From The New-York Journal of Medicine and Collateral Sciences.

"It is written in a clear, nervous style, and is calculated, as we think, to do much good. The descriptions are accurately drawn, and the remedial measures judicious. The practitioner will find it abounding in valuable hints, and the general reader will come across many useful cautions and premonitory warnings."

From The Boston Medical and Surgical Journal.

"Dr. Dixon has written much and well on various branches of surgery; his book shows a thorough acquaintance with modern practice; stricture, varicocele, hydrocele and fistula are particularly well treated of. Indeed, he has managed to devote attention to every page in this volume, an art that few medical writers possess."

"The author's acknowledged originality and thorough devotion to the rational principles of medicine, and his ingenuity under trying surgical circumstances, stamp it with more than ordinary interest."—[London Lancet.

HAUNTED HEARTS,

THE GREAT NOVEL.
WHAT IS SAID OF IT.

The New-York Evening Post (Mr. W. C. Bryant's paper), says:

"The mystery is well sustained, and the entire novel is superior to anything the author has yet produced."

The Boston Traveller says:

"It will add to her reputation, and be even more sought for than her earlier book. * * * In no novel of the day are there stronger exhibitions of character, more natural action, or better maintained interest, than to be found in Haunted Hearts."

The New-York Evangelist remarks:

"The characters are powerfully drawn."

The Boston Advertiser tells us:

"The book will be read as one of thrilling interest by many who will not pause to recognize interest of a higher character than is usually found in American novels."

"LINNET'S TRIAL," the name of the new novel which Loring has just published, is by the author of "Twice Lost," which our readers will remember as one of the very best novels of the last season. The present work is distinguished by the same naturalness, vividness and energy of style, the same power of giving reality to novel incidents and situations, and the same clear cut characterization, which gave such interest to "Twice Lost." The author is, we understand, a young English woman of a literary family, and she certainly promises to take a prominent position among the novelists of the time.
