10,000 DROWNED.

An Appalling Loss of Life by the Floods in Japan.

[SPECIAL TO THE EVENING WORLD.]

SAN FRANCISCO, Sept. 19.—Later news has been brought by the steamship Gaelic of the terrible floods and consequent loss of life in certain districts of Japan in August.

The estimated loss of life in the city of Wakayamo and in the districts of Minami-Muro, Higashi-Muro, Nishi-Muro and Hidaka is 10,000, and the number of persons receiving relief is 20,424.

The River Kinokuni swelled from thirteen to eighteen feet above its normal level and the embankments and the village of Iwabashi was washed away. Immediately the village and about forty-eight other hamlets were covered by the raging waters.

On the morning of Aug. 19 an enormous mass of earth fell from the mountain near the village of Tennokawa, and stopped the course of the river of the same name, which, being already swollen greatly, submerged the village and drowned nearly all the inhabitants.

A number of the villagers belonging to Tsujido took refuge in their temple, which was on high ground, but when the landslide occurred about fifty persons were buried alive.

IMPORTANT CHANGES MADE.

THE CIGAR-MAKERS' UNION ALTER SEVERAL CONSTITUTIONAL SECTIONS.

The delegates to the Cigar-Makers' International Union were all promptly on hand in Tammany Hall this morning at 9 o'clock, ready for business.

The discussion of amendments to the constitution was resumed, the work beginning on article 2.

The Committee on Constitution reported in favor of a new clause to be added to section 1, which requires a three years membership in the union before a member can become eligible to hold office in the International body.

Some of the delegates wanted the time fixed at one year, but the Committee's amendment was adopted.

An addition was made to the same section requiring the President to issue copies of the constitution in the French language in both the United States and Canada.

A clause in section 1 of article 2 requires the Third Vice-President to be a resident member of a Canada Union, and should he remove from that Dominion the International President shall declare the office vacant.

A delegate of Union No. 90, of this city, wanted the power to remove the Third Vice-President placed in the hands of the Executive Board, but the Convention refused to concur.

Several amendments to article 1, laid over from yesterday, were next taken up. Section 6 was changed so as to allow delegates $5 a day while the International Convention is in session instead of $3 as heretofore.

A recess was taken at noon.
