Money orders.

Telegraph Office.

Open from 8 A. M. to 8 P. M.

MANCHESTER.

—Don't fail to read John C. Blackmer's advertisement.

—Don't fail to attend Murray's lecture Tuesday evening. It is the last and best of the season.

—Lent begins today, Wednesday, which is observed by the Episcopal and other churches.

—The annual town meeting for the election of officers will occur one week from Tuesday. Send in your returns.

—Rev. Mr. Blaisdell very acceptably occupied the Congregational pulpit last Sabbath. Dr. Cushman has been suffering from a severe cold but is convalescent.

—Another thaw and now cold weather again. The ice crop was nearly secured before the thaw, which spoiled it for the time.

—A washout and shaky bridge in Clarendon delayed the mail train north Saturday night. A trestle was put in so that trains ran as usual Monday.

—O. G. Felt has gone to Elmira, N. Y., with the intention of staying for a time, perhaps permanently. His family remain for the present.

—The new post office at Manchester Depot is in full blast blast, but the mail agents don't seem to get the hang of it yet, as much of the matter destined for that office is put in the bag for Manchester village.

—Our correspondents in some of the towns are earnestly requested to use more diligence in keeping us posted. The value of a country paper consists mostly in its local news. Send in the news, and add your name as a guarantee that it is genuine.

—The young people propose to have a hop after the war drama on Friday evening. Good music and an oyster supper at Vanderlip's will be provided for those who wish.

—The following officers of the Manchester Literary Club were elected Monday evening: Hon. E. B. Burton, President; Mrs. S. G. Cone, Vice-President; and Mr. Theodore Swift, Musical Director. Next meeting at Mr. L. D. Coy's next Monday evening, at 7 1/2 o'clock. Readers Messrs H. L. Graves, Chas. A. Shattuck, Mrs. J. B. Hoffifler and Mrs. S. A. Millett. The meetings have been very well attended and a good degree of interest manifested.

—Great preparations are being made for a successful performance of the Great War Drama, at Music Hall, Thursday and Friday evenings. It was the universal verdict of the former presentation that it was worth a hundred of the ordinary traveling shows, and new attractions will be added. There will be a full house both evenings if the weather is favorable. Reserved seats should be secured by letter or otherwise at once. They are for sale at the drug store in Manchester and Factory Point.

—Our town is considerably waked up just now on the question of coffee pots. The fact that two new patents, both claiming to be the best, and of course perfect, are owned here tends to make business in this direction lively to say the least. They are probably both of them great improvements on the old style and being in the hands of energetic business men, their manufacture and sale is likely to add something to the business of the place, all of which we are glad to see.

—The lecture of Rev. Dr. Chapin, Thursday evening, was generally considered the best of the course. It was an earnest and eloquent plea for honest manly labor in every sphere of life, showing that this is the only true test of real nobility. The speaker's training was sound, his comparisons and similes apt and to the point, which coupled with his fine voice and manner made his address one of the best ever listened to in this vicinity.

—The school district committee met at Adams' Hall, Tuesday the 17th, to hear those who wished to have changes made in the present organization of the school districts of the town. The following applications were made:

That the Way District, No. 16, be set to the Village District, No. 2.

That if such consolidation is not made, L. Munson's farm be taken from No. 2, and set to No. 16.

That the McNabo and Sykes District, being fractional district, No. 13, be set to the Roberts District, No. 6.

That the Hubbell Lathrop and Eli Lathrop farms be taken from Fractional District, No. 1, and set to the Purdy District, No. 2.

That the Reid farm, and that part of Alanson Wyman's farm now in No. 4, be taken from the Seth Sykes District, No. 4, and set to the Way District, No. 16.

That the Chapman farm, and that part of the Aaron Richardson farm formerly in No. 4, be taken from the Roberts District, No. 6, and the Kelley (formerly Battie) place be taken from the Factory Point District, No. 9, and all said pieces be set to the Seth Sykes District, No. 4.

