DR. HOOFLAND'S CELEBRATED GERMAN BITTERS,

PREPARED BY

DR. C. M. JACKSON,

AT THE

GERMAN MEDICINE STORE,

No. 120 Arch Street, Philadelphia.

Their power over the above diseases is not equal, if equalled, by any other preparation in the United States, either for public, or private use, as testimonials of undoubted veracity, and of the highest character, can testify.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching power in weakness and affections of the digestive organs, they are, withal, safe, certain and pleasant.

READ AND BE CONVINCED.

The Hon. Charles D. Hazelhue, Editor of the "CAMDEN DEMOCRAT," the best paper in West Jersey, says, July 21:—

"HOOFLAND'S GERMAN BITTERS.

"We have seen Many flattering notices of this medicine, and the source from which they came, induced us to make inquiry respecting its merits. From inquiry we were persuaded to use it, and now say we found it specific in its action upon diseases of the liver and digestive organs, and the powerful influence it exerts upon nervous prostration is really surprising. It quiets and invigorates the nerves, bringing them into a state of repose, making sleep refreshing.

"If this medicine were more generally used, we are satisfied there would be less sickness, as from the stomach, liver and nervous system the great majority of real and imaginary diseases emanate. Have them in a healthy condition, and you can bid defiance to epidemics generally. The extraordinary medicine we would advise our friends who are at all antiparted to give it a trial—it will then recommend itself. It should, in fact, be in every family. No other medicine can produce such evidences of merit."

[From the "Boston Bee."]

The editor said, Dec. 22d—

"DR. HOOFLAND'S CELEBRATED GERMAN BITTERS for the cure of Liver Complaints, Jaundice, Dyspepsia, Chronic or Nervous Debility, is decidedly one of the most popular medicines of the day. These Bitters have been used by thousands, and a friend at our elbow says he was benefited received an effectual and permanent cure of Liver Complaint from the use of this remedy. We are convinced that in the use of these Bitters, the patient constantly gains strength and vigor—a fact worthy of great consideration. They are pleasant to taste and smell, and can be used by persons with the most delicate stomachs with safety, under any circumstances. We are speaking from experience and to the afflicted we advise their use."

"Spon's Weekly," one of the best Literary papers published, said, Aug. 24—

"Dr. Hoofland's German Bitters, manufactured by Dr. Jackson, are now recommended by some of the most prominent members of the faculty as an article of much efficacy in cases of female weakness. As such is the case, we would advise all mothers to obtain a bottle, and thus save themselves much sickness. Persons of debilitated constitutions will find these Bitters advantageous to their health, as we know from experience the salutary effects they have upon weak systems."

"Ladies' Wreath," a splendid work with great variety and lively attractiveness, said in its "New York Weekly Messenger," Jan 6, 1850.

"Dr. Hoofland's German Bitters.—Here is a preparation which the leading practitioners in the Union appear to be unanimous in recommending, and the reason is obvious. It is made after a prescription published by one of the most celebrated physicians of modern times, the late Dr. Christoph W. Hufeland, Professor of Medicine in Berlin, Physician to the King of Prussia, and one of the greatest and most learned Germans that ever produced. He was emphatically the every man's friend, and his memory a benediction which the Medical Revelation has ever received from mortals. He especially recommended it in Liver Complaint, Dyspepsia, Debility, Vertigo, Acidity of the Stomach, Constipation, and all complaints arising from a disordered condition of the stomach, the liver, and digestive. Since Philadelphia papers express their conviction of its excellence, and several of the eminent of the city offer testimony in its favor, we have a local interest in it. We have our own individual experience, and we feel it a duty to our readers to call not only to raising the attention of our readers to the general proposition, (Dr. C. M. Jackson's preparation,) but in recommending their trials to all afflicted."

MORE EVIDENCE.

The "Philadelphia Saturday Gazette," the best family newspaper published in the United States, the title is, says of

DR. HOOFLAND'S GERMAN BITTERS.

"It is whom that we recommend what are termed Patent Medicines to the confidence and patronage of our readers; and therefore, when we recommend Dr. Hoofland's German Bitters, we feel, it is to be absolutely understood that we are not speaking of the nostrums of the day, that are noised about for a brief period and then forgotten when they have done their guilty race of mischief, but of a medicine long established and universally prized, and which has ever the hearty approval of the faculty itself.

Evidence upon evidence has been received like the foregoing, from all sections of the Union, for the last years, and the strongest testimony is in favor, in that there is none of it used in the practice of the regular Physicians and Philadelphia that all other now cures can issued, a fact that can easily be established, and fully proving that a scientific preparation will meet with their quiet approval when presented even in this form.

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt, after using it as directed it acts specifically upon the stomach and liver—its effect is immediate. They can be administered to FEMALES or INFANTS with safety and reliable benefit, at any time.

