Alfred Tennyson, it is presumed, will be the English Poet Laureate, to succeed Wordsworth. It will be remembered that a year or two ago, the Queen and Prince Albert created a sensation among the fashionables at a watering-place, by paying a visit to Tennyson, and showing him marked attention and respect.

He portrayed the evils of intemperance in that bold and fearless manner for which he is justly celebrated, adducing arguments, clear and incontrovertible. Mr. H. has just returned from a tour in the South, where he has been eminently successful in awakening a deep interest in the cause of suffering humanity. We wish him God speed in his endeavors to reclaim the inebriate and to restore him to that state for which the God of nature designed him.—*Newark (N. J.) Union, 15th inst.*

AMERICAN IRON.—A friend who has been for some time collecting statistics of the present state of the Iron business throughout Pennsylvania, has ascertained that of six hundred Furnaces in that State *two hundred and seventy five* are now in the hands of the Sheriff, and of three hundred and twenty iron forges *one hundred and six* are likewise in the Sheriff's hands.—A great Iron-master the Sheriff would seem to be. Now is it possible that fools are *such* fools that anybody believes all these failures and stoppages are *contrived* by the Iron men in order to raise a clamor for the revision of the Tariff?—*N. Y. Tribune.*

POSTSCRIPT

BY TELEGRAPH,

TO THE MIDDLEBURY REGISTER.

Latest from the Cuba Invasion!—The Expedition broken up!

NEW YORK, May 27, 6 1-2 P. M.

The N. Y. Correspondent of the Philadelphia Enquirer, states that Lopez, just after he landed at Savannah, telegraphed immediately to this city, for men and ammunition. The *Herald* has the following from Washington: The Spanish Minister, Signor Calderon de La Baron, has received a despatch from the Spanish Consul at Savannah, stating that Lopez and his 500 men, after taking one town in Cuba, and finding no reinforcements, but a strong Spanish force marching against them, re-embarked in the Steamer Creole, and proceeded to Key West, Fla., from which place Lopez and a few others proceeded in a regular Steamer to Savannah, where they arrived yesterday.

The Evening *Express* has the following from Washington:

May 27. The Steamer Creole arrived at Key West on the 21st, having on board 600 men. She was chased by the Spanish Steamer Pizarro, from Cardenas. On the arrival of the Crole at Key West, the Collector sent an officer on board and seized her in the name of the Government for violating the laws of the United States. The 600 men are now at Key West, and a naval force is asked, to prevent further outrages from them. Gen. Lopez was there at the dispatch. The Captain of the Pizarro states that he captured the bark and brig which accompanied the Creole, and took from them letters and communications, containing full plans of the expedition.

Musical Notice.

The next annual meeting of the New Hampshire and Vermont Musical Convention, will be holden at Montpelier, commencing on Tuesday, June 4, at 9 o'clock A. M., and continue four days. The musical exercises will be under the direction of Profs. B. F. Baker, Boston, and I. B. Woodbury, N. Y.

It is hoped that amateurs, teachers, choristers and persons interested in the advancement of the science of music, will be in attendance, and by their presence and co-operation, aid in the promotion of the cause. It is also desired that musicians bring their instruments for the organization of an orchestra—as the presence of a person highly competent to lead in that department is expected. GEO. W. HARRIS.

For Committee.

THE ORIGINAL AND ONLY GENUINE

WISTAR'S BALSAM OF WILD CHERRY,

was introduced in the year 1839, and has been well tested in all the complaints for which it is recommended.—For ten years it has proved more efficacious as a remedy for coughs, colds, influenza, bronchitis, asthma and consumption, in its incipient stages, than any other medicine.

What time establishes and conservates, what experience adopts and endorses, what all men in all places concur in saying is good and valuable, is no doubt. A compound of this sort has in society its uses as deep and as strong, that time cannot destroy it. The success which has attended this medicine for several years past, has overcome the prejudices of all respectable men, and the article has taken a stand among the first class of discoveries and blessings of the age, and when resorted to in season, eradicates the disease for which it is recommended.

(From the Boston Evening Traveller.)

It is perhaps but an act of justice to the proprietors of Wistar's Balsam of Wild Cherry for us to say that our personal experience in the use of this article has impressed us most favorably. One of the proprietors of the Traveller was entirely cured of a severe cough of four months continuance, by the use of this Balsam; and several of our friends and acquaintance, who have tried the article, have found it of great service in relieving them of severe coughs and shortness of breathing, with which they have been afflicted.

None genuine unless signed I. BUTTS on the wrapper. Sold by W. P. RUSSEL, Middlebury, also by Ag'ts throughout the State. 5:1w

Ashford, Windham Co., Ct.

