MANCHESTER.

—Don't fail to read the interesting California letter, from our ever welcome correspondent.

—Rev. Mr. Robbins of Philadelphia preached a very interesting discourse at the Congregational Church, Sunday morning.

—C. B. Munson, our livery stable keeper, has some very fine turnouts this season, which, together with the elegant horses and carriages of our city guests, give our street and favorite drives a very gay appearance.

—We give a list of the new town committees, but it is expected that the old committees have already called the primary meetings for the election of delegates to the Middlebury convention.—The delay in appointing the new committee was made to prevent confusion in the matter.

—The Republican voters of Manchester are requested to meet at the Court House Saturday, Aug. 8th, at 7:30 p. m., to choose four delegates to represent said town in the District Convention to be held at Middlebury, Aug. 12th, 1874. By order of

TOWN COMMITTEE.

—Letters remaining in the post office at Manchester, Aug. 1st: Wm. Brown son, Thomas Handberry, James Green, James Gogan, H. S. Clark, Lewis Dimick, J. P. Williams, Arthur W. Selch, John Prince, Jr., J. L. Robinson, C. G. Mago, John Morrisey, Wesley M. Lyon, Mrs. J. H. Bly, Mrs. L. M. Stewart, Miss Maria Burbank.

W. B. BURTON, P. M.

—The New York papers last week contained painful rumors in regard to the business affairs of Harrison Prindle, formerly of this place. Mr. Prindle has been in the Insurance business for the past two years, being general manager of the People's Insurance Company of Philadelphia and agent for several other companies. His family went to Europe in the spring and it is charged against him that he has absconded with funds belonging to the several companies to a large amount, rumor placing it as high as $300,000. What Mr. Prindle's side of the story may be we have not learned, but the fact that he is not on hand to answer to the charges has a bad look, though we cannot believe the matter is as bad as reported.

—A meeting to form a permanent county organization for the better protection and increase of fish and game is called at Bartlett's hotel, Arlington, Friday August 21st, at 11 o'clock a. m. Each club in the county is requested to send two or more delegates, and one or more from each town where there is no club, who are interested in the objects of the association, can have a voice in the convention. Bennington papers please notice. Per order of the President.

D. K. SIMONDS,
Temporary Secretary.

—Mr. G. D. Millington, the efficient and popular route agent on the road from Rutland to Chatham has resigned, Henry F. Lamb, recently in the employ of the North Bennington boot and shoe company, succeeding him. Of Mr. Millington's past services the Rutland Globe speaks as follows: "Mr. Millington first entered the mail service as route agent on the R. & W. from Rutland to Troy in 1866. He was transferred by request from that route to the Harlem Extension railroad in 1869. In 1870 he organized the mail service between Bennington and Chatham on the Lebanon Springs railroad, and at this time commenced regular trips between Chatham and Rutland. He has proved a faithful and efficient public servant and was so considered by the post office department at Washington. In the congressional contest of four years ago, Mr. Gardner and his friends failing to defeat his father, Hon. Norman Millington, for county judge, endeavored to remove the son from the route agency, but such was his record at Washington that the department refused to make a change. Mr. Millington has many friends who will wish him success in his future movements, as they know he will prove efficient and faithful in whatever position he may occupy.

SOUTH DORSET.

—Tyrel & Kent have been at work for a week or two adding a large rubbing bed to their other machinery, for the purpose of finishing tile and other work.—They are about to put in a new water-wheel.

DORSET.

—W. M. F. Lee and family from New York have arrived in Dorset and are stopping at Mr. Justus Holley's.

—Rev. A. C. Reed and family, of Flushing, L. I., F. Bacon, Esq., of Niles, Mich., and several other guests are at the hotel.

—Several members of the Payson family from Portland, Me., are stopping at Dr. Prentiss's.

