PEOPLE'S EDITION OF PARTON'S GENENAL BUTLER IN NEW-ORLEANS.

One volume, octavo, paper, price 75 cents.

With the view of meeting the extensive popular demand for this remarkable book, this edition has been prepared. The paper and type are similar to those of Harper's Magazine. Some of the less important documents are omitted, and in some instances the account has been condensed, yet never so as to interfere with the interest or completeness of the story.

Unquestionably this book stands preeminent in interest among all yet occasioned by the Rebellion. Its subject and author combine to render it fascinating. Fifteen editions have been called for as fast as they could be printed. It has been most warmly commended by the loyal press of the country, and scarcely less so by a portion at least of the English press, by whom it is acknowledged to be a complete vindication of Gen. Butler from the malicious charges which envy and hatred have brought against him.

It contains an anecdotal sketch of Gen. Butler's brilliant and remarkable career at the Bar of Massachusetts; a history of the secret movements in the Charleston Convention; conversations between Gen. Butler and the leading Secessionists at Washington in December, 1860; the real plans of the traitors; Gen. Butler invited to join them; his advice to Buchanan; his efforts in preparing Massachusetts for war; the celebrated march via Annapolis to Washington; his night march to Baltimore; collision with Gen. Scott; his course at Fortress Monroe; the history of the *contrabands*; his advice to the Administration how to take Richmond; the truth about the battle of Great Bethel; the Hatteras Expedition; THE SECRET HISTORY OF THE NEW-ORLEANS EXPEDITION; the adventures of the General in getting to Ship Island; A FULL ACCOUNT OF THE CAPTURE OF NEW-ORLEANS; the landing of the troops in the city; A COMPLETE NARRATIVE OF SUCCEEDING EVENTS, with a large number of highly interesting narratives and anecdotes never before published; the recall of General Butler, and the explanation given of it by the Government; his present opinions upon the great issues before us.

Edition in large type, crown 8vo., cloth, 682 pages, price $2 50. People's Edition, 8vo., paper 75 cents. German Edition $1. Sent by mail on receipt of price.

FITZ JOHN PORTER and McCLELLAN, IN RED-TAPE AND PIGEON-HOLE GENERALS.

"A very readable and entertaining book—giving graphic sketches of life in the Army of the Potomac, and outlooking, with deserved satire, the red-tape and pigeon-hole propensities of too many of the higher officers in that army of the Fitz John Porter and McClellan school. The writer is evidently what he claims to be—a citizen-soldier—with a strong love for his country and freedom, and a strong hatred of Rebels, Copperheads, and half-loyal Regular officers."—[Cleveland Leader.

Testimonials from Celebrated Pianists.

After having examined the Piano-Fortes of Messrs. DECKER BROTHERS very carefully, we have come to the conclusion, and cheerfully testify, that they are in every respect superior instruments. Their tone is pure, rich, brilliant, very distinct, and of an orchestral musical character. Their workmanship is of the very best, plainly demonstrating that none but the very best materials are used, and their touch, evenness and equality of tone throughout the whole compass of the key-board unsurpassed by any other Piano-Forte we have yet seen.

MASON & HAMLIN'S CABINET ORGANS, for FAMILIES, CHURCHES, and SCHOOLS.—Recognized by the musical profession as greatly superior to Harmoniums, Melodeons, and all other small organs. [See our illustrated catalogue for explicit testimony to their superiority, from a majority of the most eminent organists in America.] Prices, $65 to $500 each.

CAUTION TO PURCHASERS.—The great reputation which our Cabinet Organs have obtained, and the extensive demand for them, have induced dealers to advertise, in some cases, quite different instruments as Cabinet Organs, and in others to represent to purchasers that Harmoniums and other reed organs are the same thing. This is not true. The excellences of our Cabinet Organs, which have given them their high reputation, are the result not merely of the superiority of their workmanship, but also, in large measure, of essential differences in construction, which, being patented, cannot be imitated by other makers. From these arise their better quality and volume of tone and unrivaled capacity for expression. Warerooms in New-York, No. 7 Mercer-st.

STEINWAY & SONS' GOLD MEDAL GRAND AND SQUARE PIANOS are now considered the best in Europe as well as this country, having received the first Prize Medal at the World's Exhibition in London, 1862. The principal reason why the Steinway Pianos are superior to all others is, that the firm is composed of five practical piano-forte makers (father and four sons), who invent all their own improvements, and under whose personal supervision every part of the instrument is manufactured.