Gentlemen—Your Liniment gives universal satisfaction. In my own case it has effected a complete and perfect cure. I have not been so free from RHEUMATISM in 10 years as I have been for the last 8 months. JOHN R. ADAMS.

This celebrated Medicine is for sale by every respectable Druggist and Merchant throughout the Country at 25 and 50 cents per bottle, and in this place by W. P. RUSSEL and H. A. SHELDON. 5:1w

HIGH TESTIMONIALS.

IMPORTANT TO CONSUMPTIVES.

"In looking over the pamphlet issued by the proprietors of Dr. Rogers' Syrup of Liverwort, Tar, and Canchalagua, we have been forcibly struck with the high public and private character of those who vouch for its efficacy.—Among them we notice the name of our old acquaintance and quondam friend, Hon. Judge WM. BURKE. We also see the names of Dr. Wm. Richards, Rev. H. Wisnacus and Dr. Hiram Cox, late Professor in the Cincinnati Medical College, and many others of like character and standing. If such men are willing, over their own signatures, to testify thus strongly in its favor a medicine, the unremarkable medicine of the age, and we advise all our invalid readers to try it forthwith."—Ohio Star.

REMARKABLE CURE OF A DANGEROUS COUGH.

Miss Mary Head, No. 7, Wheeler's Court, Boston, was cured of a very bad Cough, attended with morrow debility, and strong tendency to Consumption, by the use of only three bottles of this Balsam. In the same family, a child, afflicted with a dangerous "stuffed cough," had been under the care of a physician seven days, without benefit, and was relieved at once by a single dose of this Balsam, and speedily cured. This family is referred to with much confidence, as they have experienced the beneficial effects of the medicine in the most striking manner.

Mrs. Houghton, High street Place, Boston, has been frequently afflicted with severe inflammation of lungs, pain in the side, dry cough, serious debility, and other painful symptoms, for several years. This medicine has given her a degree of relief which she has long sought in vain.

DAVID BRADLEE & SON, 130 Washington Street, Boston, sole agents for the United States and British Provinces.—American price, one dollar per bottle. 2:4m.

BLEEDING FROM THE LUNGS.—Mr. Z. S. Terry, merchant, Byron, Genesee county, N. Y., wrote Aug. 24, 1848: "Brant's medicine is doing wonders here—it has cured a man of Consumption that all the physicians had said MUST die. When he commenced taking Brant's medicine, he could not raise his hand to his head; he bled at the lungs, and every symptom seemed to indicate that he must die; but astonishing to all, he is now able to work, and does all near the country. He used ONLY five bottles.—I will also show you, when I visit the city of New York in the Spring, what great things Brant has done for me. It has also cured a young lady of Consumption in Orleans county, which her father said no doctor could cure.

ANOTHER CASE.—Mr. W. CHAPMAN, merchant, Middlebury, State of Vermont, stated to us that his wife was afflicted with a bleeding at the lungs, and after all other remedies failed, and his physician said he would die, he made use of BRANT'S INDIAN PULMONARY BALSAM, which soon restored him to health.

FROM THE ABLE AND DISTINGUISHED

DR. A. McFARLAND,

Of the Insane Hospital, Concord, N. H.

We are favored with the following truth speaking and convincing letter, as to the virtues of Dr. Thomas Corbett's Highly Concentrated Syrup of Sarsaparilla!

Gentlemen:—Having directed and made use of the Compound Concentrated Syrup of Sarsaparilla, prepared by the United Society of Shakers, somewhat extensively in my practice, I cheerfully add my testimony to its valuable qualities. In those depraved habits connected with scrofulous diatheses, which we often find, but for which it is difficult to prescribe, I consider this Syrup peculiarly useful. In chronic diseases of the skin, it may be used with success, being well calculated for this class diseases. Being acquainted with the composition of this Syrup, I speak of it with more confidence.

A. McFARLAND, M. D.

Insane Hospital, Concord, N. H.

Truths like these prove the efficacy of this invaluable preparation of Dr. Corbett. It is not heralded to the world by flagrant statements of cures which no medicine ever could effect, but it simply promises, (under the approval of the ablest physicians and chemists in the country,) to cleanse the blood, heal the lungs, change a depraved system, cure all eruptions of the skin, dispel diseases of the liver, erysipelas, rheumatism, salt rheum, dysentery, and give tone to an enfeebled and dyspeptical stomach.

That it will effect these cures permanently, testimonials are to abundant to be offered.

☞ The above valuable medicine is sold by E. BRINLEY & Co., Druggist, Boston, and by their appointed Agents.

Sold by W. P. RUSSEL, Middlebury, also by Ag'ts throughout the State. 5:1w
