PROVOKING LANGUAGE.—Many persons appear to think that they can, when angry, apply any abusive epithets they choose to those who have offended them, with impunity, provided they strike no blows. This is a mistake. Using insulting and abusive language, calculated to provoke a breach of the peace, is a misdemeanor, and is punished as such. Yesterday Wm. H. Stockwell was fined ten dollars by the Recorder for this offense.

MERRY! MERRY!—The neighbors of W. C. Jones, on Locust street, were awaked on Monday night by loud and repeated cries of murder coming from his room. A policeman rushed in and found Jones in his night, all alone, on his hands and knees on the floor, screaming murder with every sign of the utmost alarm. It appeared that Jones, last week, had indulged in a dreadful drinking bout. He was arrested and taken before the Recorder, when he solemnly promised to drink no more. He had kept his word, but mania pota symptoms had appeared, and hence his fears and screams. He was allowed to go.

The London Times sagely remarks of late that "Davis, fugitive, with the carpet-bag in hand, is a very different person from Davis in power at Richmond." We may perhaps add, that Davis captured, dressed in his wife's clothes, fugitive, at night, without even an effort, is somewhat lower than Davis merely with his carpet-bag.

The whirligig of time has made some queer changes during the past few years.—Five years ago Andrew Johnson voted for John C. Breckenridge for President; now he is President himself, *and will hang Breckenridge if he can catch him.*

INSOLENCE TO PREVENTIVES.—Persons suffering from diseases of the eye or ear, or the throat, should read the advertisement of Dr. Abern, who is at the Commercial Hotel, and avail themselves of his skill. The Doctor makes these organs his specialty. Their anatomy, physiology, and abnormal condition have been matters of intense study and investigation. He has paid no less attention to the heart, stomach, and liver, and in all obstinate diseases. He invites attention to his claims, as his motto is "never despair." Were one eye is lost the Doctor will insert an artificial one, exactly matching the other, and the deformity of cross eyes remedied in a few moments. Call on Dr. Abern.

CARELESS SHOOTING.—It was proved before the Recorder yesterday, that Thomas Knowton, had either fired a pistol or handled it so carelessly that it went off. The ball passed through a barber's shop where gentlemen were being shaved, and into a house on the opposite side of the street, knocking the plaster from the ceiling over the person of a lady sitting in the room. Fortunately no one was killed or wounded. Knowton was fined five dollars.

HARD ON THE SERGEANT.—In the Recorder's court yesterday, proclamation was made by Mr. Impiddo, clerk, for Quinn McWright to appear for trial, or his security would be forfeited. The man not appearing, a second proclamation summoned George Goldman, the security, to appear and surrender the body of McWright or pay the amount for which he was bound.

SOMEWHAT.—A middle aged man—whose somewhat well made features bore an honest, kindly look—was brought before the Recorder Monday, charged with having been found sleeping in the market house. His name was Gallagher, an expression of sorrow and suffering hung on his countenance, and his frame stooped as if overladen with the burden of care. He said nothing as his sentence was pronounced—one little upward glance of his eye, one short, but exhausting sigh, was all the sign he gave of interest in what was going on. The officers stated that his wife had become deranged, she imagined that somebody else had been married to her husband, the prisoner, and a few days ago it became necessary to send her to the lunatic asylum. Their child, Gallagher had given to the protection of Esq. Coleman. In answer to the Recorder's questions, he stated in a few low words—spoken in an hopeless, despairing tone—my wife is gone, I have parted with my child, my house is broken up, I had no where to go, no home, no shelter—so when I was tired out I lie down in the market house. Here was evidently no case for punishment, and Recorder Shane, who is quick to discern the difference between transgression and misfortune, kindly directed him to be set at liberty. Poor fellow! like the prophet, he appeared to proclaim, by every glance and every movement—surely, never sorrow was like my sorrow!

Thanks to Gen. Stoneman.