BEWARE OF COUNTERFEITS.

This medicine has attained that high character which is necessary for all medicines to assume to induce unprincipled persons to form a spurious article at the risk of the lives of those who are unwittingly deceived.

LOOK WELL TO THE MARKS OF THE GENUINE.

They have the written signature of C. M. JACKSON upon the wrapper, and the same known in the bottle with out which they are spurious.

ON THE MUTUAL PLAN,

This company will insure at the usual rates, and in three particulars claims the superiority over all mutual Companies.

1st. Declaring only ten per cent commission from the Mutual Insurance Fund, instead of the *entire expenses* of the Company, annually.

2nd. Giving scrip certificates of profit each year, payable in cash when two hundred thousand dollars has accumulated as a reserved mutual fund, *and scrip bearing interest from date and transferable.*

3rd. In addition to the usual Mutual Fund and reserved Fund, received from mutual insurers, the capital stock, one hundred thousand dollars, and all the reserved fund of the Joint Stock insurance is pledged for the payment of losses.

ON THE JOINT STOCK PLAN,

The rates are reduced one third the amount charged on the mutual plan,—the Company in asking only *what it is worth*, to insure a life a given amount, have given time, instead of taking more than an equitable sum and afterwards paying back a portion of such sum as *unnecessarily taken from poor people.* The great advantage of this mode of insurance over the mutual plan may be thus illustrated. Suppose a father, at the age of thirty-two years, resolves to expend twenty-five dollars per annum for insurance on his life. On the *Mutual* plan it will secure him policy of one thousand dollars. On the *Joint Stock* plan the same twenty-five dollars will secure him a policy of one thousand and five hundred dollars.

ON LIFE AND HEALTH COMBINED.

The rates are as favorable to the assured as safety to the company will permit. Insurance in this form is of great importance to all who have others depending on them for support.

CALIFORNIA LIFE RISKS,

taken at LOWER RATES than by any other Company.

This is owing to the fact that the rates on the Joint Stock plan of this Company are *one third less* than in Mutual Companies generally. Many young men are now getting an insurance on their lives, and raising their funds to go to California with, by borrowing, against their policies as security, from their friends.

THE HARTFORD LIFE AND HEALTH INSURANCE COMPANY is *unusually prosperous.*

"Its success is unprecedented by that of any Life Insurance Company that ever existed in this country. "Its Managers are among our most respected and responsible citizens.—They are men who exercise the utmost care in the discharge of their duties, and are deserved to do safe and successful business.—*Hartford Daily Times.*

All heads of families should consider the importance of Life Insurance. All men living upon salaries should in this way provide for the future. All who wish to make investments will find on examination that it can be in no better way than in this. 43tf.

OF DR. SANDS' CELEBRATED SARSAPARILLA, FOR THE CURE OF DISEASES ARISING FROM AN IMPURE STATE OF THE BLOOD, OR HABIT OF THE SYSTEM.

[illegible]

CERTIFICATE OF A CASE OF THE KIND.

Washington, Ky., Oct. 20, 1849.

A. B. & D. Sands—Gentlemen: I received one bottle of your Sarsaparilla, which was all my family used, and I must say it is the best medicine I ever used. My little boy was very much reduced by the use of Mercury, and was thought by his physicians to be in a decline. I had tried every thing I could hear of without any benefit, when I commenced using your Sarsaparilla. My boy was soon able to be out of his bed, and in a few days was able to walk about the house. I have no doubt but that your Sarsaparilla is the best medicine I ever took, and I cheerfully recommend it to my friends and the public.

Yours truly,

BENJAMIN F. BUCKNER.

Messrs. Sands—Gentlemen: I consider it a duty owing the public to make known the great benefit I have received from using your valuable Sarsaparilla. About three years since I was attacked with a Rheumatism in my shoulders, and also in my legs, so as to cause me to walk on my knees. I tried every thing I could hear of without any benefit, but I now feel myself a well man, and I attribute my health to your Sarsaparilla, and shall continue using your bottles in the course of three days. I feel myself entirely well. I have no hesitation in saying your Sarsaparilla is the best medicine I ever took, and I cordially recommend it to my friends and the public.

Your obedient servant,

J. M. JESURUN.

"Gents, Sands—Gentlemen,—I now feel pleasure in acknowledging to you the great benefit I have received from the use of your Sarsaparilla. A constant pulmonary disease, I made a cough so severe, that I was thought by my friends to be in a decline. A few weeks after my return, I was troubled with a violent pneumonia of the lungs, and from the debility and great prostration of strength that followed, with the protracted difficulty of expectoration, I am entirely relieved by the use of your Sarsaparilla, which I consider a most important and very valuable discovery in the healing art. I feel that I can use for Gutteral years and well as good health as at present.

Very gratefully yours, S. E. SEYMOUR.
