IN THE STREET TODAY

BY ASSOCIATED PRESS.

New York, April 15.—Opening price changes in the stock market were very much mixed and were generally restricted to within one-half either way. Prices did not last long until a demand lifted prices above yesterday's close. The buying of Pennsylvania, B. & O., St. Paul, Union Pacific and Sugar in larger blocks had a beneficial effect on trading operations. North Americans and Pacific Mail each gained a point and General Electric rose 2¼.

Dealings were on a large scale all around and the improvements were well maintained up to 11 o'clock. Northern Securities on the curb was a fraction below last night's close. The buying movement was continued in the second hour, lifting a number of prominent railroads and industrials a point or more over last night. Northwestern gained 2⅝, Reading first preferred 2, Delaware & Hudson 1¾, and a number of the Gould stocks, Baltimore & Ohio, Sugar, Amalgamated Copper, Tennessee Coal, Metropolitan Street Railway, and some less prominent stocks 1 to 1½ per cent. In the active list Fort Worth & Denver City Stamped scored a decline of 15.

Prices reacted slightly when the buying demand had been exhausted and trading became dull. Bonds were dull.

Western stocks and some of the coalers were pushed up resolutely again, but there was not much of a following in the general market, which was quieter and hung back. Atchison & Rock Island advanced strongly. Realizing sales forced the leaders down a trifle at 1 o'clock and dealings became very dull.

St. Paul met large selling orders when it reached 161 and yielded a little of its advance. The steel stocks sagged a good fraction; but there was no aggressive selling at any point. The market hardened about the top. St. Louis Southwestern preferred advanced 2¼, while Chicago Great Western lost 1¼ points.

MACHINE LICENSES

Slot machine licenses are beginning to come in at the office of Police Judge Thomas Boyle. Clerk Bart Shay took in a total of $470 up to this noon. Merchandise machines paid the amounts aggregating this sum. These aggregate $5 for each machine.

This payment, according to the present police regulation, is to be collected each 30 days from every machine of the kind in the city. The payments come in the shape of fines for violation of the state law on the subject of gambling devices.

In former days $10 a month, it is stated, was collected from each machine. After the resignation of William E. Winn the machines were ordered out of the city, and then followed a series of raids, legal proceedings and machines again in operation until the situation became complicated. This state of affairs ended a short time ago with the regular monthly fine. Along the same lines gamblers state that they will operate under the incoming administration. The fraternity of the green cloth expect to pay a fixed amount, so say its members, into the city treasury every 30 days for every gambling table. Under this system they expect to operate with police protection from the state law which forbids gambling.

CAMAS IS ARRESTED

Joseph Camas was today arrested by Deputy Sheriff Merkle on a bench warrant issued from Judge McClernan's court. The warrant charged Camas with seducing and debauching Blanche Toussaint, a young Belgian woman. The deputy sheriff found the accused man at work at the Pennsylvania mine.

He brought the latter to the courthouse and there Camas was put in the witnesses' department of the county jail temporarily, while his friends looked around to secure bail for him. The friends of Camas said they would furnish bail for him at once.

An information containing the charge given above was filed against Camas in the district court yesterday by County Attorney Breen. The young Belgian woman is the complainant in the case.

liable, numbering 102, and furnished a copy to both your board and the county attorney. The amount due aggregates, according to an estimate made by my predecessor, Mr. Morony, over $30,000. This matter requires prompt and vigorous prosecutions. Had a list been preserved of those known at the time to be liable, it would have facilitated collections.

"There is urgent need for additional vault room. A large number of records are without protection from fire. The assessment books and delinquent tax lists, etc., in the treasurer's office are left on the desks or in wooden cases because there is no room in the vault. In the event of fire these records would be destroyed or so damaged as to obliterate their contents; the serious complications which would then ensue are so obvious that I do not need to emphasize them. The expense of furnishing required vault room is not great, and the county can illy afford the present risk.

"The clerical work in the various offices, with the exceptions above mentioned, had been well done and was up-to-date.

"I take pleasure to acknowledge courtesies extended during my examination. Respectfully submitted,

"W. HUDNALL,
"State Examiner."

WRIGHT SAYS THAT BOTH SIDES ARE TO BLAME

(Continued from Page One.)

