The Union Central Life Insurance Company of Cincinnati, of which W. B. Higdon is general agent, has a change of advertisement in this issue to which the attention of our readers is invited. Phifer Bros., New York Racket, have a short but cleverly worded advertisement in this issue which has a tendency to "strike the spot," and if anybody needs rice they will surely be sufficiently interested to investigate. Phifer Bros. are good advertisers, and the fact that they have patronized the columns of The Sun regularly ever since they have been in business is demonstrative of two facts—it pays to advertise, and it pays to use the columns of The Sun.

A New Restaurant.

The El Dorado Cafe is the style of a quick lunch establishment which has been opened at 106 West Main street S., with Theodore Hudgins as manager. The place is neat and up-to-date in every way and will no doubt prove a paying enterprise. It is the purpose of the management to make a specialty of lunches of all kinds and oysters and game will be kept and temptingly served in season.

Such a resort as the El Dorado has been in demand in Gainesville for several years. The rapid increase and improvement of the city demand it, and merchants and others may now have the privilege of appeasing their hunger after working hours, when they are tired and need a stimulating lunch.

AT SEAGIRT.

Florida Rifle Team Make Good Records—Sergeant Morris Better.

Seagirt, N. J., Aug. 23.—The Florida rifle team continued to make good scores today, notwithstanding the heavy wind blowing. Major Dapray, Florida's military instructor, arrived in camp and is taking great interest in the team's work. Hon. West Bryant of Polk county, with his charming daughter, Miss Georgia, paid the rifle team a pleasant visit today, accompanied by Mrs. Olive Poole of Jacksonville. Sergeant Morris has recovered and will be on the firing line tomorrow. Today's high scores follow: Kitchen, 47; Harding, 47; Edmunds, 44; Rich, 44; Jackson, 44; Yerkes, 44; Slater, 44; Lynn, 44, out of a possible 50. The big alligator died today. THE YELLOW FEVER

New Orleans is Gaining on the Disease. Spreading in the Country.

New Orleans, August 23.—The efforts of the hospital people seem to be giving evidence of success, but there can be no relaxation from the persistent efforts of those who have the work before them. The disease will be stamped out above Canal street. The local and federal authorities are working in harmony.

There were 23 new cases up to noon today and only four deaths. Six outlying towns report 11 new cases and one death.

The quarantine force is felt in the small towns and should it long continue a food famine will follow.

Herlongs Have Gone.

After a residence in this State and section for perhaps the past twenty years, V. J. Herlong and family have removed to Saluda, N. C., where they will in future reside.

Mr. Herlong has been a great factor in the upbuilding of this section, having opened up a fine country in the construction of the Gainesville and Gulf Railroad, which he owned and operated for several years. After disposing of his railroad interests he engaged in the manufacture of lumber at Bellamy, where he made a good success.

Mr. Herlong, who is a thorough saw mill man, formerly decided to locate in Alabama, but for some reason abandoned this idea and will cast his lot with the good people of the Tar Heel State. His friends wish himself and family much success and good health wherever they may be located.

A Handsome Home.

The home of J. E. Fowler, which is being erected on the property recently purchased by Mr. Fowler, Alachua avenue, is assuming nice proportions, the frame work being up. With favorable conditions, the carpenters expect to finish their labors within the next four weeks.

This house, when completed, will be one of the neatest and most modern in the city. The owner is sparing no pains or expense, looking entirely with a view to comfort and convenience.
