Another Certificate.

EXTRAORDINARY CURE OF A RUNNING TUMOR BY DR. SCHENCK'S MEDICINES.

THE HEALING POWERS OF SCHENCK'S PULMONIC SYRUP STRIKINGLY ILLUSTRATED.

THE CASE OF MRS. MARY BARTHOLOMEW, No. 83, WEST FORTY-FIFTH STREET, NEW-YORK.

This is to certify that I have been laboring under a disease supposed to be liver-complaint for a great many years. There was a hard swelling in my side, which became quite large. The doctors called it a tumor. After some time it broke, and continued running for fourteen years, sometimes discharging a thin watery matter, and at other times green bile. I had the best medical attendance in New-York, and my physicians all told me that the ulcerous hole in my side must not be healed, or the discharges from it stopped, or I would soon die. My physicians gave me calomel or mercury, until my mouth became very sore, and several times I was salivated as badly as any one could be without dying under the process. No one could be tortured more than I was and live through it. Within the last year my strength began to fail more than ever; my blood seemed to stop flowing, my pulse at times ceasing to beat for fifteen or twenty seconds at a time. My skin and the whites of my eyes were as yellow as saffron. I knew not what to do, and my doctors acknowledged that they could do no more for me. I was unwilling to try what are called "Patent Medicines," for I thought that I had nearly all the best physicians in New-York to attend me, and if they could not help me, no one could. At this time, when I had begun to despair, a friend of mine brought me a Sunday Mercury, in which I read the certificate of a wonderful cure of Consumption, the patient having been confined to her bed, and apparently in the last stage of the disease, and yet was cured by Dr. Schenck. I would have considered this as trickery or deception, had it not been certified to by many respectable persons, with the indorsement of the Rev. Dr. Bowling. This gave me encouragement, and I was impatient for a consultation with Dr. Schenck, having to wait for Tuesday, one the days of his regular attendance to patients in this city. It was about the last of July, 1863, when I called on Dr. Schenck, at his rooms, No. 38 Bond-st. He said he understood my case, and gave me all three of his medicines—Pulmonic Syrup, Seaweed Tonic and Mandrake Pills—and within nine days there was a great change in my feelings. The hole in my side discharged more than ever; still I felt better, and began to entertain hopes of a cure. I could feel the Pulmonic Syrup operating through my blood. The Seaweed Tonic seemed to act on my stomach in an indescribable manner; but in a very short time it gave a ravenous appetite; but not until I had taken nearly a box of the Mandrake Pills. No one could believe that any human stomach could contain such an enormous quantity of corruption as I discharged. It seems that for nearly two weeks nothing but green bile and unhealthy matter passed my bowels. My complexion changed, my skin began to look clear, and, to my great astonishment, I found the tumor healing up. I did not know what to think of this, as the doctors told me that if the ulcers healed my death would be the immediate consequence. I longed for the next Tuesday, to see Dr. Schenck. He said I was doing well, and that I would soon be as well as ever; and, thanks to kind Providence, the promise has been fulfilled. This day I feel as well as ever I did in my life, although it is only three months since my case appeared to be desperate. All who knew me are astonished at the change. The running ulcer of so many years' continuance is entirely healed, and I have no more of that dull, heavy, sleepy feeling which I used to experience almost without intermission. I rise in the morning without having a bad taste in my mouth or a furred tongue, and I always have an excellent appetite for my breakfast. I am satisfied that no one can speak too highly of Dr. Schenck's medicines and their extraordinary effects. For my part, language is inadequate to express my gratitude. I feel that Dr. Schenck's medicines, by the Providence of God, have been the means of the restoration of my life, for which I shall ever be thankful.

Several of my friends, through my recommendation, have been using Dr. Schenck's medicines for consumption and other diseases of that kind. All of them have been greatly benefitted. I make this public statement in order that the thousands who suffer from diseases similar to mine may be induced to try Dr. Schenck's invaluable medicines. Do not think as I did, that if your favorite doctor cannot help you no one can. I would advise every consumptive person to go and see Dr. Schenck, and follow his prescriptions. Take his advice, at least, if you do not take his medicines. It is encouraging to hear the people conversing in his rooms, and describing the benefit they have received from his treatment. Their looks show that they have no deception in them. They are anxious for help, and are being helped. I wish all who are afflicted as I was to call and see me, for I feel that I can satisfy every one of them that this statement is not exaggerated. I relate all the particulars because I know that many are like what I was—skeptical. I have requested a number of my friends to append their names to my statement, in order that no person can entertain any reasonable doubts on the subject.

