trassel work and half a mile of telegraph line.

Before Yorktown, April 25.

The principal event yesterday, worth mentioning, was the shelling of Yorktown by one of the gunboats. She moved up to the mouth of Wormley's Creek, during the morning, opening a well-directed fire on their works, which was promptly answered by the rebels. The boat then fell back a distance of three miles from Yorktown, when she again opened the fire, the shells exploding each time within the enemy's works, but obtained no response.—A few shots were fired during the day along the whole lines, to keep the rebels from strengthening their works. No one was injured.

Monday.

New Orleans Taken!

Fort Monroe, April 27.

To Hon. E. M. Stanton, Sec. War:

A fugitive black, just arrived from Portsmouth, brings the Petersburg *Express* of yesterday, which contains the following dispatch:

Mobile, 25th.

"The enemy passed Fort Jackson at 4 o'clock, yesterday morning. When the news reached New Orleans, the excitement was boundless. Martial law was put in full force, and business was completely suspended. All the cotton and steamboats except such as were necessary to transport coin, ammunition, &c., were destroyed.

At one o'clock to-day, the operator bade us "good bye," saying that the enemy has appeared above the city. This is the last we know regarding the fall. Will send particulars as soon as they can be had.'

The negro bringing the above, reports the rebels have two iron-clad steamers nearly completed, and that it is believed the Merrimac will be out to morrow.

JOHN E. WOOL.

Headquarters, Department Rappahannock, April 27th, 1862.

To Hon E. M. Stanton:

I have just returned from the camp opposite Fredericksburg. I was told that the Richmond *Examiner* of the 26th, had been received in town, announcing as follows:

"New Orleans taken." "Great destruction of property and Cotton." "Steamboats enough saved to take away the ammunition." "Great consternation among the inhabitants."

IRWIN McDOWELL, Maj. Gen.

Washington, April 27.

The news from New Orleans, which has come through several rebel sources, is deemed here to be of the utmost importance. What Old England failed to do with all her power, has been handsomely accomplished by New England. The manner in which the success at Forts Jackson and St. Phillip was followed up is highly complimented. In 30 hours our brave men consummated their victory, and appeared before the great city of the Southwest to receive its submission. This is but a foretaste of Southwest operations.

No mention is made by the rebels of their iron clad turtles and rams, that were to annihilate the Yankee fleet which leads to a suspicion that the common estimate of the rebel motive power from their own misrepresentations have been a mistake. It is clear that on this occasion they could not stop to conceal the truth.

Headquarters, Army of the Potomac, Camp Winfield Scott, April 26,

To Hon. E. M. Stanton:

Early this morning, an advanced lunette of the rebels on this side of the Warwick, near its head, was carried by assault by Co. H. 1st Mass. Reg't. The work had a ditch six feet deep, with a strong parapet, and was manned by two companies of Infantry—no Artillery. Our men moved over open, soft ground some 600 yards, received the fire of the rebels at 50 yards, and did not return it, but rushed over the ditch and parapet in the most gallant manner. The rebels broke and ran as soon as they saw our men intended to cross the parapet. Our loss was thirteen wounded, one mortally.

We took 14 prisoners, destroyed the work sufficiently to render it useless, and returned. The operation was conducted by Gen. C. Grover, who managed the affair most handsomely. Nothing could have been better than the conduct of all the men under fire. The supports, who were also under Artillery fire of other works, were Co's E. 1st and 11th Mass. In spite of the rain our work progresses rapidly.

GEO. B. McCLELLAN, Maj. Gen.

New York, April 27.

The Sunday *Mercury* states on authority of officers of the steamer Boston, that Fort Jackson, six miles below Savannah, is in possession of our troops, and that our pickets are within four miles of Savannah.

The steamer Atlantic from Port Royal 24th, brings 85 of the Fort Pulaski prisoners, and 1,957 bags of unginned cotton, and 36 bags ginned cotton. No news.

Chicago, April 27.

Special from Cairo to the Chicago *Times:*

Passengers from Pittsburg report that on Thursday over 30 deserters from the rebel army entered our camps, and begged to be enrolled among our troops. They all corroborated the statement relative to the evacuation by the rebels of their position, and asserted that Beauregard had withdrawn a considerable portion of his force from the defence of Memphis.

Tuesday Morning.

Fort Monroe, April 27.

A boat containing four black men and one white man arrived here this morning from Portsmouth. They report the Merrimac will come out soon.

A dispatch in yesterday's Richmond papers received by a flag of truce from Mobile Friday, say that the Union gunboats passed Forts Jackson and St. Phillip at 4 o'clock, and the same day at 10 o'clock were before N. Orleans.

GLENWOOD LADIES' SEMINARY,
Brattleboro, April 16, 1862.

John L. Hunnewell, Boston, Mass.:—

My Dear Sir: Having used the "Tolu Anodyne" for more than a year in our family of One Hundred Ladies, we regard it as *perfectly indispensable* in all complaints, nervous or spasmodic, it professes to cure.

Truly Yours, MRS. HIRAM OCCUTT.