That the Cook farm and William C. Bourn (formerly Long) farm be taken from the Roberts District, No. 6, and set to the Factory Point District, No. 9.

That the J. W. Bennett place be taken from No 16, and the L. Munson farm and tenant house from Districts 2 and 16, and all be set to District No. 9.

That the bounds of the Bourn District, No. 14, be better defined, to prevent uncertainties and mistakes as to certain pieces claimed by different Districts.

That the Orton place and Kelley (formerly Pond) place be taken from the Bourn District No. 14, and set to the Caley District, No. 8, and that all of the Burritt District, No. 12, which lies south of the north line of the Jonas Elliott farm be set to the Walker District, No. 10; and that the remaining parts of Nos. 14 and 12 be consolidated.

The committee adjourned to meet again at Adams' Hall, Monday, the 23rd, at 10 o'clock A. m., to hear any whose interest may be effected by the changes applied for.

FACTORY POINT.

—The Good Templars had a meeting last week and we have no report of the proceedings except the following from the Troy Press, although we believe it was voted that a copy be furnished the county papers:

The Bennington County Union of Good Templars have just closed a two day's session at this place. The first day's session was occupied in the the discharge of regular business of the Union, such as the election and installation of officers for the ensuing year, appointment of committees, reports from delegates respecting the condition of their respective lodges and the cause of temperance in their communities. The reports were encouraging. The meeting in the evening was public, and although the distinguished and popular Dr. Chapin, of New York, was speaking at the same hour in another house in the village which was full, the temperance meeting was well attended. The meeting was addressed by several members of the Union. The morning session of the second day was devoted chiefly to exercises for the good of the order. The remarks by several old men, who are the brightest specimens of reform that it has ever been our privilege to look upon, were both thrilling and cheering. The meeting this afternoon was public and well attended. The questions and resolutions as prepared by the committee of arrangements were ably considered by members of the Union and some who are not members participated in the discussions. All of the meetings connected with the session were highly interesting and we think profitable. The train which conveyed the delegates from the southern part of the county home came too soon. All would have been glad to have remained longer. Just before the arrival of the five o'clock train from the north, the gavel which closed the meeting, was heard. A resolution of respect to B. J. M. Ferri, of Shaftsbury, who is lying dangerously ill, was passed. The meeting was made highly interesting in consequence of the excellent music so kindly furnished from different parts of the county. The next session will be in Bennington in May. The three most important officers of the Union for the ensuing year are as follows: W. C. T., W. A. Adams, Factory Point. W. V. T., Mrs. J. P. Sibley, Bennington. Secretary, Merritt Morgan, Bennington.

DORSET.

—Mr. Wilmot Robinson died the tenth of February in the 75th year of his age. He was a kind husband and parent, an excellent neighbor, and has been a worthy member of the Methodist church for many years. His christian hope and confidence sustained him at the last and gave him a peaceful departure.

—Sociable this week Thursday afternoon and evening at G. M. Sykes.

—Mr. Kirk E. Holley and family are to leave us this week for a home in western New York. Success attend them.

WEST RUPERT.

—The chancery suit, Boynton vs. West Rupert Dairy Association was decided in the recent term of the Supreme court in favor of Mr. Boynton. We are glad the case is at last settled as it has been the source of considerable expense and some hard feeling. The prosecution was ably conducted by our former townsman, J. W. Beebe, Esq.

BONDVILLE.

—Mr. Nathan Holt of Weston teaches our singing school, and there is a very good attendance.

—Parsons and Bogle intend to enlarge their business in the tannery in the spring. More business is just what we need.

—S. Johnson has a colt 18 months old which weighs 800 pounds, and Sol thinks it can't be beaten.

PERU.

—Bailey, who was sharp enough to get into the affections of some of our shrewdest business men, did not get out of Newfane jail, as was reported, but was brought before A. C. Nourse, Esq., on the 12th inst., and bound up in the sum of $1,500 for his appearance at the next term of county court. His "friends" were not on hand to bail him and he was taken to the Bennington jail. Unscrupulous speculators had best keep clear of Peru.