MRS. MARY BARTHOLOMEW.

We, the undersigned, friends and acquaintances of Mrs. Bartholomew, who gives the above certificate, have known her for many years, and do certify that the statements made by her are entitled to full credence, and that the account is not at all exaggerated. Scarcely any person who knew her three months ago would recognize her now—such is the alteration in her appearance.

E. M. HUSSEY, No. 32 West 45th-st.
MR. and MRS. S. SCHOFIELD, No. 33 West 45th-st.

REMEMBER, Dr. SCHENCK can be only found at his rooms, No. 32 Bond-st., New-York, every Tuesday, from 9 a. m. to 3 p. m., for consultation and advice; but he always has a full supply of medicines at his rooms, which can be had at all times. Price of the PULMONIC SYRUP and SEA-WEED TONIC $1 25 per bottle, or $9 the half doz. MANDRAKE PILLS, 25 cents per box.

DEMAS BARNES & CO., No. 21 Park Row, Wholesale Agents.

To the Members of the American Bible Union.

DEAR FELLOW LABORERS: As a knowledge of the sense in which the words *Eternal* and *Everlasting* are used in Holy Scripture is essential to a comprehension of Divine Revelation, and as much difference of opinion is now expressed respecting the sense in which these words are there used, I purpose submitting to your consideration a few observations upon it.

These words often in Holy Scripture have relation, *only*, to the duration of what has been *Effected*, and not *at all* to the duration of what has been the *Cause* of such *Effect*,—and this even in the places where there is mention *only* of the duration of such Cause.

Thus where it is stated in St. Jude that the Sodomites "*are set forth an example, suffering the vengeance of eternal fire*," the fire to the Sodomites, if they never did, or never will believe it, not continuing to exist; and the example of its having been to them productive of such an *Effect* is the same as to us; but the example of its being such as to its own duration lies no evidence to any one to whom this scripture is addressed, although what is stated specifies *alone* the duration of the *fire*, which is *alone* the *Cause* of what has been *Effected*. Thus the Qualification *Eternal* does not here relate to the duration of the *Cause*, but to the duration of its *Effect*.

Hence it is quite consistent with the language of Holy Scripture that in the statement in St. Mark of, "*The worm that dieth not, and the fire that is never quenched*," *the dying and never dying* does not relate to the duration of the existence of either the worm or the fire, but to the duration of their *Effect* on the party effected by them. To him that is *Sanctified* by them, their existence, in the language of Holy Scripture, is *Eternal or Everlasting*, even though his cognizance of that existence was confined to a few Hours, Minutes, or even Seconds.

But the Sense of *Everlasting* and *Eternal* can never be decided until the Facts *Revealed* respecting Man's Nature be first determined. Does Holy Scripture *Reveal* that Man, under all circumstances, is an *Immortal Existence*, or that he is capable of *Annihilation*? We read, John iii. 16, that "*God so loved the world, that he gave his only begotten Son, that whosoever believeth on him should not perish, but have everlasting life*." Perish is here used to express a state opposite to *Eternal life*, that is, *not for Ever living, or, being Annihilated*; and it is never used in any other Sense. God, then, gave his Son, that whosoever believeth on him should not be *Annihilated*.

Thus Holy Scripture *Reveals*, That man is capable of *Annihilation*; and yet that it is true to state respecting him, That his worm never dies; that the fire of his punishment is never quenched; and that both his Punishment and his Joy are *Eternal and Everlasting*.

In Holy Scripture language no Joy can be designated *Eternal*, of which in itself, or in its *Effects*, Man does not *Eternally* partake.

I remain, DEAR FELLOW LABORERS, ever truly yours,
HERMAN HEINFETTER.

Æsthetico—Neuralgicon.