—A Sunday School Sociable was recently projected, promptly pre-arranged, and very successfully accomplished, coming off last Thursday evening at the vestry. The first hour was mostly filled up by the presentation of some nice things on the platform by the juveniles, intermingled with a few admirable pieces of music and recited poetry, etc., by the older class, eliciting frequent and hearty applause from the large audience. The second hour was occupied in conversation and other pleasant things which make up a genuine sociable, and the hundred or more people then dispersed, going home with smiling faces and cheerful reminiscences of a well spent evening.

—Last Sunday was the *Missionary Sabbath* in Dorset. A sermon bearing upon the subject of mission was given by the pastor to a full house. At the monthly concert in the evening interesting and instructive addresses were made by Mr. Lee, Prof. Prentiss and Rev. A. C. Reed. A fresh interest was awakened in behalf of this most noble and christian enterprize.

—Several artists from New York have been spending the summer in Dorset, and carry away numerous sketches of our varied scenery, which give promise of growing into paintings of decided excellence.

—A large class of young ladies, under the direction of Miss Maria Holley, have been taking lessons in the art of drawing and painting and the result of their attempts with the pencil and brush attest a genuine taste and enthusiasm on their part, and the capacity of their accomplished teacher.

MT. TABOR.

—Henry Montgomery was arrested last week by sheriff J. C. Williams, of Danby, on a warrant issued by Justice A. Thompson, on a charge of distroying public documents, "to wit, one rate or tax bill at the house of James I. Scott, there did tear into pieces." After a patient investigation for two days of the case, the court ordered the respondent to procure bail to the amount of $500, for the appearance of the respondent at the county court at Rutland, in September next.

RUTLAND.

—Capt. Kelley and his command arrived in town Tuesday. The appearance of these veterans on our streets again, after passing through one of the most brilliant campaigns recorded in the history of the Dunmore battle grounds, created a grateful sensation not only to the doting mammas of the troops but to all our citizens. Not a man lost; no sickness in camp; not one ambulance or a stretcher used. These blood stained heroes bearing their torn colors have returned to defend the town of Rutland against aggression of the war-like hordes of Mendon, that at intervals sweep down upon our boarders and lay waste to all the crackers and cheese in our groceries. It was noticed that many of the men had not shaved during the campaign and of course, they looked a trifle rusty, but their bearing was admirable, in fact it would do the "old guard" of the first Napoleon good to witness one of their dress parades. Ladies holding stock in that military organization, had provided a splendid lunch and these men of powder and bullets were tenderly served by many fair hands, conspicuous among the serving party were Mr. and Mrs. M. K. Hotchkiss, Mrs. Paige, Mrs. Dunn and others whose names we did not obtain.—The lunch was one of the best ever served here and was a credit to the noble ladies of Rutland who laid the generous spread. The troops will go into barracks on Grove St.

PERU.

—Fred. T. Rand, who has lived in Arlington for several weeks, was brought home last week shockingly poisoned with ivy. At one time his recovery was considered doubtful, but he was getting better at last accounts.

—The cheese factory is doing a very good business this year though the number of cows is not as large as it ought to be to get the most profit. At present prices it is more profitable than butter-making.

ARLINGTON.

