THEATRE.—Mr. McDonough and Miss Letta enter upon the second week of their engagement to-morrow. If it prove as successful as the first, they will have cause to be highly elated with Nashville. Crowded houses have greeted them at every performance. The "Seven Sisters" will be repeated again. The public does not grow weary of this magnificent spectacle, but seems to grow more partial with each repetition.

Condition of Southern Widows.

To the Editor of the Richmond Sentinel:

Will you publish, through your columns, the wail of the widow and orphan? Surely, when their cry comes up before our countrymen, their grievances will be redressed. I belong to the class of widows who have invested their little property in stocks before the war. My income is $1,200; my tax $1,264. I am old; to dig, I cannot; to beg, I am ashamed; yet I must live out my allotted days. I have to board at an enormous price; I must be clothed; and with what? Will our legislators, who make our laws, depriving us of every means of subsistence, yet sit and vote themselves additional pay? Enlighten us upon this vital subject? A WIDOW.

NEW THEATRE.—Mr C. W. Couldock and his accomplished daughter make their first appearance at the New Theatre to-morrow evening. The entertainments begin with the drama entitled "The Willow Copse," and closes with the farce of "The Limerick Boy." Mr. Couldock appears as Luke Fielding; Miss Couldock as Rose.

The Webb Sisters closed last night a three weeks' engagement, which was very successful, with the new sensation drama of "Waiting for the Verdict." The piece was played three nights to overflowing houses. This was the first opportunity our theatre-going people have had of seeing it on the boards here, and we regret that it could not be played longer. We would like to speak at length of the many prime features of the piece, and of those who have so creditably acquitted themselves in their respective roles, but space will not permit. Its introduction is an evidence of good judgment on the part of the Manager. Its popularity can be determined by the unparalleled success which it met in other cities, being run as many as fifty or a hundred nights successively. The plot is well laid, and the interest never flags from the opening of the piece to its close. There is, in a word, fine literary talent exhibited in the getting of it up. Mr. Leffingwell, as Jasper Roseblade, the victim of the wily and scheming James Handle, personated in an unexceptionable manner by Mr. Cook, renders the character very interesting by his original conception and acting. In Mr. Roys, as Jonathan Roseblade, the father of Jasper, there is much to commend. The exhibition of parental feeling, that warmth of affection towards his son in the many trying positions in which he is placed, works like magic upon the feelings of the audience. Miss Emma Webb, the wife of Jasper Roseblade, was well up to the high standard she has established for herself as an actress. In the many trying scenes and sad misfortunes that beset her little family, there is a grand and noble heroism exhibited of which we cannot well give the reader an idea. It is a piece of genuine acting.

In passing through the piece, Mr. Ed Wight, the veritable, rollicking, vivacious Ed., as Blinkey Brown, with the pretty Miss Ada Webb in the character of Sarah Sawyer, lent an occasional gleam of sunshine to the dark sides of the picture, and applause succeeded applause as his sparkling wit rang out clear and shrill through the building. It is to be hoped that we will have the pleasure of witnessing "Waiting for the Verdict" again before the present season closes.

An English officer, who has recently been going about in this country, writes as follows:

"I have traveled upward of three thousand miles in the Federal States, and saw very little to remind me that the country was involved in war, and certainly nothing indicative of suffering or exhaustion. I saw the return of some one hundred days regiments, a force most admirably planned for spending money uselessly, enriching clothiers, and unsettling young men. They are very unfavorably regarded by the regular army at the front. I have come to the conclusion that the resources of the Federals, both as regards men and money, are practically inexhaustible.

Monetary and Commercial.

DAILY UNION OFFICE, Nashville, Jan. 14th, P. M.

The river has been in fine boating condition all the week, and is at present very high, there being about 20 feet water on Harpeth Shoals. Steamboats have been arriving daily, mostly in the service of the government. A number, however, were loaded with private freight, and heavy additions have been made to the stock of groceries and provisions.

Trade during the week has been rather dull, and merchants are complaining. Buyers from the country have begun to come in, and we confidently expect a change for the better at an early day.

Brokers are paying $1,20 for gold and selling at $1,25. But little demand.

No change in Tennessee money or exchange.

There have been changes, though few, in provisions and groceries. Prices still rule so high purchasers touch lightly; but they are not higher, except on several articles, than the restrictions and taxes upon commerce render necessary.

No. 64 NORTH CHERRY Street.

FOR SPECIAL DISEASES

GRATEFUL FOR THE LIBERAL PATRONAGE HE HAS RECEIVED Dr. COLEMAN respectfully informs the citizens and soldiers that he may still be found at his old Dispensary, 64 NORTH CHERRY STREET, where the afflicted may always find him engaged with the same zeal, assiduity, secrecy and attention to their misfortunes, which has so successfully distinguished him as a Physician in his special department of professional practice.