DR. VON EISENBERG'S NEW INVENTION FOR THE CURE OF THE MOST COMPLICATED DISEASES OF THE ORGANS OF SIGHT AND HEARING, AS WELL AS CHRONIC CATARRH, DISEASED THROAT, AND ANY DISEASE WHERE THE MUCUS MEMBRANE IS DESTROYED OR IMPAIRED.

As the meaning of the name given by Dr. VON EISENBERG to his new invention may not be easily comprehended, we (*The New-York Evening Express*) give the following explanation of its uses for the better understanding of the general sufferer:

ÆSTHETICO-NEURALGICON is derived from the Greek word Aisoptikos, which, in its literal acceptation, signifies pertaining to the senses, the theory or philosophy of tastes, the science of sensations, or that which explains the cause of mental pain or pleasure. Neuralgicon is a compound of the two Greek words, *neuron*, a nerve, and logos, a discourse, with the suffix con. The meaning conveyed by the term is, that it is an instrument or machine devised on philosophical principles, with a thorough knowledge of the nervous system.

In describing the matter more at length to show its uses, that it may be better understood by the general sufferer, we give a simpler explanation. The nervous system is the source of many diseases.

All physicians admit this, and all profess at least to be able to apply a remedy. The Allopathic, Homœopathic and Hydropathic, by prescribing opiates, anodynes, &c., may, and do alleviate the pain arising from impaired or diseased nerves, but this does not restore the nerve. It is only temporary relief—a relief, too, to some one nerve at the expense of the entire system. The Æsthetico-Neuralgicon of Dr. VON EISENBERG not merely allays the irritation, but restores the nerve to its normal condition. The Doctor's theory is, that each nerve has a specific office, and has its own peculiar susceptibility. Thus, for example, the nerve of vision is insensible to touch, and, on the other hand, the nerve of touch is insensible to light, and so on through the whole system. The great excellence of this æsthetical instrument is, that it can be applied not on guess-work principles, which are no principles at all, but that it can be applied with accuracy and certainty to any nerve or nerves that are weakened or impaired, to the diffeent nerves of motion, or sensation, to the eye, the ear, or the touch, as in paralysis.

To those, however, who are in any way afflicted with loss of sight or hearing, with catarrh, bronchitis, chest or lung diseases, we earnestly suggest a visit to the consulting apartments of Dr. VON EISENBERG. There he will be speedily made to know the possibility of a cure in even complicated cases, and thus be encouraged to proceed until he is discharged thoroughly renovated and cured.

The reader, on perusing what we have late presented him touching the beauty, complexity, costliness, touching the various uses to which the Æsthetico-Neuralgicon can be applied, may be inclined to believe that in the warmth of our commendations we have exceeded the sober truth as to its utility; but we know we have not exceeded the limits of common sense in our description. We care not how prejudiced any one may be against it; he cannot, when it is thoroughly explained to him—and that the inventor is prepared to do at any time to those who call upon him—but be convinced it is all that is claimed for it, namely, the most perfect mechanical contrivance for the exhibition of spiritualized and etherealized medical preparations now in existence. He will even confess if he be justly minded, that in many respects it is destined to bring about an entire revolution in certain departments of science, and that it is what its inventor, with reason holds, an apparatus that will do more to mitigate human suffering than anything that, in all the past to this time, has been afforded to the world.—*New-York Evening Express*, Sept. 28, 1864.

NEW TESTIMONIALS.

CATARRH CURED.

LINCOLN HOSPITAL, WASHINGTON, D. C., Oct. 1, 1864.
I have been for several years past afflicted with chronic dry catarrh, which a year ago became so bad that my hearing threatened to leave me altogether. My throat became greatly affected. There was a constant roaring in my head, which, with the other symptoms, was always greatly aggravated by the slightest "cold." Dr. Von Eisenberg commenced treating me a year ago, and has continued to treat me at long intervals since. I am happy to state that the treatment of Dr. Von Eisenberg has produced a constant improvement, so that my hearing is almost perfectly restored. My nostrils are free from inflammation, and my general health is so much improved that I look for its permanent restoration, and that speedily, as a fixed fact. I do cheerfully recommend all persons suffering from catarrhal affections to apply to Dr. Von Eisenberg for treatment, feeling assured that with proper opportunity he will effect a cure.
JAMES T. FERRIE, Captain U. S. A.

