☞ The New England Farmer and Saturday Rambler, at Boston, have united.—Reynolds & Nourse becoming proprietors—S. W. Cole, editor of the agricultural department, and Wm. Simonds general editor. Under such auspices, we trust the new paper will maintain a high character, and command an extensive circulation. Terms, $2,00 per annum.

☞ This morning, as we go to press, the "elements" are comparatively quiet, after the violent and almost unprecedented storm, that has raged for the last twenty-four hours. A large quantity of snow has fallen here—how much, it is impossible to tell, it being scattered and piled just according to the caprice of the winds. No train of cars has reached this place (at 9 o'clock A. M., Tuesday), from either direction, since Saturday evening.

Temperance Convention.

The Annual Meeting of the State Temperance Society will be holden at Middlebury, commencing at ten o'clock forenoon, on Wednesday, the 15th of January next, and continue through that and the next day.

The undersigned Executive Committee regard this meeting of equal importance to any that has preceded it. Indeed, in our judgment, since our last meeting, new responsibilities and new duties have been imposed upon the friends of temperance throughout our State. In compliance with their request, and, as we believe, in accordance with the wishes of a large majority of the freemen of the State, the General Assembly at its last session, passed an act, prohibiting the sale of intoxicating liquors, except for medicinal, chemical and mechanical purposes, and giving to Justices of the Peace concurrent jurisdiction with the County Courts to hear, try and determine all offences against said act. Much depends upon having this law receive a proper construction, and also having it fairly executed and enforced. To those, who asked for the law, it especially belongs to sustain it. This, and many other subjects of much interest, will engage the attention of the convention.

We hope that measures may be immediately adopted in every town, to secure a good attendance, and that gentlemen attending will not come as mere spectators, but will be prepared to contribute information and interest to the meeting.

Publishers of papers throughout the State are respectfully requested to give this notice two or three insertions in their respective papers as soon as practicable.

For the Register.

Temperance Meeting.

I understand that notice was given yesterday, in the pulpits of Middlebury, that a Temperance meeting, not of any particular Society, but of those who are interested in the cause, will be held on Friday evening, the 27th inst., at 6 o'clock, P. M., in the Congregational Vestry. Addresses are to be delivered and perhaps arrangements made for the annual meeting of the State Temperance Society, a full attendance is eminently desirable. We have now a law, which, if judiciously administered, will aid the friends of temperance very much in suppressing an evil which has swept over our land, blasting and withering the fairest hopes, worse than did ever an eastern Sirocco. Let all, who care for "the remnant that are left" unreclaimed, rally. Let all, who have not "forsaken their first love," nor are saying, "am I my brother's keeper," rally. And we say, too, let all who have been confined by the demon of intemperance and are sighing over their woful condition, or are enquiring for the means of breaking his chains, rally. Come every man and woman, who cares for your kindred and your country; who rejoices in the victories temperance has won and will never cease your efforts till the triumph is complete.

AN OLD SOLDIER AND STILL A COMBATANT.
Dec. 23.

COLUMBIA, S. C., Dec. 18.

The House have just rejected the bill from the Senate, calling a State Convention in December next, by 31 majority. The vote stood—yeas 42, nays 73. A ballot was then had for United States Senator, which resulted in no choice. R. Barnwell Rhett received 56 votes, and Mr. Hammond 59.

COLUMBUS, O., Dec. 19.

The House has indirectly decided against the right of the Legislature to instruct Senators and Representatives in Congress, by indefinitely postponing the resolutions relative to the cheap postage bill.

It is understood that no United States Senator will be elected at this session of the Legislature.

Consumption Cured after the Shroud and Burial Clothes were made:

