VOL. XXI. NASHVILLE, TENN., FRIDAY, NOVEMBER 13, 1857. NEW SERIES.--NO. 604.

THE WATSON $10 SEWING MACHINE.

ABOUT the 20th day of August, 1856, I was employed by Messrs. Watson, Wooster & Co., composed of Wm. C. Watson, Morris Knight, and George H. Wooster, to manufacture Sewing Machines, which were known as the "Watson Ten Dollar Sewing Machine." That thereafter I received a notice from the counsel of O. B. Potter and N. Wheeler, mentioned in the annexed copy of injunction, informing me that these Machines were an infringement upon Letters Patent which they owned, and that suits would be instituted against me, unless I should otherwise settle with them. This notice I handed to Mr. Wooster, one of my employers.

I then made investigations to ascertain the facts, and found that said Machine, as I believed, was an infringement of said Patent, and I informed said Watson that such was my opinion.

Subsequently a suit was commenced against me by said Potter and Wheeler, and immediately thereafter I so informed Mr. Watson, and requested him to take charge of the defence of the same, and he refused to do so, and I then told him that I would have nothing more to do with it, and I then ceased to make the Machines; and the injunction, a copy of which is hereto annexed, was issued and served upon me. JOEL CHASE.

Dated New York, February 11th, 1857.

In presence of WILLIS G. ABBATS.

I do hereby certify that the above statement, subscribed by me, is correct and true. JOEL CHASE.

UNITED STATES OF AMERICA,
CIRCUIT COURT OF THE UNITED STATES
SECOND CIRCUIT FOR THE SOUTHERN DISTRICT OF NEW YORK.

IN EQUITY.

The President of the United States of America to JOEL CHASE, *his Attorneys, Servants, Agents, and Workmen, and each and every of them,*

GREETING:—

Whereas it hath been represented to us in our Circuit Court of the United States, for the Southern District of New York, sitting in Chancery, that O. B. Potter and Nathaniel Wheeler, complainants, that they, the said Orlando B. Potter and Nathaniel Wheeler have lately established their bill of complaint against you, the said Joel Chase, the defendant, to be relieved touching matters therein contained, in which bill it is, among other things, set forth, that you, the said defendant, are violating and threatening to violate certain original exclusive rights and privileges vested in said complainants, for constructing, making, using and vending to others to be used, certain improvements in sewing Machines, and that the said rights and privileges of the said defendant are contrary to equity and good conscience; we, therefore in consideration of the premises, do strictly, and until the further orders of this Court, enjoin and command you, the said Joel Chase, and your servants, agents, and workmen, and each and every one of them, under the penalty that may fall thereon, that said, and each of you, do from henceforth, altogether, absolutely and until the further order of this court desist and refrain from directly or indirectly, constructing, making, working, using, selling, or putting into practice or operation, or in any less counterfeiting or feigning the intention or improvement belonging to said complainant, and fraudulently claimed, and added to in certain Letters Patent of the United States, reissued to A. B. Wilson, and bearing date the 23d day of January, 1848, and now owned by the complainants, and from in any way or manner interfering with the rights of said complainants under said Patent, and from in any way or manner violating or infringing said Letters Patent, or any part thereof.

L. S. — Witness the Hon. ROGER B. TANEY, Chief Justice of the Supreme Court of the United States, at the City of New York, in said District, the 27th day of September, in the year of our Lord one thousand eight hundred and fifty six.

(A Copy.)
GEO. GIFFORD, KENNETH G. WHITE,
Solicitor and Of Counsel for Complainants, Clerk.
17 Wall street, New York. sept22-6m.

PATENT
ELASTIC FIRE & WATER-PROOF CEMENT ROOFING.

THE undersigned are prepared to introduce into use in Tennessee the W. E. CHILDS & CO'S PATENT ELASTIC FIRE AND WATER-PROOF CEMENT ROOFING, and ask the attention of Architects, Builders, Railroad Companies, and the public to examine its superiority over other Roofing.

ARCHITECTS AND BUILDERS should not fail to examine this Roofing, as it is better and cheaper than any thing in use. The material forms a hard and smooth surface that will resist the action of the atmosphere in every climate. It is impervious to water, elastic, and flexible. It contracts and expands with the changes of the atmosphere, and will neither evaporate, crack nor rot, and, as to its durability, there is no question.

It is practically imperishable, and will perfectly resist any ordinary external exposure to fire, as is abundantly proved, and we will warrant it water-proof. We will engage to put our Roofing on over ordinary good heathing, old shingles, tar and gravel, tin, zinc, copper, or iron roofs—it making no difference how steep or flat they may be—for seven dollars per one hundred square feet, it being far cheaper than any Roof of the old style, and we are sure it will give better satisfaction.