I was completely deaf for several years, and hearing of Dr. Von Eisenberg's great reputation in restoring the hearing, I called on him, and in one operation, to my great astonishment and excessive pleasure, I now hear perfectly well. I come into the Doctor perfectly deaf, and hear as I never expected to do. This skill is unrivaled.
CHARLES CHAPPELL,
Washington Market.

SIGHT RESTORED.

AN EXTRAORDINARY RESTORATION OF SIGHT.

I. LAWRENCE GRENNA, of No. 183 East 26th-st., New-York City, have been suffering from blindness of the left eye for a considerable period. The eye was continually in a state of great inflammation, from which the good eye became affected, and, indeed, my general health was greatly injured by it. Hearing of Dr. Von Eisenberg's great reputation, and as every one said mine was a hopeless case, I called on the Doctor, who, after examining me, undertook my case, and within a fortnight I found myself almost completely cured. It is now a month since I placed myself under Dr. Von Eisenberg's treatment. I am happy to be able to state that the inflammation is entirely gone, so that I see perfectly with *both* eyes; added to which I am in good health, a blessing I have not enjoyed since I was blind. I do conscientiously and gratefully swear to the above statement, in a Court of Justice at the City Hall of the City of New-York, the 10th day of October, 1864.
LAWRENCE GRENNA.
Sworn before me this 10th day of October, 1864.

{The Grand Seal of the New-York Mayoralty.}

Dr. VON EISENBERG may be consulted on the diseases of the eye and ear, and for catarrh, at the office, No. 216 Broadway, New-York.

The ÆSTHETIC NEURALGICON is now on exhibition at Dr. VON EISENBERG'S Consulting Rooms, 216 BROADWAY, near 13th-st.

For the Nation!

COE'S DYSPEPSIA CURE!

THE WORLD'S GREAT REMEDY FOR DYSPEPSIA, INDIGESTION, AND ALL DISEASES OF THE STOMACH AND BOWELS, PREPARED BY THE PROPRIETORS OF "COE'S COUGH BALSAM."

DYSPEPSIA is not only the sure forerunner of death but the companion of a miserable life. It has well been called the nation's scourge, for more persons, both old and young, male and female, suffer from its ravages, than from all other ailments combined. It robs the whole system of its vigor and energy, gives weariness and total indisposition to those once strong and active; renders the stomach powerless to digest the food, and has for its attendants,

HEADACHE, HEARTBURN, CONSTIPATION, NAUSEA AT STOMACH, AND GENERAL DEBILITY OF THE WHOLE SYSTEM,

refusing its subjects a particle of nourishing or hearty food without paying the penalty in the most agonizing distress, and oftentimes complete prostration. To meet the terrible ravages of this worst of all diseases,

WE HAVE PREPARED

COE'S DYSPEPSIA CURE!

and we pledge our reputation upon our statement, when we say it will

POSITIVELY CURE THE WORST OF YOU

not in a year—not in a month—nor in a week; but you shall see its beneficial influence at once, immediately, and the day you take it. To you who have lived for years upon Graham bread and plain diet, who dare not eat anything the leastwise heavy—first, because the doctor has ordered the plainest food, and secondly, for fear of the distress it causes, rising and souring on your stomach—we say, sit down to your dinner, eat as hearty a meal as you wish, and as soon as the food begins to distress you, follow it by a single teaspoonful of

COE'S DYSPEPSIA CURE,

AND IT WILL RELIEVE YOU INSTANTANEOUSLY!

Thus enabling you, by hearty eating, and the use of the Cure after each meal (as often as the food distresses you, or sours on your stomach), to get in a very few days so that you can do without the medicine, except occasionally; and by the time the first bottle is used up we will guarantee you free from Dyspepsia, and able to eat, digest, and enjoy as hearty a break fast as you ever sat down to in your healthiest hours; and we will forfeit to you the price of the bottle upon your showing that our statement is not correct.

