FAREWELL SERMON OF REV. J. NUESCH

Popular Pastor of St. Paul's German Evangelical Church Will Leave Wednesday for Los Angeles.

HIS LAST SUNDAY HERE

Congregation Regrets Departure of Their Leader—Has Been in Keokuk Over Sixteen Years.

The Rev. Jacob Nuesch, pastor of St. Paul's German Evangelical church, will preach his last sermon in Keokuk tomorrow morning. Rev. Mr. Nuesch will leave Keokuk on Wednesday for Los Angeles after a stay of 16 years and nine months in Keokuk as the leader of St. Paul's congregation.

The departure of the Rev. Mr. Nuesch and his wife is greatly regretted by the entire congregation. Rev. Nuesch was very popular with his flock, and his kindly ways and his interest in his church will be missed by the people who have known him and have loved him for a period much longer than the average pastor's stay in a community.

Rev. Nuesch is next to the oldest pastor in Keokuk in point of time. Dr. E. B. Newcomb was here about one year longer than the Rev. Nuesch. Rev. Nuesch would have celebrated his seventeenth year as pastor of St. Paul's had he remained until July.

During the years he has been pastor of the German Evangelical church, Rev. Nuesch has endeavored to teach and preach to the best of his ability, and his work is bearing its fruit in an increased congregation which has not been idle, in all that pertains to the upbuilding of the church.

Rev. and Mrs. Nuesch when they first came here awakened interest in the mother tongue, in the young people and the children of the parish by teaching German school on Saturday mornings and through the summer. They endeavored to build up the young people's societies in the church and have succeeded admirably.

The entire congregation sees the Rev. and Mrs. Nuesch leaving with the greatest of regrets. They feel that what is Keokuk's loss will be Los Angeles' gain, and the best wishes for the future will attend the departing pastor and his wife.

Rev. Nuesch preaches his farewell sermon in the morning, and there will be communion following.

Monday evening a farewell reception will be tendered the Rev. and Mrs. Jacob Nuesch by the congregation of St. Paul. The reception will be held at St. Paul's hall, and all members are invited to be present.

AMUSEMENTS.

Rose Maiden Tomorrow.

The beautiful cantata, the Rose Maiden, will be presented tomorrow evening at the Grand opera house.

This will be a gala occasion for the pupils of the school and their friends. It will also be an occasion of pleasure for all who attend as the concert that has been prepared will be a delight to all who hear it.

Everything combines to make this Rose Maiden concert a notable one, a musical composition, a large chorus, fine soloists and splendid orchestra.

This will be the leading musical event of the spring season. It will delight the large audience that is sure to be present when the overture is played. Popular prices, and a popular concert.—Advertisement.

"The Pink Lady."

Lovers of musical comedy who witnessed "The Pink Lady" performance at the Grand Friday evening were not pleased. From a scenic point of view the production was ideal. The absence of strong male voices impaired the play to some extent but all in all it did not give satisfaction. Olga De Baugh as "The Pink Lady" gave splendid satisfaction and Maude Gray kept the standard high. The play is an adaption from the French of "LeSatyre." It is Frenchy pretty much all the way through. The chorus was finely costumed and active, the dances being prettily executed. The audience was not so large as usually patronizes musical comedies but a number of causes contributed to reduce the patronage. Taking a liberal view, it was not up to expectations and certainly not a $2 show.

Vaudeville at the Hippodrome.

A new bill will be inaugurated at the Hippodrome theatre the first half of the week, beginning Monday. The bill includes four big acts that have been winning reputations for themselves in other cities. Frank Cotter, the darling clown, opens the show. The Allart feature film company presents an unusual attraction in Frank K. Weston, in the classic "Recitagraph." Fadin-O'Brien Trio, fun and song artists, are sure to prove popular here as they have been elsewhere. Williams and Warner, the famous musical comedians, close the big bill. The last half of the week, the Inter-State Producing company will present James P. Lee and Madeline Lee in the galaxy of laughs, "The Funny Moon," in which a lie causes trouble that out-Hooligans Happy in his balmiest days and his ineffectual attempts to ride the temperamental waves the ludicrous in the extreme. Eighteen pretty, dashing girls are carried in the chorus, and the show promises to be one of the best ever.—Advertisement.

ICE

Notice to the Public

WE wish to announce that we have bought the Ice Business heretofore conducted by Harrison & Dietz and are now ready to fill the wants of both old and new customers.

We will sell the **Pure Ice** of the **Keokuk Pure Ice Company** and will employ the same help that has been employed by Harrison & Dietz.

Prompt and Reliable Service Guaranteed at all Times

Special Notice: We want to thank our Friends and the Public for their patronage in the past and wish that the same courtesy be extended to the new firm, **O. C. Swanson & Bro.**

Respectfully, Harrison & Dietz

ICE

BIG LEAK IN LIVING COST

(Continued from page 1.)

from one country to another. Each nation will first be required to establish a government system of inspection of all nurseries and all concerns engaged in the growing of plants either for seed or direct transplanting. Before any shipment can be made by a nursery of its plants from one country into another it will be required to secure a certificate from the government bureau of inspection that the plants are entirely free from any disease.

This international quarantine system, however, is to be only the movement. It is to be followed by more intensive international work in the combatting of the diseases themselves in the securing of international laws for the protection of birds that aid in the destruction of plant pests and in the development of plants immune to the disease of particular countries. The net result of this it is expected will be an increase almost immediately in the world's production of vegetable food which in turn should have a definite effect on the market cost of such.