—We give below a list strangers in town which are the arrivals of the past few days, most of whom are domiciled for the summer. Riverside House, Mrs. W. S. Rogers, Proprietor: Dr G E Howe, wife, nurse and three children, Mount Clair, N J; Miss E Littenfield, Mrs Edgar and two children, Mrs R G Topliss, Yonkers; G A Johnson and lady, two sons and three misses, Orange, N J. Green Mountain House, N. G. Hard, Proprietor: Ex Col Badeau and wife, nurse and two children, Miss Badeau, A Crook and wife, nurse and child Samuel Crook, Brooklyn; Prof E O Mildnck, Mr Stuyvesent, Chas Hansom, New York; Mr Roland and wife, Albany. Arlington House, A. Bartlett, Proprietor. G W Millimore and lady, Miss Cora Millimore, Hiram Hyde, Jr, Chicago; Mr Whipple and lady, North Adams; Mr Hall and lady, Geo Hall, Mr Weed and lady, three Misses Weed, Troy; Mr St John and lady, St John McRoe, Brooklyn; M P Perley, P D Ware and lady, O A Adams, Boston; F L Ames, North Easton, Mass; J L Baldwin, Albany; J G Porter, New York; W G Cornell, Oswego; W E Proctor, Albany; C Damon, New York; J L Austin, Schaghticoke; A C Read and son, Flushing; W H McKee and brother, New York; Chas McMurray, Cambridge; J L Burdett, New York. Those stopping at other places in town: L P Slater and lady and two children, New York; J C Griswold, Whitehall, A H Griswold, Whitehall; Thos Hyde, New Haven; H Thompson, Charleston; H Matison, Rome; Dr T Duboise, Poughkeepsie; Miss C Sanford, Flushing; Mrs. C H Holden and two children, Saratoga; H P Dedrick and lady, Brooklyn.

SANDGATE.

—The return of summer brings to this town many of the friends of the residents here, and those who wish to enjoy a quiet rest, and also the pure air and soft spring water for which this town is noted. Among those who have visited us this season are Rev. Harvey Kitchell, D. D., late President of Middlebury College and wife, who were the guests of W. R. Hoyt, Esq. Mr. Kitchell was returning from California, where he has been staying some time. Miss Mary A. Hoyt has also returned from Tennessee to spend her vacation at her home here. Her many friends are glad to see her here again. We understand Miss Hoyt returns again in September to the "sunny south" where she is highly spoken of as a teacher.

—We understand there will be the annual sixteenth of August dancing party given at Bennett's Hall, in West Sandgate, on Thursday evening, the 20th inst. Burt's Cotillion Band will furnish the music, and it is anticipated that this will be one of the pleasantest parties ever given in this hall.

—Two gentlemen from New York state are endeavoring to purchase the store of R. M. Provan, Esq., and it is said there is a probability that the store and house so long occupied by Mr. Provan, will go into other hands. Mr. P. has been very successful in business here, and the citizens of this place will lose a good man if he leaves the town.

—The frequent heavy rains has delayed haying and harvesting very much.

BENNINGTON CENTER.

—The observatory on the summit of Mt. Anthony will be ready for visitors on Monday, Aug. 3rd; and in addition to it the dining floors, swings and croquet grounds. I have built a platform and promenade upon the north brow of the mountain. The carriage road is in good order, and I have made arrangements with our livery stable keepers to carry passengers from and return to the depot for one dollar in numbers not less than four. Refreshments, hay and grain for horses and stabling. In the New York Observer, Dr. Prime says: "After visiting the White Mountains, the Catskill and many others and comparing their prospects I am quite willing to give this certificate of superiority to Mt. Anthony over them all."

GEO. W. ROBINSON.

NEW LEBANON, N. Y.

—The attendants of the Presbyterian and Congregational Church in this village enjoyed a rich treat in listening, a few Sabbaths ago, to Rev. Chas. Everest of the Puritan Church, brooklyn. The evening service was conducted on the plan of the Puritan Church, viz.: A theme on "The Seasons," the topic for this occasion being summer. The congregation united with the choir in singing very beautiful and appropriate hymns of praise. The people of this society have fortunately secured a pleasing and efficient pastor, Rev. Mr. McLean, and we hope the church may be much benefitted and the number of communicants rapidly increase. The organist, Miss Rollo of Stephentown, brings forth very sweet music with her magic like touch, and Prof. Gay is using every effort for the improvement of the vocal talent under his charge.

LEBANON SPRINGS.

—An Irishman, John O'Keif, who has resided in town for many years, was drowned on Sunday afternoon in a small mill pond a few rods below Columbia Hall. He was intoxicated, and while endeavoring to reach the bottom of a ravine above the pond slipped down a high bank into the water, and being unable to exert himself, drowned in water less than three feet deep.