The following resolution has been adopted by the Legislature of Tennessee:—

Resolved, by the *General Assembly of Tennessee*, That the thanks of the loyal people of the State are due to Major General Stoneman for the great skill and success with which he conducted his two great raids into Virginia and North Carolina, by which he destroyed millions of dollars' worth of the enemies means of war, for capturing many of their forces, and effectually crippling them in their operations, and that he has our thanks for the ability and success with which he has conducted military operations in East Tennessee, and that he be furnished with a copy of this resolution officially signed.

WM. HUNKELL,
Speaker of the House.

AN INVITATION.

SENATORS AND REPRESENTATIVES IN THE LEGISLATURE FROM WEST TENNESSEE:—

Gentlemen and Fellow citizens:—

Having labored faithfully and earnestly for over six weeks to procure legislation whereby the chief executive might extend some aid to our maimed and down trodden families and friends, and signally failed, and lost all hope for aid, and having no alternative left but to go home as best we can, and give our united assistance in removing our families and friends out of the reach of the enemies' guns, torches and bloodhounds to some more safe and quite abode, I therefore ask you gentlemen that we have a unanimous meeting at the Senate chamber this evening, after adjournment, to deliberate upon and adopt some course to be pursued for our mutual protection and future action upon the above named subjects.

I am, gentlemen, truly and respectfully your obedient servant.

FRANKLIN HURST,
Senator 21st District.

CAUGHT A RABBIT.—Our police caught a rabbit yesterday in the streets—it was in no condition for running and was easily seized, but it showed a disposition to bite and scratch when taken. They took it to the workhouse and wished to introduce it to the Recorder yesterday morning, but it was too much indisposed for removal. A fine of five dollars was entered against Mrs. Rabbit; she had not confined her beverage to simple water, as all good rabbits should.

Street Railroad—Report of the Mayor and Committee of the City Council.

To the Honorable City Council of the City of Nashville:

Your Committee appointed to report, after investigation, of the two charters and their applicants for the right of way of running street railroads in the city of Nashville beg leave to make the following report: After full conference with the parties, we find that the McGowack and Mt. Vernon Horse Railroad Company has a charter commencing at Church street and running to the Mt. Vernon Garden in the suburbs of the city—passed Feb 29, 1856. One by the above name may have succession for fifty years, also a charter for the South Nashville Railroad, commencing at Church street and running to the southern boundary of the corporation on to the State Fair Grounds, and have succession for fifty years. Your committee is of the opinion that a railroad running from the southern limits of the city to the northern limits of the same, or at some designated place beyond said limits, would be of great benefit to the city and to all of its citizens, but under the present charter as asked for, if the right of way was granted it would be oppressive to the citizens of both sections of the city, or rather of all the citizens of Nashville, for the following reasons: Each Company asks that the rate for passengers be ten cents, which we think sufficient for the whole route specified in both charters. If the right of way is granted to the parties now asking for the same, persons getting on the cars at the City Cemetery would have to pay ten cents to Church street, and then change cars to get either to the market house or to any point north of Church street, for which they would be required to pay an additional ten cents. Likewise in getting on the cars in the northern boundary or portion of the city to go south to the Cemetery and for the purpose of obviating the above difficulty, and as the above charters as said by some to be out of date, and oppressive to the citizens, we cannot give our consent for the right of way to either company, but will give our hearty support to a Railroad running the whole route under one charter, and ten cents the whole route in place of twenty cents, and we commend the city to ask the General Assembly now in session to annul both charters, and grant a charter to the same parties or some other party that will build a railroad the whole route, that will not be oppressive nor an exaction on our citizens, to which we will give our hearty support, with all necessary regard for the protection of our citizens and property, all of which is most respectfully committed.

JNO. HEAD SMITH, Mayor.

