CHAPLAIN QUINT'S ARMY NOTES.
THE POTOMAC AND THE RAPIDAN.
ARMY NOTES, FROM THE FAILURE AT WINCHESTER TO THE RE-ENFOREMENT OF ROSECRANS—1861-3.
By ALONZO H. QUINT,
Chaplain of the 2d Massachusetts Infantry.
One volume, 12mo.
WITH A MAP OF THE VIRGINIA CAMPAIGN.
Mr. Quint is widely known as one of the most popular and efficient of Army Chaplains, and probably no army letters have been so generally read and commended as his. His style is peculiarly racy, while his statements are reliable and his views comprehensive. THE POTOMAC AND THE RAPIDAN is one of the most interesting volumes pertaining to the Rebellion yet published, embracing many new and brilliant details of the campaign in the Shenandoah Valley under Gen. Banks, and of service under Pope, Hooker, McClellan, Burnside and Meade.

NEW SKIRT FOR 1864.
A NEW AND GREAT INVENTION IN
HOOP SKIRTS.
THE DUPLEX ELLIPTIC (OR DOUBLE) STEEL SPRING.
J. I. & J. O. WEST,
NO. 97 CHAMBERS-ST., NEW-YORK,
are the owners of the Patent and Exclusive Manufacturers of the
J. W. BRADLEY'S
PATENTED "DUPLEX ELLIPTIC" STEEL SPRING SKIRT.
This invention consists of Duplex (or two) Elliptic Steel Springs ingeniously braided tightly and firmly together, edge to edge, making the toughest, most elastic, flexible and durable Spring ever used, enabling the wearer in consequence of its great elasticity and flexibleness to place and fold the skirt when in use as easily and with the same convenience as a silk or muslin dress. It entirely obviates and silences the only objections to Hoop Skirts, viz: the annoyance to the wearer as well as the public, especially in crowded assemblies, carriages, railroad cars, church pews, or in any crowded place from the difficulty of contracting them and occupying a small space; this entirely removes the difficulty, while giving the skirt the usual full and symmetrical form, and is the lightest and most stylish and graceful appearance for the street, opera, promenade or house dress. A lady having enjoyed the pleasure, comfort and great convenience of wearing the Duplex Elliptic Spring Skirt for a single day, will never afterward willingly dispense with the use of them. They are the best quality in every part, by far the lightest, most durable, comfortable and economical skirt made. Merchants will be supplied as above, and ladies in most first class retail stores in this city and throughout the different States.

IMPORTANT TO LADIES.
MADAM PUTNAM'S
PATENT STOCKING SUPPORTER.
An invention designed to promote the comfort of ladies and children by doing away with the old method of supporting the stocking by means of an elastic or garter, the injurious effects of which every lady is assured. This new supporter leaves the limbs entirely free and allows the blood free circulation. It is more easily adjusted and more durable than the common garter. It is peculiarly adapted for children, as it cannot possibly get out of place. Ladies are requested to call and examine the article.

MASON & HAMLIN'S CABINET ORGANS, for FAMILIES, CHURCHES, and SCHOOLS.—Recognized by the musical profession as greatly superior to Harmoniums, Melodeons, and all other small organs. [See our illustrated catalogue for explicit testimony to their superiority, from a majority of the most eminent organists in America.] Prices, $65 to $500 each.
CAUTION TO PURCHASERS.—The great reputation which our Cabinet Organs have obtained, and the extensive demand for them, have induced dealers to advertise, in some cases, quite different instruments as Cabinet Organs, and in others to represent to purchasers that Harmoniums and other reed organs are the same thing. This is not true. The excellences of our Cabinet Organs, which have given them their high reputation, are the result not merely of the superiority of their workmanship, but also, in large measure, of essential differences in construction, which, being patented, cannot be imitated by other makers. From these arise their better quality and volume of tone and unrivaled capacity for expression. Warerooms in New-York, No. 7 Mercer-st.