It will also be found to be the best thing ever invented to cover or mend old leaky tin, tar and gravel roofs, or around chimneys, scuttles, dormer windows, and gutters, where the tin is rusted through. This Cement can be put on to last as long as stone, and form a perfect adhesion to any object to which it is applied. Tin Roofs can be painted over (and warranted not to leak) at two dollars and fifty cents per hundred square feet, which is cheaper and much better than paint. This Roofing will be found to be the best thing for covering barns, sheds, houses where there are exposed to view—such as Steam Mills, Saw Mills, Factories, Railroad Cars, Bridges, Depots, Station Houses, Steamboat Decks, and, in fact, every kind of Roof where there is an external exposure from fire. As the Roof is perfect, there is no oil in it, it presents no chance for fire to communicate, and any tight substance will burn out without igniting.

☞ Insurance Offices at Cincinnati, and other places where Childs & Co.'s Cement has been used, insure buildings with Roofs covered with this Cement, at the same rates as for those covered with Iron, Copper or Tin.

☞ The Cement will be furnished to those at a distance with directions for using.

☞ Orders sent to the undersigned, through the Post-office, will be promptly attended to

J. T. NATHURST,
No. 24, Spruce Street.

TESTIMONIALS AND REFERENCES.

OFFICE BUCKEYE STATE INSURANCE COMPANY, CINCINNATI, Dec. 16, 1856.

TO ALL WHOM IT MAY CONCERN: This is to certify that I have examined specimens and Roofs of W. E. Childs & Co.'s "Elastic Fire and Water-Proof Cement Roofing," and believe it to be eminently superior to any other kind of Roofing in use. I was an eye witness of a severe trial of one of these Roofs from a large volume of flame from an adjoining building, which struck directly upon the roof and cornice nearly half an hour. It stood the trial beyond all expectation, and saved the building. T. M. HANKELL,
President Buckeye State Insurance Co.

CINCINNATI AGENCY ROYAL INSURANCE COMPANY, February 6, 1857.

I have examined W. E. Childs & Co.'s "Elastic Fire and Water Proof Cement Roofing," and as far as I can judge, consider it a great invention, and am willing to insure buildings thus protected upon the same terms as I insure those covered with metal. JNO. S. LAW,
Agent Royal Ins. Co., London and Liverpool.

OFFICE OF THE CIN., HAM AND DAYTON RAILROAD.

Childs & Co.'s Patent Cement Roofing is now used here on one hundred and seventy-five of our Freight Cars with the Patent and our Master Mechanic reports very favorable to it. S. S. L'HOMMEDIEU, Pres.

From J. B. Bennett, General Agent of Ætna Ins. Co. for the Southern and Western States.

CINCINNATI, Jan. 7, 1857.

Having made considerable inquiry as to the merits of the "Patent Elastic Cement Roofing," introduced into this city by Childs & Co., I find it to be highly recommended in this city by many excellent judges; that it is meeting with very ready and general introduction, that the superiority over the tar composition Roofing is decided and freely admitted, and finally, I expect to adopt it for my next roof, which will be next summer—having intended to use tin, but will try the virtues of the "Patent Elastic Roofing" as a substitute.

Yours, truly, J. B. BENNETT.

OFFICE OF THE OHIO AND MISSISSIPPI RAILROAD CO., CINCINNATI, Jan. 7, 1857.

DEAR SIR:—In answer to your inquiry, in reference to our opinion as to the practical use of your Roof for the covering of cars, we may say that from our observation, we certain a very favorable one,—so much so, that we intend testing it thoroughly on roofs of buildings, cars, &c.; after which we will with pleasure give you our decided opinion as to its utility. Yours, truly,

Supply Agent Ohio & Mississippi R. R.

☞ Since the above was written, the Ohio and Mississippi Railroad have contracted for covering their cars, depots and bridge between Cincinnati and Vincennes, with this Cement, considering it the best article they have used for the purpose.

NEW HOUS
M'GOLRICK & BURN
WHOLESALE AND RETAIL CONFECTION
AND BAKERS,

TAKE opening at their establishment, on Market street, No. 36, next door to Mr. Power's Clothing Store, a large and well assorted stock of Confectionaries, which they intend selling on very reasonable terms, and trust, by their attention to business, to indose the public to extend to them a liberal share of patronage. Among the leading articles now on hand and which they will be receiving, are the following, viz:

Candies, of every variety; Pine Apple and Ohio Cheese;
Fruits, of every kind; Brandies & Wines, best brands;
Pickles, assorted; Cordials, of every variety;
Pickled Oysters and Sardines; Ale and Porter.
Shad and Salmon; Fine Cigars.

