ST. PHILLIPS. ST. PHILLIPS.

BY THE AUTHOR OF "RUTLEDGE."

A splendid novel by a splendid author. *The Boston Transcript* says: "Anything from her pen is sure to meet with a wide and cordial welcome, but we think her last book—ST. PHILLIPS—will be pronounced her best, as a story, and in its conception. There is matured skill, and sustained interest and true insight and art in the work."

It is selling enormously. Thousands and thousands are being swept from the publisher's counters, and the demand seems to increase, showing the book to be a splendid selling one. Price $1 75.

Proposals.

POST-OFFICE DEPARTMENT, WASHINGTON, March 20, 1865.

PROPOSALS FOR MAIL STEAMSHIP SERVICE BETWEEN THE UNITED STATES AND CHINA.—In accordance with the provisions of the act of Congress, approved February 17, 1865, which is in the words and figures following, viz.:

"AN ACT to authorize the establishment of ocean mail steamship service between the United States and China.

"*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled*, That the Postmaster-General be, and he is hereby, authorized to invite proposals by public advertisement, for the period of sixty days, in one or more newspapers published in the cities of Washington, New-York, Philadelphia, Boston, and San Francisco, respectively, for mail steamship service between the port of San Francisco in the United States, and some port or ports in the Chinese Empire, touching at Honolulu in the Sandwich Islands, and one or more ports in Japan, by means of a monthly line of first class American sea-going steamships, to be of not less than three thousand tons burden each, and of sufficient number to perform twelve round trips per annum, between said ports, and to contract with the lowest responsible bidder for said service for a term of not more than ten years, to commence from the day the first steamship of the proposed line shall depart from the port of San Francisco with the mails for China.

"Sec. 2. *And be it further enacted*, That any contract which the Postmaster-General may execute, under the authority of this act, shall go into effect on or before the first day of January, one thousand eight hundred and sixty-seven, and shall in addition to the usual stipulations of ocean mail steamship contracts, provide that the steamships accepted for the service shall be constructed of the best material and after approved models, with all the modern improvements adapted to sea-going steamships of the first class, and shall be subject to inspection and survey by an experienced naval constructor, to be detailed for that purpose by the Secretary of the Navy, whose report shall be made to the Postmaster-General. That the Government of the United States shall be entitled to have transported free of expense on each and every steamer, a mail agent, to take charge of and arrange the mail matter, to whom suitable accommodation for that purpose shall be assigned. That in case of failure from any cause to perform any of the regular monthly voyages stipulated for in the contract, a pro rata deduction shall be made from the compensation on account of such omitted voyage or voyages. That suitable fines and penalties may be imposed for delays and irregularities in the performance of the service, and that the Postmaster-General shall have the power to determine the contract at any time in case of its being underlet or assigned to any other party.

"Approved, February 17, 1865."

PROPOSALS

will be received at the Post Office Department, in the City of Washington, until 3 o'clock p. m. on TUESDAY, the 15th day of August, 1865, for conveying the mails of the United States by means of a monthly line of first-class American sea-going steamships of not less than three thousand tons burden each, Government measurement, and of sufficient number to perform twelve round trips per annum, between the port of San Francisco in the United States, and some port or ports in the Chinese Empire, touching at Honolulu, in the Sandwich Islands, and at one or more ports in Japan, for a contract term of not more than ten years, to commence from the day the first steamship of the proposed line shall depart from the port of San Francisco with the mails for China.

Bidders must designate the port of terminus in the Chinese Empire, also the intermediate ports in Japan and China, at which the steamships are to call on their outward and homeward passages to land and receive mails.

Bids proposing several terminal ports, either one of which may be selected by the Department, will be considered.

Each bid should name the time proposed to be occupied in performing the passages each way between San Francisco and the port or ports in the Chinese Empire proposed for the terminus of the route, including stoppages at Honolulu and other intermediate ports; and also the length of stoppages at each of the intermediate ports named, and each proposal should be accompanied by a map or diagram of the route. Schedules of sailing days, stating the proposed days and hours of departure from each port, as well as the proposed days and hours of arrival, should also accompany each bid; such schedules, however, to be subject to the approval of the Postmaster-General, and to alteration by his order, from time to time, as the interests of the postal service may require.

The steamships offered for the service must be American steamships of the first class in all respects, and before acceptance will be subject to inspection and survey by an experienced naval constructor, to be detailed for that purpose by the Secretary of the Navy.