LONDONDERRY.

—On the 12th inst, Mrs. Julia Tarble, wife of J. Madison Tarble, departed this life at the age of twenty-five years. The funeral services were held at the church on the Sabbath following. Mrs. Sarah Wiley, of Rockingham, delivered the funeral discourse to a large congregation of mourners and sympathizing friends, and many sympathetic tears were shed. The bereaved husband was left with four small children, the youngest being but five days old.

—The Londonderry Dramatic Club give an entertainment at Union Hall this, Thursday, evening, consisting of the Comedy, "Green Mountain Boy" to be followed by the Moral Domestic Drama, "The Gambler's Fate," to conclude with a farce.

SOUTH LONDONDERRY.

—Mr. David Goddard has bought out Alvin Whitman's interest in the carriage business.

SUNDERLAND.

—Dennis Barber lost a horse, worth $150, while drawing logs for G. W. Bradley last week. The animal fell striking its head against a stump killing it instantly. It is a wonder more horses are not killed drawing logs down the steep mountain.

—The thaw on Friday raised the streams quite high and badly washed the roads. The ice in mill brook dammed up running over into the road filling several cellars and the lower portion of Bradley's mill. It also ran over the railroad track, delaying the morning train three or four hours.

ARLINGTON.

—About fifty couples enjoyed a fine dance at the Town hall and tip-top supper at Bartlett's Monday evening.

—Fernando West is largely engaged in getting out chair stuff at his steam mill and offers his clapboard machine for sale or exchange for lumber.

—The Commissioners have decided that Arlington shall be at 7-12 of the expense of keeping the road in repair from Point of Rocks to the Kelley Stand for the next five years.

—West & Brother have several things to say in our advertising columns this week.

EAST ARLINGTON.

—The congregation and friends of the Rev. J. C. Sauderlin will make him a donation visit, at the Methodist Episcopal church, on the evening of Feb. 25th. A lecture will be delivered and a collation provided. A general good time may be expected and a cordial invitation is extended to all.

SANDGATE.

—A correspondent from this town complains because we put the notice of the disgraceful row at Thomas Mear's among the items from this place, while Mears lives just across the line in Manchester. The item referred to was sent us by a Sandgate correspondent and we did not know that Mears lives in Manchester, though we were aware that a portion of "Beartown" is within our corporation, but being so far away with old Equinox between we sometimes lose sight of the fact.

—After giving a description of the row, which we don't care to repeat, the correspondent says: James Provan has built a nice house and lived in it for more than a year. His dwelling is the most convenient elegant and tasteful in this town and yet no mention has been made of it. What is the reason? Mr. Provan resides in Sandgate, that ball room is in Manchester, and the bounding line of the towns runs between them. Mr. Provan has recently built a nice horse barn, which also remains unnoticed. Mr. Provan's improvements are an ornament to the place and we hope he will not be disturbed by this unexpected notice of them by a brief sojourner in that place.

—At the very hour when the Beartown ball was in full blast, on the west side of the town, the voice of prayer and praise arose from a band of devout and humble worshippers. The series of meetings held here by Mr. Gordenier resulted in seven additions to the church, five by immersion and two came in from the Methodists. The institution of the Lord's supper was observed for the first time in this place by the Disciples on Lord's day, Feb. 15th. The observance of this ordinance was preceded by an able discourse from Mr. Lang, while his remarks at the Lord's supper were very appropriate.

—One case of spotted fever here. The case is a severe one but hopes are now entertained of recovery. Dr. Phillips is the physician in attendance. Two deaths have occurred on the east side of the town which have not yet been noticed by your east side correspondent.—Both were caused by whooping cough terminating in a lung disease, probably pneumonia. The first was a child of Geo. and Arvilla White, the last was a little daughter of Hiram and Sarah Mears.

NORTH BENNINGTON.

