THE TURF.

Judge Morrow Works a Mile in Good Time and Shows Fine Form.

LUCKY TOM EAGAN'S WINNINGS

Secretary Blaine and Vice-President Morton Visit Washington Races.

The track was very heavy at Gravesend yesterday, but this did not prevent several of the Handicap candidates doing good strong work. Longstreet as usual was eagerly watched for. He was in one of those rarely bad tempers and refused at first to break away with Banquet, who was to be his working mate. His temper, it is believed by good judges, will again manifest itself in the Handicap if a big field starts and Longstreet is knocked about any. He finally made up his mind to run yesterday and travelled a good mile and a quarter in 2:10. Reckland was also worked the same distance. His time is not known, but it is said to have been several seconds faster than Longstreet's. Judge Morrow worked a satisfactory mile in better than 1:50, and he never looked so well as he does to-day.

Charade, the Charaxus colt, owned by W. R. Jones, has grown into a magnificent specimen of the thoroughbred. He works in grand fashion, and has won the hearts of all the trainers. Rumor has it that Mr. M. F. Dwyer has offered $15,000 for the colt, but that Mr. Jones refused it.

* * *

Secretary and Mrs. Blaine and Vice-President Morton and his wife were interested spectators at the Washington races yesterday. They watched the steeplechase with unusual interest, and when young Wallace tumbled over the hurdle post in front of Secretary Blaine's carriage Mr. Blaine at once jumped down and went to the young man's assistance. Wallace was uninjured, but Mrs. Blaine insisted upon his receiving attention, and the jockey was taken home in Vice-President Morton's carriage. Self-poise is, indeed, that a jockey, to be continued in professional, receives such distinguished consideration.

* * *

Hiram, the two-year-old colt by Hanover out of War Lass, was purchased from I. W. Doswell by Father Bill Daly for $2,000 before the first race yesterday, and built the purse he won. Hiram didn't win, notwithstanding that Morello was set at the least. He ran a grand race and won after all with ridiculous ease.

* * *

The city pool-room keepers have refused to take bets on the Washington races. The reason given, and probably the correct one, is that the fields are too small to admit of any business being done.

* * *

Jeweler, a colt by Mortemer, out of Nina, was defeated in the fourth race at Guttenburg yesterday by a head. He was closing up fast, and had not Little Sandy interfered with him he would have won and landed a fortune for his owner, George Harris. The colt had shown a good trial, and commissions were placed on him all over the country. At the track he opened at 15 to 1. In five minutes his name was almost wiped off the board, the closing quotations being 4 to 1.

* * *

Scott Frank Clark, of Sheepshead Bay, won as much as $5,000 over the victory of Puzzle in the fifth race at Washington yesterday. Mr. Clark sent out orders surreptitiously, and bet straight and place at odds of 5 to 1 and 4 to 1.

* * *

Mohammed will do to bet on in the near future, when the weights, conditions and price suit.

* * *

Lord Harry was an odds on favorite in the fifth race at Guttenburg yesterday. He looked a mighty pretty but in the race he finished a bad last, Marsh working hard on him all the way.

* * *

Little Sandy led for half a mile in the fourth race yesterday and then stopped suddenly. He certainly was game, and will hardly face the starter for some time to come.

* * *

The bookies will keep on laying 200 to 1 against Axtell until the day the colt will get away to front in a dash race and the owners will never know which way he went.

* * *

Lucky Tom Eagan landed another big stake on Miss Olive yesterday. He won $2,000. Eagan plays a system. He takes the non-runners, the second choices, and dollar-each declares that they have no chance. Then he hedges for a winner among the others, and in this way lands on the long shots.

* * *

There will be a game of baseball at Guttenburg on Sunday. The serious are to play a game while Manager Carr is to produce. From all reports the personnel of Mr. Carr's nine will be as follows: Catcher, Treasurer J. N. Cassius; Pitcher, President G. Walbaum; First Base, Thomas F. Eagan; Second Base, manager A. G. Carr; Third Base, Trainer W. H. Fuller; Shortstop, Secretary Sam Whitehead; Right Field, Trainer Jim Shields; Left Field, Trainer Charles Sanders; Centre Field, Trainer Bill Brien. Umpire, Judge Joseph J. Burke. All close decisions will be referred to the Executive committee, and any one indulging in the game under a double wrap will be summarily ruled off. Pitcher Walbaum is said to have seventeen different kinds of curves at his disposal, and as a shortstop Secretary Whitehead is out of sight—especially when the tail comes near him. Games will be called at noon and continue until darkness intervenes or the umpire is killed.

FIRE PANIC IN A HOTEL.

Guests at Asbury Park Driven from Their Beds by Flames.

[SPECIAL TO THE EVENING WORLD.]

