Mails for Peru, Landgrove, Bondville, Jamaica &c., by stage, close at Factory Point Post Office at 11 A. M. Tuesdays, Thursdays and Saturdays.

Telegraph Office
Open from 8 A. M. to 8 P. M.

MANCHESTER.

—Services in the Congregational church Thanksgiving day at 11 a. m. Sermon by Dr. Cushman.

—We have no sleighing for thanksgiving this year and ice hardly thick enough for skating, and still we will try and swallow our turkey without finding fault with the weather.

—Only one month more of leap year and still no serious effort on the part of our unmarried ladies to be counted in. Four years is a long time to wait.

—There will be Thanksgiving services at St. John's church at 1 o'clock p. m. In accordance with the ancient English custom of Harvest Home, the church will be decorated with the fruits of the earth.

—A late Malone, N. Y., paper says that the new masonic hall in that place shows the best specimen of fresco work in that part of the state. The work was done by our townsman, Geo. W. Bennett.

—The next term of Burr and Burton seminary commences Wednesday, Dec. 4th. Nearly all the old instructors will be retained.

—Malcom Canfield and Josh Pettibone have had a little friendly rivalry in regard to yearling colts. The other day they were brought up to the scales and weighed. Canfield's tipped the beam at 990 and Pettibone's weighed 860. Canfield thinks his a good colt for one that has run in a sheep pasture with no extra feed.

—The Bennington *Gazette*, of last week took us to task for publishing an item of news before it occured. Will the *Gazette* please inform us who L. G. Gove, A. M., whom it reported as attending the examination at Burr and Burton Seminary, is and where he resides. We have strong suspicion that he is the party who has been setting the incendiary fires in this vicinity and it would be worth $500 to us we had him. The truth of the matter is that the *Gazette* stole their report mistakes and all from a Rutland paper.

—The boys of this village have organized a fire company, using a force pump on wheels, formerly belonging to Charles F. Orvis, as a machine. It will throw a good stream and has been of great service in two or three instances in preventing the spread of fires. In the hands of the boys it may do effective work, as it can be easily handled and got to work quicker than a larger machine. The name of the youthful company is the Torrent No. 1.

Important changes in the running of the trains are shown by the directory at the head of this column. The mails are also changed. Our traveling facilities now consist of two New York express trains and one mixed train daily each way. This is a better arrangement than we had last winter, and if the mail can be shifted to the day express instead of being carried by the mixed train which consumes twelve hours in going from Rutland to North Bennington and returning, it will be better still.

—Those of our citizens who purpose joining the fire company met at the Court House, Saturday evening, where they effected a permanent organization by adopting a code of by-laws and electing officers. The following is the list of officers. A. J. Hard, Foreman; C. F. Orvis, 1st Assistant; Geo. H. Swift, 2d Assistant; W. A. Black, Secretary and Treasurer; E. H. Fowler, Foreman of Hose; J. N. Hard Assistant Foreman of Hose; H. Eggleston, Foreman Hook and Ladder; Harry Gray Assistant Hook and Ladder; Joseph Fowler, Pipeman; John Boyden, Assistant Pipeman. After appointing committees for various purposes the meeting adjourned to December 2nd. The organization numbers 57 members.

—We call attention to the advertisement of Rathbone, Sard & Co., in another column. We are using one of their stoves, The Centennial, and find it, as recommended, a first rate stove.

—Tuesday was a bad day for turkeys in this village. The "boys" shot seven in one hour, at sixty rods, and didn't carry any either.

—F. H. Orvis and family, and N. H. Perkins and family have left town for Florida. We hope the Putnam House will be well patronized during the coming months, as it will deserve to be.

FACTORY POINT.

—The Rev. T. H. Archibald, a former pastor of the Baptist church here, has again become associated with it and began his duties two or three Sabbaths ago.

—Our district schools commence their winter session next Monday under the charge of Capt. Geo. H. Sessions and Miss Cornelia Derby.

