THE FRAUDS IN THE PAYMASTER'S DEPARTMENT.

Interesting Developments.

We are enabled to place before our readers this morning further particulars concerning the developments recently made by Brevet Lt. Col. Gibson, a special agent from Washington. It is but simple justice to the dismissed clerks to say that they disclaim any intentions of dishonesty. They individually declare that they never charged any officer or soldier any sum or sums for making out their accounts, but that they invariably accepted money when offered.

Hereto we append the affidavits of officers and others, which is a clear exposition of the whole affair:

I, Andrew C. Card, of Shelbyville, Bedford county, State of Tennessee, late a Captain of Co. C, 4th Tennessee Mounted Infantry Volunteers, do solemnly swear, that on the thirtieth day of August, 1865, after the enlisted men of the regiment had been paid, I presented to the clerk of Maj. E. A. Truax, Paymaster U. S. A., my pay accounts, (form No. 3) the amount thereof being for $1,329 36, which he, the said clerk, pronounced wrong, without making a single calculation. I thereupon asked him, the said Paymaster's Clerk, where it was wrong. He refused to tell me, but said that I must go to the man who made it (the account) etc. He, the said paymaster's clerk, offered then to make out my account with all the other officers at the rate of $5 each sett. I agreed, and he made out my account, upon which I received $1,321 78, and gave the said clerk of Major Truax $5. So help me God.

A. C. CARD.

Sworn to and subscribed before me, this 31st day of August, 1865, at Nashville, Tennessee.

THOS. MCCARTY, J. P.

I, William B. Overcart, of Bedford county, State of Tennessee, late a First Lieutenant in Co. C, 4th Tennessee Mounted Infantry Volunteers, do solemnly swear that on the 30th day of August, A. D. 1865, I presented my final pay accounts to the clerk of Major Truax, Paymaster U. S. A., for payment; which, after an examination, he declared to be wrong, stating that he would make them over, and that he would not charge me anything, but that I could give him what I pleased.

He, the said clerk, made out my pay accounts, and I paid him five dollars. He changed the figures on my accounts first from $149 36, which was the first form, filled at O'Neill's Claim Agency, to $1121 78, and then to $1151 78, and finally to $1159 78, which was the amount received.

WILLIAM B. OVERCART.

THOMAS MCCARTY, J. P.

I, James W. Mallard, of Bedford county, State of Tennessee, late 2nd Lieut. Co. C., 5th Tennessee Cavalry Volunteers, do solemnly swear that, on or about the 22d day of August, 1865, I went into the pay department of Nashville, Tenn., for the purpose of procuring my final pay, my regiment having been mustered out. Major E. A. Truax, pay master, U. S. A., offered to make out my pay account for the sum of five (5) dollars, which I refused to pay, believing that I could do better elsewhere. So help me God.

I, E. V. Clevenger, of Nashville, county of Davidson, State of Tennessee, Chief Clerk Mustering and Adjutant General's Department of John O'Neill's Claim Agency, late an officer in the United States Volunteers, do solemnly swear, that I made out the pay accounts of the officers of the 4th Regiment Mounted Infantry Tennessee Volunteers, carefully calculating and compiling the same, strictly observing all the War Department Orders regulating charges, certificates, affidavits, and all minutia, concerning the said pay accounts, (Form No. 3,) and to the best of my knowledge and belief, and from the assurance of other experienced persons, these accounts were correct in all their details. They were presented by the officers of the said Regiment, on the 30th day of August, A. D. 1865, to Major E. A. Truax, Paymaster at Nashville, Tennessee, for payment.

On the morning of the same day, Lieut. Col. J. H. Blackburn, of said regiment, informed me that he had the said accounts examined, and that they were found to be correct, with one trivial exception—an error in simple addition in one officer's account, involving a *few cents*. In the evening of the said day, the said officers told me that their accounts were thrown out by Major Truax, of the Pay Department, as incorrect, and that his (the said Truax's) clerk was making them over for less than what was charged at O'Neill's office.

I went into the office of the said Major Truax, and found the clerk of Major Truax making out the pay accounts of an officer whose papers I had previously arranged. The said clerk was telling his officer, in about these words, that: "I'll be damned if I show you where the mistake is!"

"His (my) accounts are wrong, and that is all I am going to tell about it."

I then approached the desk and told him that I was the person who had calculated those accounts, and would be obliged to him if he would find out wherein I had committed one error in them. He replied to the effect that probably he was not infallibly correct; that he was as as liable to make mistakes as others, and that he relied upon his pay-tables and ready reckoner, etc., which I saw lying upon his table. I told him that I used my own brains in making out those accounts, and begged that he would do so in correcting one of my accounts which he had then before him. He was willing to make an effort to do so, when I discovered a mistake of *seventy five dollars* in his account, (the one he was making in place of mine). Thereupon he threw all the papers aside and said he would examine them more carefully that evening. I offered him any amount he desired, to resume the examination, but he refused, stating that he had not time then. I offered to pay him for showing me where the errors were, if he should have time, after a while. His reply was "very well."

