MR. LE FANU'S BEST NOVEL.

HARPER & BROTHERS, New-York.
Publish this Day:

GUY DEVERELL.

A NOVEL

BY J. SHERIDAN LE FANU,
Author of "Uncle Silas."

8vo. Paper, 50 Cents.

NOTICES OF THE ENGLISH PRESS.

The Press:

We say of most writers that they *paint* character and incident; but Mr. Le Fanu has discovered an encaustic process: he seems to *burn* his pictures into the material with which he works. There are scenes of very great power in "Guy Deverell." That terrible chapter where General Lennox and his wife await "in the Green Chamber" that event which forever parts them is a master-piece of genius.

The Victoria Magazine:

"Guy Deverell" will secure a much larger public than "Uncle Silas." The interest is well sustained. . . . . The incidents are boldly conceived, and described with great power; and whoever wishes to meet with a good novel will do well to get this one.

The Spectator:

This story is an exceedingly good one, and, like all Mr. Le Fanu's—and this is a great merit—flows with greater force, instead of dying out, as it approaches its end.

Examiner:

This is Mr. Le Fanu's best novel. M. Varbarriere and Sir Jekyl Marlowe, General Lennox and Lady Jane, Lady Alice, Redcliffe, and Mrs. Gwyn the housekeeper, are all people who walk alive out of the book, and move among each other in a drama clearly visible to our imaginations..... Mr. Le Fanu is a novelist who has a right to the good reputation he has earned; for he can please the many without forfeiting the cordial appreciation of the few.

Morning Post:

The style of this book is easy and flowing; and the incidents are well connected, and follow so quick upon one another, that the reader's interest never flags; and after reading the first few pages it becomes impossible not to proceed.

Globe:

In every fresh novel Mr. Le Fanu seems to improve both in force and delicacy of conception. "Guy Deverell," on the whole, is the best novel he has written; and we hope we may have the good fortune to read a great many more of his novels.

The Athenæum:

"Guy Deverell" is a tale which is well told and light in hand; it is easy to read, and will draw the reader on to the end..... There are highly-wrought and very powerful scenes in "Guy Deverell."

ONE of the MOST SUCCESSFUL NOVELS of the SEASON:

THE ORDEAL FOR WIVES.

By the author of the "Morals of Mayfair;" an elegant 12mo vol., illustrated. Price $1 75.

From Carroll Literary Register.

"It has been a good while since it has fallen to our lot to notice a novel of merit equal to this. Seldom, indeed, do we meet with characters so clearly and definitely delineated, so happily contrasted. Though they are not ordinary types, yet they are so real that one is almost led to the conviction that the author has been drawn in contact with them, not as studies merely, but something more.

"We think that the author is hardly just in her estimate of human nature, as developed in general society; but be this as it may, the freedom, boldness and satirical power of the book cannot fail to obtain recognition. Although we are not treated with a single first-class villain—except, perhaps, one or two of the class styled coquettes—the story has an absorbing interest, even to us who have a liking for gentlemen of that ilk, at least in a novel. We look upon it as an evidence of no ordinary power in the writer, that effects so strong are produced without resort to the interest commonly attached to prison scenes and the adventures of police detection.

"There is sentimentalism in the book, but it is not of the sort usually found in novels. It has not a single love up to the standard even of ordinary prosaic minds, but for all that, human passions are allowed ample play throughout the story. Taken altogether, this work justifies us in classing Mrs. Edwards with those women who are most prominent among novelists; Miss Evans (Mrs. Lewes), the author of 'Adam Bede,' is doubtless her superior; another we cannot name."

"It is quite equal to Anthony Trollope, and better than Wilkie Collins. Miss Braddon or Mrs. Wood."—[Springfield Republican.

"An admirably interesting and natural story, admirably told. We like it."—[Buffalo Express.

"A novel of great merit. In every respect, thought, character, plot and style, it is strikingly excellent."—[Taunton Gazette.

Cyclopedia of American Literature.

By E. A. and G. L. DUYCKINCK. Embracing Personal and Critical Notices of Authors, and selections from their writings, from the earliest period to the present day, with 225 portraits, 425 autographs, and 75 views of colleges, libraries, and residences of authors, and elegant steel engravings of J. Fenimore Cooper and Benjamin Franklin. 2 vols. royal 8vo. Cloth, $10; half calf, $16. (The Supplement sold separately, when desired in 1 vol., for $2 50.)

"The new interest awakened in all that relates to our country and the value of authentic data on the subject, coupled with the fact that this work has long been out of print, explains the demand for it. In truth, no other work contains so large an amount of curious information as regards the intellectual development of the United States.

"Those who are familiar with this work can easily appreciate its popularity. In the first place, it gives a full account of the Colonial writers; secondly, the American colleges are described historically and at length; thirdly, biographies of all the native authors carefully prepared; fourthly, a critical history of native literature incidentally appears; and lastly, specimens are collected of most characteristic American writings from the time when George Sandys translated 'Ovid' on the banks of the James River, in the days of Queen Elizabeth, to the last funny poem of Dr. Holmes in the 'Atlantic Monthly.'"—[Boston Evening Transcript.