Town of Ballston, Saratoga Co., N. Y.—Zilba Dykeman, being duly sworn, says: that in the winter of 1845, deponent's wife was believed, by her physicians and others, to be dying of a consumption of the lungs; and deponent believing that to be the case, went with his little daughter to Mr. John Wait's store, in the village of Ballston Spa, for purchase cloth for shrouds and other necessaries, to prepare his wife for burial after she should die. Deponent further says, that while he was in said Wait's store, his little girl cried very much, and a gentleman from New York, going in said store, inquired what was the cause of her crying; and Mr. Wait informed him that her mother was believed to be dying with the Consumption, and that this deponent was then buying burial clothes. The said gentleman, as deponent was then informed, was the proprietor of BRANT'S INDIAN PULMONARY BALSAM, and said to Mr. Wait, "Has the dying lady ever used any of Brant's Balsam?" Mr. Wait replied "No." Then the gentleman said, "Send the lady a bottle, and if she is much distressed and oppressed, it will relieve her; and if it be now too late to save her, it will make the pillow of death more easy." Deponent took the said medicine home with him together with the cloth he had purchased preparatory to the anticipated death of his wife. Deponent caused a portion of said medicine to be administered to his wife, and to his astonishment it soon relieved her. She continued the use of said medicine until she recovered from her disease, and has been able since (it being more than three years) to do the work, and attend to all her household affairs, and deponent verily believes that through the blessing of Providence, the restoration to health of his wife was the result of the curative and healing efficacy of Brant's Indian Pulmonary Balsam.

Bliss's Compound Cod Liver Oil Candy.

THE ORIGINAL AND ONLY GENUINE.

This admirable remedy for coughs, cold, Influenza, asthma, bronchitis, and all affections of the throat and lungs, has now been before the public for the past year, during which time it has been tested most thoroughly by the most competent to decide upon its merits. Every one knows the virtues of Cod Liver Oil, but it is like a "sealed book" to thousand of suffering invalids, on account of its repulsive taste and smell. The proprietor has entirely obviated this without detracting from the medicinal virtues of the oil, by combining it with certain other celebrated curatives, in the form of a nice, agreeable article confectionary; by which it can be administered to the most delicate invalid without inconvenience. The medical influence of the candy pursues the exact track of the inflammatory action causing cough. First soothing the organs of the voice, the sedative influences passes along the mucous lining of the windpipe into the bronchi, and allaying pulmonary irritation, giving ease and comfort to the chest, restoring the voice to its accustomed clearness and power; congealed phlegm, acrimony in the fluids, and obstructions in the glands are easily and safely discharged by easy expectoration. It never disorders with the stomach—a common cold yields to its benign influence in a few hours, and when resorted to before the complaint is far advanced, all danger of consumption is entirely prevented. Purchased boxes lowered of counterfeits, as its rapidly increasing popularity has excited the cupidity of certain druggists and confectioners, who are preparing an article under the same name, put up in similar style, with a copy of the former wrappers, and are thus endeavoring to palm their miserable imitation upon the public as the genuine article. Be sure and call for Bliss's Compound Cod Liver Oil Candy, which will in future be enveloped in a new and elegant wrapper, bearing appropriate designs, representing the codfisheries on our coast, and persons engaged in the manufacture of the Oil. And a fac simile of the signature of the proprietor, without which none can be genuine. Prepared only by B. K. Bliss, Druggists, Springfield, Mass. Inventor and Sole Proprietor. A. B. & D. Sands, General Agents for New York. Redding & Co. Boston, General Agents for New England.

Prepared by B. K. BLISS Druggist Springfield Mass., Price 25 cents per package.

BRANT'S PURIFYING EXTRACT

The GREATEST PURIFIER of the Blood in the world is now put up in QUART BOTTLES and is prepared in every respect as when put up in Small Bottles.

When its wonderful medical virtues—the SMALL quantity required for a Dose—and now, the SIZE of the BOTTLE, and the LONG TIME a Bottle will last, the reason why it is compared with Sarsaparilla, ONE BOTTLE of the Purifier is equal to TEN BOTTLES of Sarsaparilla!

The Medicines of this Purifier are ☞ VERY STRONG, VEGETABLE, ☞ and that only ONE TABLE SPOONFUL is required for a Dose—THREE times a day, and as each bottle contains SIXTY FOUR DOSES, one bottle will last for one ☞ TWENTY-ONE DAYS, ☜ which is from TEN to SIXTEEN days LONGER than a bottle of Sarsaparilla. Sarsaparilla in LARGE bottles is so reduced and weakened that two, three, or more tablespoonfuls is the dose of it, three, four, or more times a day—thus, a bottle of Sarsaparilla only lasts from five to Ten days.

BRANT'S PURIFIER is greatly superior to Sarsaparilla in medical efficacy, because the Purifier possesses not only the entire excellence of Sarsaparilla, but also that of many other valuable vegetable remedies, and has most of such medicines in a bottle of it that there is in a bottle of Sarsaparilla—but besides it also possesses other medicines which are invaluable, and for valuable Sarsaparilla is entirely deficient, and invaluable purposes, that Sarsaparilla will not be a comparison with them.