P. S. It professes, and cures Neuralgia, Rheumatism, Bowel Complaints, Tooth and Ear Ache, Nervous Headache, Loss of Sleep, and all Nervous Complaints, and for sale by the Equinox Drug Store, and all dealers. JOHN L. HUNNEWELL, Proprietor.

WHAT EVERY FAMILY SHOULD HAVE IN THE HOUSE, AND WHY.—They should have HUNNEWELL'S UNIVERSAL COUGH REMEDY, because it effectually cures *Colds, Whooping, and Common Coughs, Sore Throat, Hoarseness*, and is the most simple and perfect *Soothing Syrup* in the world. For old or young, by day or night, it may be used with the greatest freedom, and *three-fourths* of the deaths by *Consumption* stopped, and *Infants* relieved of their suffering, by what leaves no stain behind.

They should have Hunnewell's Tolu Anodyne, because it is a perfect remedy for Neuralgia, Nervous, or Sick Headache Tooth, and Earache, most effectually, Pain in Stomach, or Bowels, Genuine Cholera Morbus, Rheumatism, Distress after Eating, Nervousness, Hysteria, and the chief of all causes of disease, and Insanity, *Loss of Sleep*. Its character, though active, is simple; its action in perfect conformity to nature; its end *cure, or relief*.

They should have Hunnewell's Eclectic Pills, because with seldom but a *Single Pill* for a dose all derangements of the Stomach and Bowels are cured. They cure Indigestion, Dyspepsia, Headache, when caused by foul stomach, Loss of Appetite, Biliousness, Jaundice. For Worms a *sure* cure.

They act simple, assist nature, do not make a Pill Box of the stomach, as is the most fatal error of taking so many Pills at a dose; and then, what is important to every Family and every Purse, one bottle goes as far as two or three of what is ordinarily sold.

If the above reasons are not good, and results do not conform to declarations, I will request my agents to Refund the Money. This is the basis of my confidence, and that of the public is asked to test

TRIPLE REMEDIES.

HUNNEWELL'S UNIVERSAL COUGH REMEDY

Cures Coughs, Colds, Asthma, Bronchial Complaints, and all Throat Irritations, leading to

ACTUAL CONSUMPTION.

Its great feature is a freedom from every component which produces debility, and its unerring certainty in all of the above Complaints rests with the fact that it may be used every hour without restraint. Therefore from childhood and its terror, *Whooping Cough*, to old age and its infirmities, allow it to be the companion from the cradle, and the grave will be spared many of its early victims.

Make it your *pocket companion* by day, and your *bed-side* friend by night, using whenever you please.

HUNNEWELL'S TOLU ANODYNE

Cures all Complaints of Nervous and Spasmodic character such as *Neuralgia, Gout, Rheumatism, St. Vitus Dance, Tooth and Ear-Ache, Bowel Complaints, Nervous and Spasmodic Sick Head Ache*, to that terror of all nervous dispositions, and probably the chief cause of Insanity, "LOSS OF SLEEP."

HUNNEWELL'S ECLECTIC PILLS

Designed as special assistant to the above-named preparations, when aggravated by *Biliousness* or *Indigestion*, and the great substitute for all *Mercurial preparations*.

The Eclectic Pills, without the common fatal necessity of almost making a meal of such, will in most cases, by the application of a single Pill, produce all the requirements of a sure, gentle, and reliable FAMILY PHYSIC.

Let me have your confidence to make trial of the above named Remedies, as the only sure tribunal by which real character can be attained, and my declaration is that such confidence will not be misplaced. The greater justice is to procure and read the descriptive Pamphlets to be found with all dealers, or will be sent free, by

THE PERFECT MELODEON,

WITHOUT AN EQUAL.

ALMOST every mail from far and near brings to us some new evidence of the great favor and growing popularity of this beautiful instrument, and abundant testimonials are constantly reaching us proving conclusively that no other Reed Instrument contains so many excellencies as the PERFECT MELODEON WITH BASS DAMPER AND HARMONIC ATTACHMENT.

The Harmonic Attachment is the most valuable of modern improvements—by it the power of the Instrument is doubled without increasing its size or the number of Reeds.

Our *newly invented* HARMONIC ORGAN for *Churches, Concert and Lecture Rooms*, has *greater capacity and power* than any other instrument made in the country, considering the price.

It is *far more simple* and *less liable to get out of order* than other Reed Organs.

It contains only *half as many Reeds* as other instruments of the same power, and consequently not *half the expense* to keep in tune.

Another entire new feature in the Melodeon enterprise is the *PATENT HARP*, or *PIANO ATTACHMENT* to the Melodeon.

This is precisely what its name indicates, *a combination of the* MELODEON and PIANO FORTE, and meets precisely the wants and desires of a large class who have long been anxious to see the two Instruments combined in *Melodeon size*. In this unique Instrument the MELODEON or PIANO may be played separately or combined, producing an effect unknown to any other instrument, and must be heard to be appreciated.

We have arrangements with some of the best Piano Makers to receive from them regularly *PIANOS* of the very best quality, which will be sold at less than Boston prices.

Also, PIANOS and MELODEONS *to rent*.

All Instruments warranted and sent to any part of the country at our risk.