—Thanksgiving service at the Baptist church on Thursday will be at the usual hour. The Harvest Festival will be held at the Episcopal church on Thanksgiving morning at 10 o'clock. The church will be appropriately dressed for the occasion.

—Mrs. Freeman Sykes has just returned from an extended trip through the West, after an absence of four and a half months. Mr. Sykes accompanied her as far as Illinois after which she made the rest of her journey alone, visiting California and other places in the far West. She returns well and hearty having had an unusually pleasant trip during which nothing whatever happened to mar her comfort or pleasure.

—There will be an entertainment for the benefit of the Episcopal society at Adam's Hall on the evening of Tuesday, Dec. 5th. The Pantomime of the Mistletoe bough will be presented together with a few tableaux and songs. The admission fee at the door will be 15 cts. During the evening all who wish it will be served with ice cream and cake at 15 cts. a dish. The exercises will commence promptly at half past seven.

—The social dances which were inaugurated here last winter, have been revived again to meet once a week at the hall of Thayer's Hotel. The first one met last Tuesday evening.

DORSET.

—Mr. Eastty's readings here were well attended and gave the best of satisfaction. Mrs. Carter also read one or two selections very acceptably.

—Your correspondent, who reported the number of members in our Lodge of Good Templars must have been the victim of a fraudulent count. The number reported to the Grand Lodge was 64 instead of 90, though we hope to have the latter number soon.

BONDVILLE.

—J. E. McNaughton has his new steam mill, near the Green Mountain house, in running order.

—Carrol Williams, who injured a limb severely while loading logs some days since, is recovering.

—Mr. Eliakim Amedon, a well known citizen of this place, died, last Friday, aged about 70 years. He has been in poor health for some time.

—William Stiles had an arm badly broken while drawing potatoes to Manchester Depot, one day last week. The accident was occasioned by the pole slipping through the ring on the neck yoke while going down the mountain. The wagon became unmanageable and was overturned, doing considerable damage besides the personal injury to Mr. Stiles.

—Something happened here last week, which event was foreshadowed in the following extract from a Fort Plain, N. Y. paper. Our best wishes to the happy couple: Mr. Robert C. Wagner, eldest son of Ex-Sheriff Wagner, has departed from our lovely village and taken a trip to Yankee Land. We are gratified to state that our young friend has a very agreeable engagement to meet at Bondville, Vermont. Miss Lou A. Graham, (sister of Prof. F. H. Graham, formerly Principal of Fort Plain Seminary,) is the accomplished bride, and on Wednesday morning the wedding will occur. Rob. is one of our excellent and solid young men and is worthy of all manner of happiness. Mr. & Mrs. W. will arrive in town in a few days and Robert's associates will be likely to extend to them a hearty welcome. We are glad this new treasure is to be added to the Wagner household.

PERU.

—Rev. C. Rockwell recently of Bucklingham, Conn., has removed to Peru and is preaching in the Congregational church there. Mr. Rockwell, who is author of "Foreign Travel and Life at Sea" and of "The Catskill Mountains and the Region Around," has lectured extensively in large towns and cities in New England and elsewhere, and would give lectures in this region on moderate terms.

—Two members were admitted to the Congregational church in Peru, Nov. 19 on confession of faith.

—Remember the Ladies' festival which occurs Tuesday evening, Dec. 5th.

SOUTH LONDONDERRY.

—And this week poor turkey has to suffer.

—Shall we have snow for Thanksgiving?

—The neck-tie festival given last week by the ladies of the M. E. Church, notwithstanding the bad evening was well attended, and the receipts satisfactory.

—We were shown, a few days since a splendid silver mounted harness, of superior workmanship, manufactured by Whitman & Goddard. It goes to Passumsic, Vt.