ASBURY PARK, May 5.—A fire broke out in the laundry in the north wing of the Grand Avenue Hotel at 5 o'clock this morning. A panic occurred among the guests, all of whom were asleep when the flames were discovered. They escaped from their rooms in their night clothing and dressed in the parlor and dining-room.

The laundry was destroyed and the kitchen wing badly damaged. The firemen tore down a part of the wing and saved the hotel. The loss will not exceed $2,000; insured.

Cleveland's Dock Strikes.

[BY ASSOCIATED PRESS.]

CLEVELAND, O., May 5.—The striking dock coal-handlers were yesterday reinforced by the hatch-handlers, making their strength 800. The hatchers are satisfied with their pay, but desire to help the cargo leaders. Strikers are patrolling the docks, though there has been no disorder. Vessels are going to other ports for coal cargoes.

Allerton to Trot for $10,000.

[BY ASSOCIATED PRESS.]

ST. JOSEPH, MO., May 5.—The famous trotter, Allerton, will trot on the St. Joseph track Sept. 15 for a purse of $10,000, his owner, C. W. Williams, having made the entry. Nelson, Axtell, and Belmarch will also compete for the purse.

STOCK REPORTS.

Specialties Pounded Down in To-Day's Early Trading.

Large Engagements of Gold for Export Saturday.

Sugar Trusts Fall Nearly Half a Dozen Points.

WALL STREET, Thursday, May 5.—Stocks were strong in the early trading to-day, but the volume of business was disappointingly small after the sharp spurt of yesterday afternoon. London failed to respond, and this started selling by the room traders and the bears.

The latter finally pounced upon the Sugar shares on account of the proceedings instituted against the Trust and the talk that some of the principals would be arrested.

Sugar common broke from 94 to 89 and preferred from 96 to 93½.

Union Pacific was next raided and sold down from 44⅛ to 43¾. In the mean time other stocks developed marked strength, Omaha selling up 1, to 49¾; preferred, 1½, to 117½; Edison General Electric, 1½, to 100¾; Northwest, 1, to 121⅜, and Rock Island, 1, to 85⅝.

It is estimated that between $2,000,000 and $4,000,000 gold will be shipped to Europe Saturday.

The Chicago, Burlington & Quincy has declared a dividend of 1¼ per cent., payable June 15.

The National Cordage Company has announced the prices on Sisal twine, which are 1¼ to 1½ cents per pound higher than last year.

The gross earnings of the Northern Pacific road for April were $1,774,853, a decrease of $130,409.

Sterling exchange was extremely dull and only fairly steady. Actual rates are 4.86½@4.87 for bankers' sixty-day bills, 4.88 for demand and 4.88½ for cables.

The statement of the Michigan Central Railroad for the year ended Dec. 31, 1891, shows total earnings of $15,102,960, an increase of $672,249; operating expenses, $11,297,560, an increase of $375,815; net, $4,055,400, an increase of $296,433; interest and rentals, $2,439,280, a decrease of $15,046. Canada Southern's proportion, $449,775, an increase of $91,142 and surplus $107,355, against a deficit of $65,148 last year. The cost of betterments and additions to the property except land purchased is included in gross operating expenses.

At the annual meeting held in Detroit to-day the old Board of Directors was re-elected. F. W. Vanderbilt succeeds the late William L. Scott.

The Evansville & Terre Haute directors have authorized Harvey Fisk & Sons to sell $1,000,000 general mortgage 5 per cent. bonds to provide for additional equipment, double-tracking, &c.

The break in sugar stock to 89 unsettled the whole list this afternoon. It was currently reported that the Ways and Means Committee of the House recommended the abolition of the duties on sugar, and this was made the basis for a sharp raid on the shares. The other industrials sympathized in sympathy.

The railroad list declined ¼ to 1½ per cent., the selling movement having been stimulated by the engagement of half a million dollars gold for export.

The Trunk Line Executive Committee has advanced east-bound rates—fifth class—from Chicago to New York to 15 cents, which carries roads with the 10-cent rate all rail. The advance is to take place May 9.

The National Lead Company has declared a dividend of 1¾ per cent. on its preferred stock.

The steamship Fuerst Bismarck, which sailed for Europe to-day, took out 194,200 ounces of silver.

BROOKLYN'S CREDIT IS SAFE.

Mayor Boody Announces that That Issue of Bonds Is Legal.

"Neither the municipality nor the county of Kings has exceeded the legal limitations of indebtedness," was the decision reached this morning at a conference in the office of Mayor Boody.

There were present the Mayor, County Treasurer Harry Adams, Counsel John R. Meyenborg, of the County Board of Supervisors, and Corporation Counsel Almet F. Jenks.