J. E. NEWMAN, H. S. SCOVAL, } Aldermen.
W. H. HATTS, WM. DIX, CHAS. BAYNES, } Councilmen.

The following resolutions offered by Mr Newman, were adopted:

Resolved, That the City Council of Nashville, do hereby concur in the report of Joint Select Committee appointed upon the petitions of the Mt. Vernon Horse Railroad Company, and the South Nashville street Railroad Company to grant the right of way along the streets of the city of Nashville to said company.

Be it Resolved, That in accordance with the recommendation of said report the City Council hereby refuse to give their consent to right of way to either of said companies along or through the streets of the city.

And be it further Resolved, That a committee of two more from the Board of Aldermen, and three from the Common Council be appointed to draft a bill in accordance with the suggestion and recommendation of said report, and present the same to the Legislature, now in session, through our Senators and Representatives, and request their influence to have the same passed into a law.

Resolved, That the City Council stand ready to give the privilege of erecting and running a Horse Railroad under proper restrictions, to responsible persons asking the same, running through the entire city limits.

To the Honorable Senators and Representatives of the State of Tennessee:

Your petitioners, a committee appointed by the City Council to present to your honorable bodies their views in relation to Street Railroads in the city of Nashville, would most respectfully represent that, in the year 1859, two Horse Railroad Companies were chartered by the Legislature, each starting from the Post office, one running south and the other north. Said companies lately petitioned the city Council for the right of way through the streets of the city, which application was refused. It was thought by the city Council that one road, having cars to pass entirely through the city and suburbs, was preferable to two, each running only to the centre of the city because passengers would not thereby be subjected to the inconvenience of a change of car, and the unnecessary imposition of a double fare. As by the charters, which are to last 50 years, these matters, which seem to be of little moment at the present time may magnify in importance, and prove greatly detrimental to the public welfare.

The city Council are in favor of street railroads, with proper and judicious restrictions protecting the public against imposition and oppression; and believing that having two horse railroads running from the same point, one north and the other south, would come within that category, they have instructed by resolution this committee to petition your honorable body to charter a "One Fare Union Horse Railroad Company," running from the northern to the southern portion of the city.

The bill now pending before the House of Representatives of your honorable body entitled an "Act to Amend an Act passed March 10th 1860, entitled, an act to incorporate the Gay street Railroad Company of the city of Knoxville, and for other purposes," which was passed on its third reading, on Friday last, and reconsidered on Saturday has the serious objection of making it necessary to have two railroads companies to connect the northern and southern boundaries of the city, when one would accomplish the object and be more compatable with the public interest. In that bill the right of way is given along many of the streets of the city. In these streets there are many improvements, such as water pipes, &c., which should be guarded and protected before a railroad track is permitted to be laid.

The petition for a horse railroad act, signed by many citizens gives as a second reason for the bill, that it is not sectional, but the City Council think differently, and believe that any railroad which does not run through the entire city with a uniform fare is sectional, and they have instructed the the undersigned, a committee, to petition your honorable body to grant a charter with that provision, and your petitioners in duty bound will ever pray, &c.

JNO. HEAD SMITH, Mayor.
JNO. E. NEWMAN, Chairman.

NUISANCES.—We again warn citizens that the police are watching the alleys and rear wards to detect nuisances; the warm weather is upon us, and the caution is necessary. Yesterday Messrs. Grover & Arnold, of Front street, who deal in hides, were fined twenty dollars and informed that such an establishment, causing a bad smell and attracting swarms of flies ought to be removed to the outside of the city. Philip Cober, A. Meyer, and J. Gunkle were fined for having privies in a condition that makes them nuisances. The Recorder desired the police to re-arrest each of the parties if the nuisances were not removed.

Complimentary to Major-General Milroy.