—The destinies of the Lyceum were guided, at the last meeting by Mrs. J. W. Fenner, President and although the night was one in which the elements seemed given over to their own unbridled fury, yet there was a goodly number in attendance and a growing interest was manifested. The following question was discussed: "*Resolved*, That the Civil Rights Bill so-called now pending in Congress ought to become the law of the land." Aff. J. W. Walbridge, Hiland Chapin, C. M. Colvin; Neg., R. W. Townley, Clayton Simmons, Herbert Walbridge and decided in the affirmative. Question for this week, *Resolved*, That capital punishment ought to be abolished. Affirmative, E. M. Wrisley, M. C. Huling Herbert Walbridge Henry Stanley; Neg. W. B. Sheldon, John Essex, Henry W. Spafford and Horace Patrell. Editress, Mrs E. W. Howe; declaimers, Marion Brown and James Madden.

—We noticed the familiar face of Maj. N. B. Hall in town a few days since and, although it is believed that he has much to render his home by adoption pleasant, yet it may, without doubt, be correctly inferred from his frequent return to the place of his nativity that Vermont is not yet dismantled of all her charms.

WOODFORD.

—Snow comes in "squalls" about these days.

—We saw a robin Sunday morning which proves that the "heart of the winter" is broken.

—The thaw last week did not endure long enough to clear the ice from the streams, but there were breaks in several places.

—St. Valentine's day is passed. What is the reason that horrid reminder, in the shape of a comic picture did not reach us? We worry yet.

—Several families are taking up their residence in Pine Valley just now. We sigh, "O for a lodge in some vast wilderness!"

—Several gentlemen were so awake as to start out trouting a few days ago. Luckily the tiny beauties were wise enough to remain in their little beds these winter days, consequently the piscatorians returned home with poor fishermen's luck. By the way, however, they saw plenty of bear tracks and a lynx, which they considered paid them for their trouble and tramp.

—The next legal holiday is Washington's birthday. It is to be celebrated in many places on Monday the 22nd inst, with balls sleighrides and sich.

—The proprietors of the Fox house have just come out with elegant cards, stating that their hotel will be open for the reception of summer guests from June till October. This is a pleasant and attractive summer resort.

—W. J. Cornell, of the City hotel, has just brought from Albany several elegant and mammoth lithographs, engravings and paintings, which can be seen in the office that please the eye to look upon. Several parrots and other birds are coming soon.

—Chester, your cranium is filled so full of knowledge this week that you really outdo yourself. How happens it that you know so much? Did you ever cross the Nile?

—Business is on the decline somewhat owing to the want of snow. But March is coming soon, and then we can march on, march on! with the mercury 20° below zero.

—There are from actual count two hundred male coughs and one hundred and fifty female colds in town at the present time.

—S. J. McLenithan, who has been a prominent and respected citizen of this town for several years, departed this life after a lingering illness of consumption, last Saturday morning at half past six o'clock. Although he did not profess to be a follower of the blessed Redeemer during the last years of his life, yet in his last hours he confessed the dear Saviour, and deceased in full and implicit faith that he should meet Him in the better land. The funeral was largely attended on Monday afternoon, a very able sermon being preached by the Rev. R. M. Luther from the text "Our life is but a vapor that appeareth for a little while and then passeth away." The Woodford City choir sang some appropriate hymns in a creditable manner. On Tuesday morning the deceased was taken to the cemetary at Arlington for interment.

—Remember that Rev. Bostwick Hawley, D. D., is to preach in the Union Christian church next Sunday at 3 o'clock p. m.

Rev. Dexter Moody's lecture was well attended last Saturday evening and gave unbounded satisfaction.

—More coal kilns are being built by Mr. Wakefield, and the manufacture of charcoal is being pushed with undiminished vigor.

—Do not worry too much because we haven't had a regular shirkshire; we've known March to be full of just such.

—Luna, the beautiful Woodford moon, has just put in an appearance again.

CHATHAM N. Y.