—Columbia Hall is quite well filled with guests and more are daily arriving, while the few departures show pleasure and satisfaction. Never before, have the beauties of Lebanon Valley been so well appreciated as this season; every paper contains remarks eulogizing the scenery, drives, delightful air and excellent management of its hotels. Also, it is noticeable that the patrons this summer are very attractive and genteel, and the elegant turnouts compare favorably with former seasons. And well they may be pleased with the scenery and drives, for where can there be a more pleasant trip than over the Taghkanic mountain to Pittsfield, either by the old post road from Albany to Pittsfield, or by the Lebanon and Hancock Shaker villages. On the former, on a clear day, from the summit may be seen the Catskill mountains towering above the waters of the Hudson while steamers and sailing vessels are readily discerned. Again, Perry's Peak, a station of the United States Coast Survey, is a delightful place and only two hours drive from the hotel; the view across the immense farming districts in the state of Connecticut to Long Island sound is magnificent. There are charming drives too on level roads, down the valley to the western part of the town and to the Shaker village, also to Queechy Lake, which is especially intersting to the numerous readers of Miss Warner's novel entitled Queechy. Beautiful and romantic scenery is also afforded to those who desire to practice pedestrianism. Taken altogether, Bancroft did not paint too highly when he said "Lebanon is the most beautiful spot on earth."

CHATHAM VILLAGE, N. Y.

—The closing exercises of the Chatham Graded school have taken place, proving satisfactory, and interesting. The students showed close application to study and thorough drill. Prof. G. F. Cole, who has labored faithfully for many years to build up this school, has succeeded admirably, improving it very much in every respect and the village has shown their appreciation by chosing him as future Principal of Chatham Academy. We prophesy a glorious career for him as a teacher.

—We learn from the Kinderhook *Advertiser*, of last week, that Alanson R. Hall, of Chatham Center, who has been sick for months, having had severe attacks of bleeding, which prostrated him very much, is now using the blood cure as it is termed, after having tried various remedies without apparent benefit. He visits a slaughter house, once or twice a week and drinks a cup of warm bullocks blood. He has not used the remedy long enough to speak with any certainty as to a cure, but he thinks that he is slowly gaining strength.

—Renne's Pain-Killing Magic Oil is the best thing ladies can use for their peculiar pains; in headache, lame back, lame shoulders, swelling of the limbs, and to use for the children in colds, croup, hurts burns, and for any trouble with the stomach or bowels. Use it freely. Sold V. Grover, Factory Point.

Centaur Liniment.

There is no pain which the Centaur Liniment will not relieve, no swelling it will not subdue, and no lameness which it will not cure. This is strong language, but it is true. It has produced more cures of rheumatism, neuralgia, lock jaw, palsy, sprains, swellings, caked breasts, scalds, burns salt-rheum, ear-ache, &c., upon the human frame and of strains, spavin, galls, &c., upon animals in one year than have all other pretended remedies since the world began. It is a counter-iriant, an all healing pain reliever. Crippler throw away their crutches, the lame walk, poisonous bites are rendered harmless and the wounded are healed without a scar. It is no humbug. The recipe is published around each bottle. It is selling as no article ever before sold, and it sells because it does just what it pretends to do. Those who now suffer from rheumatism, pain or swelling deserve to suffer if they will not use Centaur Liniment. More than 1000 certificates of remarkable cures, including frozen limbs, chronic-rheumatism, gout, running tumors, &c., have been received. We will send a circular containing certificates, the recipe, &c., gratis, to any one requesting it. One bottle of the yellow wrapper Centaur Liniment is worth one hundred dollars for sprained or sweenied horses and mules, or for screw-worm in sheep. Stock-owners—this liniment is worth your attention. No family should be without Centaur Liniment. Sold by all Druggists. 50 cents per bottle large bottles, $1 00. J. B.