MID. TENN., May 20, 1865. }

MAJOR-GENERAL MILROY:

AS a slight token of our regard for you, allow us to present you the accompanying pair of spurs. We offer this as an expression of the high estimate we place upon your gallant services in defiance of our glorious Union. In the heraldic ages, the gift of a pair of spurs was the highest compliment which could be bestowed upon a military chieftain, and in this day and time we offer them in a like spirit. With our most sincere wishes for your success and happiness, we are General, with profound respect, your obedient servants,

GEO. W. DAVIDSON, Mil. Storekeeper.

HD. QR'S. 1ST BRI. DIV. MID. TENN. }
TULLAHOMA, TENN., May 20, 1865. }

GENTLEMEN:

Your very acceptable present, in the shape of a pair of spurs, was received by the hands of Lt. Raymond, A. A. Q. M. to-day. Your knightly gift, coming to me with your complimentary and flattering letter of presentation, as a token of your approval of my official conduct while in command on this line, is very highly prized by me, and will be kept to the end of life, and handed down to my children to incite them to "earn their spurs" by devotion to the greatest and best government and country on earth. Accept, gentlemen, my thanks, and sincerest wishes for your health and happiness.

Your friend truly,
R. H. MILROY,
Major-General Commanding.

To Rem. Warriner, Chas. Hitz, Geo. W. Davidson.

OLD THEATER.—If the Opera Troops have already proved one of the most attractive in its performances of any we have seen for a very long time, it will be doubly charming to night for the famous and favorite opera of Sumnambula will be performed. The well known favorite "still so gently o'er me stealing" is from this opera.

TRAIN FOR LOUISVILLE.—We learned last evening that a train would start for Louisville this morning, the workmen having sufficiently advanced repairs to make transit possible, by means of transfers where bridges are yet down.

NEW THEATRE.—Garch had great success the other evening. It elicits Miss Jones in a new aspect, brings out new powers, shows yet further capabilities, and develops heretofore undisplayed charms. The story of the plot is of deep interest, and is sometimes known as "clouds have a silver lining." The spirited dialogue, pleasing tableux, and attractive incidents of the piece please every spectator.

DAMAGE.—In the case of the suit of Jeff Hows against John Jones, for damages for injuries sustained from an assault, a verdict was rendered in favor of the plaintiff, Hows, with $850 damages.

TWO STEAMBOATS LOST.—We had intelligence last evening of the loss of the Elk, and another steamboat believed to be the Burt Levi. Our information is that on Friday morning last, between Diamond Island and Henderson, Ky., a steamboat, supposed to be the Burd Levi, exploded and burst her boiler. She was seen afterward drifting down the stream without pilot-house or smoke stack, and was on fire. In the afternoon the Huntsman was seen taking passengers on board from the shore in the neighborhood of the explosion.

It is reported at St. Island that the steamboat Elk had run against a rock and tore a hole in her side, causing her to sink. The accident occurred in the Ohio river, not far from the Island opposite Smithland.

A SURPRISING CURE.—John McGuire, a young gentleman who has been in government, and who has resided eight months in this city, called upon us last evening wishing to have us acknowledge the deep obligations he feels to the skill of Dr. Abern, who is now staying at the Commercial Hotel. Mr. McGuire's left eye had be come totally blind, owing to what is termed by surgeons granula conjunctiva, with the formation of white spot over the cornea. Two weeks ago he applied to Dr. Abern; in forty eight hours afterwards he experienced relief: now his sight is *entirely restored*, the spot is gone, and he rejoices in recovered sight. A case so strikingly and so quickly successful as this, is sure to win great attention to the unusual ability of Dr. Abern. In his ear and throat practice he has been equally successful.

DISGREEFUL.—Molly White, who keeps a house on Summer street near the cemetery, Lucinda Lowry, and Mollie Trainor were before the Recorder yesterday, charged with disorderly conduct, and Mrs. White also with keeping an assignation house. The police, and persons living by the house proved that it was a place in bad repute—that there were frequent disturbances with foul language—that soldiers and citizens were passing in and out at all hours of both day and night—that Mrs. White lived there with two daughters and Mollie Trainor. This evidence appeared conclusive, but every one, who has habitually attended the police court of any city, knows that to fix the character of the house in such case, is always a matter of extreme difficulty. Three men bore testimony that they knew the house, had frequently visited there for six months, but never saw anything improper, never heard any bad language, knew nothing of the place but what was decent, good, and respectable. The Recorder gave Mollie White warning that if her misconduct were committed heavier punishment awaited her, and fined her ten dollars.