—Ice cutting has been the business of this locality for the past week, and judging from present appearances, the time was well taken. A good supply of superior ice about eight inches thick, has been stored in good order.

Business about, and in, Chatham, begins to show signs of spring life quite encouraging. Preparations in the way of timber and lumber, indicate that new buildings are to be erected, while some of the old ones are being enlarged. A new store for ready-made clothing, has lately been opened, and a drug, paint and oil store is in prospect. The Hulbert's have added to their business, at the foundry, the making of iron fence and balconies, for which they have received large orders and will consequently require a large force of workmen.

—Mr. J. R. Phelps, of this town, has recently received letters patent for a Potato planter, and if all can be accomplished by its use that is confidently claimed for it by the patentee, certainly it must prove to the farmer one of the most useful and valuable improvements made in agricultural machinery for years past. It is described as self-acting, furrowing the ground, cutting the potatoes, dropping and covering the seed, and rolling the ground after the seed is in, and all with the greatest uniformity, and with no greater labor to the driver, who rides the machine, than would be experienced in running a mowing machine. This machine runs on two wheels about three feet in diameter, and may be worked with either one or two horses.

—Theodore Thomas' concert in Hudson, on the 11th inst was considered a success. The staid people of that 'burgh' never attempted anything of the kind before, and feeling it might be a partial failure, 'beat the bush' in the surrounding towns, and as the sleighing was fine parties drove in from 15 to 20 miles around, while others on the line of the H. R. swelling the numbers of this family came from even greater distances, and claimed to have been well paid for the effort. Such opportunities should not be allowed to pass unimproved by those who can appreciate artistic music, so refining in its tendency and pleasing in its execution, and satisfying, as that of this justly celebrated troupe. Sorry those in this vicinity, who were so fortunate as to be present.

BERLIN, N. Y.

—A donation was given at Wadsworth Hotel, on the 12th, for the benefit of Rev. N. Mumford, of the Baptist Church, realizing $125. During the evening an enterprising youth from Grafton, who answers to the name of Dell, Stewart, stole a table cloth, was pursued, captured, and made to disgorge.

—A new organization, known as the 'Young Ladies Progressive Society' gave a 'Grand Social' at the old mill, on the 11th, which was well attended. Music by Roger's Band.

—Milford Rhodes, who considers himself aggrieved, by the Road Commissioners turning the water on to his lot, offers to construct a sewer sufficient for carrying the water from the foot of the hill to the creek, for $300; he subscribing $25.

—We think the Berlin correspondent of last weeks *Banner*, had better inquire into matters a little, before he writes any more such trash.

—Sleighing is all gone, but we hope it will soon return, as there are two weeks more of winter.

NEW LEBANON, N. Y.

The Young Men's Association gave a sociable at their new hall, on Monday evening Feb. 16th. Rogers Band of Berlin, was in attendance. In spite of the inclement weather a goodly number assembled, and made merry. Nothing occurred to mar the enjoyment of the evening, and it is a pleasure to know that the village now has this beautiful hall, in which, under the supervision of the gentlemanly committee, such social parties may be given.

WEST LEBANON, N. Y.

—We learn that a very entertaining lecture was given by Thomas R. Hudson, son of Chauncey Hudson, of Chatham, upon his travels in Europe, at the Friends meeting house, Riders Mills, on Thursday Feb. 12th.

—On Tuesday, Feb. 10th, Mr. Campbell of Salem lectured, upon the "Great South," at the Methodist church of this village. Owing to the very cold weather the audience was quite small.

—On Wednesday evening, at the same place, we were afforded much pleasure by listening to an excellent practical discourse from Rev. Geo. J. Brown of Chatham.

—As was predicted the pleasant party spoken of in last week's Journal, given at Mr. Dunham's hotel, was followed by a company of twenty couples on Monday eve. Feb. 16th.