The medicine is powerful but harmless; and while a single teaspoonful will at once relieve the dyspeptic sufferer, the whole bottle full would not materially injure him, as it is entirely vegetable, and contains no opiates. All classes of disease that have their origin in a disordered Stomach and Bowels, are dispelled in the same instantaneous way, by the use of

COE'S DYSPEPSIA CURE!

Fever and Ague, Sick Headache, Sickness at the Stomach, Constipation, Heartburn, Colic Pains in Stomach or Bowels, Dysentery, Vomiting, a Feeling of Faintness and Lassitude, Want of Appetite,

will not and cannot exist where the cure is used. It removes the Disease by removing the cause, not like Alcoholic Bitters which cover up your bad feelings for a few moments by their exhilarating effects.

Beware of all such remedies or beverages, but in their place use a Remedy that will restore the diseased functions to their normal condition and set in motion the entire human mechanism in perfect harmony, and upon principles synonymous with well defined physiological laws. That such will be the effect of

COE'S DYSPEPSIA CURE,

immediately and instantaneously, we pledge our word as men of honor—our reputation as Pharmaceutists—our favorable acquaintance with the progress improvement of the World renowned "COE'S COUGH BALSAM," if it is used according to our directions, which may be found with each bottle.

We add below some Testimonials from our neighbors and townsmen, to which we ask your careful attention.

MADISON, Conn., June 30, 1864.
From the benefit derived by the use of Coe's Dyspepsia Cure in my family, I am prepared to say that I never intend to be without it, and advise all who are afflicted with Dyspepsia to try it.
PHILANDER LEWIS.

MR. COE: The bottle of Coe's Dyspepsia Cure you gave me has backed up your statement concerning it. I have only used half a bottle, and can eat pineapple shortcake or anything else without trouble. It acts like a charm. The relief it affords is instantaneous.
JANE A. LOWREY.
New-Haven, June 13, 1864.

If any one wishes to know what Coe's Dyspepsia Cure has done in one of the worst cases of Dyspepsia in existence, let them call at No. 3 Prindle-alley. So great is the change, we prefer all who are in the least doubtful to call and hear for themselves.

IMPORTANT TO TRAVELLERS.

While journeying on the cars my stomach became badly deranged, causing severe pain in my head. Had it been on the water it would have been called sea-sickness. A lady sitting by me, knowing my condition, reached out a bottle, saying, "Take a swallow." I did so, and in less than five minutes my trouble was ended. The medicine was "Coe's Dyspepsia Cure," and from the effect I had upon the stomach, and what I have learned of it since, I think it must be an excellent remedy for Sea Sickness and Dyspepsia.

CHOLERA MORBUS.

It has been ascertained that COE'S DYSPEPSIA CURE is a sure and speedy cure for Cholera Morbus, Dysentery, Diarrhœa, and kindred complaints, now so prevalent—one teaspoonful often curing in a very few minutes the most severe pains or cramps. It neutralizes the bad effect often produced by change of weather, drinking ice water, or eating unripe fruit or vegetables. It will cure all such cases, 9 out every 100, if taken in season.

A gentleman has just called and informed us that the life of a lady had been saved by two doses.

ONE OF THE TWENTY-FIVE.

NEW-HAVEN, June 11, 1864.
MR. COE—Sir: Having been troubled with the Dyspepsia for some eight or twelve months, I have taken the usual kinds of medicines, which have done me no good. I saw your advertisement of a medicine to cure the Dyspepsia. I have tried it, and found it to be your medicine. The first fifteen drops (the 7th of June) that I took relieved me in one minute. I have taken it three or four times, but have had no distressing feeling in my stomach since taking the first fifteen drops, although before I could not eat a meal, and sometimes not more than three or four mouthfuls, without distressing me.
Respectfully, J. F. WOODRUFF.

NEW-HAVEN, June 11, 1864.
MR. COE—*Dear Sir*: The bottle of Dyspepsia Medicine I received from you, gave instantaneous relief. I only used it when my food distressed me. It was about like taking two doses to-day, one to-morrow, then every other day, increasing the quantity of food and decreasing the medicine, until I was enabled to eat without taking anything at all. My case was an extreme one, having suffered for seven years. I now consider myself cured, and by only using one bottle of Medicine in the space of two months. The dose was a teaspoonful.