FOR SPECIAL DISEASES

GRATEFUL FOR THE LIBERAL PATRONAGE HE HAS RECEIVED Dr. COLEMAN respectfully informs the citizens and soldiers that he may still be found at his old Dispensary, 64 NORTH CHERRY STREET, where the afflicted may always find him engaged with the same zeal, assiduity, secrecy and attention to their misfortunes, which has so successfully distinguished him as a Physician in his special department of professional practice.

Dr. COLEMAN graduated at the University of Penn., at Philadelphia, in 1834. Since that time he has given his entire and undivided attention to his profession. All Chronic and Acute Diseases, Scrofula, Spinal Affections, Gravel, Hydrocele, Congenital and Accidental Physmosis, Strictures, Diseases of the Kidneys, Bladder, and Prostrate Gland, Mercurial Affections, Eruptions of the Face, Camp Itch, and all diseases of the skin, &c., meet with no resistance to his remedies.

PRIVATE OR VENEREAL DISEASES

Of all forms and stages speedily cured and effectually eradicated from the system. Recent cases cured in a few days.

It would appear needless here to add the importance of "nipping the evil in its bud," but, a hint to the wise may be sufficient, not only to save themselves from misery but to shield their offspring from shame and ruin.

How often is it the case we see gentlemen drunch themselves with advertised nostrums. After much loss in pocket and health they are finally forced to apply to some skillful Physician to be cured, for alone can these diseases be cured properly and effectually when the habits and constitutional idiosyncrasies are known to the doctor who prescribes. Otherwise it is a leap in the dark to expect a permanent cure. Dr. C's office is well arranged, and persons afflicted with these diseases can have the strictest privacy.

Send For a Circular Post Office Box 509.

Persons at a distance can address him by letter, describing the most prominent symptoms, not in all difficult cases, a personal examination will be necessary.

OPINIONS OF THE PRESS.

One of the most successful physicians in Nashville is Dr. Coleman, whose office is on Cherry street, between Deaderick and Cedar. The foundation of his success is his extensive attainments, his experience, and the practical good sense which enables him to take advantage of his acquirements for the benefit of his patients. And, withal, he is an affable and agreeable gentleman.—*Union.*

To all of the above we most cordially subscribe.—*Gazette.*

The Local of the Press endorses all of the above with the classical remark that Dr. Coleman "is all right," and will do to tie to.—*Press.*

NIGHT DISPATCHES.

Fire in Indianapolis.

About Mustering out Officers.

How Davis is Confined.

Grand Military Review at Washington.

An Interesting and Exciting Occasion.

News Matters, &c., &c.

INDIANAPOLIS, May 23.—The extensive pork packing and flour mill establishment of King & Co., of this city, the largest of the kind in the west, was destroyed by fire last night, supposed to be the work of an incendiary. Loss $300,000. Insured for $200,000, principally in the Hartford.

Gov. Morton has suggested to the Secretary of War the propriety of issuing an order declaring that all field, staff, and line officers now in service and about to be mustered out with their commands, who have been promoted and commissioned to higher grades in their respective regiments and companies, but who have not been mustered into said grades by reason of their commands being below the minimum strength, be so mustered in as of the date of their muster out.

It claimed that the officers had assumed all responsibilities, and discharged their duties connected with the positions to which they have been commissioned for meritorious service, and that while the muster in as proposed would not increase their pay, or in any manner affect the Government it would be regarded by them as a valued compliment, a mark of appreciation, and a recognition of their faithful services in saving and restoring the Union.