—We understand that the popular clairvoyant "Sleepy Lucy," of Montpelier, Vt., has been interviewed, by a resident of this town, and she gives some important statements in regard to the absence of Daniel Gates, who disappeared from this town in December. She told many truths in regard to the man, his disappearance, etc., which we hope to see in the JOURNAL next week.

SPECIAL NOTICES.

Masonic.

The next Regular Communication of Adoniram Lodge, F. A. M., will be held on Thursday evening, Feb. 27, 1874.

E. L. WYMAN, W. M.

Adoniram Chapter, No. 18, R. A. M.

Next regular convocation on Wednesday evening March, 4, at 7½ o'clock.

D. K. SIMONDS, H. P.
W. A. BLACK, Sec't.

Skinner Post No. 24, G. A. R.,

Meets at Adams' Hall, Factory Point, on the first Tuesday evening of each month.

D. K. SIMONDS, Commander.

About Bitters.

At certain periods of life a tonic is a necessity but there is danger in using stimulants that injure the organs of digestion while giving temporary relief. To obviate this, and present to the public a tonic free from ALCOHOLIC POISON, Dr. Greene prepared the OXYGENATED BITTERS, sure cure for DYSPEPSIA and all kindred complaints. Sold everywhere. JOHN F. HENRY, CURRAN & Co., Proprietors, 8 and 9 College Place, New York.

If you want to buy

FLANNELS, CASSIMERES,

or anything in the Woolen line, save money by buying of

WEST & BRO.

Arlington, Vermont.

Edey's Carbolic Troches.

Among the various remedies for Coughs none enjoy a higher reputation than EDEY'S CARBOLIC TROCHES. This fact places them above the ordinary list of medical preparations. For Coughs, Colds, Asthma, and as a disinfectant and preventant against contagious diseases they are a specific. Invaluable to singers and public speakers. Sold everywhere. JOHN F. HENRY, CURRAN & Co., Proprietors, 8 and 9 College Place, N. Y.

Dr. Mott's Liver Pills.

It is easy enough to make a pill, but to make a good pill, ah! that's the difficulty! There are cheap, harsh, drastic pills, that are of even less benefit than a dose of salts; but a good medicine, like DR. MOTT'S LIVER PILLS, which penetrates to the seat of disease, is a desideratum indeed. Will positively cure all diseases of the liver. Sold everywhere. JOHN F. HENRY, CURRAN & Co., Proprietors, 8 and 9 College Place, N. Y.

Centaur Liniment.

There is no pain which the Centaur Liniment will not relieve, no swelling it will not subdue, and no lameness which it will not cure. This is strong language, but it is true. It has produced more cures of rheumatism, neuralgia, lockjaw, palsy, sprains, swellings, caked breasts, scalds, burns salt-rheum, ear-ache, &c., upon the human frame and of strains, spavin, galls, &c., upon animals in one year than have all other pretended remedies since the world began. It is a counterirritant, an all healing pain reliever. Crippler throw away their crutches, the lame walk, poisonous bites are rendered harmless and the worst sores healed without a scar. It is no humbug. The recipe is published around each bottle. It is selling as no article ever before sold, and it sells because it does just what it pretends to do. Those who now suffer from rheumatism, pain or swelling deserve to suffer if they will not use Centaur Liniment. More than 1000 certificates of remarkable cures, including frozen limbs, chronic rheumatism, gout, running tumors, &c., have been received. We will send a circular containing certificates, the recipe, &c., gratis, to any one requesting it. One bottle of the yellow wrapper Centaur Liniment is worth one hundred dollars for sprained or sweeney horses and mules, or for screw-worm in sheep. Stock-owners—this liniment is worth your attention. No family should be without Centaur Liniment. Sold by all Druggists. 50 cents per bottle, large bottles, $1.00. J. B. ROLF & Co., 54 Broadway, New York.

Cultivate to more than a sale state for Castor Oil. It is the only preparation in existence which is certain to assimilate the food, regulate the bowels, is non-nauseous and produces natural sleep. It contains neither minerals, morphine or alcohol, and is pleasant to take. Children need not cry and mothers may rest.