At noon the resolutions committee announced that its report was ready.

The labor question immediately came to the front in the shape of a resolution embodying a declaration of principles declaring against boycotts and lock-outs, the right of labor to organize, but without interfering with the liberty of employers or employes; denying the right of unions to fix wages and pledging the association to urge all legislation in accordance with the foregoing principles.

A motion to adopt the resolution brought out a protest from James F. Taler of Cincinnati, who demanded that the resolution be printed and held until tomorrow.

Mr. Thaler was supported by Mayor Jones of Toledo, and a rising vote was demanded.

WILL GIVE CONCERT

The Celtic Choral union of Butte and the Orphus' Quartet of Anaconda will unite in giving a Welsh concert at the Auditorium tomorrow evening. There are many Welsh people in the city who possess vocal ability and these will be heard at the concert. The affair, it is expected, will increase interest in vocal music and may be productive of an Eistedfad to be held in Butte.

WILL KEEP RIGHT ON IN MESSENGER TRADE

McGuire Says Injunction Does Not Refer to Him—Sensational Testimony Taken.

"We are still doing business and intend to keep on doing business," said E. McGuire of the Independent Messenger company, this morning. "I am the manager of this company and Lon Herman has nothing to do with it. There was a notice of injunction served on us this morning, but it was directed to Herman and his wife, and since they have nothing to do with our concern we do not think that it affects us in any way. Herman worked around here a few days after the organization of the Independent Messenger company, but he was paid for everything that he did."

Yesterday Judge Clancy issued an injunction against Lou Herman of the Independent Messenger company, enjoining him from doing any further business as a messenger company and ordering him to show cause why the injunction should not be extended. Manager Haupt of the World Messenger company had the injunction issued on the ground that he and Herman had entered into a contract on March 23, whereby Herman agreed to sell out to Haupt and cease to carry on the business in this city.

Haupt further alleged that Herman had broken his contract in starting the Union Messenger company, afterwards called the Independent Messenger company, and has since been conducting the same in violation of his agreement.

This morning a notice of the injunction was served on the Independent Messenger company naming Herman as the manager of the concern. The boys at the Independent claimed that Herman had nothing to do with their company and consequently that the injunction did not affect them.

The committee appointed by the Silver Bow Trades and Labor assembly to look into the messenger boys' strike last night took testimony from a number of boys employed by the various companies in the city. Some very sensational evidence was given during the course of the investigation.

A boy named Burton testified that Herman was in fact the manager of the Independent company. Another boy named Kehoe gave corroborative testimony.

At 2 o'clock this afternoon three messengers, James Burton, Mike Harrington and Jerry O'Neill made affidavits before Judge Shropshire to the effect that they knew that Herman was the manager of the Independent Messenger company.

Manager Haupt this afternoon applied for a citation to be issued for the Independent company for contempt of court, alleging that the company was running in defiance of the injunction.

CHARLES GORE HOMELESS

Charles Gore, an old man who is suffering from chronic illness, was brought into the county jail last night and given a bed in the witnesses' department. He was without a proper place to live and receive medical care, and he will be sent to the poor farm for treatment this afternoon or evening.

The old man is lame and was using a cane to walk with about the corridor of the witnesses' department of the jail this morning. He will be removed to the poor farm.

ON A RECEIVERSHIP

CLANCY HEARS BILL OF EXCEPTIONS IN THE PARROT MINE CASE.

Judge Clancy's court was occupied this afternoon with the hearing of the bill of exceptions in the receivership matter in the suit of Michael Hickey, F. Aug. Heinze and others against the Parrot Mining company. This is the case where Judge Clancy stuck A. P. Heinze for the sum of $22,000 to pay Receiver Thomas McLaughlin and Attorneys Kirk & Clinton and Maury their fees.

The orders assessing the costs named to Mr. Heinze were made in December last, and exceptions were taken from them by the attorneys for the plaintiffs in the case, especially A. P. Heinze, who was among these. The exceptions were taken for the purposes of an appeal from the orders and judgment in the case to the supreme court.

Attorney J. M. Denny appeared for the plaintiffs and presented the exceptions to Judge Clancy today, and Attorneys Clinton and Maury appeared for the attorneys and the receiver. The court was still hearing the arguments of the attorneys at a late hour this afternoon.
