PATENT
ELASTIC FIRE & WATER-PROOF CEMENT ROOFING.

THE undersigned are prepared to introduce into this Tennessee W. E. CHILDS & CO'S PATENT ELASTIC FIRE AND WATER-PROOF CEMENT ROOFING, and ask the attention of Architects, Builders, Railroad Companies, and the public to examine its superiority over other Roofing.

ARCHITECTS AND BUILDERS should not fail to examine this Roofing, as it is better and cheaper than any thing in use. The material forms a hard and smooth surface that will resist the action of the atmosphere in every climate. It is impervious to water, elastic, and flexible. It contracts and expands with the changes of the atmosphere, and will neither evaporate, crack nor rot; and, as to its durability, there is no question.

It is practically imperishable, and will perfectfully resist any ordinary external exposure to fire, as is abundantly proved, and we will warrant it water-proof. We will engage to put our Roofing on over ordinary good sheathing, old shingles, tar and gravel, tin, zinc, metal, or any roof—it making no difference how steep or flat they may be—for seven dollars per one hundred square feet; it being far cheaper than any Roof of the old style, and we are sure it will give better satisfaction.

It will also be found to be the best thing ever invented to cover or mend old leaky tin, tar and gravel roofs, or around chimneys, scuttles, dormar windows, and gutters, where the tin is rusted through. This Cement can be put on to last as long as stone, and form a perfect adhesion to any object to which it is applied. Tan Roofs can be painted over (and warranted not to leak) at two dollars and fifty cents per hundred square feet, which is cheaper and much better than paint. This Roofing will be found to be the best thing for covering large roofs where they are exposed to fire—such as Steam Mills, Saw Mills, Factories, Railroad Cars, Bridges, Depots, Station Houses, Stave about Decks, and, in fact, every kind of Roof where there is an external exposure from fire. As the Roof is perfect, without a joint in it, it presents no chance for fire to communicate, and any light substance will burn out without igniting.

☞ Insurance offices at Cincinnati, and other places where Childs & Co.'s Cement has been used, insure Buildings with Roofs covered with this Cement, at the same rates as for those covered with Iron, Copper or Tin

☞ The Cement will be furnished to those at a distance with directions for using.

☞ orders sent to the undersigned, through the Post-office, will be promptly attended to J. T. NATHURST,
No. 24, Spruce Street.

TESTIMONIALS AND REFERENCES.

OFFICE BUCKEYE STATE INSURANCE COMPANY,
CINCINNATI, Dec. 16, 1856.
TO ALL WHOM IT MAY CONCERN: This is to certify that I have examined specimens and Roofs of W. E. Childs & Co.'s "Elastic Fire Proof Cement Roofing," and believe it to be eminently superior to any other kind of Roofing in use. I was once witness of a severe trial of one of these Roofs from a large volume of flame from an adjoining building, which struck directly upon the roof and cornice or nearly half an hour. It stood the trial beyond all expectation, and saved the building. C. M. HASKELL,
President Buckeye State Insurance Co.

CINCINNATI AGENCY ROYAL INSURANCE COMPANY,
February 6, 1857.
I have examined W. E. Childs & Co.'s "Elastic Fire and Water Proof Cement Roofing," and as far as I can judge, consider it a great invention, and am willing to insure buildings thus protected upon the same terms as I insure those covered by metal.
JNO. S. LAW,
Agent Royal Ins. Co., London and Liverpool.

OFFICE OF THE CIN., HAM AND DAYTON RAILROAD.
Childs & Co.'s Patent Cement Roofing is now used here on our best class of Buildings. We are covering our Freight Cars with it, and our Master Mechanic reports very favorable to it. S. S. L'HOMMEDIEU, Pres.

