—The "week of prayer" is observed in this village by prayer meetings every afternoon or evening.

—The Congregational church have re-elected Rev. A. C. Reed superintendent of the Sabbath school.

—It is rather amusing to see pedestrians carefully go along the street looking for a good place to sit down.

—Mrs. J. Clifford Clark of Glens Falls, N. Y., is visiting friends in this place. She will return to her home next Monday.

Smith and John Williams, Prudential Committee; C. F. Swett, Chief Engineer; G. H. Swift, 1st Asst.; H. Eggleston, 2nd Asst. About $16 of the tax remains uncollected which, if collected and applied to the debt, will leave a balance of $86 against the district.

—The annual meeting of the Congregational Society was held on Monday. S. G. Cone was elected Moderator, L. D. Coy Clerk, W. B. Burton Treasurer and Collector, L. H. Hemenway, G. G. Burton and M. H. Wooster Committee. The receipts the past year have paid the current expenses with a small balance in the treasury. The debt on the parsonage has been reduced by the Sunday collections one hundred and fifty dollars. Some repairs on the church are needed and another meeting will be called in the spring to instruct the committee in regard to the matter.

All members of the company are requested to be in attendance.

—Wednesday evening of last week proved to be very stormy but nearly two hundred assembled at Music Hall to witness Little Red Riding Hood. The principal character was well taken by Miss Susie Burr. She has a good voice, well adapted to the part and her acting was very fine. Miss Stella Burgess as mamma performed her part splendidly. Miss May Wilson performed the part of Buttercup very prettily, and Misses Etta Davis, Hattie Bridges, Della Smith and Hattie Walker and Mr. Borritt did exceedingly well in their several parts. The chorus of Misses showed careful drill. A great many people who were kept away by the storm have expressed a desire that it be repeated and there is some prospect that it will be at some future time. The vocal and instrumental music which preceded the operetta was well performed and Union Band added not a little to the pleasure of the audience so that, on the whole, it was one of the best entertainments ever given in the hall.

—Thomas Lugene, aged 19, son of Joseph Lugene, died of typhoid fever to-day, Wednesday. He was a young man of good character, a universal favorite and his untimely death casts a gloom over the entire community. He was a member of Union Band.

—Mr. and Mrs. Chas. Rowe, who returned from their bridal tour to spend a few days at Mrs. Rowe's home before taking their final departure, have gone to Middlebury to make a new home for themselves, but leave many warm friends behind them who wish them much joy and prosperity in their new relations.

—The following cross-word enigma is for the lady readers of the JOURNAL to solve:

My first is in birch, but not in ash;
My second is in money, but not in cash;
My third is in horses, but not in man;
My fourth is in ocean, but not in land;
My fifth is in happy, but not in sorrow;
My sixth is in lend, but not in borrow;
My seventh is in rain, but not in snow;
My whole is a preacher you ought to know.

POST SKINNER, No. 24, G. A. R.
January 7, 1880.

The members of this Post take pleasure in returning to those ladies and citizens who so kindly remembered us by the New Year's gift of a splendid Bible, their most sincere and heartfelt thanks and hope in the future, as in the past, both as soldiers and as citizens to merit the kindly feelings that have prompted them to bestow a gift so acceptable and so valuable.

—We are having a singular winter for this part of Vermont. In the space of 48 hours we have from beautiful, pleasant sunshine to 17 degrees below zero, snow almost a hurricane, rain and slop. At this writing it is raining hard and the prospect is fair to loose what little snow we have.

—Mr. and Mrs. Hiram Goddard of LaCrosse, Wisconsin, are visiting friends in town. Mrs. Goddard is sister to H. H. Harlow. Mrs. Goddard's mother, widow of the late Henry Harlow, will go West with her daughter on her return to Wisconsin. They start this week Thursday. Mrs. Harlow will be sadly missed by the many friends she leaves in this and adjoining towns.

A Medical Mistake Corrected.

The old idea that dangerous pulmonary diseases could not be cured by medicine has been forever silenced by the operation of N. G. White's Pulmonary Elixir, in the most discouraging cases of chronic cough. The Elixir triumphs when all other medicines fail, arresting in a few days the most violent cold or cough, relieving difficulty of breathing, and fully restoring the feeble and emaciated sufferer. 341m

Not a Beverage.

"They are not a beverage, but a medicine, with curative properties of the highest degree, containing no poor whiskey or poisonous drugs. They do not tear down an already debilitated system, but build it up. One bottle contains more hops, that is, more real hop strength, than a barrel of ordinary beer. Every druggist in Rochester sells them, and the physicians prescribe them."—*Evening Express* on Hop Bitters.

