Talk on Cattle.

C. M. Bruce is in town. His cattle company have made arrangements to ship 3,000 steers to Bakersfield, California, where they will be fattened. Co. express a desire to handle Arizona cattle and will make low rates in order to do so. The Barbacomari company will begin shipping about Oct. 15th. In speaking of eastern shipments Mr. Bruce says that he has had many letters recently from Kansas, offering pasturage at $2 per head per year, and the best grass ever seen in that state. He maintains that there is no excuse for a man to lose his cattle when he can ship them at a very low rate and get plenty of money advanced on them at the other end at 8 per cent interest, to pay freight and pasturage until they are marketable.