From J. B. Bennett, General Agent of Ætna Ins. Co. for the Southern and Western States.
CINCINNATI, Jan. 7, 1857.
Having made considerable inquiry as to the merits of the "Patent Elastic Cement Roofing," introduced into this city by Childs & Co., I find it to be highly recommended in this city by many excellent judges; that it is meeting with very ready and general introduction; that its superiority over the tar composition Roofing is decided and freely admitted, and finally, I expect to adopt it for my next roof, which will be next summer—having intended to use tin, but will try the virtues of the "Patent Elastic Roofing" as a substitute.
Yours, truly, J. B. BENNETT.

OFFICE OF THE OHIO AND MISSISSIPPI RAILROAD CO.,
CINCINNATI, Jan. 7, 1857.
DEAR SIR:—In answer to your inquiry, in reference to our opinion as to the practical use of your Roof in the covering of cars, we may say that from our observation, we entertain a very favorable one,—so much so, that we intend testing it thoroughly on roofs of buildings, cars, &c; after which we will with pleasure give you our decided opinion as to its utility. Yours, truly, E. LIPPENCOTT,
Supply Agent Ohio & Miss. R. R.

☞ Since the above was written, the Ohio and Mississippi Railroad have contracted for covering their cars, depots and bridges between Cincinnati and Vincennes, with this Cement, considering it the best article they have used for the purpose.

It is put up in large size $1 bottles. The 50c and $1 bottle contains 50 and 100 per ct more Liniment than the 25c bottles, *and are much cheaper.*

AYER'S CHERRY PECTORAL,
FOR THE RAPID CURE OF
Colds, Coughs and Hoarseness.

BRINFIELD, MASS., 20th Dec., 1855.
DR. J. C. AYER: I do not hesitate to say the best remedy we possess for the cure of *Whooping Cough, Croup,* and the chest diseases of children. We of your fraternity in the South appreciate your skill, and commend your medicine to our people.
HIRAM CONKLIN, M. D.

AMOS LEE, ESQ., MONTEREY, IA., writes, 24 Jan., 1856: "I had a tedious influenza, which confined me in doors six weeks: took many medicines without relief; finally tried your PECTORAL by the advice of our clergyman. The first dose relieved the soreness of the throat and lungs; less than one half the bottle made me completely well. Your medicines are the cheapest as well as the best we can buy, and we esteem you, Doctor, and your remedies, as the poor man's friend."

Asthma or Phthisic, and Bronchitis.

WEST MANCHESTER, PA., Feb. 4, 1856.
SIR: Your CHERRY PECTORAL is performing marvellous cures in this section. It has relieved several from a alarming symptoms of consumption, and is now curing a man who has labored under an affection of the lungs for the last forty years. HENRY L. PARRS, Merchant.

A. A. RAMSEY, M. D., ALBION, Monroe county, Iowa, writes, Sept. 6, 1857: "During my practice of many years I have found nothing equal to your CHERRY PECTORAL for my own use and family, and for consumptive patients, or curing such as are curable."

(We might add volumes of evidence), but the most convincing proof of the virtues of this remedy is found in its effects upon trial.

Consumption.

Probably no one remedy has ever been known which cured so many and such dangerous cases as this. Some no human aid can reach but even to those the CHERRY PECTORAL affords relief and comfort.

ARTHUR HOLDEN, NEW YORK CITY, March 5, 1856.
DOCTOR AYER, DEAR SIR: I feel it a duty and a pleasure to inform you what your CHERRY PECTORAL has done for my wife. She had been five months laboring under the alarming symptoms of consumption, from which no aid we could procure gave her much relief. She was steadily failing, till Dr. Strong, of this city, where we have gone for advice, recommended a trial of your medicine. We bless his kindness, as we do your skill, for she has recovered from that day. She is not yet as strong as she used to be, but is free from her cough, and calls herself well.
Yours with gratitude and regard,
ORLANDO SHELBY,
of Shelbyville.

Consumptives, do not despair till you have tried Ayer's CHERRY PECTORAL. It is made by one of the best medical chemists in the world, and his cures are around us bespeak the high merits of its virtues.—*Phila. Ledger.*