Dr. COLEMAN graduated at the University of Penn., at Philadelphia, in 1846. Since that time he has given his entire and undivided attention to his profession. All Chronic and Acute Diseases, Scrofula, Spinal Affections, Gravel, Hydrocele, Congenital and Accidental Phymosis, Strictures, Diseases of the Kidneys, Bladder, and Prostrate Gland, Mercurial Affections, Eruptions of the Face, Camp Itch, and all diseases of the skin, &c., meet with no resistance to his remedies.

PRIVATE OR VENEREAL DISEASES

Of all forms and stages speedily cured and effectually eradicated from the system. Recent cases cured in a few days.

It would appear needless here to add the importance of "nipping the evil in its bud," but, a hint to the wise may be sufficient, not only to save themselves from misery but to shield their offspring from shame and ruin.

How often is it the case we see gentlemen drench themselves with advertised nostrums. After much loss in pocket and health they are finally forced to apply to some skillful Physician to be cured, for alone can these diseases be cured properly and effectually when the habits and constitutional idiosyncrasies are known to the doctor who prescribes. Otherwise it is a leap in the dark to expect a permanent cure.

Dr. C's office is well arranged, and persons afflicted with these diseases can have the strictest privacy.

Send For a Circular. Post Office Box 502.

Persons at a distance can address him by letter, describing the most prominent symptoms, but in all difficult cases, a personal examination will be necessary.

OPINIONS OF THE PRESS.

One of the most successful physicians in Nashville is Dr. Coleman, whose office is on Cherry street, between Deaderick and Cedar. The foundation of his success is his extensive attainments, his experience, and the practical good sense which enables him to take advantage of his acquirements for the benefit of his patients. And, withal, he is an affable and accomplished gentleman.—*Union.*

To all of the above we most cordially subscribe.—*Gazette.*

The Local of the Press endorses all of the above with the classical remark that Dr. Coleman "is all right," and will do to tie to.—*Press.*

UNIVERSAL SUCCESS OF

DOCTOR McGILL,

BOTANIC PHYSICIAN,

IN THE TREATMENT OF DISEASES, HE CROWNING HIM WITH SUCCESS IN OTHER STATES, AS IT IS IN NASHVILLE, TENNESSEE.

For further information in regard to the skillful success in the treatment of diseases, the reader is referred to STILLE'S THERAPEUTICS AND MATERIA MEDICA, two large volumes, late edition of 1860, the best work in the United States, where you will find Dr. McGill's name standing parallel with the best medical men of the age in the treatment of diseases of women. For all diseases is this advertisement, satisfaction is guaranteed. With my general practice I treat the following

Chronic Cases

with satisfaction: Rheumatism, Affections of the Lungs; Diseases of the Throat, Swelled Joints, Stiff Limbs, Pleurisy, Pains, Ulcers, Cancer, Gravel, Diseases of the Heart and Liver, Inflammation of the Stomach, Neuralgia, King's Evil or Scrofula, Deafness, Diseases of the Eyes, Debilitated Systems, Dyspepsia or Indigestion, and Consumption, together with all Private Diseases and Diseases of the Urinary Organs.

To the Ladies.

All Affections of the Womb treated with success. Those Married Ladies who have been so unfortunate as to miscarry or prove abortive, can be cured to their full time if found pregnant, by giving me a call.

Sterility.

Young Married Ladies whose misfortune it has been not to bring forth in due season, remember God has said you should multiply and replenish. If this is your desire you can consult me either by letter or in person. No lady over thirty-five years of age need make application. All communications by letter or person strictly confidential.

Night Emissions Cured.

Young Man, stop before you further go. Of all diseases subject to Man, there is no disease so hard to cure as Night Emissions, and physicians are scarce that understand treating it; and to you I can say that I have cured dozens in this city, as well as in different States, who have spent dollar after dollar, and are now well cured by me. I am daily receiving letters and sending medicine to all parts of the country. In a word, all that are diseased in any way, and will give me a call, I will give satisfaction for all of the diseases mentioned in this advertisement. The best of references given in this city.

All letters directed to

Important Intelligence Looked For.

NEW YORK, Jan. 14.—The Boston Traveller of yesterday says the recent news from Georgia, the movements of Sherman toward Charleston, and the fact that another expedition is on its way to Wilmington, have capsized the calculations of the gold speculators.

WASHINGTON, Jan. 14.—The Richmond Dispatch of the 12th says it is reported that Mr. Blair, the Yankee peace commissioner, arrived here to-day, and had an interview with the President and Secretary of War. He has not, we are assured, come to the city, and it is not true that the Secretary of War has sent him a pass to visit Richmond; but we do not doubt that he is in Grant's camp. We have never yet seen any evidence going to show that he designed coming to this city.

