GROVER & BAKER'S
FAMILY SEWING MACHINES,
Promotes the leisure, health and happiness of home.
OFFICES:
No. 15, Public Square, Nashville, Tenn., in the Store formerly occupied by W. H. CALHOUN.
No. 495, Broadway, New York.
No. 18 Summer Street, Boston.
No. 161, Chesnut Street, Philadelphia.

Reason why this Machine is Universally Preferred over All Others.

1 Because it is the only Sewing Machine in the world ever invented, so constructed as to fully meet the demands of families for general use.

2 It is very simple and is never liable to get out of order.

3 It makes a seam which will not rip, though every third stitch is cut.

4 It is not a Shuttle Machine.

5 It sews with two needles, making any length stitch desired.

6 It sews from two ordinary spools, and thus all trouble at winding thread is avoided; while the same Machine can be adapted at pleasure, by a mere change of spools, to all varieties of work.

7 The same Machine runs silk or linen thread, and common spool cotton, with equal facility.

8 This Machine will sew in the sleeves of a coat with the same ease and facility that it sews a straight seam.

9 This Machine can be run to make one thousand five hundred stitches per minute.

10 The seams are as elastic as the most elastic fabric, so that it is free from all liability to break in washing, ironing or otherwise.

11 The stitches made by this machine are more beautiful than any other made either by hand or machine.

The price of these Machines at office in New York, range from $75 to $150; an additional charge of $10 only is made on each machine over New York prices at office in Nashville, to defray expenses of importation, &c., to Nashville.

R. H. BROCKWAY, Sec'y.,
Nashville Sewing Machine Company.

Prices of these Machines range from $5 to $150. [Ma ch 25—tf.

PATENT
ELASTIC FIRE & WATER-PROOF CEMENT ROOFING.

THE undersigned are prepared to introduce into use in Tennessee W. E. CHILDS & CO'S PATENT ELASTIC FIRE AND WATER-PROOF CEMENT ROOFING, and ask the attention of Architects, Builders, Railroad Companies, and the public to examine its superiority over other Roofing.

ARCHITECTS AND BUILDERS should not fail to examine this Roofing, as it is better and cheaper than any thing in use. The material forms a hard and smooth surface that will resist the action of the atmosphere in every climate. It is impervious to water, elastic, and flexible. It contracts and expands with the changes of the atmosphere, and will neither evaporate, crack nor rot; and, as to its durability, there is no question.

It is practically imperishable, and will perfectfully resist any ordinary external exposure to fire, as is abundantly proved, and we will warrant it water-proof. We will engage to put our Roofing on over ordinary good heathing, old shingles, tar and gravel, tin, zinc, copper, or iron roofs—it making no difference how steep or flat they may be—for seven dollars per one hundred square feet, it being far cheaper than any Roof of the old style, and we are sure it will give better satisfaction

It will also be found to be the best thing ever invented to cover or mend old leaky tin, tar and gravel roofs, or around chimneys, scuttles, dormar windows, and gutters, where the tin is rusted through. This Cement can be put on to last as long as stone, and form a perfect adhesion to any object to which it is applied. Tin Roofs can be painted over (and warranted not to leak) at two dollars and fifty cents per hundred square feet, which is cheaper and much better than paint. This Roofing will be found to be the best thing for covering large Roofs where they are exposed to fire—such as Steam Mills, Saw Mills, Factories, Railroad Cars, Bridges, Depots, Station Houses, Steamboat Decks, and, in fact, every kind of Roof where there is an external exposure from fire. As the Roof is perfect, without a joint in it, it presents no chance for fire to communicate, and any light substance will burn out without igniting.

☞ Insurance Offices at Cincinnati, and other places where Childs & Co.'s Cement has been used, insure buildings with Roofs covered with this Cement, at the same rates as for those covered with Iron, Copper or Tin

☞ The Cement will be furnished to those at a distance with directions for using.

☞ Orders sent to the undersigned, through the Post-office, will be promptly attended to

J. T. NATHURST,
No. 24, Spruce Street.

TESTIMONIALS AND REFERENCES.

OFFICE BUCKEYE STATE INSURANCE COMPANY, CINCINNATI, Dec. 16, 1856.

TO ALL WHOM IT MAY CONCERN: This is to certify that I have examined specimens and Roofs of W. E. Childs & Co.'s "Elastic Fire and Water-Proof Cement Roofing," and believe it to be eminently superior to any other kind of Roofing in use. I was an eye witness of a severe trial of one of these Roofs from a large volume of flame from an adjoining building, which struck directly upon the roof and cornice for nearly half an hour. It stood the trial beyond all expectation, and saved the building. T. M. HASKELL, President Buckeye State Insurance Co.

CINCINNATI AGENCY ROYAL INSURANCE COMPANY, February 6, 1857.