With a variety of articles not herein enumerated.

In connexion with the public bakery, they invite the attention of the public to their Bakery, from which a daily supply of fresh Bread, Cakes, and Pastry can be had. Parties will be made up to order, and carefully sent to any part of the city.

Having permanently located here, we, of course, wish to be patronized liberally by the end. We intend selling on good terms, and by our demeanor combined ourselves to the kind notice of a generous public. We respectfully invite Country Dealers, who are in our line of trade, to give us a call before purchasing elsewhere.

M'GOLRICK & BURNS.

R. C. McNAIRY & CO.,
LARGE DEALERS IN [ALL KINDS OF]
Foreign and Domestic Dry Goods,
No. 55, COLLEGE STREET,
NASHVILLE, TENNESSEE.

WE have now in store an unusually large and elegantly assorted stock of Fall and Winter Goods of every description, and we are prepared to offer greater inducements to persons wishing articles in our line, than it has ever been our pleasure to do. Our stock, both as to quality and variety, will compare with any in the country, and our prices shall be as low as it is possible for them to be. Citizens and strangers visiting the city will do well to give our stock an early and thorough examination, as we feel we can suit to their interests. We would call the attention of the buyers particularly to the following departments in our business.

Dress Goods.

Elegant three flounced Silks;
" two " do;
" double skirt do;
" Bayadere do;
" Bridal Dresses;
" Dinner do;
" Evening do;
" Robes—Quilts;
" Morning Robes;
" Printed Delaines.

Together with a endless variety of medium and low priced silks, in Poulard de Soie, Poplins, Poplin Quilts, and by the yard, in plain, striped and fancy woolens, also satin-laced, and double-twilled Merinos and Cashmeres. Great variety of all wool de Laines, Merino Delaines, Mousselaines, and everything new and desirable in this way.

Cloaks, Shawls and Scarfs.

We have now the largest and most elegantly assorted stock in this way, ever seen in the country, many of which we purchased before the recent A. T. Stewart & Co., of New York, generally for our sales. In Velvet, we have them at all prices, from $8 to $200. We have all black and grey cloth, and Beaver Cloaks and long Cloaks, &c., for ladies and children in all qualities, at from 1 to 4 dollars. Shawls in all sizes and qualities, both square and long, from the most ordinary to the most elegant. Also just received a fresh invoice of the elegant high colored all Silk Cheniele Shawls that are really broad cloth.

Laces and Embroideries.

In the line our stock is superb—including all the novelties of the season. Collars and Sleeves embroidered and in sets, both for colors and mourning; elegant Bridal Veils and Hankerchief, Lace Falls, real and imitation; Jaconet and Swiss Tri-mings and Flouncings. DRAGG'S ARTIC LINIMENT.

THIS great specific, which is a triumph in the progress of medical science at the nineteenth century, is not presented to a public free from pain, suffering and disease. It was not discovered, nor is it now prepared for the possessed of so much health and robust constitution, but for a large class who are suffering pain.

Have you the *Bronchitis?*
Have you the *Neuralgia?*
Have you the *Ear or Tooth Ache?*

You may rest assured, such as you are using in the city of Memphis and be told me that he had no hesitation in saying to me that it is a good and durable roof, and is all that its advocates claim it to be; farther saying that he is using it on a fine building for himself. Respectfully,

JOHN L. MORGAN, Architect.

OFFICE OF MES. CENTRAL & TENN. R. R. CO.,
SOUTH MEMPHIS, Nov. 1, 1857.

This will certify that the M. C. & T. R. R. Co. have purchased of Mr. W. S. Bennett, the right to use on their Cars Bridges, Buildings, &c., &c., West's Galvanic Cement. Having seen it used a short time, I have no hesitation in recommending it to be the best and cheapest covering now in use.

R. P. NEELY, President,
M. C. & T. R. R. Co.

ENGINEER'S AND GEN'L SUP'T'S OFFICE, MEMPHIS & CHARLESTON RAILROAD.

MEMPHIS, June 26, 1857.

TO WHOM IT MAY CONCERN.—This is to certify that the Memphis and Charleston Railroad Company have purchased of W. S. Bennett, the right to prepare and use upon their Depots Buildings, Cars, &c., West's Galvanic Cement fire and water proof Roofing, and that we believe it to be an economical and durable covering, having already had it in use for eight months.