PRATT'S ASTRAL OIL.—Absolutely safe. Perfectly odorless. Always in form. Illuminating quantities superior to any Burner to any lamp without danger of explosion or taking fire. Manufactured expressly to displace the use of volatile and dangerous oils. Its safety under every possible test, and its perfect burning qualities, are proved by the continued use in over 200,000 families.

Millions of gallons have been sold and no accident—directly or indirectly—has ever occurred from burning, storing or handling it.

The immense yearly loss to life and property, resulting from the use of cheap and dangerous oils in the United States, is appalling.

The Insurance Companies and Fire Commissioners throughout this country recommend the ASTRAL, as the best safeguard when lamps are used. Send for circular.

For sale at retail by the trade generally and at wholesale by the proprietors, CHAS. PRATT & CO., 108 Fulton Street, New York. 146m40

Renne's Pain-Killing Magic Oil cures Cholera Morbus!
Renne's Pain-Killing Magic Oil cures Rheumatism!
Renne's Pain-Killing Magic Oil cures Lameness!
Renne's Pain-Killing Magic Oil cures Skin Diseases!

Some folks seem to be proud of telling how "lame their shoulders are"—of "my crick in the back"—or, "I have got the Sciatica"—and delight in bragging out "nothing can cure me!"—but when we get such "awful folks" to use RENNE'S PAIN-KILLING MAGIC OIL, faithfully, we not only cure their lameness and charm away their pains, but we actually take all that kind of "brag out of them!" and they frankly own up, and say, "It works like a charm!"

Sold by Druggists, Merchants and Grocers.

Call for Renne's Magic Oil where you usually trade.

It is put up in three sizes, called "Trial Size," "Medium Size," and "Large Family Size" bottles

Thousands suffer Indigestion,

Costiveness, Piles, Headache, and don't know how much they lose by passing by DR. HARRISON'S PERISTALTIC LOZENGES. Finding the papers full of remedies, they take no notice of any, and thus lose the benefit of a good thing. We are selling them immensely, for they are what everybody needs, and they will do what we promise. The most perfect, agreeable and effective cure for every form of Indigestion, and the only cure for the Piles, either bleeding or otherwise. Trial box 25 cts. Large box 60 cts., mailed free for the last price.

DR HARRISON'S ICELAND PALSAM,

a splendid cure for Coughs, Hoarseness, and all Throat and Lung complaints. For sale by E. S. HARRISON & CO., Proprietors, No. 1 Tremont Temple, Boston, and by all Druggists. 31tw

CUT THIS OUT.

It may save your life.

There is no person living that does not suffer more or less with Lung Diseases, Coughs, Colds, or Consumption, yet some would die rather than pay 75 cents for a bottle of medicine that would cure them. Dr. A. Boschee's German Syrup has lately been introduced into this country from Germany, and it works wonders cures annually every one that try it. If you would want to try a good medicine for your cough, you will find this one and take no other. Regular size, 75 cents. Sold by all druggists. Wait & Hard, Manchester, and V. Grover, Factory Point.

FRIEND, Stop that Cough! Do not neglect a common Cold for a day—it may end in Consumption and death. Rev. N. H. DOWNS' ELIXIR has saved thousands, let it aid you, and it will cure you if taken freely and in season. For sale by all Druggists at 75 cents. From 2 to 12 doses.

Forty years ago, this medicine first manufactured by Elkanah Southern Vermont, with more marked success than any preparation now before the people of the United States and Canada. While the sale of it has grown large every year, it has never been so large as now. In fact, it is the universal family medicine. It is pleasant to take, and is so prepared that it can be taken by children as readily as by adults. Wait & Hard, Manchester, and V. Grover, Factory Point, are agents for the sale of this medicine. Dr. Wistar's Balsam of Wild Cherry, Dr. Jayne's Expectorant, Dr. Ayer's Cherry Pectoral,
