SUPERVISORS TURN HAND TO BUSINESS AND 'REEL IT OFF'

Report of City Auditor Shows There To Be $257,439.17 In Municipal Treasury

NAMING BATTLESHIP GETS MORAL BOOST

Lawmakers Will Not Communicate With Secretary Daniels Direct But Favors Proposition

The board of supervisors pushed through a long business program last night. Every solon had his say on all propositions presented, William Ahin's remarks being limited to voting "yes" whenever his name was called, Charles N. Arnold's approaching the bounds of oratory at times, while Logan, Larsen, Hollinger, Hatch and Horner occasionally rumbled admonition or protest.

Taking things in order as they happened and remembering that Arnold moved all motions except where mentioned—in fact there were no exceptions—the board received and adopted the report of A. K. Vierra, park superintendent. Numerous citizens of Pauoa were granted their heart's desire and an unnamed highway off Panoa road was officially christened Liko Lane. "Liko" means "the same."

An opinion from I. M. Stainback, attorney general, stating that the city will not receive its percentage of the gross revenues of public utility corporations until February 1, 1917, and that the percentage will be based on gross receipts for the twelve months ending December 31, 1916, was received and filed.

City Cash On Hand

Mayor Lane, Auditor Bicknell and Second Deputy City Attorney Carden certified that they have counted the cash. Honolulu now has in its purse $13,795.96 in cash, $200 revenue stamps; and in banks $10,733.13 general fund, $21,352.10 special road tax, $99,608.62 other special funds, and $111,749.35 cash basis fund. The total is $257,439.17.

The culvert across Nuuanu road just above the end of the car line has been finished at a total cost of $1217. The board authorized payment of ninety-two dollars insurance premiums on the city ambulance. George K. Mills wants ten pairs of pheasants. The supervisors voted to borrow $3500 from the permanent road fund to pay contractors who are building the Castner and Wahiawa latterals connecting with the main Waialua trunk road. This money is to be repaid by private property owners when the road is completed. Next a regular payment on the Lusitana street contract was authorized.

A resolution supporting Princess David Kawananakoa's petition that the navy department christen the next dreadnaught "Hawaii" evoked fireworks and oratory. Supervisor Hatch thought the board ought not to address the secretary of the navy direct but should ask the Governor to forward the resolutions through the usual channels. Supervisor Arnold said nine straight for the target and to (censored) with the Governor. Supervisor Horner thought the board was getting out of its bailiwick.

Logan Grows Grotesque

"This is not our business," he said. "Leave it to the commercial organizations."

Supervisor Logan said he would be willing to have a battleship named Hawaii provided they christened the first torpedo boat, "Kaimuki." He also echoed Arnold's sentiments about the Governor but finally moved that Mr. Hatch's suggestion be followed. The resolution was adopted.

The board passed a resolution to collect $2977 from the Bishop Estate, and others for curbing Kapahulu Road. It voted to accept the bid of the Lord Young Engineering Company to build roads in frontage improvement district No. 2, King street extension, at a cost of $37,151. While this bid was $417 over the engineer's estimate but the engineer recommended the bid be accepted and it was so ordered.

Bids were called for on curbing Kalakaua avenue from John Ena road to Park road. The supervisors then passed the seaview frontage improvement district matter one step further along by fixing September 5 as the day the supervisors are to sit as a board of equalization. This work is to cost $9,046.01, and the city will have to pay $1320.31 of that amount. Property is to be assessed $2.26966 per front foot against each of the eleven owners whose property is to be improved.

Supervisor Arnold asked for $10,000 to complete the Hakipuu section of the belt road. Action was deferred until the next meeting.

Janitor's Cottage Wanted

A. F. Clark representing the Kaimuki Improvement Club, asked to have a janitor's cottage built at Liliuokalani school so that a man could be constantly on hand to water the trees, tend the lawns and keep the goats from eating the paint. Chairman Hollinger of the school committee said this will be attended to in due course. The board adjourned until next Tuesday, August 22.

PORTION OF BUNGALOW ASSIGNED AS STOREROOM

The department of public instruction hereafter will use the lower part of the bungalow in the Capitol grounds as a storehouse for supplies. The storerooms will be in charge of Charles K. Stillman, a clerk in the department offices, who will have a packer to help him.

