When finished, the monument will not be excelled in beauty by any in the state and will be one of which the town may well be proud.

—The winter term of Burr & Burton Seminary closed with an examination of some of the classes on Monday and a social gathering on Monday evening, to which many of the village people were invited. The gathering was very pleasant and fully appreciated by the students and invited guests. The prospect for the next term is very good.

LANDGROVE.

—The people of Landgrove and vicinity met at the school house in District No. 2, on Friday evening Feb. 27th, to participate in a spelling school contested by Miss Emma Whitman, teacher, and assisted by Mr. C. E. Chandler, teacher in District No. 1. This was the second general spelling school this winter, and both times the triumphant spellers were from Peru. The first evening Miss Mary J. Chandler was the victor, and Miss Ella L. Batchelder being the victor of the last. After the spelling came songs by Miss Bailey and Master Hilliard, which were well rendered. A dialogue by four young gentlemen was well received. Two declamations by C. E. Chandler were listened to with marked attention. A paper edited by Misses Thompson and Swallow reflected credit upon the youthful editresses. The house was well filled and the school a complete success, the only thing that occurred to mar the pleasure of the occasion was the appearance of a person in a state of happy (?) intoxication, who persisted in making himself disagreeable, both by word and action.

SUNDERLAND.

—Monday was a good "sugar day."

—March "came in like a lamb" and we hope the old saying will prove true it "lion" can go out in a sleigh.

Bacon; Fence viewers, Zara Allen E. G. Bacon, Cyrus Parsons; Constable, Cyrus Parsons; Town tax 25 cents on the dollar.

CHATHAM N. Y.

—Robins, blue birds, spring, auctions, and town meeting have with a sort of rush all come forward urging their respective claims to our attention at one and the same time. Spring and the birds are always welcome, reminding us as they do of the new life and new joys, the preliminary step toward the fulfilment of the great promise of seed time and harvest, without which all our efforts are in vain.

—Auctions in this locality are a sort of institution which make their annual appearance at this season of the year, at which much valuable property exchanges hands, mostly of an agricultural character and generally at good prices.

—The most we can now say of the town meeting is that a union ticket has been made the head of which was given to the Republicans, and was filled by the present incumbent, Hon. P. F. Cady, and the balance made up equally from both parties to the satisfaction, as was supposed of all parties, thus solving the difficult problem of how to do away with the corrupting use of money in our elections. But notwithstanding the sweet melody of the birds there is an ominous sound of dissatisfaction this morning in consequence with the ticket made, which induces us to think it it best to wait until "after election" before we say more on this head.

—The Masonic ball, which came off last week at the Chatham house, was not a full success, owing to the inclemency of the weather and the unusually bad state of the roads. 'Tis said the effort will be repeated, of which due notice will be given.

BERLIN, N. Y.

—This is a quiet sunny day (Monday) and what little snow we have is quietly taking its departure.

—Any one would know that town meeting was close at hand, if by no other way than by the hustling among the caucuses.

—Wm. F. Taylor, republican, will undoubtedly be elected Supervisor, as there will be no opposition. The rest of the ticket will be "fusion."

SPECIAL NOTICES.