Found a Cure for Rheumatism.

"I suffered with rheumatism for two years and could not get my right hand to my mouth for that length of time," writes Lee L. Chapman, Mapleton, Iowa. "I suffered terrible pain so I could not sleep or lie still at night. Five years ago I began using Chamberlain's Liniment and in two months I was well and have not suffered with rheumatism since." For sale by all dealers.—Advertisement.

Curled Mustache.

[United Press Leased Wire Service.]

CHICAGO, April 11.—"Beware of the man who curls his mustache," advised Judge Mahoney today and he fined Edward Rochelle, who curls his, $100 for abusing his wife.

THE MARKETS

Financial Review.

[United Press Leased Wire Service.]

NEW YORK, April 11.—Bearish sentiment again ruled the stock exchange again this week but there was no decided downward movement, the decline in U. S. steel being the most marked change of the week.

The large shrinkage in unfilled orders shown by the steel corporation's monthly report yesterday, caused heavy selling of that stock today and rail issues followed the lower trend. Throughout the week, reports that the interstate commerce commission decision on request of increased rates would be delayed for several more weeks and a bearish factor that bore down on railroad issues.

Oil shares declined gradually on account of developments in Mexico. Though the crop report gave promise of an exceptional yield of winter wheat, reports of poor business conditions generally outweighed this one bullish factor.

Grain Review.

[United Press Leased Wire Service.]

CHICAGO, April 11.—Wheat in the long run was not generally effected by the very bearish government crop report issued Tuesday and the close today found May a fraction above and July only ⅛ below last Saturday's closing prices. The day after the report was issued, wheat futures responded with a loss of ¾. Reports of possible crop damage in the southwest, because of cold weather and light receipts, however, brought the market about back to the position it was on Monday.

Trade in the corn pit was heavy all week, but made no material changes, May closing a fraction higher and July ⅝ lower than last week's closing prices. Importation of Argentine corn, both by Chicago and Atlantic seaboard traders about balanced the bull arguments.

Oats was the weakest of cereals in the early part of the week but displayed firmness in the closing days. Purchases of Canadian oats was the principal depression. The close today found prices ⅝ to ½ lower than last week's close.

Provisions moved within a narrow range all week, acting in sympathy with the hog market. The close found prices just a shade higher than on last Saturday.

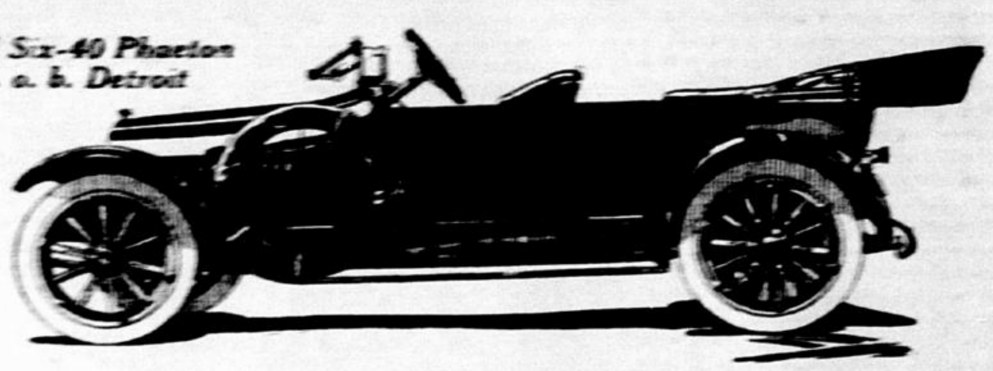
HUDSON Six-40 Phaeton
$1750 f. o. b. Detroit



The HUDSON Made "Sixes" Universal

The Six-Cylinder car is no new idea.

Men long have known of the smoothness, the flexibility, the delightful control, of the six.

But—until the HUDSON Six was built—Sixes were beyond the reach of many. They were too big, too powerful, too costly to operate.

HUDSON engineers changed that condition. They brought Sixes within the reach of practically all motorists. They produced Sixes that are light in weight, economical of upkeep, very easy on tires, and amazingly low in cost.

Now all May Own a Hudson

Today good Sixes are selling at a lower price than many good Fours.

It seem absurd to pay $1600 to $2000 for a Four—a type that is fast disappearing—when for $1750 one may enjoy all the delights of a car so perfect as the HUDSON Six-40.

At any price over $1250 no man need deny himself the marked superiority of the Six.

Keokuk a City of "Sixes"

Keokuk has decided in favor of the Six-Cylinder car.

Keokuk Motorists demand the best. And there is no argument between a HUDSON Six-40 at $1750 and old-type Fours at considerably higher prices.

Keokuk's motor-car owners buy with an eye toward investment value. They don't want to get caught a year or two hence with an unsalable car on their hands.

The HUDSON Six and Auto Inn Service

This is Keokuk's unbeatable combination.

Until you have driven a HUDSON Six you will always fail to quite understand its amazing popularity. But DRIVE IT A MILE and you will appreciate WHY the HUDSON made Sixes universal.

Auto Inn Service backs up your HUDSON car. It gives you an entirely new and different idea of motor-car satisfaction.

Thousands of Keokuk motorists enjoy daily the supreme contentment of a well-nigh perfect Six-cylinder car, kept in the pink of condition by Auto Inn Service.

Come, see the HUDSON Six. Learn the advantage and the economy of six cylinders. Drive the HUDSON Six and prove our claims. Let us explain the value of our Service.
