HINTS FOR THE NURSERY;
OR, THE YOUNG MOTHER'S GUIDE.
BY MRS. C. A. HOPKINSON.
16mo. $1.
The writer of these "Hints," so well known to the readers of the Atlantic, has presented here, in a concise form, the result of her experience in the physical and moral training of children, for the benefit of young mothers. It is a practical and suggestive book, which should take its place side by side with Miss Nightingale's "Notes on Nursing."

SELECTIONS FROM THE WORKS OF JEREMY TAYLOR.
With Some Account of the Author and his Writings.
16mo. Vellum cloth. $1 25.
It has been said of the writings of the "golden-mouthed father" Jeremy Taylor, that they contain more fine fancy and original imagery, more brilliant conceptions and glowing expressions, more new figures and new applications of old figures; more, in short, of the body and the soul of poetry, than in all the odes and the epics that have since been produced in Europe.
His style is unmeasured poetry.

THE NEW-YEAR'S PART OF THE STORY.
An accomplished critic says: "One of the best points in this powerful and brilliant novel is the idea of making the innocent and delightful section of New-Year's calls the starting point of all the fun and flirtation and little and big miseries of a party of gallant bachelors for the rest of their lives. No jollier book has been written since the Pickwick Papers. It seems impossible to produce a more humorous romance (without gross exaggeration) of American society."