BRANT'S PULMONARY BALSAM continues to be the GREAT ACTUALLY reliable to be constantly depended upon to cure CONSUMPTION, and all diseases of the THROAT, BREAST, and LUNGS. 3 23w

The above Medicines are sold in almost every town in the state, and in this county by

Important certificate of cures at Rochester New York.

The following certificates of cures at Rochester, N. Y. was addressed to Mr. Toosey General Agent for that State:

Rochester, N. Y., June 5, 1846.

SIR—Some time last January, I was taken with a violent Cold attended with a distressing Cough, which in the course of a few days brought on a bleeding of the Lungs, with much soreness of the Chest, pain in the side and much soreness of the heart. After being confined to my bed for some days and getting no better, Mr. Pardee, formerly Deputy Sheriff of this county, recommended me to get a bottle of Dr. Rochas's Hendrician Balsam of Life, observing that he had been similarly afflicted, and by the use of that medicine had been speedily and entirely cured. I immediately got a bottle, and after a few days, perceiving it was doing me good, I persisted, and got entirely well. From the benefit I received from the Balsam, and from the universal good name it bears among my friends who have used it for diseases of the Lungs and Chest, I am indeared to believe it to be one of the best medicines now in use for those diseases, and as such recommend it to the public.

THE GLOBE:

A Congressional, Agricultural & Literary Newspaper.

The undersigned submits to the public his proposals for the GLOBE and its reports for the next session of Congress. Congress has now so liberally patronized the undertaking that it will be established as a standard work worthy of its official imprimatur, unless the undersigned fails in his duty. This will not be the case if earnest efforts can avail. The GLOBE is the only paper that will furnish full reports of the proceedings and debates of the two Houses of Congress; and having received their sanction as such the best reporters will be engaged to write out the debates of each day, which will undergo the revision of the Members. The work, after passing through the Daily Globe and receiving correction, will be presented as finished, in the Congressional Globe and Appendix.

The debates will probably increase in interest during the next session. The one subject which engrossed the last, will doubtless give way to others of great variety, which, in this progressive country, the conflicts of place and distinction, necessarily produce. Vast interests will be at stake upon the decisions of the next Congress; and there is great talent in both branches, which will be invoked in their discussion. All the honors of the Republic, dependent on the succession of the Presidency, as well as all the great and permanent interests which go to the advancement of the power of the country, will give impulse to the action of the next session of Congress.

The Daily Globe will be published daily during the session of Congress, and weekly the remainder of the year. It will contain full and faithful reports of the proceedings of both Houses of Congress; and miscellaneous articles on those subjects to which it is devoted.

The Weekly Globe will contain agricultural and miscellaneous articles; and will occasionally give debates of such importance as command universal interests.

The price of the Weekly Globe is reduced to one dollar, with a view to obtain a more general circulation.

The Congressional Globe will embody, as it has done for the last seventeen years, Congressional proceedings and debates exclusively.

The Appendix will embrace the revised speeches separately, and the messages of the President of the United States, and the reports of the Heads of the Executive Departments.

The Congressional Globe and Appendix will be published as soon as the proceedings of Congress will make a number. Subscribers may expect one number each week afterwards, until the end of the session.

Complete indexes of the Congressional Globe and Appendix will be sent to subscribers soon after Congress adjourns.

Nothing of a political party aspect will appear in the Globe save that which will be found in the Congressional reports. A paper assuming to be an impartial vehicle for all sides, cannot maintain its character if the editorial columns reflect a party hue.

TERMS.

For one copy of the Daily Globe (daily during the session of Congress and weekly during the recess) a year,	$5 00.
For the Daily Globe for less than a year, at the rate of 84 cents a month.	
For one copy of the Weekly Globe for one year,	1 00
For one copy of the Congressional Globe during the session,	1 50
For one copy of the Appendix during the session.	1 50
For four copies of either, or part of both during the session,	5 00
For ten copies of either, or part of both during the session,	10 00

The prices for these papers are so low, that advance payments are indispensable to carry them on, and no order will be attended to unless the money accompanies it.

Subscriptions may be remitted by mail, at our risk, in money at par in the section of the country where subscribers reside.

STATE OF VERMONT, } Be it remembered District of Addison, ss. } ed, that at a Probate Court held at Middlebury, in and for the District of Addison, on the 21st day of December, A. D. 1850:
