refuses To Suspend Rule During Consideration of Budget

No coats off, remains the rule at the meetings of the supervisors, as long as Mayor Lane presides, as was proved last night when Supervisor Arnold attempted to have the rule suspended during the long discussion of the budget for the next six months.

After the board had begun to go through the items on the lengthy list, Arnold suggested that it was very hot and wanted to know if the rules could be suspended so that coats might be taken off.

Mayor Lane said that he didn't think it good policy to allow such informality, and so the members kept their coats on throughout a very long meeting.

BRITISH HAMMER HARD AT TEUTONS

Even In Far-Off East Africa They Are Scoring Against Germans

(Concluded From Page 1)

for four months now has been kept up with hardly a moment's intermission, has died away to almost nothing and both sides have been resting their infantry, after the incessant fighting of the last four months.

Berlin yesterday announced that there has been much fighting in the British section of the Western line, and last night reports from Paris and the British official press bureau reported substantial gains in that part of the front.

British Successful Everywhere

In Belgium, also, the British announced that they have been successful in their attacks upon the German lines, and the war office reported last night that fresh victories have been gained by the British and colonial columns operating under General Smutz in German East Africa.

Paris officially reported yesterday that the French had gained a German trench between Fumin and the Chenois wood, on the Verdun front, in the fighting of Sunday night.

SPY CRAZE RAMPANT AMONG BULGARIANS

All Americans Suspected and Life Is Made Unpleasant

(By The Associated Press)

THE HAGUE, June 27—Dr. Charles Sawden Pancoast, of Philadelphia, and Doctor Morowitz, of New York, have reached The Hague, after 16 months' surgical work in the Hungarian and Bulgarian armies.

They were the last American physicians to leave Bulgaria, with the exception of Doctor Harry Plotz, of New York, who remained in Sofia. Doctor Pancoast says a spy craze is rampant in Bulgaria; that all Americans there are subject to suspicion and their life there most unpleasant. He says it is evident the Germans do not want Americans in Bulgaria.

SIR ROGER CASEMENT FACES HIS ACCUSERS

Pleads Not Guilty To Charge of High Treason

(Associated Press by Federal Wireless.)

LONDON, June 27.—The trial of Sir Roger Casement, charged with high treason against Great Britain, in that he plotted the Irish revolt and gave aid and comfort to the enemies of the King, began in Old Bailey yesterday morning, before a crowd that passed all records and packed that historic court to the doors and beyond.

Friends of Sir Roger, among them Sir Arthur Conan Doyle, the novelist, have declared that the former British consul is insane, driven crazy by his prolonged sojourn in the tropies, representing Great Britain.

Sir Roger, in his defense, it is said, will make no such plea, and when he pleaded not guilty of high treason, he did so in a clear, firm voice.

TOYO KISEN KAISHA STEAMERS WILL SAIL

Nippon Maru Leaves Coast For Orient Tomorrow Afternoon

(Special Cable to The Hawaii Shinpo.)

SAN FRANCISCO, June 27.—The official of the T. K. K. line announced last night that they have decided to grant the demands of the unions, that the work of loading the Nippon Maru will begin this morning and that the steamer probably will leave here Wednesday afternoon.

The Seiyo Maru, bound for South American ports, which has been held up here for some time, by the strike, also will clear within twenty-four hours.

The company also announced that it had word from the steamer Siberia, one of the former Pacific Mail fleet, but now the property of the T. K. K. line, and that she will arrive in this port about July 16, after her passage through the canal from New York.

RAILROAD ACCIDENT INTERESTS MR. MOROI

A report will be made in a few days to R. Moroi, Japanese consul general here, on the railroad accident in Maui yesterday which caused the death of several Japanese. The report will be made by K. Kiyokiro, who has been acting as the representative of the consul-general in Maui. He has been instructed to ascertain the attitude of the Hana plantation toward the families of the Japanese who lost their lives in the accident, and the injured.

PRISONERS ON BIG ISLAND SEEK TO KILL 'BILLY' WOODS

Two Murderers and One Robber In Conspiracy To Murder Jailer

SLAYER FREED BY GOVERNOR HEAD OF MURDEROUS GANG

Band Steals Weapons But Is Run Down and Captured By Guards

A serious outbreak of prisoners at the Keemoku road camp on the island of Hawaii was reported by wireless yesterday. Three members of the prison gang at work on the belt road are said to have entered into a conspiracy to attack deputy sheriff "Billy" Woods, who is in charge of the gang. Woods was absent when they called at his cottage, and the three conspirators forced open the door of his house and secured weapons.

The men were shot at by guards as they left, but none of them was hit. All three were subsequently captured. They will probably be tried on charges growing out of their jail break. The wireless reports say that during the shooting a Porto Rican was wounded by a white prisoner guard, but he will recover, according to the reports.

Murderers and Robber

The three men involved in the conspiracy against Woods, who may owe his life to the fact that he was not in his cottage when it was attacked, are C. J. Lyons, sentenced for ten years in 1913 for the killing of a Japanese hack driver in Iwelei; H. E. Ferguson, sentenced to be hanged, but granted commutation, for murder of Officer Abreu in 1913, and John Monroe, colored, who is under a sentence of four years for robbery.

