K. C. MEETING ON APRIL 25

Keokuk Will Have a Large Class of Candidates to Take Third Degree at the Burlington Meeting.

THE TRI-CITY INITIATION

Four Hundred Members of the Knights of Columbus Will Meet That Day For a Big Celebration.

Keokuk will be well represented at the annual tri-city initiation of the Knights of Columbus to be held in Burlington four weeks from tomorrow. A large class of candidates is being secured by De La Salle council, who will be given the first two degrees of the order here and be given the third and final degree at Burlington.

This big event is an annual one and Keokuk had it last year. Next year the big meeting will be held at Fort Madison. The following from last evening's Burlington Gazette about the coming meeting will be of interest to the members of the order in this vicinity:

Sunday, April 25.

The annual tri-city initiation of the Knights of Columbus will be held in this city, Sunday, April 25. An initiation is held each year in either Ft. Madison, Keokuk or Burlington, and this year it is Burlington's turn to hold the exercises.

A large class of candidates, numbering from fifty to seventy-five will be initiated into the third degree of the order and an elaborate program for the day has been prepared. It is expected that there will be fully four hundred visitors in the city on that day from not only Keokuk and Ft. Madison but also from other cities in this vicinity. The initiation will be held in K. C. hall, followed by a banquet in Co. H. armory.

Grand Knight W. P. Fleming, who has general supervision of the preparations for the event, predicts one of the most successful initiations in the history of the local council. Burlington council was organized eight years ago this month. A team from Chiago will administer the third degree and several excellent speakers have been secured for the banquet, at which F. C. Norton will preside as toastmaster.

An adjourned meeting of the council will be held next Tuesday, instead of next Tuesday, and a large attendance is desired.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by Catarrah, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

LAW AFTER FARMER.

Pure Food Act Disobeyed by Sale of Bad Eggs.

WEBSTER CITY, Iowa, April 3.—Prosecutions under the pure food law in Iowa are not uncommon, but the first prosecution of a farmer under this law, which has just taken place in Humboldt, will attract statewide attention. The farmer in question was charged with selling bad eggs. He was acquitted, but not fully vindicated.

The suit was brought against W. E. Jones, a prominent farmer, residing south of Livermore, by Pure Food Commissioner Ottosen. While out on one of his inspecting trips about the state, Ottoson called at Livermore and at a grocery store there he found a lot of bad eggs in a case with some good ones. Upon inquiring of the merchant where he bought the eggs, he was informed that they had been brought in by Jones. Ottoson at once instituted proceedings against Jones for violation of the pure food law. Jones was acquitted, however, because the bad eggs in the case could not be positively identified as the ones sold by him.

Ottoson claims that there are many bad eggs sold in Iowa. He says that the practice of selling eggs taken from incubators, after they have lain there long enough to prove lack of fertility, is quite common. He vows he will stop it if he has to prosecute every farmer in Iowa, and he announces his intention to institute other proceedings similar to the one against Jones.

WHAT A FAN THINKS OF TEAM

One Who is Well Posted Gives His Opinion to Press Concerning the Prospect of the Season.

BASEBALL OF INTEREST

Keokuk Will Not be Handed $1,000 Lemon on Spring Training Trip This Season as Last Year.

What do you think of the line up Manager Belt has framed for the coming season? That is, do you think he can round out a team from his band of twenty-six players that will make a team of the Waterloo 1908 calibre move some to win another pennant?

To this question the answer in many cases from the fan is "yes." Here is what one fan says who reads By Hek, the Sporting News and other sporting notes of the country from day to day:

"In my mind Belt has gathered about him a great ball team, but at the same time it will be a singularly formed one. It looks to me like the strength of the team will be concentrated at no one particular point, except that one great point of attack will be through the team's base running ability."

"I have studied what I consider will be the composition of the team at the opening of the season and find every position fortified by a good steady man, a good hitter, clever and strong pitchers, and speed men on the bases."

"The outfield looks especially attractive this year and it is the one point where there will be a great deal of difference between the team of 1908 and 1909. Last season in my mind, the team was weak in the outfield, both in fielding and in hitting."

"From what I can see, the team will have no wonderful battery, but there will be a number around the .280 figures which is good against the many clever box artists which the Central Association has boasted of in the past."

Hannibal has a new outfielder by the name of O'Brien, of whom the Courier-Post has the following to say: Jack O'Brien, which sounds like Philadelphia, has signed up with Hannibal. His contract was received this morning by President Crulkshank. This fellow O'Brien with the pugilistic sounding name hails from St. Louis, but his baseball career is connected with the Pacific coast. President Dougdale of Seattle in speaking of him says, that he played some with Vancouver, in 1907 and since that time he has managed teams in the "Brush" leagues thereabouts with very good success. Last year he managed La Grand, Oregon. Out side of this very little is known about Jack except what he says himself. He plays in the outfield and will report here on next Tuesday.

Burlington Gazette: "If I was signing up a baseball club," said Hub Donovan, who arrived the other day from Setting Sunville, "I would immediately wire transportation on his own terms and a promise of being met at the train with a brass band to a certain one-armed player I saw working out on the coast. He was surely a wonder. In fact he was a freak. He was a semi-professional player who had lost left arm just above the elbow, but if it ever bothered him he gave no indication of it. People would come from miles around just to see that fellow play. The first game I saw him in I just stood around and watched him with my mouth open. It's a wonder I did not get soaked on the head with a ball, so taken up was I with the one-armed man. I attributed his good playing merely to luck. He played the same all the time, however, and how he could hit the ball. He was certainly a marvel and no mistake." Donovan says the coast class A. A. league is a big joke and that the Central association has it outclassed. He claims the outlaw leaguers have big financial backing and they play good ball because they are not backward about paying the salaries.

Now that Hill has signed with Quincy Hofer claims that he does not need Hill and will drop the matter with that ball player. A deal has been closed whereby Dalton goes to Eau Claire in the Wisconsin-Minnesota league.

The players will begin to arrive early next week and will be here by the 8th in time for the first workout. There is a little doubt as yet as to reporting all of the players, and Manager Belt is thinking of sifting down the list a little before the opening.

Keokuk will not be handed a $1,000 lemon on the spring training trip this year. That is what conditioning the players cost last season, but now the exhibition games are to be played at home for the greater number.

PRESIDENT DIAZ, WHO IS URGED TO CONTINUE RULE.

[A remarkable popular demonstration took place in the city of Mexico on April 2, when delegates from all parts of the republic assembled to urge Porfirio Diaz not to give up the presidency at the close of his present term of office. The celebration, which will include a parade of many thousands of people, promises to be the most brilliant affair ever seen in the Mexican capital.
