The subscription is so nearly completed that it is intended to close the same on or before the 15th of February.

Subscription, $750,000, of which $600,000 purchases the land, to wit: 62,860 ACRES. The remaining $150,000 is the permanent cash working-capital of the Company.

Capital Stock, $6,000,000; Par Value of Shares, $100. Subscribers to this purchase will receive Eight Shares of Stock for each One Hundred Dollars subscribed. Lands located on the Little Kanawha and Elk Rivers, in the Counties of Gilmer and Braxton, in the very heart of the oil region of West Virginia.

Professor Richardson reports: "Your property is the very center of the West Virginia Oil Regions. It has numerous oil and gas springs along the banks of its streams, one of which vies with the famous "Burning Spring" Well."

Professor Shepherd of New-Haven, Conn., reports: "I consider it eminently oil-producing land. The oil-bearing shales underlie it extensively, and the long lines of carbureted-hydrogen or illuminating gas springs, some of which I saw burning, as well as the appearance of oil itself on the surface of the tract, fully confirm me in this belief.

There can be no doubt that along your creeks and tributaries there is a large extent of valuable oil-producing territory. The prodigious amount of bituminous and cannel coal, iron-ore, lime-stone and fire-clays embodied in the high hills on your property, the tops and slopes of which are covered with an extraordinary growth of white oak and other heavy timbers, add immensely to its value."

These views are fully indorsed by the reports of the most practical and experienced men from the Oil districts of both Pennsylvania and Virginia.

The Company consider themselves fortunate in having secured the services of Mr. Blackwell, a practical Civil Engineer, for the general Superintendency, so well known as the late Chief Engineer and Superintendent of the "Commissioners of Washington Heights," New-York City.

Arrangements are in rapid progress for the immediate development of the property, on a scale commensurate with its value and extent.

Subscriptions payable at the time of subscribing, or one-half in cash and the balance in thirty days from the time of closing of the subscription, can be made in person, or by letter, at the offices of the undersigned, No. 61 Cedar-st., New-York, L. This Company is organized under the laws of the State of New-York. The principal office is No. 71 Broadway, with branch offices in Philadelphia and Baltimore, for the convenience of subscribers, where the certificates of stock will be issued to subscribers as soon as scrip-books are ready, without delay. The property has been selected with great care during the last three years by those of the directors who have been constantly operating on Oil Creek, and throughout the entire oil region of Pennsylvania, as well as Western Virginia, and was not selected in haste, but for the ostensible purpose of development and producing oil, having now some ten wells under contract, and being bored with vigor. Every acre of the Company's property is bottom, and the best of boring land, much of it on Oil Creek, Cherry Run, Cherry Tree Creek, Walnut Bend, Alleghany River, and other streams where the lands are being developed with good success.

The great advantage that this Company possesses over many is that all its magnificent Oil Territory has a water front, being situated on the famous Oil Creek and the Alleghany River. The Coal Lands of the Company are also of the greatest importance, as many works are now idle for the want of fuel, and which will yield large revenues. The Company is now vigorously prosecuting its work, and the very extensive Working Capital of $150,000 is alone a sufficient guarantee that large and regular monthly dividends may be expected at an early day, which will cause the Stock to rapidly rise in value.

MR. EDITOR—I have a question to ask the public through your paper. How can the Government of the United States say that it is doing justice to the Black man, when it will not allow him the right to vote, except he be the owner of Two Hundred and Fifty Dollars worth of Real Estate; and any Black man who is not worth that much, cannot be a citizen? Then how under the sun can he be drafted and sent to war, unless he has the rights of citizenship? If Davis will do as he has promised to do for the Black men of the South, they will fight for him like heroes. And who can blame those men for fighting, and who will be to blame, if Jeff. should gain his independence and the Union be forever dissolved?