There are reports of other troubles at the jail, which indicate that the uprising may not be over, but according to the advices received up to last night, the matter is settled. The three leaders who attempted escape are safe in Hilo jail.

Ferguson, the murderer, was only saved from hanging by a commutation of his sentence. He was convicted of murder in the first degree and sentenced to be hanged according to law, but his sentence was commuted by Governor Pinkham on the ground of his youth, he being at the time only 19, and because of evidence of mental deficiency.

Commutation Unjustified

"The commutation of the sentence of Ferguson," said City Attorney A. M. Brown yesterday, when he received wireless news of the jail outbreak, "was entirely without any justification. Ferguson killed a capable and fearless police officer, in cold blood, and it was a mistake for Governor Pinkham to exercise any clemency in his case. The verdict of murder in the first degree was justified and should have been carried out.

"The prisoner should have been hanged, instead of being left to attempt another murder. His hanging would have had a wholesome effect upon others who might be tempted to take chances with police officers."

SON KILLS FATHER DEFENDING MOTHER

Crushes Parent's Skull With Baseball Bat

(By The Associated Press.)

WILMINGTON, Delaware, June 27—Defending his mother, who was being beaten by his father, Lawrence Garryantes, Louis Garryantes, twenty-one years old, killed his parent with a baseball bat at his home, 1401 Vandever avenue.

Garryantes came home under the influence of liquor. He later became crazed from the effects of the drink and a physician was summoned. It was supposed that he had been quieted, but early this morning he went to the room of his wife and attacked her.

The mother cried to the son for help and he rushed to her assistance, but was knocked down by his father, who renewed his attack on the mother. The son got a baseball bat and came back to the room and struck his father three times on the head, crushing his skull.

JAPAN AND KOREA VISITED BY FLOODS

Thousands of Persons Are Threatened: Property Losses Heavy

(Special Cablegram to Hawaii Shinpo.)

TOKIO, June 27.—Heavy rains have flooded the low lying districts of Southern and Central Japan and have raised the rivers out of their banks. As a result thousands are threatened with the loss of their lives or their homes.

In Southern Korea the situation due to phenomenal floods is even more acute. There five thousand persons have already been driven out of their homes to take refuge in the hills.

No estimate of the damage in either district can be made as yet, although it is feared that it will be very heavy.

Spencer, Miss M. Lilihan, Mrs. C. J. Beggs, Miss Dean, R. Ichida, E. K. Keaiohn, A. Fernandez, Jr., S. Das, David Morton, Ching Hee, Miss Hee.

By str. Maui for Kauai, June 26.—Miss D. Hee, Mrs. M. K. Hee and infant, Miss J. Lee, Mrs. Koertz, Mrs. H. Kaipo, M. A. Franklin, L. R. Kilam, Mr. and Mrs. E. A. Creever, John Kaiwi and party, Mrs. J. Kuu, Mrs. E. Madeiros, Sid Spitzer, Paul Smidt.

MILITIA RUSHING TO HELP REGULAR ARMY

Guardsmen From Many States Start For Border

(Associated Press by Federal Wireless.)

NEW YORK, June 26—Besides the national guard organizations of New York, New Jersey and Massachusetts, an additional 15,000 guardsmen belonging in the territory comprising the department of the east have been ordered to start for the border tomorrow.

The railroads of the country have been notified to expedite the transportation of troops and are making every preparation to hurry to the border the long line of trains carrying the guardsmen.

National guardsmen have been ordered to entrain tomorrow, in addition to those already noted from Florida, Virginia, Maryland, New Hampshire, Maine, the District of Columbia, Pennsylvania and Delaware.

GERMAN SOCIALISTS ASK RELEASE OF LIEBKNECHT

(By The Associated Press)

BERLIN, June 27.—A Berlin Socialist introduced a resolution in the Reichstag requesting Chancellor von Berhmann-Hollweg to release Dr. Karl Liebknecht, the Socialist leader arrested in connection with a May Day demonstration, and to suspend proceedings against him until after the adjournment of the Reichstag. The arrest of Doctor Liebknecht caused great excitement among the workers and led to a fresh demonstration, which was suppressed by a large body of police. It is believed the Government will be compelled to release Doctor Liebknecht.

JUDGE WHITNEY GRANTS NEW TITLE CERTIFICATE

Judge Whitney, in the land court, yesterday granted a new certificate of registered title to the land of William McCandless, deceased. He held that Alice M. McCandless owned a one-third interest in the property in her own right, and held the remaining two-thirds as guardian of the children of

LOCAL GARRISON WONT BE MOVED

Job Is Here and Not On Border Declares Brig.-Gen. R. K. Evans

No matter what happens on the border line there is not much chance that the garrison in Oahu will be depleted, according to Brig.-Gen. Robert K. Evans, commander of the Hawaiian Department yesterday.

"Of course I don't know what the war department is planning to do, and you are just as well qualified to guess as I am," he told a reporter, "but the troops in this Island have their own little job to attend to, and I hardly think we shall be called upon to leave here."