Several officers informed me that they were paying $4 and $5 to the clerk to have their accounts made over. This with the knowledge and consent of Major Truax.

During the evening, I went with Lt. Col. Blackburn to the Pay Department, where Lt. Col. Blackburn presented his accounts to Maj. Truax for payment. The clerk discovered an error of thirty cents by means of his ready-reckoner, which I disputed and maintained by calculations, proving these pay tables, of the use this clerk made of them to be incorrect. I insisted upon the account being paid as it was, and it was paid.

The office of Major Truax was crowded with officers, the majority of whom were obliged to pay this clerk of Major Truax for having their accounts corrected, or made out. As near as I can judge from what I saw, I believe there were three hundred officers' accounts at least, remaining to be paid, on most of which this clerk could realize from four to five dollars each.

I also believe that many correct accounts are thrown out by the said clerk of Major Truax, and by Major Truax himself, for the purpose of enabling the said clerk to receive money upon making them over. Appended to this affidavit is the name of an officer of the 4th Tenn. Mounted Infantry, with the words written and signed by Major Truax: "This account is exceedingly wrong." By examination this account proved to be correct, but Major Truax refused to pay upon it, and the officer for whom it was made received more than he was entitled to on the accounts made by the clerk of Major Truax, to the best of my knowledge and belief.

All of the above statements I can substantiate by witnesses, and to the truth of which I do most solemnly swear.

(Signed) S. C. CLEVENGER.

Sworn and subscribed to before me, the 31st day of August, 1865, at Nashville, Tenn.

(Signed) THOS. MCCARTY, J. P.

NEW THEATRE.—Another large and delighted audience assembled last evening at the New Theatre, to witness the performance of Lady Isabel in the drama of East Lynne by Miss Fanny Price. Great as was the impression made previously by this accomplished young actress, it was widened and deepened on this occasion. From the first to the last she held her audience spell bound, and when the last scene of the drama closed there was a universel feeling of admiration for the distinguished talent which had been displayed. Mr. Hanchett was all that could be desired as Archibald Carlyle. The two were well supported by the company. We are gratified to state that East Lynne will be repeated to-night. Seats will be greatly in demand.

ABOUT HATS.—Our friend Steve Childress, who is getting almost too much practice for a young lawyer, had the misfortune to lose his hat yesterday, whilst busy attending to a case in court. A hat was left for him, but it was not his hat. We thought when we first heard of the matter, that some one had inadvertently exchanged hats with him; but, on second thought, we came to the conclusion that the exchanger was of the opinion that Steve's hat was a little *out of date*, and ought to be replaced by a later edition. This may be so, and, therefore, we recommend the loser to call on R. H. Thompson, No. 38 Cherry street, and resupply himself. A "Dundreary" would be the height of fashion for an attorney, up to his eyes in business; but, at any rate, a "*Resorte*" could not fail to please. The fact is, Thompson is ahead on hats, and "every body and his wife" can be suited at his little temple of fashion.

NASHVILLE, Sept. 7.

Trade was quite brisk again yesterday in groceries and produce. Large sales were made for Southern markets. Prices are very fair.

There is no change to note in monetary affairs. Gold is selling at 42@45 premium; exchange on New York at ¼c.

At the Government sale of whisky, Tuesday, some 1200 barrels were sold at $2,00@$2 40 per gallon. The sale was well attended and bidding spirited. The prices, it will be seen, were good.

COTTON—is coming in slowly. Sales at 25@34c per lb. The crop in this section of Tennessee bids fair to be larger than it was even in 1860, whilst the quality is better than usual. The long spell of dry weather matured the cotton rapidly, and the picking has been more general than was ever known at this season. The absence of rains to soil the lint has given the planter the advantage of a fairer and better article than is common.

Cincinnati Dry Goods Market.

CINCINNATI, September 4.

The large sales noticed in our last, were further improved upon the past week. Telegrams from all the principal Eastern cities report the market strong, and relatively higher than here. While prices were advanced fast almost at one bound, in our market it was done gradually and with but little excitement. Buyers continued to operate with caution, and no speculative feeling was manifested. Jobbers generally hold well assorted stocks, and sales already have been large; quite a number of them selling mainly to Ohio, Indiana, Illinois and Kentucky, and comparatively few goods to the South, but in no case insinuating the credit system, but selling for cash, giving only their regular customers the thirty days' time, which some considered equivalent to cash. It is to be hoped the old dry goods credit system may never be resuscitated, but the most sanguine advocates of it must agree that of all times the present is the most inauspicious.

BROWN SHEETINGS.—The demand was good at 36c. for standards, and other grades in proportion. Fine grades were very active, at relatively high prices. The Telegrams from Eastern markets quote standards to day at 36½c.

BLEACHED SHEETINGS.—Advanced to 45c. for 4 4 medium, including Hope, Blackstone, James and Wauregan. The narrower widths were a shade more in proportion. Eastern telegraphic quotations, 47½.

PRINTS.—Merrimack D sold in large quantities at 31c; Spragues, American, Richmonds, &c., at 30c; and other qualities at proportionate value.