—Mr. Willard Bemis died last Friday, after a lingering illness. His funeral was largely attended on Saturday at the Baptist church, sermon by Rev. Mr. Kenney of Weston. Mr. Bemis was a union soldier in the war of the late rebellion and suffered a four months imprisonment at Andersonville; was a member of the Baptist church, and a good citizen. He leaves a wife and several children, who have the sympathies of the community.

WOODFORD.

—Colds are prevalent.

—The "Sociable" maniac is coming out.

—If that lyceum is to be organized now is the time to be about it.

—Several citizens have cases pending to be tried in the December term of court. Most people prefer "courting" the old fashioned way.

—"Rev." Reuben Bartlett has culminated his labors as pastor of a church at Wilmington, Del. He was in town the other day and thinks of taking up his government land claim in Kansas, and moving thither.

—Landlord Crawford will give a grand "New Century Ball" on Monday evening January 1st, 1877.

—The fellow who tried to hit a mark and unbeknowingly pulled the trigger on seven empty cartridges says he lives for but one thing—revenge!

—Geo. Wood had a horse step through a bridge the other day breaking a leg necessitating the killing of the animal. If the "town fathers" would execute the functions of their offices as they should such accidents would not happen and the town would not have them to pay for. Reform is necessary, but let us have it on the "town system" first.

—When the Republicans get ready some powder will be "blowed off," you bet! There is a good time coming, boys.

—A cunning wild goose and one lovely duck have been on the lake for two weeks, and probably have been the mark for sportsmen a thousand times, but as yet are unharmed, though it is thought the appearance of both fowls by keeping the water so closely days, that they are wounded in the wing.

—"We" are the correspondent that advertises the jewelry under caption of "Good as Gold," in another column. Any person who orders of us and is not satisfied that they have received three times their money's worth we will gladly refund the amount paid. We offer extra terms to those who wish to sell these goods. They will "take" during the holidays. Order a sample box for only 35 cents, (some city papers put it at $3) and see for yourself what it is.

—In a recent conversation between a republican and a democrat, the latter made the remark that if God was a candidate on the republican ticket he wouldn't vote for him. There isn't a particle of doubt but what he would vote for the devil in his own party. Consistency is a jewel—among some democrats.

—Byron wrote: "How sweet to hear the watch dog's honest bark." From which it is inferred that the immortal bard never attended a midnight "levee" in a farmer's melon patch; neither did the great poet ever live in Woodford where night is made hideous by the canines.

—You know the country has been in a great and terrible suspense for several days just on account of a few votes not being "counted" away down in Florida. Well now the southerners are all aglow with excitement wondering how Woodford has gone! Just think of it, what a shift about! Lest some of the JOURNAL readers do not "see the point" we will say that Aldrich, Woodford's Representation has been splurging at Montpelier, petitioning the Governor, and doing many other unavailable things for Sammy Tilden, by contesting the election of Mr. Sollace, one of the Republican electors, as it is alleged that he was postmaster at Bridport when he was elected. Mr. Aldrich ran the highest on the democratic ticket as one of the electors and he is doing his utmost to gain Mr. Sollaces seat and vote in the electoral college. The whole thing is evidently a "put up job" as it is announced that Mr. Sollace tendered his resignation as postmaster prior to his election. And provided this had not been done, if there is a deficiency among the Republican electors for ineligibility, or any other reason, they are to supply the vacancy without any interference from the democrats.

BERLIN, N. Y.

—Chas. Calkins was married on the 23d inst, at Troy, to Miss Alice, daughter of N. F. Green of Berlin. On the Saturday following Mr. Calkins and lady were visiting Geo. D. Niles, at this village, when a crowd of boys proceeded to "serenade" them, during which Mr. Niles had a glass broken out of his front door, valued at $7.00.

—Garner Rhodes, a well known character in Berlin and vicinity, has been convicted for horse stealing at Peora, Ill.

STATE NEWS.

