That the great superiority of these instruments is now universally conceded is abundantly proven by the FACT that Messrs. Steinway's "scales, improvements, and peculiarities of construction" have been copied by the great majority of the manufacturers of both hemispheres (AS CLOSELY AS COULD BE DONE WITHOUT INFRINGEMENT OF PATENT RIGHTS), and that their instruments are used by the most eminent pianists of Europe and America, who prefer them for their own public and private use, whenever accessible.

STEINWAY & SONS direct special attention to their PATENT AGRAFFE ARRANGEMENT, which, having been practically tested in all their Grand and highest priced square Pianos, and admitted to be one of the greatest improvements of modern times, will hereafter be introduced in EVERY PIANO MANUFACTURED BY THEM, WITHOUT INCREASE OF COST to the purchaser, in order that ALL their patrons may reap its benefit.

STEINWAY & SONS' PIANOS are the only American instruments exported to Europe in large numbers, and used in European concert-rooms.

AGENTS WANTED for HORACE GREELEY'S HISTORY OF THE WAR—"THE AMERICAN CONFLICT"—MORE THAN 100,000 COPIES ALREADY SOLD.

The high character of this work has gained for it a reputation, even among the author's political opponents, accorded to no other history of the war. As a complete, lucid, impartial and authentic record of events, marked throughout by great care, discrimination and painstaking effort—admirable alike in conception of plan and excellence of detail—it has no rival.

The great superiority of GREELEY'S HISTORY over all others is most emphatically attested by public men and the press of all parties, while, among its purchasers, it is everywhere conceded to be the most satisfactory work ever sold by Agents. This estimate is rendered still more significant by the fact that thousands of purchasers of the numerous inferior books, so loudly heralded as "standard" histories of the war, have already laid them aside and subscribed for this work.

Energetic, efficient canvassers are wanted, either on commission or salary, as they may prefer. The success of our Agents may be inferred from the fact that *among a large number of efficient canvassers, we our has left our employ to engage to the sale of any other work.*
