THOMPSON & CO.,

"MARBLE PALACE."

No. 59 College Street.

THOMPSON & CO., having removed to their magnificent Marble Palace and having handsomely fitted it up for doing business in a mercantile manner, are determined not to be surpassed in the Beauty and Magnitude of their stock. Having increased facilities for purchasing Goods in the Eastern markets and making most of our purchases from first hands, and some of our own importations, we are therefore enabled to sell goods at less profit than those purchased from second hands.

Our stock will consist of the best English, French, German and American Goods. All we ask of our friends and customers is to call and examine for themselves, feeling satisfied they will agree with us, both in regard to the Goods and Prices.

We have the best light in the city for showing Goods.

GROVER & BAKER'S

FAMILY SEWING MACHINES,

Promotes the leisure, health and happiness of home

OFFICES:

No. 71½, Public Square, Nashville, Tenn.
No. 495, Broadway, New York.
No. 18 Summer Street, Boston.
No. 161, Chesnut Street, Philadelphia.

Reason why this Machine is Universally Preferred over All Others.

1 Because it is the only Sewing Machine in the world ever invented, so constructed as to fully meet the demands of families for general use.

2 It is very simple and is never liable to get out of order.

3 It makes a seam which will not rip, though every third stitch is cut.

4 It is not a Shuttle Machine.

5 It sews with two needles, making any length stitch desired.

6 It sews from two ordinary spools, and thus all trouble at winding thread is avoided; while the same Machine can be adapted at pleasure, by a mere change of spools, to all varieties of work.

7 The same Machine runs silk or linen thread, and common spool cotton, with equal facility.

8 This Machine will sew in the sleeves of a coat with the same ease and facility that it sews a straight seam.

9 This Machine can be run to make one thousand five hundred stitches per minute.

10 The seams are as elastic as the most elastic fabric, so that it is free from all liability to break in washing, ironing or otherwise.

11 The stitches made by this machine are more beautiful than any other made either by hand or machine.

The price of these Machines at office in New York, range from $75 to $150; an additional charge of $10 only is made on each machine over New York prices at office in Nashville, to defray expenses of importation, &c., to Nashville.

NO HUMBUG!!

THE undersigned have purchased the Patent right of R. WILLIAMS'

DOUBLE ACTING BALL VALVE

Force and Lift Pump,

For the States of Tennessee, North Carolina, South Carolina Georgia, Florida, Alabama, Mississippi and Louisiana. We have tested the Pump in all its recommended uses for ordinary purposes—in wells, and as fire engines; and hesitate not to say that it is superior to any pump now in use. It is simple and plain in its construction; can be taken to pieces or put together by an ordinary man, black or white, in not a minute. There is not a screw or bolt about the pump; there is the least imaginable friction—hence its durability. It is almost impossible for it to get out of fix by usage.

When used for a well or cistern it can be converted into a Fire Engine in one minute, and by one man water can be thrown over the tallest houses in the country. It is invaluable as a Fire Engine, and especially in the country or country towns.

It is equally well adapted to all machinery, Railroad Tanks, &c., and will, when known, supersede all other pumps. It can be used for either hot or cold water.

Having fully satisfied ourselves as to the capacity, value and utility of the Pump, we are ready to make sales of the above territory by counties or states, (except the Western District of this State, which has been sold.) We confidently recommend the Pump to the citizens of the States mentioned. The Pumps are cheap, and therefore within the reach of every family.