Another conundrum: A correspondent of the Montpelier *Journal* inquires:—What can be said for the consistency, not to say anything of the honesty, of the members of the legislature, who spent a day in reducing the salaries of those state officers who give their whole time to the service of the state, $1,300 in the aggregate, while they adjourn over days at a time, and are absent days and days without adjournment, at a cost to the state of $1,200 per day for unrendered services?

The Brattleboro *Phœnix*, Bellows Falls *Times*, Ludlow *Gazette*, Windsor *Journal*, Woodstock *Standard*, and Bradford *Opinion* are earnest in their opposition to the scheme of remapping the eastern portion of the state.

At Montpelier, the other night, the judiciary committee were addressed by the Rev. W. W. Atwater of Burlington, and L. L. Durant, Esq., of Montpelier, in favor of the bill making the first offence of liquor-selling punishable with imprisonment.

A Mendon man recently traded horses nine times in one day. At night he found himself the possessor of the same horse he started with in the morning, $45 in money, a twenty five dollar watch a double-barrelled shotgun and four bushels of potatoes—all the result of his series of trades.

Brattleboro has gone republican—there isn't any doubt about it. It gave Hayes 1015 and Tilden 288.

Augustus Hastings, who lived 12 miles from Derby Line, took strychnine and died in great agony, the 6th, on account of disappointment in love.

A great deal of dissatisfaction is expressed in Vergennes on account of the Legislature refusing to make appropriations for new buildings for the Reform School.

James Fisk, Sr., of Brattleboro, has another new invention which he is introducing, a contrivance for holding up the pole of a wagon. It consists of a spiral spring attached to the axletree and connected with the pole. It leaves the pole free to move in any direction, yet it bears no weight upon the neck of the horses.

While some boys in Westfield were firing the cannon the other day it burst, and the pieces flew around considerably. One piece weighing 28 pounds was thrown some 25 rods and went through the side of Mrs. Bedell's house, and through three partitions, and struck at the foot of Mrs. Ball's bed. Nobody hurt.

The Montpelier democrats fired a salute Friday night, and Messrs. A. M. Dickey, H. W. Heaton and Geo. M. Fisk made speeches. The enthusiasm was considerably dampened by the inclemency of the political weather, all feeling that they were still upon the ragged edge of uncertainty.

The majority of the judiciary committee recommend the establishment of the office of attorney general, with a salary of $2,000 and expenses, whose duties shall be to exercise a general supervision over the state prosecutions, to represent the state at the supreme court, to reports from the various state's attorneys, and to report himself to the governor. This officer is to be appointed by the governor.

On the 6th, the jewelry shop of Edmund W. Cochran at Northfield, was broken into and four silver watches, valued at $40, were taken.

William Bickford, of St. Johnsbury Centre, attempted suicide by shooting at himself four times, the 9th. The cause was domestic troubles.

In 1830 there were 55 committals to the Vermont state prison, and in 1876 there were the same number. In 1869, the year of opening the prison there were 24 committals. The smallest number of committals in any year since the opening is that of 1847, when it was only 16.

A most noble, generous act occurred at Waitsfield, a few days since. Captain Henry E. Foster of Derby Line, upon returning from the Centennial, visited Almon Joslyn, overseer of the poor of the town, and requested him to look over the old, musty records of the town, and ascertain how much his mother had been assisted by the town. (He was a small boy at the time,) This sum was found to be one hundred and ten dollars, including her expenses. He immediately paid Mr. Joslyn the full amount, remarking that he had always intended to repay the town for the assistance rendered his mother whenever he was able to do so. The people of the town highly appreciate the principle which led him to perform such a generous act. Captain Foster was a member of the Eighth Vermont volunteers, commanded by Gen. Stephen Thomas, and all his comrades remember him as a veteran soldier and a generous hearted officer.—*Journal.*

Scene on the street at Montpelier. Two little boys going along, looking at a copy of the Argus. First little boy—"What makes the argus have so many picters?" Second ditto—"O, there can't many of the democrats read and he prints the roosters as a sign that they've beat!"

