NOTICE.—TO THE STOCKHOLDERS OF THE NEW-YORK AND HARLEM RAILROAD COMPANY.

The increasing business of the Company, and anticipated connections with other railroads, render it expedient forthwith to extend the double track from its present terminus at Williams Bridge to Chatham Four Corners, and to complete the road from that place through to Albany.

For the purpose of meeting the necessary outlays attending such constructions, and to defray the expenses incident to the extension of the City Railroad, already authorized, the Board of Directors have resolved that it is expedient to increase the Capital Stock to such amount, not exceeding the limitation of the Charters, as may be sanctioned by the requisite vote of the Stockholders, and to issue the increased Stock from time to time as may be required for the purposes of completing such double track and extensions, and procuring the necessary additional rolling stock.

The amount of the Capital Stock, as limited by the Charter and Amendatory Acts, and including both the Common and Preferred Stock, is Eight Millions of Dollars, of which Two Millions One Hundred and Thirty-nine Thousand Nine Hundred and Fifty Dollars remains unissued.

The Board of Directors propose that the capital stock be increased to its full amount.

A meeting of the stockholders for the purpose of acting upon such resolution of the Board of Directors, and of consenting to the increase of the capital stock to the full amount authorized by the charter and the several acts of the Legislature amendatory thereof, will be held at the office of the Company, at the corner of 26th-st. and 4th-avenue, on TUESDAY, the first day of December next, at 12 o'clock noon of that day.

For the purpose of ascertaining the stockholders who shall be entitled to vote at such meeting, the books of transfer will be closed, as required by law, on SATURDAY, the 7th day of November inst., the day of the first publication of this notice.

The books will be open on TUESDAY, the 17th day of November inst.—Dated New-York, Nov. 6, 1863.

By order of the Board of Directors.

C. VANDERBILT, President.

WM. H. EMERSON, Secretary.

The above-named premises have been completely cobwebbed, remodeled, and reconstructed, decorated, carved, embellished, and ornamented, so as to adapt them for an exhibition of Zoological Wonders, and arranged in a style of

GRANDEUR AND GORGEOUS MAGNIFICENCE

unequalled by any building for zoological purposes in the known world. Even the far-famed

GOVERNMENT ZOOLOGICAL GARDENS

of Europe, upon which hundreds of thousands of dollars are spent annually, fail to present such a grand and beautiful view as the visitor beholds on entering this

PALACE OF ZOOLOGICAL WONDERS,

so constructed that from the most remote portions of the immense galleries can be seen at one glance nearly all the myriads of animals and birds there congregated, and, at the same time, view the splendid performances in the lower portions of this, the

EXCELSIOR ZOOLOGICAL BUILDING OF THE WORLD.

The New-York public, especially the rising generation, have long felt the necessity of a first-class exhibition of this kind, where instruction and amusement are harmoniously blended in one, and where natural history could be studied from the living animals themselves.

THE GREAT STUDY OF NATURAL HISTORY

is capable of yielding innumerable subjects for both moral and religious study. Its chief tendency ought to be to lead us from the admiration of the works to the contemplation of their Author, to teach us to look through Nature up to Nature's God. It is a study which terminates in the conviction, the knowledge, and the adoration of that Merciful Being, to whose goodness alone we are indebted for every happiness that we enjoy. VAN AMBURGH & Co., with a laudable desire to increase the general fund of human knowledge, and seeing the great benefits the community would derive from an extensive first-class collection of

LIVING WILD ANIMALS,

sent energetic and trusty agents to every available portion of the known world, from which the finest animals and birds are obtained, with instructions to procure none but the most beautiful of their kind; the result of which has been the collection of upwards of animals and birds fresh from their native clime, and superior to any that have ever been seen on this continent, and constituting the only

COMPLETE FIRST CLASS MENAGERIE

ever exhibited in the citizens of New-York.

The great beauty of these animals over any others that have ever been exhibited, at once attracts and astonishes the beholder. Science is deeply indebted to

THE GREAT VAN AMBURGH HIMSELF

for the rich and invaluable services he has rendered. Through his extensive knowledge of the nature and habits of the various animals, he has been enabled to place before the American public an exhibition of such superior excellence and great beauty as was never before presented in any

ZOOLOGICAL INSTITUTE IN THE KNOWN WORLD.
