By Mrs. PERCY B. SHELLEY,

Widow of Percy B. Shelley, the Poet, and Author of "Frankenstein," etc., etc.

"But if for me thou dost forsake
Some other maid, and rudely break
Her worshiped image from its base,
To give to me the ruined place—

"Then fare thee well—I'd rather make
My bower upon some icy lake,
When thawing suns begin to shine,
Than trust to love so false as thine!"

NEW SKIRT FOR 1865.
A NEW AND GREAT INVENTION IN
HOOP SKIRTS.
THE DUPLEX ELLIPTIC (OR DOUBLE) STEEL SPRING.
WESTS, BRADLEY & CAREY,
Successors to J. I. & J. O. WEST,
NO. 97 CHAMBERS-ST., NEW-YORK,
are the owners of the Patent and Exclusive Manufacturers of this

J. W. BRADLEY'S
PATENTED "DUPLEX ELLIPTIC" STEEL SPRING SKIRT.

This invention consists of Duplex (or two) Elliptic Steel Springs ingeniously braided tightly and firmly together, edge to edge, making the toughest, most elastic, flexible and durable Spring ever used, enabling the wearer in consequence of its great elasticity and flexibleness to place and fold the skirt when in use as easily and with the same convenience as a silk or muslin dress. It entirely obviates and silences the only objections to Hoop Skirts, viz: the annoyance to the wearer as well as the public, especially in crowded assemblies, carriages, rail-road cars, church pews, or in any crowded place from the difficulty of compressing them and occupying a small space; this entirely removes the difficulty, while giving the skirt the usual full and symmetrical form, and is the lightest and most stylish and graceful appearance for the street, opera promenade or house dress. A lady having enjoyed the pleasure, comfort and great convenience of wearing the Duplex Elliptic Spring Skirt for a single day, will never afterward willingly dispense with the use of them. They are the best quality in every part, by far the lightest, most durable, comfortable and economical Skirt made. Merchants will be supplied as above, and ladies at most first-class retail stores in this city and throughout the different states.
