THISTLES.

—A female tail—The tail's.

—What is to be be?—Why, a verb.

—Two porcupines make a prickly pair.

—A wise man changes his mind—a fool never does.

—A leading article—A blind man's poodle.

—The continental for late dinners—Kentucky.

—Brief education—Brothers and sisters.

—A man that ought to be re-membered—A one-legged soldier.

—The worst kind of education—to be brought up by a policeman.

—Ought a strong boy be paid a weekly salary?

—Why is a lame dog like an inclined plane? Because he's a sho-pup.

—It does not follow that a man who rolls his food will have the lock-jaw.

—It was stated in the obituary of a Western man that he was forty-three times in love.

—Hard times, and we must make the most of what we have, as the grocer said when he watered his vinegar.

—A deacon in Indiana has four sons the youngest of whom is named Doxology, because he's the last of the hims.

—An Arkansas woman lately tarred and feathered her husband, whereupon he declared that if she did it again he would quit the house forever.

—Boy, how did you manage to get such a big string of fish? I hooked them, sir.

—Why is troy weight like an unconscientious person—Because it has no scruples.

—I tell you, wife, I have got the plan all in my head. Ah, then, it's all in a nutshell.

—O'Brien, Iowa, boasts of weather cold enough to make a polar bear wear artic overshoes.

—Punch says that women first resorted to tight lacing to prove how well they could bear tight squeezing.

—What is the difference between seventeen and seventy? One is careless and happy, the other hairless and cappy.

—An exchange finds fault with Ole Bull, because he is now making farewell tours 'once a year,' whereas formerly he made them only 'once in five years.'

—A young man who proposed to a handsome but heartless creature the other evening, suggested a very popular poem, the Beautiful's No.

—Congressmen are beginning to look shabby already, now that they can't frank their shirts home to be washed nor their boots to be blacked.

—A Vermont clergyman has resigned, owing to a controversy among his flock as to whether he had been guilty of a sin or only an indiscretion in playing "blind man's bluff."

Don Piatt writes about popping the question on horseback as though he had been there. Don't do it; it's the most infernally awkward place to pop in the world. If you're rejected you can't get away; if you are accepted you can't embrace. Horses don't understand that, and by the time you get your arms around her the animal pulls you apart; and if you attempt to kiss you are jogged up and down all over the whole countenance, kissing the nose and chin more than any other place.

—A Republican editor of Little Rock, Arkansas, went to the opera, and when the orchestra opened with "Strike the lyre," he jumped over the back seat and broke for the door, shouting Ku Klux! at the top of his voice. He was sure they meant him.

—A young woman in Lawrence recently lost her husband; between his decease and his funeral she seemed to be quite cheerful so much so, that her absence of grief was remarked. I know and she recently to a friend confidentially, that I ought to have cried a good deal, but to tell the truth I hadn't a handkerchief that was fit to be seen except one, and that you know I had to keep for the funeral.

To Father Taylor is attributed the saying that Christianity, if it means anything, means sixteen ounces to a pound, three feet to the yard, a just weight and just measure.

A rural editor has come to the conclusion that if anything will make a man feel juicy about the heart, it is to talk velvet to a pair of sky colored eyes, by moonlight, in a clover field.

—A physician, on presenting his bill to the executor of the estate of a deceased patient, asked, Do you wish to have my bill sworn to? No, replied the executor, the death of the deceased is sufficient evidence that you attended him professionally.

—A Connecticut boy, just learning to read, asked his father what Credit Mobilier was. It's our national game, my boy, replied the father, who, with the shrewdness of a native of the land of steady habits, was looking ahead. You'll play it when you get big and go to Congress.

—What a pitiful thing an old bachelor is, with his cheerless house and rueful plaz, on a bitter cold night when the fierce winds blow, and the earth is covered with a foot of snow; when the fire is out, and in shivering dread, he slips beath the clothes of his lonely bed. How he draws up his toes, encased in yarn hose, and buries his nose beneath the chilly bed clothes; that his nose and his toes, still cased in yarn hose, may not chance to get froze. Then he puffs and he blows, and he swears he knows no mortal on earth ever suffered such woes, and with ahs! and with ohs! and with limbs so disposed that neither his toes or his nose may be froze, to his slumber he goes. In the morn when the cock crows and the sun has just rose, from beneath his bed clothes pops the bachelor's nose; and you may suppose when he hears the wind blows and sees the windows all froze, why, back beath the cover pops the poor fellow's nose, for full well he knows if from the bed he rose, to put on his clothes, that he'd surely be froze.

BY A NEW METHODOF LIFE ASSURANCE, more favorable results than any hitherto experienced may be enjoyed by persons possessed of constitutional longevity, who keep their policies in force until the middle or latter part of their lives. These results are obtained by a novel application of the Tontine principle to the distribution of dividends and by allowing the assured to sell his policy to the Company only after stated periods.

THE NEW

TONTINE SAVINGS FUND POLICY

is based on the above condition, and presents the following DISTINGUISHING FEATURES, which are illustrated by a calculation of probable results on a Policy of Ten Thousand Dollars, at ORDINARY LIFE RATES, age 37 annual premium $281,70.

FIRST-SALE OF POLICY TO COMPANY.