I have examined W. E. Childs & Co.'s "Elastic Fire and Water Proof Cement Roofing," and as far as I can judge, consider it a great invention, and am willing to insure buildings thus protected upon the same terms as I insure those covered by metal. JNO. S. LAW, Agent Royal Ins. Co., London and Liverpool.

From J. B. Bennett, General Agent of Ætna Ins. Co. for the Southern and Western States.

CINCINNATI, Jan. 7, 1857.

Having made considerable inquiry as to the merits of the "Patent Elastic Cement Roofing," introduced into this city by Childs & Co., I find it to be highly recommended in this city by many excellent judges; that it is meeting with very ready and general introduction; that its superiority over the tar composition Roofing is decided and freely admitted, and finally, I expect to adopt it for my next roof, which will be next summer—having intended to use tin, but will try the virtues of the "Patent Elastic Roofing" as a substitute. Yours, truly, J. B. BENNETT.

OFFICE OF THE CIN., HAM AND DAYTON RAILROAD.

Childs & Co.'s Patent Cement Roofing is now used here on our best class of Buildings. We are covering our Freight Cars with it, and our Master Mechanic reports very favorable to it. S. S. L'HOMMEDIEU, Pres.

OFFICE OF THE OHIO AND MISSISSIPPI RAILROAD CO., CINCINNATI, Jan. 7, 1857.

DEAR SIR:—In answer to your inquiry, in reference to our opinion as to the practical use of your Roof in the covering of cars, we may say that from our observation, we entertain a very favorable one,—so much so, that we intend testing it thoroughly on roofs of buildings, cars, &c; after which we will with pleasure give you our decided opinion as to its utility. Yours, truly, E. LIPPINCOTT, Supply Agent Ohio & Mississippi R. R.

☞ Since the above was written, the Ohio and Mississippi Railroad have contracted for covering their cars, depots and bridges between Cincinnati and Vincennes, with this Cement, considering it the best article they have used for the purpose.

NEW AND IMPORTANT
Discovery in the Science of Medicine.
ENGRAVINGS OF THE SEALS OF THE PATENT OFFICE OF GREAT BRITAIN, ECOLE de PHARMACIE PHARMACIEN de PARIS, AND IMPERIAL COLLEGE OF MEDICINE, VIENNA, are affixed upon each wrapper, and around each case of
Triesemar No. 1, 2, and 3.
Thus protecting the public against IMITATIONS,—which are liable to the severest penalties courts of law can award.

DR. H. A. BARROW, Member of the Imperial College of Vienna, and Royal College of Surgeons, London, may be personally consulted at his residence, 157 Prince street, (few blocks west of Broadway) New York, from 11 in the morning till 2 and from 4 till 8 in the evening, (Sundays excepted,) unless by special appointment.

TRIESEMAR No. 1, is the Remedy for RELAXTION, SPERMATORRHŒA, and all the distressing consequences arising from early abuse, indiscriminate excess, or too long residence in hot climates. It has invigorated and restored to perfect health, thousands of the debilitated who are now in the enjoyment of all the Functions of Manhood; and whatever may be the CAUSEL, every DISQUALIFICATION for MARRIAGE is effectually subdued by this Wonderful discovery!

TRIESEMAR, No. 11; completely and entirely eradicates all traces of Gonorrhœa, both in its mild and aggravated forms, Gleets, Strictures, Irritation of the Bladder, non-retention of the Urine, Pains of the Loins and Kidneys, and those disorders where Copaiva and Cubebs have so long been thought an antidote, to the ruin of the health of a vast portion of the population.

TRIESEMAR, No. III—Is the great Continental Remedy for Syphilis and Secondary Symptoms. It also constitutes a certain cure for Scurvey, Scrofula, and all impurities from the vital stream, so as altogether to eradicate the virus of disease, and is a never failing Remedy for that class of disorders which unfortunately the English physician treats with Mercury, to the inevitable destruction of the patient's constitution, and which all the Sarsaparilla in the world cannot remove.

TRIESEMAR, No. 1, 2 and 3, are prepared in the form of a lozenge, devoid of taste or smell, and can be carried in the waistcoat pocket. Sold in tin cases, and divided into separate doses, as administered by Valpeau, Lallman, Roux, Ricord, &c. &c. Price $3 each, or four cases to one for $9, which saves $3; and in $27 cases, whereby there is a saving of $9.

Special arrangements having been made with the various Expresses, the nine dollar cases of Triesemar, and the larger sizes, are forwarded by Dr. Barrow, carriage paid, immediately on receiving a remittance, to any part of the world, securely packed and addressed according the instructions of the writer, thus securing to the public genuine European preparations, and effectually protecting them from spurious pretending imitations. The three dollar cases sent as usual, but not free of carriage.