ORDINANCE SEEKS TO PUT TEETH IN DANCE HALL RULES

Inspectors Ask Supervisors To Extend Scope of Their Power Regarding These Results

SALE OF LIQUOR MAY BE DENIED BIG HOTELS

Drinking and Ragging Declared Bad Example For Elders To Set Before Young

An ordinance was introduced at the supervisor's meeting last night to put teeth in the dance hall regulations and give the inspectors power to enforce their rulings. The inspectors now have the right to grant permits, but after an amusement hall of this character has been opened they cannot close it, or take away a license already granted. The inspectors are Judge William L. Whitney and Edgar Henriques. They are asking the supervisors for an extension of authority in these particulars.

Would Curtail Liquor Traffic

The Y. M. C. A. has petitioned the supervisors to have these powers granted and have also asked that an ordinance be passed forbidding the sale of liquors at any place where public dancing is allowed. Supervisor Logan spoke in favor of such an ordinance last night and his stand was supported by Supervisor Horner. Charles N. Arnold opposed it.

Logan said the anti-booze regulation could not be enforced in Kakaako dance halls so long as drinks are served to patrons of public dances at the Roof Garden, Heinie's and other hotels and resorts.

Would Include All Places

"I would prohibit the sale of liquors in all dance halls," he said. "It is not setting a good example to the young boys and girls who attend these dances to see older men and women drinking and ragging as they do at these places. There is too much of this sort of thing for the good of the town."

He said he did not pretend to be a moralist, but the supervisors could not set two standards, one for the public dance halls in the congested districts of the city and another for the big hotels where men and women gather to spend their evenings, with music and wine and dancing.

Larsen Goes Step Further

Supervisor William Larsen agreed with Logan but went farther and said he would allow no public dance halls whatever.

"They only breed trouble and crime," he said.

Spreckels Price On Opera House Holding $12,500

Interest Covers Quarter of Site, Making Cost of Site To Federal Government $50,000

Twelve thousand five hundred dollars is what the Spreckels interest want for their undivided quarter interest "in that portion of the premises sought to be condemned ..... included in Royal Patent 3251 to the Music Hall Association," which is part of the Irwin site the United States government seeks to secure for the Honolulu federal building.

According to the answer filed yesterday Claus A. Spreckels and Rudolph Spreckels each own one-third and the Estate of Claus Spreckels, deceased, owns the remaining third of the quarter interest of the land occupied by the Royal Hawaiian Opera House.

These respondents admit the allegations in the complaint of the condemnation suit for the Irwin site, and allege, in full, as follows:

"That the defendants, Claus A. Spreckels and Rudolph Spreckels, are each individually the owner of one-third, and, as trustees under the will and of the estate of Claus Spreckels, deceased, of the remaining one-third of an undivided quarter interest in that portion of the premises sought to be condemned in this action included in Royal Patent 3251 to the Music Hall Association, referred to in the complaint.

"That said defendants, Emma C. Ferris and John Ferris, her husband, have no interest in and to the premises sought to be condemned, other than that the said Emma C. Ferris is a cestui que trust interested in said one-third of an undivided quarter interest in said Royal Patent 3251 to the Music Hall Association.

"That the interest of said defendants sought to be condemned in said Royal Patent 3251 to the Music Hall Association is of the value of $12,500.

"Wherefore, these defendants pray that they may have a trial by jury of the issues involved in said cause and that they have judgement against plaintiff for the sum of $12,500 as the value of the interest in the premises of these defendants, which interest is sought to be condemned herein, and as the amount of compensation to which they are entitled upon the condemnation thereof, to be paid, one-third to the defendant Claus A. Spreckels, one-third to Rudolph Spreckels, and one-third to the defendants Claus A. Spreckels and Rudolph Spreckels, trustees under the will and of the Estate of Claus Spreckels, deceased, before title shall be vested in the said plaintiff; and that they may have such other and further relief as shall be best and meet in the premises."

HIGHER COURT TO CONSIDER REFUSAL IN T. OZAWA CASE

Judge Clemons' Denial of Citizenship To Japanese To Be Reviewed Elsewhere

EXCEPTIONS FILED BY APPLICANT ARE ALLOWED

Education and Character of Petitioner Set Forth As Qualifications In His Favor

Preliminary steps to carry the Takao Ozawa naturalization case to a higher court were taken in the United States district court yesterday when Castle & Withington and J. Lightfoot, attorneys for the petitioner filed exceptions to Judge Clemons' refusal to grant Ozawa American citizenship.