One day recently, John H. Ellerson of Ashland, N. H., was at work for P. F. Mathewton of Lyndon chopping wood, when he slipped from a log and hurt the forefinger on his right hand, which had been made stiff by a felon. After saying a few words, which had not better be reported, he laid the finger on a log and chopped it off with the axe. He picked up the part chopped off and took it to the doctor, saying that "he thought he might wish to use some of that in doing up the rest of the finger." The finger was reamputated by the physician.

Several of the relatives of the late Hiram Bellows, of St. Albans, whose will left large sums for future educational purposes at St. Albans and Fairfax, because they were either but slightly mentioned or were passed over altogether are to contest the validity of the will. They say, moreover, that State Senator Edward S. Soules, the executor, who is the husband of Mr. Bellows's adopted daughter, returns the property as only about $300,000, while it can be proved to be nearly double that sum, and that he is trying to get a bill through the legislature for his individual benefit as executor of this estate.

Though we hear less of it now than formerly, the temperance movement in this State has by no means died out. We hear almost daily of the formation of reform clubs, and the older ones hold their number well—much better than expected even the rigors of a Presidential election failing to decimate their ranks. Altogether the outlook is a very favorable one.

The past three months 860 car loads of hogs have passed over the Central road, making about 62,000 hogs that went over the road during the months of August, September and October.

It is said that 90,000 people have been to the Centennial from Vermont. If it costs them $35 each the entire outlay would be $3,150,000. Of course these figures are not accurate, but they give some idea of the vast sum expended by Centennial visitors.

Messrs. A. W. Gray & Sons of Middletown shipped a lot of their threshing machines to Chili, last week; and will ship a lot to Germany ere long. Those shipped to Chili were sent to parties who had made a careful examination of all the machines on exhibition at Philadelphia, and gave the preference to those manufactured by the Messrs. Gray, which they considered superior to anything on exhibition in that line.

The Vermont Wool Growers' Association have purchased from the flocks of Mr. S. G. Holyoke, and Messrs. Sanford and Edward Brigham of St. Albans, two fine specimens of Vermont sheep, to be presented to the wool growers' association of New South Wales, through their representative, an attendant at the Centennial.

Adams Kellogg, formerly of Vermont, but now a resident of Madison parish, Louisiana, was awarded the prize for the best bale of cotton at the Centennial.

THE FAMILY PROVIDED with GLENN'S SULPHUR SOAP need have no fear, if it is used freely, of Salt Rheum, Scald Head, Ring Worm, Itch or any other of those annoying and disfiguring eruptions, which children are so apt to contract at school.

Cut this out—it may Save Your Life.

There is no person living but what suffers more or less with Lung Disease, Coughs, Colds or Consumption, yet some would die rather than pay 75 cents for a bottle of medicine that would cure them. Dr. A. Boschee's German Syrup has lately been introduced in this country from Germany, and its wonderous cures astonishes every one that try it. If you doubt what we say in print, cut this out and take it to your druggist, Wait & Hard or V. Grover, and get a sample bottle for 10 cents and try it, or a regular size for 75 cents.

"DOWN IN THE MOUTH."

Where there is a continual dropping down into the back of the mouth, with irritation and inflammation of the nasal cavities and throat, with hawking, spitting, and a sense of fulness about the head, be not deceived or fancy it is a simple cold. You are afflicted with that scourge of this climate, Catarrh, the forerunner of Consumption. In its early stages a few bottles of Dr. Sage's Catarrh Remedy will effect an entire cure. When confirmed, Dr. Pierce's Golden Medical Discovery should be used in connection with the Remedy. These standard medicines have been before the public many years, and their use has been attended with the most gratifying success. A full discussion of Catarrh and its rational treatment is contained in "The People's Common Sense Medical Adviser," a book of over nine hundred pages, illustrated with two hundred and eighty-two engravings, bound in cloth and gilt, price, post-paid, $1.50. Address, Publishing Department, World's Dispensary, Buffalo, N. Y.