To be had also, from Dr. Barrow, that beautifully illustrated and popular work, "HUMAN FRAILTY, or PHYSIOLOGICAL RESEARCHES." It describes in a clear and lucid manner the cause and effects of the diseases above enumerated, with instructions for their proper treatment and cure. Price 25 cents. Sent free to any address.

Address DR. BARROW, 157 Prince Street, (few blocks west of Broadway,) New York. nov5—1ydv.

PAGE'S PERPETUAL LIME KILN.

THIS KILN will burn four hundred bushels of Lime-Stone (which, if good stone, is equal to one thousand bushels of slacked lime) in twenty four hours, with four cords of wood; and is perpetual in its operation, the lime being drawn once in three to six hours, from the base, and replenished at the top of the cupola. This is but the ordinary every day capacity of the Kiln, as has been abundantly demonstrated by those already in operation. It also makes much better lime than that burned in the ordinary way, **all the stone being perfectly burned.**

Any number of reliable certificates to the capacity of the Kiln, and any other information in reference to it, will be furnished, on application by letter or otherwise, to the subscriber, who is agent for the sale of rights and putting up Kilns in the State of Tennessee.

PLATFORM BEEHIVES.
Sylvester Davis,
PATENTED July 26, 1853.
THIS Hive has taken the first premiums at the State and County Fairs in Vt., N. H., Mass., Ind. and Ohio, in the Fall of 1854
With this Hive any one may keep bees with perfect safety and success, since all difficulty and uncertainty are entirely removed.
The Bees may be made to *swarm* from one or more hives, or may be conducted into any number of hives *without swarming*, and still have a *full supply of Queens.*
The Bees are entirely *protected from the Bee-Moth* and other insects, which annoy and ruin the Bees. This we *warrant*, if managed according to the directions which are given in the book.
The Bees have an opportunity to exercise in the Spring, and clear the filth from their hives, without flying out to die on the snow.
The filth can at any time be removed from the hives without disturbing the Bees.
The Bees can be transferred as often as necessary, to give them new comb, and without killing them.
It prevents all possibility of robbing, while feeding.
It is thoroughly ventilated throughout feed-drawers, hives, honey boxes, and chambers.
The work and progress of the Bees may be seen in the hives, honey-boxes and feed drawers.
Dealers in Rights for sale in the State of Tennessee, with Books, Bill of Feed &c, giving full directions for making the Hive and managing the Bees. All letters and communications to be addressed to D. C. KEYES,

STRAW, HAT AND BONNET MANUFACTORY,
MILLINERY AND BLEACHING
ESTABLISHMENT.
LOUIS F. DESSART takes this method of informing the Ladies and Gentlemen of Nashville and vicinity that he has established, at No. 18 Cedar street, a Straw Hat and Bonnet Manufactory, Millinery and Bleaching Establishment where he keeps constantly on hand a large and attractive assortment of Straw Bonnets and Hats, of various sizes and descriptions. As I manufacture these goods I feel confident that I can sell them cheaper than they can be bought elsewhere in Nashville. Ladies and Gentlemen are respectfully solicited to call and examine my stock. I am also prepared to cleanse, bleach and dye all styles of Straw Goods. I have a large stock of Fancy Straw Braids, to which the attention of Ladies and Gentlemen desiring Goods made to order is especially invited. march26—3m

Wise's Emporium of Fashion
SELLING 40 TO 50 HATS PER DAY!
No Trouble for Ladies to make Selections as at other Establishments!
WELL, if Paris Millinery Establishments can surpass Wise's on his first early Spring opening of Fancy Bonnets and Millinery Goods some two weeks since, it must indeed be a Paradise of Fashion. But why should he not be equal, as he has his Agent there to forward styles and fashions by every steamer.

It is astonishing to see that the large stock opened on the first instant, has all gone forth to adorn his fair lady friends in every part of Tennessee and Alabama; and he now gives notice to his city trade that he has now the most magnificent, exquisite select, and stylish Stock of Hats and Millinery Goods, of the season, consisting of over 800 rich Chip and Fancy Bonnets, not to be surpassed in the World of Fashion. So call soon, as they have been moving out fast on cold days, and now that it is pleasant weather, they will go in a hurry. As this is the grandest stock of Goods ever exhibited by him, he trusts to receive that compliment from his lady friends. [April 19.

WHOLESALE AND RETAIL
MILLINERY ESTABLISHMENT

NO. 30 UNION STREET.
A. CROOKER is now receiving and opening his Spring Stock of
Millinery Goods.
Merchants and Milliners will find it to their interest to give him a call, as his stock is far superior to any kept in the city. As every one knows what constitutes a complete assortment of Millinery Goods, it is useless to enumerate article; it is enough for his lady customers to know that Mrs Crooker selected this stock, and with a view to her interests and tastes of their patrons. The public may rely upon being honestly dealt with, as he does business in his own name. march21