Proposals must conform in all particulars to the provisions and requirements of the aforesaid act, approved February 17, 1865, and must be properly guaranteed, with satisfactory testimonials that the bidder or bidders and their guarantors are men of property and abundantly able to make good their tender and guarantee. The bidder's name and residence, and the name of each member of the firm, when a company offers, should be distinctly stated in the proposal.

Proposals should be sent, under seal, to "The First Assistant Postmaster-General," "Foreign Desk," with the words "Mail Proposals," "Foreign Mails," written on the face of the address; and they should be dispatched in time to be received at this Department on or before the 15th day of August next, which will be the last day for receiving proposals under this advertisement.

WILLIAM DENNISON, Postmaster-General.

OFFICE COMMISSARY OF SUBSISTENCE, WARD GENERAL HOSPITAL, NEWARK, N. J., May 12, 1865.

PROPOSALS FOR FRESH BEEF.—Sealed Proposals (in duplicate) will be received by the undersigned at this office until 12 o'clock, m., on SATURDAY, the 20th inst., (at which time they will be opened,) for furnishing FRESH BEEF for three (3) months from the second day of June, 1865, to the United States troops at this Hospital and vicinity.

The Beef to be of a good and marketable quality of fore and hind quarter meat (necks, shanks and kidney tallow to be excluded), and furnished in such quantities and at such times as may be required.

Each bid must have a printed copy of this advertisement posted at its head. Written contracts are to be executed with adequate bonds, within three days after parties are notified of the acceptance of their bids. The names of two sufficient sureties are to be given in the proposals, which are to be endorsed on the envelope "Proposals for Fresh Beef."

The abilities of the sureties to respond in the sum of Five Thousand Dollars must be certified by the United States District Attorney or other proper officer; such certificate to accompany the proposals.

Further information will be given on application at this office.

THE NEWEST and BEST PATENT CRINOLINE YET INVENTED.

THE BON TON PATENT FLEXIBLE SPRING SKIRT.

☞ THIS INVENTION ENTIRELY DISPENSES with the old and disagreeable manner of fastening by Gum, Glue, and Rivets, and consists of a NEW and USEFUL manner of securing the TAPES and WIRES together by means of a BRAID passing UNDER and through the TAPE and THROUGH and ROUND the covering of the WIRE, thereby forming a KNOT, rendering it the MOST PERFECT FASTENING yet discovered.

THE WIRE used is made from the best REFINED WATCH SPRING STEEL, and by the peculiar manner of rolling PRODUCES the necessary FLEXIBILITY, without ever being any of the EVER-SOTH which is so well known as a SINGLE BAR has over plurality of bars covering the SAME SURFACE.

THE COVERING of the WIRE USED in this SKIRT is a fine DOUBLE THREAD COTTON YARN, the Tape a two inch EXTRA HEAVY solid edge; the part or covering of the ends of the BUSTLE STRINGS are of the finest enameled kid; and with OUR NEW APPLICATION for lacing the ends, RENDERING the bustle springs when worn the same as a WHOLE or CONTINUED SPRING, thereby keeping the front of the Skirt lying closely and neatly to the form.

WE claim that for SUPERIORITY of MATERIALS it is not excelled, and for BEAUTY of SHAPE and durability it has no equal.

HAZLETON BROTHERS,
OVERSTRUNG, GRAND, AND SQUARE
PIANO-FORTE MANUFACTURERS,
No. 69 Prince-st., a few doors west of Broadway, New-York.
These Pianos have always received the first premium wherever they have been exhibited. A written guaranty for five years accompanies each Piano.

MASON & HAMLIN'S CABINET ORGANS, SALESROOMS REMOVED to No. 596 Broadway, two doors above Metropolitan Hotel. These instruments are of established reputation as the best of their class in the world. THIRTY GOLD or SILVER MEDALS or other first class premiums have been awarded to MASON & HAMLIN within a few years for the best instruments, and they are able to refer to the medical profession generally for testimony to the superiority of their work. Prices, $110 to $600 each.

STEINWAY & SONS' GOLD MEDAL GRAND AND SQUARE PIANOS are now considered the best in Europe as well as this country, having received the first Prize Medal at the World's Exhibition in London, 1862. The principal reason why the Steinway Pianos are superior to all others is that the firm is composed of five practical piano-forte makers (father and four sons), who invent all their own improvements, and under whose personal supervision every part of the instrument is manufactured. Warerooms Nos. 71 and 73 East Fourteenth-st., between Union Square and Irving Place, New-York.

"STODART" PIANOS.—A full assortment of these celebrated instruments, now on exhibition at our warerooms, FOR SALE at low prices. The reputation of these Pianos is so well established, it is deemed unnecessary to refer to their merits.