Littleton, N. H., Nov. 10, 1870.
Messrs. S. W. Fowle & Sons:
For many years I was afflicted with Chronic Bronchitis and hoarseness to such an extent as at times to be unable to speak audibly, attended with severe canker and soreness of the mouth and throat. I made use of a great many remedies, and from none of them did I obtain relief but the disease rather increased than diminished. Upon the recommendation of a lady in this place, who had been similarly afflicted, and cured by the use of DR. WISTAR'S BALSAM OF WILD CHERRY, I procured of your agent, Mr. Hodgman, a bottle of the BALSAM, and was soon convinced that I had secured in it the means of relief and cure from the burdensome troubles to which I had been so long subjected. I am now almost entirely free from any difficulty of a pulmonary nature and only need a slight dose of the BALSAM to restore me whenever any troublesome symtoms occur; and in such cases it always acts like a charm.
LEVI F. RANLET.

HOLLOWAY'S PILLS AND OINTMENT.—SCURVY AND Diseases of the Skin—Fever, restless sleep, foul stomach, tainted breath, languor, depression of spirits, always attendant on the worst cases of cutaneous eruptions, are speedily and radically removed by these medicines—the ointment cleanses the skin, and the Pills purify the blood, stimulate the liver, and promote digestion. 25 cents per box or pot.

Fine and elegant portraits of either of the Presidential Candidates sent to any address for only 10c. each, two for 15c. Address S. MURRAY, Woodford, Vt.

TO CONSUMPTIVES.
The advertiser, an old physician, retired from active practice, having had placed in his hands by an East India Missionary the formula of a simple Vegetable Remedy, for the speedy and permanent Cure of Consumption, Bronchetis, Catarrh, Asthma, and all Throat and Lung Affections, also a Positive and Radical Cure for Nervous Debility and all Nervous Complaints, after having thoroughly tested its wonderful curative powers in thousands of cases, feels it his duty to make it known to his suffering fellows. Actuated by this motive, and a conscientious desire to relieve human suffering, he will send (free of charge), to all who desire it, this recipe, with full directions for preparing and successfully using. Sent by return mail by addressing
Dr. W. C. STEVENS,

This company issues all the ordinary forms of Life and Endowment Policies, on the Mutual and also on the Stock or Non-participating Plan, and in addition originated and first introduced the
SAVINGS ENDOWMENT PLAN,
the best and most popular system of Insurance yet devised. AT LIFE RATES the full amount of the policy is payable at death, or DURING LIFE, whenever the accumulations equal the sum insured; a good investment for those who live long as well as those who die early.

Ayers' Sarsaparilla,
FOR PURIFYING THE BLOOD.
This compound of the vegetable alteratives, Sarsaparilla, Dock, Stillingia and Mandrake with the Iodides of Potassium and Iron, makes a most effectual cure of a series of complaints which are very prevalent and afflicting. It purifies the blood, purges out the lurking humors in the system that undermine health and settle into troublesome disorders. Eruptions on the skin are the appearance on the surface of humors that should be expelled from the blood. Internal derangements are the determination of these same humors to some internal organ, or organs, whose action they derange, and whose substance they disease and destroy. Ayer's Sarsaparilla expels these humors from the blood. When they are gone the disorders they produce disappear, such as ulceration of the liver, stomach, kidneys, lungs, eruptions and eruptive diseases of the skin, St. Anthony's Fire, rose or erysipelas, pimples, pustules, blotches, boils tumors, tetter and salt rheum, scald head, ringworm, ulcers and sores, rheumatism, neuralgia, pain in the bones, side and head, female weakness, sterility, leucborrhœa arising from internal ulceration and uterine disease, dropsy, dyspepsia, emaciation and general debility. With their departure health returns.
