Creameries, Dairy Butter Makers, Cheese Makers, Fruit Growers!

We are Northwestern Agents and Headquarters for the Following Lines:

<p>Stewart's Corrosive Sublimate Tablets for Preserving Composite Milk Samples for Babcock Test. Are accurate because each jar has the same amount of preservative to a grain. Convenient because one tablet will keep an 8 to 12 ounce sample sweet for two or four weeks, and in the hottest weather. Best, because all authorities pronounce corrosive sublimate the best preservative, and its use resulting in the best and clearest test of any yet discovered. Price \$4.00 Per Thousand.</p>	<p>Eclipse Cream Separators. Very latest patent. Embodying the latest and greatest improvements. Dairy Goods, Butter churns, butter workers, butter moulds, butter stamps, butter ladles, butter paddles, butter bowls, butter tubs, butter paper, butter barrels, and various other dairy goods at lowest prices.</p>	<p>Killimechia. The greatest insect destroyer ever discovered. Aphids or lice and all soft-bodied insects, cut worms, caterpillars, webworms and all pests that infest fruit trees, hop vines, vegetable plants, rose bushes, house and out-door plants instantly destroyed with Killimechia without the slightest injury to the most delicate leaf or blossom. 1 gallon package, 10c; 2 gallon package, 15c; 5 gallon package, 25c; 25 gallon package, 75c; 50 gallon package, \$1.00; 100 gallon package, \$1.75; 200 gallon pkg. \$1.50 per hundred gal.</p>