A correspondent of the Richmond Enquirer, in speaking of the furloughing of a new regiment of Georgia militia, says Gov. Brown remarked that they could go home now, but would remain subject to another call when the State required their services, which he hoped would not be soon. All delinquents are to be tried by a military court martial, which is to sit in Macon, and if found guilty, the pains and penalties of of desertion will be visited upon them.

In the Confederate House of Representatives, on Wednesday, Miles, of South Carolina, introduced the following resolutions, which were ordered to be printed:

Resolved, That under the Constitution, Congress alone has the right to declare War, and the President by and with the advice and consent of the Senate to make a treaty of peace.

Resolved, That all attempts to make peace with the U. S. by action on intervention of separate States, comprising the Confederacy, are unauthorized in contravention of the supreme law of the land, and therefore revolutionary.

NEW YORK, Jan. 14.—The Commercial Advertiser says it is assured by a gentleman from Savannah, that several Union conventions were being held in Georgia when he left there.

WASHINGTON, Jan. 14.—The Alexandria Journal says Mrs. Foote was taken into custody by our authorities, on their learning that she arrived in the vicinity of Dumfries. Nothing is said about her husband.

NEW YORK, Jan. 14.—The Post says three army correspondents have escaped from the rebels and arrived at Nashville. It names A. D. Richardson as one of them. Mr. R. telegraphed the Tribune from Knoxville.

The Norfolk Old Dominion says the expedition up the Savannah river destroyed ten miles of the S. C. and Columbia Railroad.

A company of the S. C. militia was captured by Foster's troops near Hardeville. They had been two weeks in service, and did not like war.

NEW YORK, Jan. 14.—The following is the letter of instruction from Gen. Grant to Butler, which is appended to Butler's report of the expedition:

HEADQUARTERS ARMY OF THE U. S., CITY POINT, Dec. 16 1864.

To Major General Butler, Commanding Army of the James—GEN:—The first object of the expedition under Gen. Weitzel, is to close to the enemy, the port of Wilmington. If successful in this the second will be the capture of Wilmington itself. There are reasonable grounds to hope for success if advantage can be taken of the absence of a great part of the enemies forces, now looking after Sherman in Georgia. Directions have been given for numbers and equipment of the expedition are all right except in unimportant ones of where they embark and the amount of entrenching tools to be taken. The object of the expedition will be gained by effecting a landing on the main land between Cape Fear river and the Atlantic, north of the north entrance to the river. Should such a landing be effected, whether the enemy hold Fort Fisher or the batteries guarding the entrance to the river. These troops should entrench themselves, and be cooperating with the navy, effect the reduction and capture of these places.

These in our hands, the navy could enter the harbor and port of Wilmington, and it would be sealed should Fort Fisher and the point of land on which it is built fall in our hands. Immediately on landing it will be worth the attempt to capture Wilmington by a forced march and surprise. If time is consumed in gaining the first object of the expedition, the second will become a matter of after consideration.

Details for execution are trusted to your officers immediately in command of troops. Should the troops under Gen. Weitzel fail to effect a landing at or near Fort Fisher they will be recalled to the army operating against Richmond without delay.

U. S. GRANT, Lt.-Gen.

CAIRO, Jan. 14.—The steamer Marble City from New Orleans on the 7th, has arrived. The steamship Creole left for New York on the 6th; broke her machinery 60 miles below here and was obliged to return. The passengers and mail, were transfered to the Morning Star, which would leave on the evening of the 7th.

Gen. Canby has issued an order directing naval commanders to seize all private boats found landing or engaging in unlawful trade with the enemy, at points not under military or naval supervision. He also says no permits will be given for transporting produce to insurrectionary districts, except to and from places in actual possession of our forces. All products found moving in violation of this law will be seized and turned over to the purchasing agent in the district where found. Persons owning or controlling products of insurrectionary districts are permitted to come within our lines for the purpose of disposing of their products, under the act of Congress, and passes will be granted insuring their protection, unless forfeited by bad faith or misconduct while in our lines.

Six hundred rebel prisoners captured by Grierson arrived at Memphis on the 11th.

The rebel Governor Harris is on a visit to Forrest at Paris, Tenn.

The steamer Silver Moon passed up for Cincinnati with five hundred and sixty-eight bales of cotton.

ST. LOUIS, Jan. 14.—Gov. Fletcher issued a proclamation to-day, declaring Missouri a free State, in accordance with the emancipation ordinance passed by the State Convention. Hundreds of business houses and private residences were brilliantly illuminated to-night, bands playing, fire works exploding and thousands upon thousands of enthusiastic citizens thronging the streets to witness the grand spectacle.