At end of 10 years	104 per cent.	of premiums returned	
" " 15 "	151	" " "	"
" " 20 "	221	" " "	"

SECOND-PAID-UP POLICY.

At the end of 10 years	$7 000
" " " 15 "	14 000
" " " 20 "	22 000

THIRD-AN ANNUITY.

At the end of 15 years the Profits Will Extinguish the Annual Premiums, and with the subsequent annual premiums will purchase a yearly Income of $424 30
or, at the end of 20 years, of 667 47

These estimates are derived from a careful digest of past experience, and are endorsed by SHEPPARD HOMANS, Consulting Actuary.

Persons intending to assure their lives will find it to their advantage to examine this new plan with care. Documents giving full particulars of the rules of the company with regard to the issue of the above savings fund policy, extended tables of rates, and other interesting matter, may be obtained by application to the

VINEGAR BITTERS.

PURELY VEGETABLE.

TEE-TOTAL ALCOHOL

DR. WALKER'S CALIFORNIA

VINEGAR BITTERS.

No person can take these Bitters according to directions and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.

Dyspepsia or Indigestion, Headache, pain in the shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the mouth, Bilious attacks, Palpitation of the Heart, Inflammation of the Lungs, pain in the region of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia. In these complaints it has no equal, and one bottle will prove a better guarantee of its value than a lengthy advertisement.

For Female Complaints, in young or old married or single, at the dawn of womanhood, or the turn of life, these Tonic Bitters display so decided an influence that a marked improvement is soon perceptible.

For Inflammatory and Chronic Rheumatism and Gout, Bilious, remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have no equal. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the digestive organs.

They are a Gentle Purgative as well as a Tonic, possess also the peculiar merit of acting as a powerful agent in relieving congestion or inflammation of the liver and visceral organs and in bilious diseases.

For Skin Diseases, Eruptions, Tetter, salt rheum, blotches, spots, pimples, pustules, boils, carbuncles, ring-worms, scald head, sore eyes, Erysipelas, itch, scurfs, Discolorations of the skin, humors, and diseases of the skin, of whatever name or nature, are literally dug up and carried out of the system in a very short time by the use of these bitters.

Grateful Thousands proclaim Vinegar Bitters the most wonderful Invigorant that ever sustained the sinking system.

THE DOMESTIC

SEWING MACHINE.

It has long been believed to be impossible to produce a family Sewing Machine which is completely adapted to the lightest and the heaviest sewing," but we say to-day, and by actual demonstration to prove, that

"THE DOMESTIC"

IS PERFECTLY COMPETENT FOR THE ENTIRE RANGE OF WORK

FROM COWHIDE TO MUSLIN.

Although it requires of other manufacturing a "Family" machine (400), a "Light" manufacturing" machine (875), to do this:

"THE DOMESTIC"

Has a shuttle to hold which carries about double the amount of thread that other "Family" Machines do.

Has twice as much room under the "arm" and the "presser foot," and needle raises higher.

Coarse cotton is good enough for the "Domestic," and it will use the coarsest numbers of it even in the hands of an ordinary operator.

It has no moving Needle Arm, with gears attached or cams below the table to drive the needle, but the power is applied directly to the "Needle Bar," and hence running easier and with less noise.

The management of this undertaking has been committed by the trustees to HON. THOS. F. BRAMLETTE, late Governor of Kentucky, to whom communications pertaining to the Gift Concert may be addressed.

AYER'S HAIR VIGOR.

FOR RESTORING GRAY HAIR

TO ITS NATURAL VITALITY AND COLOR.

Advancing years, sickness, care, disappointment and hereditary predisposition, all turn the hair gray, either of them disposes it to fall off prematurely, and either effect is unsightly and unpleasant to behold. Dr. Ayer's consummate skill has produced an antidote for these deformities, which has won gratitude for him from multitudes of women and men. His Hair Vigor sometimes produces lost hair; and always restores to faded and gray hair its natural color, with the gloss and freshness of youth. The comparatively few bald and gray heads, that we now see, are those who have not yet discovered the virtues of Ayer's Hair Vigor for renewing the hair. The fresh and youthful hair we see on older heads is often the product of his art. If you are disfigured, or made old, austere and ugly by gray hair, restore its youthful color, and with it your features to their original softness and agreeable expression.

As an elegant dressing for beautifying the Hair, it has no superior.

AYER'S CATHARTIC PILLS,

OF ALL THE PURPOSES OF A FAMILY PHYSIC,

CURING

Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Erysipelas, Headache, Piles, Rheumatism, Eruptions, and Skin Diseases, Biliousness, Liver, Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralgia, and Dimmer Pill, and Purifying the Blood,

are the most congenial purgatives yet perfected. Their effects abundantly show how much they excel all other Pills. They are safe and pleasant to take, but powerful to cure. They purge out the foul humors of the blood; they stimulate the sluggish or disordered organ into action, and they impart health and tone to complaints of every body, but formidable and dangerous diseases. Most eminent clergymen, most skillful physicians, and our best citizens send certificates of cures performed and of great benefits they have derived from these Pills. They are the safest and best physic for children, because mild as well as effectual. Being sugar coated, they are easy to take, and being purely vegetable, they are entirely harmless.
