CARTER'S COMBINED Writing and Copying Ink.

A PERFECT ARTICLE.

Almost every one is searching for a perfect writing ink, and here it is. Ten years of constant use by many of the largest banking institutions and commercial houses in the country, by all the Government Departments, and by thousands of individuals for private correspondence has established the superiority of Carter's Ink beyond question.

These are some of the advantages of this Ink:

1st. Being equally good for book-keeping, ordinary writing or copying, it does away entirely with the inconvenience of using two kinds of ink.

2d. It flows from the pen as freely as any writing fluid.

3d. It gives a cleaner, better copy, with less spreading, than the best copying ink.

4th. It is permanent, and cannot be erased even with acids.

5th. It does not fade, but grows blacker with age.

6th. It cannot mould, and consequently there is no waste.

7th. It does not thicken by exposure to the air.

8th. It will stand freezing without injury, and can be reduced with water without precipitation.

9. The color, when first used, is a beautiful dark green, but changes in a very short time to a brilliant jet black.

10th. It is cheaper than any other ink, because a dollar's worth will do more writing.

11th. It is admirably adapted to the most delicate writing, and always "makes its mark."

12th. It is warranted to flow as freely as any writing fluid in use; to give as perfect a copy as any copying ink, and not to thicken or mould.

We are the Sole Agents for the sale of this Ink in this city, and unhesitatingly recommend it to our customers and all others.

It is put up in Quarts, Pints, Half Pints and Ounces. ASK FOR CARTER'S INK.
