March 18th, 1851. 47

MOTOPATHY:
The System of Curing Disease by Stimulating Vitalizing Motion.

This new method of treating Prolapsus Uteri, in which no supporter, pessaries or any of the mechanicals of the day is employed has been now in use sufficient time to remove all doubt as to its practicability in
HALSTED'S MEDICAL INSTITUTE,
where the discovery was made, every variety of disease incident to women is treated with an unvarying certainty of success. Inveterate cases of Many years of Prolapsus Uteri are here cured in a few days; and the most difficult in few weeks. To produce this almost instantaneous relief the patient is subject to no pain or inconvenience.

For the removal of other minor weaknesses this system is equally efficient. Several hundreds have already been cured of these diseases by this Monopathic treatment, though the discovery is of recent origin. Be confident we are delivering every case successfully, that we are willing to enter into a special agreement, with those who after an examination are taken into the Institution to board, lodge, and nurse them, and give them our professional services free of charge, if the difficulty is not removed according to agreement. Many of the most inveterate and extensive cases of from one to fifteen years' standing, some accompanied with extreme urinary difficulties, and many with that inability to stand upon the feet, or be raised from a horizontal position, which is peculiar to these diseases, have been brought here on beds, a distance of from twenty to several hundred miles, attended by their physicians or friends; and these suffering and helpless women have in every instance been raised from their beds, and after a short treatment, been enabled to walk from one to six miles daily and take much other exercise.

Ladies wishing to communicate with these former patients, can do so, by addressing Mrs. Hilts, Rochester, Monroe Co., N. Y. Those wishing to consult the Medical Institute, in some public and Water Cure Establishment, can do so by writing to the same address.

N. B. Persons who are desirous of knowing the ideas on which the Medical Institute is based, can be informed by writing to the same address, and receiving a copy of the Monopathic Journal, free of charge. Those who are able, may, at their option, become students of the Institute, under my personal instruction, and receive a thorough and whole course of Physiology, Therapeutics, the use of Water and Motopathy, can be obtained in theory and practice. During the winter months courses of Medical Lectures and Demonstrations Anatomic can be attended by those admitted as students into the Institution. 47 3m

STATE OF VERMONT, } Be it remem-
District of Addison, ss. } bered that, at a Probate Court held at Middlebury, in and for the District of Addison, on the 13th day of March, A. D. 1851; George W. Church, interested in the estate of
HANNAH CHURCH,
late of Hancock, in said District, deceased, presents an instrument purporting to be the last will and testament of the said deceased for probate: It is thereupon ordered, that said instrument be considered for probate by this Court, at the session thereof to be holden at the office of the Register of this Court in said Middlebury, on Thursday, the 3d day of April next, at one o'clock, in the afternoon; and that notice thereof be given to all persons interested, that they may appear and make their objections if any they may have, to the probate and allowance of said will, by publishing a certified copy of this order in the Middlebury Register—a newspaper printed at said Middlebury—three weeks successively previous to the time of said Court.
Jed. S. Bushnell, Register.

No 16 Dock Square, Boston.
Public and Private Houses and Ship Cabins furnished at short notice, at the lowest market prices.

DR. CONINE'S
SYRUP OF
GINSENG AND MALVA.
This Medicine will probably depend more upon its own merits and actual worth, than any other ever offered to the public. In Chronic Coughs it is the most and effectual remedy for ACTIVE TISSUES OF THE LUNGS. But what will particularly attract attention is its astonishing Diuretic Power, by which it at once removes all Pilings or enlargements of the Urinal Tissue, Stinnish or Long. It is therefore ANTI-EXPECTORANT, and from the Nature of Malva, it is now offered as Nature's kindest remedy in the cause of Consumption.
WHOOPING COUGH AND ALL COUGHS.
In precisely the opinion of the physicians to be of creating irritation by expectoration. It is mild, dry and increases the quantity of mucus, which is secreted in the Bronchial tubes, and is the cause of the Cough. This Medicine