The expedition sent from Cape Girardeau to Cherokee Bay, Ark., under Lieut. Raine, a few days since, killed 19 guerrillas, captured a number of prisoners and 50 horses.

The Columbus (Miss.) Republican says: Miss Bell, daughter of Hon. John Bell, and Miss Woods, of Nashville, arrived here yesterday. During the middle of December they went from Nashville to Columbia, waited at the latter place until Gen. Hood captured it, and then came South. They left here yesterday en route for Tuscaloosa.

DR. COLEMAN'S

Private Dispensary.

While humanity continues to be infirm and man is prone to err, and the consequences are visited upon the unfortunate, he should early seek relief from the misery thus entailed. And the man who devotes his time and talent to the relief of this species of human suffering is not less a Philanthropist than he who seeks to relieve any other affliction to which man is subject; for true philanthropy looks not to what caused the trouble, but what will cure it. Dr. Coleman has devoted a large portion of his time to the cure of the class of diseases mentioned in his advertisement in to-day's paper. He has duly qualified himself by study and experience to perform what he promises. He has been located in our midst for several years, and the testimonials of the press which he has quoted in his card, are a guarantee to the afflicted for his skill and attainments.

DR. A. RICHARD JONES'

DISPENSARY FOR PRIVATE DISEASES,

AFTER TREATMENT. BEFORE TREATMENT.

NO. 23 DEADERICK STREET.

HAVING FOR SEVERAL YEARS PAST NOTICED THE BARBAROUS MODE OF TREATMENT for PRIVATE DISEASES, by the use of caustic applications and caustic injections, with painful operations, etc., was aroused to the presumption that these diseases might be cured by some more pleasant and reliable remedies, as by the

Old Course of Treatment

Physicians are constantly annoyed by patients returning with secondary symptoms. Dr. Jones has discovered a mode of treatment for these diseases which is rather a pleasure than a pain. His treatment has undergone a thorough investigation, and has been found much more efficient than any other. He is never troubled with the complaints of patients with secondary Syphilis, excision organs, or with the many symptoms produced by the Old School Treatment.

Dr. Jones' charges are the same in all cases—will charge the same for one week's attention that he would for one month, and it is of course to his interest to cure a case as speedily as possible.

MEDICINES FURNISHED

in all cases, which saves to the patient the extravagant prices of medicines or prescriptions, which will in many cases, cost more than the whole of his charges, besides you save yourself the probability of exposure, in calling for the medicines at a drug store. The office is so arranged that none need see you while there. All business and correspondence Strictly Private. Address, enclosing a FEE.

DR. A. RICHARD JONES, No. 23 Deaderick street, Nashville, Tenn.

Dr. Jones may always be found in his office, day and night, unless absent on business. jnu6-tf

Dr. Velloc's Pink Cerate

FOR THE EXTERMINATION OF

BODY LICE, CRAB LICE, and other VERMIN, and for the CURE of COMMON ITCH, CAMP ITCH, BARBER'S ITCH, PSORIASIS, SCALD HEAD, TETTER, DANDRUFF in the HAIR or BEARD,

AND ALL OTHER

DISEASES OF THE SKIN.

PRICE, $1 PER BOX.

THIS CERATE HAS BEEN IN USE BY THE FRENCH ARMIES FOR THE PAST FIFTY YEARS and there is no French soldier who does not know its value.

It was also used extensively by the allied armies in the Crimean war, and such were the benefits derived from its use that it has acquired a world-wide reputation, and no soldier who knows of its merits will be for a single week without a box in his knapsack, as by the use of this Cerate he always has a sure guard against the various troubles to which a soldier is subject, as by using it on his clothing, he can prevent the appearance of vermin, and the diseases of the skin enumerated above, and after they have made their appearance, it is but little trouble, with the aid of this Cerate, to rid himself of these disagreeable troubles.

The proprietors have gone to a great expense to procure the original recipe of Dr. Velloc, with full directions, and the apparatus for manufacturing the Cerate, as it has been made by the original inventor and have procured the

SOLE AGENCY FOR THE UNITED STATES,

and have selected a depot for the manufacture of the article in Nashville, so as to be

NEAR THE ARMY OF THE CUMBERLAND,

and also a depot in Washington for the accommodation of the

ARMY OF THE POTOMAC

so as to place the Cerate in reach of every soldier in the service of the United States.

As the article is decidedly

The Soldier's Friend,

We will endeavor to have it always in reach of every soldier.

The Pink Cerate is for sale by all Druggists and Dealers in Army Goods in Nashville, and by the Proprietors.

Sent by mail, post-paid, to any address, on receipt of $1 12.

All orders by mail should be addressed to C. L. BARTOW & CO, Box 384, Nashville, Tenn.