The co-operation of Governors of other States has been wanted to secure the issuance of the order mentioned.

NEW YORK, May 23.—Gold closed this p. m. at 132.

The Tribune says Gen. Banks returned to New Orleans with sincere and avowed reluctance, regarding the war as virtually ended. He wished to resign and return to private life. He remained in this city till the latest moment, with the hope that his wish would be ratified, but it was not, and he is directed by secretary Stanton not to write to the President again on the subject.

The Herald's Monroe letter says the immediate place of confinement of Jeff Davis will be within the casemates, which are rock ribbed and arched mansions within the fort. Each will nigh constitute a fort within itself. On the arches of these casemates are mounted 15 inch Rodman guns.

SAN FRANCISCO, May 22.—General McDowell has convened a military commission to try the rebel pirates under the command of Hogg alias Eason, arrested off Panama while attempting to seize the steamer Salvador. They were brought hither on the steam frigate Lance for several months ago and have been confined at Fort Albatross in this harbor. The proof of their guilt is believed to be irrefragible.

Three companies of the 7th regiment of California Volunteers sailed for Arizona to day.

The fire at Moore's flat on the 19th destroyed one third of the town. Loss $300,000.

The Honeyaw ship Polynesia brings Sandwich Island dates to May 13th.

Some mystering midshipmen of the British ship Olive, caused a great feeling of indignation among the Americans at Honolulu, by removing the National ensign from the American Legation, amid the rejoicing over the fall of Richmond. The Capt. of the Olive compelled the midshipmen to restore the flag and make a public apology, after expressing his own regret at the occurrence.

The ship Monsoon of Boston, was lost at Howand's Island on the 10th of January.

The American residents at Honolulu observed April 25th as a day for special rejoicing over the news of the fall of Richmond. A procession was formed, which sang John Brown, and marched to the residence of the American Minister, where patriotic speeches were delivered. The greatest enthusiasm was manifested. In the evening there was an imposing display of fire works, and a grand illumination.

Later arrivals from China, bring Hong Kong dates of March 24th, which says nothing of the supposed presence of the Pirate Shenandoah, in the Chinese Seas.

Thousands of persons, including many from other cities, line the side walk from the Capitol to the White House, a distance of two miles, while windows and balconies and house tops were occupied by deeply interested persons. All public business closed, and there was a general holiday. The Capitol bore the motto "the only national debt we can never pay is the debt we owe the victorious Union soldiers." At the north of the Capitol, at least 2000 school girls were assembled, neatly dressed, and there was much pleasant excitement among them on pressing forward to present flowers to the soldiers. These children all sung patriotic songs en masse.

At the procession moved Maj. Gen. Custar, commanding the 3rd Cavalry division, was vociferously cheered at various points, and was somewhat encumbered by boquets which had been presented him. Other officers were similarly honored with flower tributes, and the waving of handkerchiefs by the ladies. After Custar's command came the 2d and 5th cavalry divisions, commanded respectively by Gens. Davis and Devins, the horse artillery brigade, the Provost Marshal brigade, and 3d brigade. The troops composing these bodies were composed in a large part from New York, West Virginia, Vermont, Connecticut, New Jersey, Pennsylvania, Massachusetts and Mississippi.—Ninth corps, Gen. Parker commanding.

