We are Northwestern Agents and Headquarters for the Following Lines:

Stewart's Corrosive Sublimate Tablets for Preserving Composite Milk Samples for Babcock Test are accurate because each jar has the same amount of preservative to a grain. Convenient because one tablet will keep an 8 to 12 ounce sample sweet for two or four weeks, and in the hottest weather. Best, because all authorities pronounce corrosive sublimate the best preservative, and its use resulting in the best and clearest test of any yet discovered. Price, \$4.00 per Thousand.

Eclipse Cream Separators—Very latest patents, embodying every improvement known, and the cheapest and best machine made. Write for prices.

Dairy Goods, Butter Churns, Butter Workers, Butter Moulds, Butter Stamps, Butter Ladles, Butter Paddles, Butter Bowls, Butter Tubs, Butter Paper, Butter Barrels, and various other dairy goods at lowest prices.