The exceptions were allowed and settled by Judge Clemons yesterday and received the "O. K." of Seba C. Huber, district attorney. The exceptions as presented yesterday and allowed by the court are worded as follows:

Text of Exceptions

"Be it remembered that at the trial of the above entitled cause the petitioner appeared in person, and the petition was opposed by the United States district attorney for the District of Hawaii, on the ground that the petitioner, being a person of the Japanese race and born in Japan, is not eligible to citizenship under Revised Statutes section 2169.

"The other qualifications were proved, including all the statements in the petition, and found to be fully established, and are so conceded by the government.

Many Years In Hawaii

"The applicant had for twenty years continuously resided in the United States, including the last nine years' residence in Hawaii. He graduated from the Berkeley, California, high school and was for nearly three years a student at the University of California, until it was closed by the earthquake of 1906. He has educated his children in American schools and he and his family have attended American churches and he has maintained the use of the English language in his home. He presented two briefs of his own authorship, which are ample proof of his qualification, by education and character.

Court Upheld Government

"The court found that the contention of the United States district attorney is correct and that, although the applicant was eligible for citizenship in every other respect, yet having been born in Japan and being of the Japanese race, as a matter of law he was not eligible to naturalization, and denied the petition, to which the petitioner excepted."

WALTER F. FREAR REACHES SYDNEY

He Receives Cordial Welcome There As Former Governor of Territory of Hawaii

The Pan-Pacific Club yesterday received word that Walter F. Frear, former Governor of Hawaii, now touring in Australasia, was given a warm welcome on his arrival in Sydney, the government of New South Wales taking part in the reception extended to the visitor, who is the president of the Hands Around the Pacific Club.

The Sydney Herald, under date of July 29, has the following to say in connection with Mr. Frear's arrival in that city:

"Among the passengers who arrived by the Niagara yesterday was Walter F. Frear, former Governor of Hawaii, who is on a holiday trip to Australia, accompanied by his wife and daughter.

"Mr. Frear stated yesterday that the war, with its effect on prices, had given a big fillup to the Hawaiian sugar industry, which represents nine-tenths of production of the group, the annual output being 600,000 tons. Mr. Frear was at Washington for the first half year of the war, and confirmed the statement of fellow Americans that the great majority of people in the United States is pro Ally. In Honolulu more than £40,000 has been collected for various relief funds in connection with the war; while one of the leading American doctors, Dr. James R. Judd, is with the American hospital in France, accompanied by his wife, who is doing nurse's work. Numbers of British residents in the Islands, said Mr. Frear, have gone to England or Canada to enlist since the outbreak of the war.

"Mr. Frear is president of the Hands Around the Pacific Club, which represents a movement started about seven years ago, having for its object the promotion of co-operation and goodwill among the different nationalities represented in the Pacific. In this connection a big Pan Pacific exhibition is being planned to take place at Honolulu in 1919."

A MASTER REMEDY.

Chamberlain's Colic, Cholera and Diarrhoea Remedy is master over cramp colic, dysentery, and all intestinal pains. One dose relieves, a second dose is rarely necessary to effect a cure. For sale by all dealers. Benson, Smith & Co., Ltd., agents for Hawaii.

SUPREME COURT GIVES PETERSON ANOTHER TRIAL

Finds That In Hard-fought Usury Case Judge Ashford Was Too Arbitrary

CIRCUIT JURIST SEVERELY CRITICIZED ON DEMEANOR

Brother of Defendant and Late J. Alfred Magoon Win Contested Points

Judge Ashford was reversed and criticized severely yesterday in an opinion handed down by the supreme court in the case of the Territory against William L. Peterson. The exceptions taken by the defendant to the higher tribunal were sustained and the case remanded to the circuit court, with instructions "to set aside the verdict and judgement and grant the defendant a new trial and for further proceedings consistent with the views herein expressed," says the opinion.

Peterson was arrested, tried and found guilty by a jury on the charge of usury. A motion for a new trial was refused by Judge Ashford and the defendant took exceptions to the manner and demeanor of the jurist in the conduct of the case and to his remarks in connection with it, all of which, Peterson claimed, influenced the jury unduly.

Question Of Demeanor

"It is the duty of a trial judge to demean himself in the way the law intends—to act as a fair and impartial arbiter between the parties—taking sides with neither, and abstaining from remarks and actions that will tend to impress the jury with the idea that he is anxious to see one or the other side succeed.

