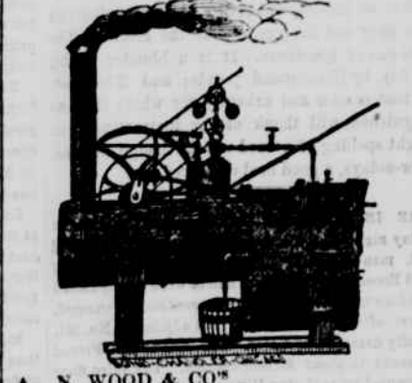
ADAMANTINE BRICK PRESS.



OFFICE OF THE ADAMANTINE BRICK PRESS COMPANY, No. 179 BROADWAY, NEW-YORK.

WE PRESENT to the public the first and only BRICK MACHINE ever invented, which makes a PERFECT PRESSED BRICK from pure clay, without a crack or check, and so simple in its construction as to recommend it to general use, as a substitute for any and all brick machines known to the country.

It makes Brick smooth, perfect, and uniform in size and quality; cheaper than common mud brick can be made, and superior to any Philadelphia pressed brick ever offered in market.

The Machines are made with from one to eight molds, and will cost from $700 to $1,500. Two-horse power will run two molds, and five-horse power will run eight molds.

One mold will turn out 7,000 bricks in 12 hours, and eight molds 50,000.

The brick thus made are impervious to moisture, and consequently secure from the action of frost.

They are ready for burning when discharged from the machine—require no handling or drying—and may be immediately subjected to any degree of heat.

By this process of manufacture, the air and moisture are expelled from the clay by means of perforators, which enter the mold when filled, and are suddenly withdrawn as the brick receives its final pressure; consequently, EVERY BRICK BURNS PERFECTLY, WITHOUT CRACKING, CHECKING or WARPING, and EVERY BRICK is PERFECT WHEN IT COMES FROM THE KILN.

The Machine is now in operation in Jersey City, where it can be seen.

It is only necessary for practical business men to see the Machine in operation, and examine its product, to be convinced that it is destined to work an entire revolution in the manufacture of Brick.

We offer for SALE, Rights of States, Counties, Cities, and Towns, upon reasonable terms. Machines furnished to order.

A. N. WOOD & CO'S CELEBRATED PORTABLE STEAM ENGINE.

The above cut represents our Engine as seen without wheels. For farming purposes we build them on wheels that a pair of horses can easily move about from one stack of grain to another, with especial reference to threshing, &c. We make the building of these Engines a specialty—consequently can afford them cheaper, and as a matter of course, of better quality than when they are built in connection with other machinery. We warrant them to work as we represent or the pay will be refunded.

Should parties wish to inquire in this city about our work, we would refer them to Wm. Porter & Sons, No. 271 Pearl-st., who are using one of 6-horse power daily. We intend to keep a variety of sizes on hand that we can ship one of any size prompt. For further information, address

BENEFIT
of the
DESTITUTE CHILDREN
of the
SOLDIERS AND SAILORS OF THE WAR.

Mr. EDWIN BOOTH, the distinguished tragedian, will, immediately preceding the close of his present engagement, give a matinée at the WINTER GARDEN on the 24th of March, p. m., for the benefit of the institution in Fifty-eighth-st. for the support of the destitute children of the soldiers and sailors who have been killed in our recent struggle for the Union. The play will be one in which Mr. Booth has not appeared during the present season. As the proceeds will be devoted to aid the ladies of the institution in their efforts to increase their building, that they may meet the increased demands made upon them for the support of the orphans of the brave men who have fallen upon the battle-field and the ocean, they trust that the citizens of New-York will respond in a spirit evincing their sense of this national obligation.

Mrs. CHARLES P. DALY, Vice-President.

Mrs. DAVID HOTT, Secretary.

Seats may be secured at the box-office of the Winter Garden, or at Hall's music-store.

OFFICE OF COMMISSIONERS OF TAXES AND ASSESSMENTS, No. 32 Chambers street, NEW-YORK, Jan. 6, 1866.

NOTICE TO TAXPAYERS.—Notice is hereby given that the Assessment Rolls of the Real and Personal Estate of the City and County of New-York, for the year 1866, will be open for inspection and review from and after Monday, January 8, 1866, and will remain open till the 30th day of April, 1866, for the correction of errors and the equalization of the assessments of the aforesaid real and personal estate of the City and County of New-York. All persons believing themselves to be aggrieved must make application to the Commissioners during the period above mentioned, in order to obtain the relief provided by law. The act of 1859 provides that "during the time the books shall be open to public inspection, as hereinbefore provided, application may be made by any person considering himself aggrieved by the assessed valuation of his real or personal estate, to have the same corrected. If such application be made in relation to the assessed valuation of real estate, it must be made in writing, stating the ground of objection thereto, and thereupon the Commissioners shall examine into the complaint, and if in their judgment the assessment is erroneous, they shall cause the same to be corrected. If such application be made in relation to the assessed valuation of personal estate, the applicant shall be examined under oath by the said Commissioners who shall be authorized to administer such oaths, or any of them; and if, in his or their judgment, the assessment is erroneous, they shall cause the same to be corrected, and fix the amount of such assessment as they may believe to be just, and declare their decision thereon within thirty days after such application shall have been made to them. No reduction shall be made by the Board of Supervisors of any assessment on real and personal estate imposed under this act, unless it shall appear, under oath or affirmation, that the party aggrieved was unable to attend within the period prescribed for the correction of taxes, by reason of sickness or absence from the city.
