STEREOSCOPIC EMPORIUM.

E. ANTHONY,
308 Broadway, New York.

After May 1st, 1860, 501 BROADWAY, two doors from the St. Nicholas Hotel.

The Stereoscope is the most instructive, interesting, entertaining, amusing, and exciting of modern inventions.

None are too young, none too old, none too intelligent, none too uneducated, to acknowledge its worth and beauty.

No home is complete without it, and it must and will *pencil its way everywhere.*

It presents to your view every part of the world, in all the *relief, coldness, perspective, and sharpness of detail*, as if you were on the spot.

Its operators are everywhere exploring Europe, Asia, Africa, America, in search of the grand and the beautiful, and the results of their skill are constantly enriching our stock.

We have an immense variety of paper Views of Scenes in Paris, London, England, Scotland, Ireland, Wales, France, Belgium, Holland, Switzerland, Spain, The Rhine, Versailles, St. Cloud, Fontainebleau, Trollheim, Italy, Turkey, Egypt, Athens, the Holy Land, China, India, Crystal Palace, also Groups, Historical, amusing, marriage scenes, breakfast scenes, poetry, statuary, &c. &c. An *exquisite assortment of Illuminated Interiors* of Palaces, Churches, and Cathedrals of France, Italy, &c. &c. The effect of these illuminated views is and *remarkable.*

Every consideration of WEALTH and REFINED TASTE should have in his drawing room some of our *exquisite views on glass*, with a receiving Stereoscope, showing 12, 25, 50 or 100 persons. Nothing can be more fascinating, nor can other so greater treat to a friend fond of the picturesque and the beautiful.

Anthony's Illuminated Stereoscope Views are the latest. The Daguerreotype *wonder.* They are taken in the perfect *grain of a second*, and everything *no matter how rapidly it may be moving*, is depicted as sharply and distinctly as if it had been purposely at rest. This gives an additional value, for to the beauties of inanimate nature *it adds the charm of life and motion.* The process is a discovery of our own, and being unknown in Europe, we import from London and have large orders for Anthony's Instantaneous Views of American life and scenery.

Among other things we have just published Stereoscopic illustrations of the Scene of the Prince Napoleon Fête at Paris, which will be of many hearts feel an interest. The purchasers of this will be found in our catalogue.

Our Catalogue of subjects and prices will be forwarded to any address upon receipt of a stamp.

Parties at a distance sending us $5, $8, $10, $15, $20, or $25 can have a good instrument and such pictures as they may request, sent by *Express.*

Views of cities (other instruments can be at by sent).

Persons who wish to be advised of everything real by establishing the hand that comes out, may send as their names to place on record, and will keep them posted at our own expense.

Men of leisure will find Photography a most fascinating and delightful amusement. We are prepared to fit out amateurs with everything necessary for their success together with instructions "How to take Stereoscopic Pictures."

E. ANTHONY,
Importer and Manufacturer of Photographic Materials, Stereoscopes and Stereoscopic Views.