"Juries are wont to bring in the verdict that the judge seemingly desires that they should find, hence nothing should be done which indicates the verdict that the court thinks or desires should be found by the jury, and this is especially true in a criminal case."

Bearing on the case, the supreme court says, as to the question of the evidence, itself:

For Jury To Decide

"The disputed fact as to whether the ten dollars retained out of the sum advanced to the defendant by Markle to lend to Iaea was applied by defendant and Markle to interest on the loan, or applied by the defendant in payment of his services as a broker in the matter, was a question of fact which should have been left to the jury for their determination under proper instruction.

"If the ten dollars was retained as interest, directly or indirectly, and applied as such on the loan in question, it was the receiving of interest in excess of two per cent per month for the time of the loan and would be sufficient evidence upon which to base a verdict of guilty; but if retained by defendant with the consent of Iaea, as a fee for services, and not interest, its retention would not constitute the offense charged. These are questions which should have been decided by the jury.

Usurped Rights Of Jury

"By its charge the trial court, in effect, took from the consideration of the jury every question except that of the value of the note, order for warrants and bill of sale, singly and in aggregate, and instructed them to find the defendant guilty if they found the value of the said note, order or bill of sale, singly or in the aggregate, to exceed ninety-five dollars and forty cents. This was error.

"Other exceptions raise questions which will probably not arise on another trial, hence we do not consider them.

"The exceptions are sustained and the case remanded to the circuit court with instructions to set aside the verdict and judgement and grant the defendant a new trial and for further proceedings consistent with the views herein expressed."

In the supreme court the exceptions were argued by Deputy City Attorney Will T. Carden for the Territory, and Charles F. Peterson, brother of the defendant, and the late J. Alfred Magoon, for the defendant. The opinion, which is a rather lengthy one, was written by Associate Justice Quarles and is unanimous, being concurred in by Chief Justice Robertson and Associate Justice Watson.

LURLINE HAS RECORD CARGO FOR HONOLULU

Cargo of the Matson steamer Lurline, due Tuesday morning from San Francisco, is 7758 tons for Honolulu and 1596 for Kahului, 9351 tons in all. This will be the largest received from San Francisco and the largest brought by any Matson vessel to the Islands.

The Matsonia, in Tuesday, brought 8016 tons for the Islands, which broke the Manoa's record of August 9, 8477 tons. The Manoa of August 9 broke the Manoa's record of May 16, 8146 tons. Thus three new records have been set within a month.

Sailing at five o'clock yesterday afternoon, the Matson steamer Matsonia took about 100 passengers to Hilo. She will return Sunday morning and will sail for San Francisco at ten o'clock Wednesday morning.

MARINE INTELLIGENCE

SALOONS CLOSED BY LIQUOR BOARD

License Commissioners Impose Penalties Upon Booze Joints For Violating Their Rules

A saloon license was suspended for three days. Two others were closed for one day, one application for a third class license to sell liquor was refused and various applications from booze emporiums were referred to License Inspector William Fennell at a meeting of the license commissioners held yesterday afternoon.

For selling liquor to a man on the taboo list, who, according to the inspector, was drunk, the Progress saloon was ordered to close its doors August 23, 24 and 25. A petition signed by William McTighe, manager of the Progress, requesting that his establishment be removed from Smith street to 16 Hotel street was referred to the inspector.

E. D. Bolton made application to open a saloon in Watertown, at which beer would be the only alcoholic beverage sold. It was taken under advisement.

The application of M. J. Gonsalves for a third-class license to sell booze at a feast that will be held in Kalihi next week was denied.

Fred Johnson, owner of a saloon at Honolulu, requested of the board to be allowed to sell his stand to M. Kowabara and K. Tabio, Japanese. The matter was referred to the inspector.

The Priest saloon was ordered closed August 23 and the Aala saloon August 29, for selling to men on the taboo list.

COMMITTEE ON LEGISLATION

At a meeting of the executive committee of the Civic Federation held yesterday afternoon in the rooms of the Business Men's Club, A. D. Lyon, J. William Knott, A. Akana, A. H. Ford and G. P. French were named to constitute the legislative committee of the federation.

NAVAL MILITIA DRILLS

Discussed million met for weekly drill yesterday afternoon at the dock at Fort Armstrong. The members were divided to towing and searchlight work.