The conference was the outcome of the rejection by the East River Savings Bank, of New York, of $60,000 of county bonds, and refusing payment on a check which was deposited by County Treasurer Adams in the National City Bank.

As the decision in this matter would affect the entire issue of $629,000 of 3½ per cent. bonds, there was considerable agitation in local public circles.

Treasurer Adams claimed that the county was bonded only for about $6,000,000, and was therefore within the limit.

His opinion was agreed with by all present this morning, and the outcome will be that the county authorities will take measures to compel the East River Bank to take the bonds.

The Mayor said: "This discussion is purely a county affair. Every one admits that the city is bonded considerably below the limit, and can go on issuing bonds all the way from $3,000,000 to $9,000,000 according to the construction of the law. It was also unanimously decided that the county had not exceeded the limitations of the law. Its indebtedness is now about $5,300,000, after deducting the county certificates of indebtedness. The assessed valuation of city realty is $448,802,470, and the county $16,253,658.

"That makes a total of $468,056,128 for both. Deducting the water debt, as we have the right to do, we would still be within the 10 per cent. Constitutional limit, but waiving that, we are still within it.

"Counsel for the bank said to-day that he was satisfied that the city could increase its debt several millions and still be within the law."

Two Drowned Out of Three.

[BY ASSOCIATED PRESS.]

ANNA, ILL., May 5.—Dr. J. B. Cottner, Joshua Miller and John Stubblefield, all citizens of Wetaug, a village twelve miles south of here, attempted to cross a swollen stream in a skiff, when the boat was overturned and the men were thrown into the water. Stubblefield managed to reach shore, but Cottner and Miler were drowned.

A MYSTERIOUS POISONING.

Two London Girls Barely Killed with Strychnine.

A Man Said to Have Given Them Some Globules.

[BY ASSOCIATED PRESS.]

LONDON, May 5.—On April 12 a report was circulated in South London that two young girls had been poisoned at a house in Stamford street, Waterloo road, Lambeth.

A police constable went to the house, where he found Alice Marsh, aged twenty-one years, lying in the passage in her nightdress. She was dying from poison.

In another part of the house was another young girl, fully dressed, named Emma Shrivell. She also appeared to have been poisoned.

The girls were taken to St. Thomas's Hospital, but the Marsh girl died on the way in a cab. The other girl died in great agony a short time after being admitted to the hospital.

It was at first thought they had been poisoned by eating tinned salmon. At the Coroner's inquest the next day the police constable who had found the girls testified that Emma Shrivell had told him on the way to the hospital that she and Alice Marsh had met a man known to them as "Fred," who had given them some globules which they had swallowed. He afterwards accompanied them to their home, where he remained until 2 o'clock the next morning.

A police inspector testified that he found on a sideboard in the girl's room a letter from some man accepting their invitation to tea.

Dr. Cuthbert Wyman, house physician at St Thomas's Hospital, gave his opinion that the cause of death was strychnine poisoning.

An analysis of the stomach showed that strychnine in large quantities had been administered. The police are trying to find "Fred" and the writer of the letter found on the sideboard. There is a strong suspicion that these are one and the same individual.

TO INVESTIGATE NOBLE.

Charges Against the Secretary Concerning a Land Conspiracy.

[BY ASSOCIATED PRESS.]

WASHINGTON, May 5.—Before the Committee on Private Land Claims to-day Representative Otis, of Kansas, produced a preamble and resolution reciting certain alleged wrongful acts on the part of Secretary Noble and Commissioner Carter, of the General Land Office.

These acts, the preamble alleged, are in the interest of the conspiracy in 1877 of S. B. Elkins, then a delegate to Congress from New Mexico; T. B. Catron, United States Attorney for New Mexico, and J. A. Williamson, Commissioner of the General Land Office, which resulted in the deprivation to homestead and pre-emption settlers in Colorado and New Mexico of their vested rights.

The resolution calls for a special committee to investigate the charges.

A JUDGE CALLS NAMES.

And Comes Off the Bench with Intent to Do Some Slugging.

[BY ASSOCIATED PRESS.]

TERRE HAUTE, Ind., May 5.—There was an exciting incident in the Circuit Court room yesterday.

The court had not been convened when Judge Taylor spoke to ex-Judge Mack in regard to some remark the latter is said to have made regarding the action of Judge Taylor in appointing two members of the new Grand Jury which is to investigate the city contract scandal.

Judge Mack said it was an unheard of proceeding. Judge Taylor became much enraged, called Judge Mack an offensive name, and started towards him, when bystanders caught hold of him and succeeded in quieting him.

Judge Taylor is the Judge who was recently sat down on by the Supreme Court for sending the editors of the *Express* to jail for contempt of Court.