SAM. TATE, President.
F. G. ARMS, Gen'l Supt.

MEMPHIS, March 2, 1857.

W. S. BENNETT, ESQ.—Dear Sir—This is to certify that W. S. Bennett covered two roof for me having used a composition called West's Patent Galvanic Cement, one of them was a new deck, the other an old shingle roof, which were giving perfect satisfaction. In the latter instance, a dormer window, which leaked badly, and had baffled the skill of Carpenters to prevent its leaking, which he succeeded in making perfectly tight. I can most cheerfully recommend his roofing for the purpose of roofing all roofing purposes, and believe it to be a permanent fixture against fire and water. D. COCKRELL,
Proprietor Commercial Hotel.

SUPERINTENDENT'S OFFICE, MEMPHIS & OHIO R. R.
MEMPHIS, TENN., Feb 19, 1857.

MR. BENNETT.—Dear Sir:—Our company having been troubled very much with leaky cars, put some of your Patent Paint upon them, and so far as my knowledge extends, I can cheerfully recommend it to any who wish a dry roof of any sort. Yours, &c.,

H. COFFIN, Superintendent.

MEMPHIS, TENN., Jan. 14, 1857.

TO THE PUBLIC.—W. S. Bennett, made a plication to us last summer to cover our buildings with West's Galvanic Cement; it being a new thing, we thought we would try it; had it applied to our Blacksmith Shop, and Engine House, attached to the Foundry. They have proved all required of a water proof roof, having withstood some of the great storms, and are giving good satisfaction. We can only add, try it and you will be satisfied.

CURTIS & KNAPP, Iron Founders.

MEMPHIS, Jan. 14, 1857.

Mr. Bennett, has done some small amount of roofing for me in his peculiar way, with Cotton stuff, coated with a preparation the basis of which appears to be a Coal Tar. It is a very effectual and light roof, and appears to promise considerable durability from the preservative qualities of the composition, which penetrates the cloth and protects it from the influence of alkali and water. The Composition does not liquify and run from the effects of the heat of the sun in summer; nor does it harden and crack from the influence in the cold of winter,

GROVER & BAKER'S
FAMILY SEWING MACHINES,
Promotes the leisure, health and happiness of home.
OFFICE:
No. 4, Public Square, Nashville, Tenn.

Reason why this Machine is Universally Preferred over All Others.

1 Because it is the only Sewing Machine in the world ever invented, so constructed as to fully meet the demands of families for general use.

2 It is very simple and is never liable to get out of order.

3 It makes a seam which will not rip, though every third stitch is cut.

4 It is not a Shuttle Machine.

5 It sews with two needles, making any length stitch desired.

6 It sews from two ordinary spools, and thus all trouble at winding thread is avoided; while the same Machine can be adapted at pleasure, by a mere change of spools, to all varieties of work.

7 The same Machine runs silk or linen thread, and common spool cotton, with equal facility.

8 This Machine will sew in the sleeves of a coat with the same ease and facility that it sews a straight seam.

9 This Machine can be run to make one thousand five hundred stitches per minute.

10 The seams are as elastic as the most elastic fabric, so that it is free from all liability to break in washing, ironing or otherwise.

11 The stitches made by this machine are more beautiful than any other made either by hand or machine.

The price of these Machines at office in New York, range from $75 to $150; an additional charge of $10 only is made on each machine over New York prices at office in Nashville, to defray expenses of importation, &c., to Nashville. R. H. BROCKWAY, Sec'y.,
Nashville Sewing Machine Company.

Prices of these Machines range from $85 to $150. [Ma ch 25—tf.

sept21. No 67 Cherry street.

Valuable Tract of Land
For Sale.

ON FRIDAY, 20th OF NOVEMBER, 1857, I will offer for sale

THE TRACT OF LAND,

on which I reside, containing 350 Acres. The land lies 1¾ miles west of Good ctsville, with a good road out to the turnpike. About 50 acres are cleared, the balance is in timber. The Nashville and Henderson Railroad, which will soon be in operation, will have a depot in Goodletsville. The land is well watered, and is finely adapted to the growth of blue grass. An person wishing to make a Stock Farm, will find it well suited in soil and position to that object.

As it has a number of never failing Springs, it is capable of being divided into a number of small farms, as follows:

One Tract of 50 acres, 30 acres cleared.
One Tract of 50 acres 20 acres cleared.
One Tract of about 70 acres.
One Tract of about 45 acres.
One Tract of about 60 ac