The 1st Division was commanded by General Wilcox; the 2nd Division by General Griffin; and the 3rd Division by General Coster. These troops were from Wisconsin, New York, Pennsylvania, Ohio, Maryland, Massachusetts, New Jersey, Rhode Island, New Hampshire, Vermont and Maine. Next followed a division of the 19th Army Corps, commanded by General Dwight, including an Artillery brigade. The troops being from Maine, New York, Vermont, Connecticut and Massachusetts. Fifth corps, General Griffin commanding. The 1st division was commanded by General Chamberlen, 2nd by General Ayres, and the 3rd by General Crawford. These troops were composed of volunteers from Pennsylvania, New York, Maine, Massachusetts, Maryland, Delaware, and Wisconsin, with United States Artillery. Next was the 2nd corps, commanded by General Humphreys; First division by Brevet Brigadier General Ramsey, 2nd division by General Barlow, and the 3rd by General Mott. The troops were principally from New York, Pennsylvania Michigan, New Hampshire, Massachusetts, Maine, Delaware, Ohio, Wisconsin, Virginia, New Jersey, Connecticut, Maryland, and Indiana. The troops as they moved along presented a grand appearance.

Sutlers and dealers will find it to their advantage by calling at A. & M. Landsberg', corner Public Square and Market street, where they have a large supply of liquors, cigars, tobacco, canned fruit, stationery, etc., which they are closing out at eastern cost, to change their trade. Call and convince yourself of this fact.

U. S. 7-30 LOAN.

The sale of the first series of $200,000,000 of the 7 30 Loan was completed on the 31st of March, 1865. The sale of the second series of Three Hundred Millions, payable three years from the 15th day of June, 1865, was begun on the 1st of April. In the short space of thirty days, over one Hundred Millions of this loan have been sold—leaving this day less than Two Hundred Millions to be disposed of. The interest is payable semi-annually in currency on the 15th of December and 15th of June by Coupons attached to each note, which are readily cashed anywhere. It amounts to

One cent per day on a $50 note.

$1 " " " "	5000 "

More and More Desirable.

The Rebellion is suppressed, and the Government has already adopted measures to reduce expenditures as rapidly as possible to a peace footing, thus withdrawing from market as borrower and purchaser.

This is the *ONLY LOAN IN MARKET* now offered by the Government, and constitutes the

Great Popular Loan of the People

The Seven-Thirty Notes are convertible on their maturity, at the option of the holder, into

U. S. 5-20 Six per cent.
GOLD-BEARING BONDS,
Which are always worth a premium.

Free from Taxation.

The 7-30 Notes cannot be taxed by Towns, Cities, Counties or States, and the interest is not taxed unless on a surplus of the owner's income exceeding six hundred dollars a year. This fact increases their value from one to three per cent. per annum, according to the rate levied on other property.

Subscribe Quickly.

Less than $90,000,000 of the Loan authorized by the last Congress are now on the market. This amount, at the rate at which it is being absorbed, will be subscribed for within two months, when the notes will immediately command a premium, as has uniformly been the case on closing the subscriptions to other Loans. *It also seems probable that no considerable amount beyond the present series will be offered to the public.*

In order that citizens of every town and section of the country may be afforded facilities for taking the loan, the National Banks, State Banks, and Private Brokers throughout the country have generally agreed to receive subscriptions at par. Subscribers will select their own agents, in whom they have confidence, and who only are responsible for the delivery of the notes for which they receive orders.

JAY COOKE,
SUBSCRIPTION AGENT, *Phila.*

SUBSCRIPTIONS WILL BE RECEIVED by the
First National Bank of Nashville,
Second National Bank of Nashville.

To Strangers and Citizens.

We do not profess to be the only Physician in the city, "who may be found at his office at all hours, day or night;" nor do we, in offering our services to the invalid, desire to recommend ourself in preference to other equally well established and experienced physicians; nor do we pretend to be infallible, or the only man capable of curing the various diseases mentioned in our general advertisement. We do not claim the possession of any *wonderful secret remedies*, or extraordinary *specific treatment or palliatives*; to all sensible men must know, that success in the practice of medicine, does not depend so much upon the discovery of *new remedies, or new modes of treatment*, as upon the skillful use of those agencies necessary to a *perfect cure*—and this can be acquired only by experience and patient application. We respectfully refer the public to our general advertisement, in another part of the paper. Office hours from 8 in the morning till 9 at night. L. L. COLEMAN, M. D.