Dr. N. G. White's Pulmonary Elixir

Is warranted to relieve the Croup in thirty minutes: To relieve a common cold immediately: To relieve asthma at once: To cure all coughs before ulceration: To cure sore throat: To cure hoarseness of singers or speakers: To always loosen a cough: To cause the patient raise freely: To always produce rest at night: To give satisfaction to all who use it. 301m

A Mother Writes:

When children begin to cough at night I give a dose of White's Elixir, one or two doses always stops the cough, and the child sleeps well. Nothing is so wearing on small children as incessant coughing during the night, as my children always do when they have colds, if by any means I happen to be without White's Elixir. It might truly be called the Elixir of life to all who are subject to coughs and colds. 20 3m

HONOR FROM EUROPE. It is conceded on all sides that Dr. Ayer's Pills are above comparison with other medicines. Uniting the best elements known to the chemist, they are particularly effective against the numerous stomachic disorders for which they are recommended as a cure. These pills are so mild, yet searching, that they are prescribed by doctors who otherwise do not favor patent medicines. Indeed, with the fruits of Dr. Ayer's genius in the shape of Pills, Sarsaparilla, Ague Cure, and Cherry Pectoral, one might with impunity travel through the swamps of tropical America, or follow Stanley on his travels through the interior of Africa.—*Amsterdam Nieuwes van den Dag.*

Nothing is uglier than a crooked boot or shoe; straighten them with Lyon's Heel Stiffeners.

St. NICHOLAS,

Scribner's Illustrated Magazine

For Girls and Boys.

JOHN GREENLEAF WHITTIER writes of ST NICHOLAS "It is little to say of this magazine that it is the best child's periodical in the world." That it is calculated to delight the little folks everywhere is indicated by the fact that it is to be issued in French by Delagrave of Paris, and that even the far-away little Moslems are now to have a volume made up of translations from ST. NICHOLAS into Arabic.

Beginning with the November number, this monthly magazine for children is printed on heavier paper with wider margins, and is so much enlarged that each number contains eighty or more pages, with stories, poems, illustrated articles of travel and description, pictures, rhymes, jingles, etc., pages of large type for the very little ones, and a middle box for the amusement of the whole family. For the coming year the publishers announce many brilliant novelties, including

A NEW SERIAL BY MISS LOUISE ALCOTT,

entitled "Jack and Jill." It is written in this favorite author's best vein, and will begin in the Christmas (December) issue. There will be a series of Open-Air Papers, by various authors, devoted to descriptions of outdoor life and incidents in many lands, and a new department, "The Treasure Box of English Literature," in which will be given gems from standard authors.

A NEW SERIAL STORY FOR BOYS,

"AMONG THE LAKES," by the author of "Dab Kinzer," began in the November Number.

Another splendid serial for boys has been secured for this volume—"The Fairport Nine," a story of a base ball club, by NOAH BROOKS.

THE WONDERFUL

CHRISTMAS NUMBER

(Ready Dec. 1st) is the largest and most beautiful issue of any magazine for girls and boys ever published, containing over one hundred pages and ninety-five pictures. Among other attractions, it will contain

TWELVE SHORT STORIES

BY J. L. TROWBRIDGE, WASHINGTON GLADEN, J. W. DEFOREST, MAURICE THOMPSON, SARAH WINTER KELLOGG, and others.

JOHN GREENLEAF WHITTIER

contributes a long poem, while LUCY LARCOM and MARY MAPES DODGE are also represented in verse

A CHRISTMAS PLAY FOR FESTIVALS,

by EDWARD EGGLESTON, an illustrated art paper THORVALDSEN, and an account, with twelve pictures, of the life and doings of New York Telegraph Boys.

GUSTAVE DORÉ, KNAUS, MARY HALLOCK FOOTE, KELLY, DIELMAN, BENSELL, SHEPPARD, EYTINGE, JESSIE CURTIS and ADDIE LEDYARD

are among the the artists whose labor has helped to make beautiful this number of

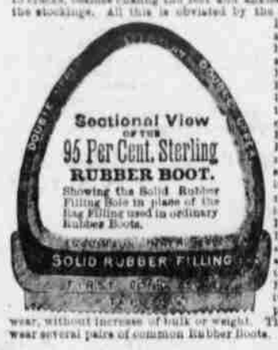
Manchester Depot, Vt., January, 5th, 1880. BURR & MANLEY.

NINETY-FIVE PER CENT. STERLING RUBBER BOOT.

Made to supply the popular demand for an All-Rubber Boot, and as pure as can be made. Upper and leg double thickness of Rubber, the fibre or grain of which is crossed at right angles, whereby separation of the fibres or "cracking" is made impossible. Ordinary Rubber Boots invariably wrinkle, leading to cracks, besides chafing the foot and ankles, and wearing out the stockings. All this is obviated by the Double Upper and Leg. The bottoms are of Solid Rubber, half inch thick, and not filled with Rags, like common Rubber Boots. In the cut below, the black part marked "Solid Rubber Filling," in ordinary Rubber Boots is made of ground-up scraps of cloth, and is neither durable nor water-proof; but in the "Ninety-Five Per Cent. Sterling Boot," when the top sole and long sole are worn through, a third sole—all solid Rubber—presents itself, and gives 100 per cent. additional wear, without increase of bulk or weight. These soles will outwear several pairs of common Rubber Boots.



Warranted Three Months,

and that there may be no question as to the time, the patent binding, as seen in cut, provides a space for every day, month and year, so that the retail dealer when making a sale, can punch out the date thereof, and the Boots will in themselves bear permanent record of that date. (See warrant in large circular.) Every Boot bears the warrant in Rubber letters on the leg.

Although seemingly high priced, are more economical than a Boot of less cost, and with proper care will render good service from Fall until Spring.