DRESS GOODS.—Sales were very large—in merinoes, foreign (all wool) delaines and stuff fabrics the largest during one week ever had here. American delaines were firm at 33½@38c for choice, plaids and aniline colors. Black silks were in fair demand at full prices.

MEN'S AND BOYS' WEAR.—Satinets sold very well. Cassimeres were in larger demand than supply, and were advanced. Cloths were fairly active. Jeans and tweeds sold at an advance in larger quantities than any time this season. Heavy winter mottoes, heavier cloths and overcoats began to move.

FLANNELS—Were further advanced, and all kinds sold remarkably well. The high price of Cantons gave additional advantage to wool flannels.

CLOTHING.—Sales were large, and short supply of manufactured goods already complained of.

New York Money Market.

From the Times of Saturday.

The Treasury Office began to pay out the gold interest on the 10-40 loan to-day. The amount to be paid at New York is about $2,100,000; at all other points $2,250,000. The payments to-day are somewhat in excess of the gold customs of the day, and this will probably continue to be the case for two or three days in the early part of the month. But these disbursements make very little impression on the large stock of gold in the Treasury, and scarcely serve to qualify the continued demand to pay customs. We shall not be surprised, therefore, if the Government should resume, in a gradual way, the sales of gold in the open market, as no further gold interest payments mature until the 1st of November, and September customs promise to reach about ten millions of dollars, or an average of nearly five hundred thousand dollars for each business day. We had not estimated for so large a total until the experience of August, and the information we derive from some of the import trade as to the amount of goods yet to come forward for the fall business, induced the present revised circulation. Exchange for Saturday's small shows rather more steadiness than for the packet of Wednesday last, and the quotation for bank and bankers' bills on London range from 109¾ to 109¾, the last being an extreme figure. Money is fairly employed today at 5 per cent. on call to the brokers, and 6@7½ per cent. on good paper, 60 days to 4 months.

Self Abuse.

This vice, which is never practiced in the presence of any one, has proved the everlasting ruin of thousands of the noblest and most talented young men that ever gave tongue to eloquence or pen to song. It has destroyed health, blasted the constitution, and reduced the miserable victim to a living skeleton. "NIP THE EVIL IN ITS BUD."

DR. COLEMAN'S DISPENSARY

No. 64 NORTH CHERRY Street.

FOR SPECIAL DISEASES

GRATEFUL FOR THE LIBERAL PATRONAGE HE HAS RECEIVED DR. COLEMAN respectfully informs the citizens and soldiers that he may still be found at his old Dispensary, 64 NORTH CHERRY STREET, where the afflicted may always find him engaged with the same zeal, assiduity, secrecy and attention to their unfortunate, which has so successfully distinguished him as a Physician in his special department of professional practice.

DR. COLEMAN graduated at the University of Penn., at Philadelphia, in 1844. Since that time he has given his entire and undivided attention to his profession. All Chronic and Acute Diseases, Scrofula, Spinal Affections, Gravel, Hydrocele, Congenital and Accidental Phymosis, Strictures, Diseases of the Kidneys, Bladder, and Prostrate Gland, Mercurial Affections, Eruptions of the Face, Camp Itch, and all diseases of the skin, &c., meet with no resistance to his remedies.

PRIVATE OR VENEREAL DISEASES

Of all forms and stages speedily cured and effectually eradicated from the system. Recent cases cured in a few days.

It would appear needless here to add the importance of "nipping the evil in its bud," but a hint to the wise may be sufficient, not only to save themselves from misery but to shield their offspring from shame and ruin.

How often is it the case we see gentlemen drench themselves with advertised nostrums. After much loss in pocket and health they are finally forced to apply to some skillful Physician to be cured, for alone reliable treatment for Diseases of the Urinary and Sexual Systems—Sent free, in sealed envelopes. Address, Dr. J. SKILLIN HOUGHTON, Howard Association, Philadelphia, Pa. apr15—ly

Send For a Circular Post Office Box 502.

Persons at a distance can address him by letter, describing the most prominent symptoms, but in all difficult cases, a personal examination will be necessary.

OPINIONS OF THE PRESS.

One of the most successful physicians in Nashville is Dr. Coleman, whose office is on Cherry street, between Deaderick and Cedar. The foundation of his success is his extensive attainments, his experience, and the practical good sense which enables him to take advantage of the improvements for the benefit of his patients. And, withal, he is an affable and agreeable gentleman.—*Union.*

To all of the above we most cordially subscribe.—*Gazette.*

The Local of the Press endorses all of the above with the classical remark that Dr. Coleman "is at it," and will do to tie to.—*Press.*

Prices Reduced on all Imported Goods in the same Proportion as the decline in Gold.

All Foreign Goods, which comprise a large proportion of our stock, we import direct from the Potteries, and all American manufacture, we order from the Manufacturer; we are thereby enabled to compete with any market in the United States, only adding the difference in transportation; and as both members of the firm have been engaged with H. Campbell for many years, we, therefore, flatter ourselves that we are thoroughly acquainted with the crockery business, and are fully prepared to supply the wants of the public.
