Foxhall, who has been on exhibition at the Horse Show for the past week, will be returned to England unless he is sold before the end of the month.

The Monmouth County Law and Order League have not given up their crusade against the Monmouth Park Racing Association. They are highly indignant that the Monmouth County Court should grant a liquor license to the race track and intend taking the matter to a higher court. The secretary of the League will present a petition to the Board at Trenton reciting the grievances of the law-abiding citizens of the county.

The Kentucky House of Representatives is the latest legislative body to fall in line and pass a "ringer" law. The act makes it a felony to enter a horse under an assumed name or out of his proper class. This law will be hailed with delight by Kentuckians, who have been up against "ringers" oftener than race-goers of any other State.

Jockeys Overton, Ray and R. Williams acted so badly at the post in the first race at Louisville yesterday that the starter was compelled to fine them $100 each.

The Executive Committee of the Hudson County Jockey Club yesterday reinstated all of the jockeys in the suspended list save Dwyer and Snyder. The former was fined off for breaking contract with Jim McCormick and for being a bad youth generally. Snyder was ruled off for deliberately conspiring to pull the two-year-old Forty. He did this to get even, but the game was discovered and bookmakers and boy suffered accordingly.

Charley Post is still hovering between life and death in St. Mary's Hospital. The owners of St. John, who threw and trampled on the jockey, and who won a race at Guttenburg on Friday, have donated the purse won, amounting to $350, to the injured boy.

The Woodlands Stable was sold at auction on Saturday before the races. Harlequin went to J. Lawrence for $750, Drummer to F. Elliot for $275 and Sandowne to H. C. Ahrens for $2,300. All were two-year-olds.

The Gladness filly met raised sensation in her work about a week ago Saturday. Jimmy Shields rode her in one and she defeated a fast coming gelding, one who a few days ago made the fastest half mile ever run by a two-year old in a race at Guttenburg.

Every one is a while Charley Kelly trots out the mighty Kingstock brother and makes a big chalking with him. When one lays odds he gets it. Yesterday Kingstock defeated Flystaff, a hot favorite at odds on, very easily, and Kelly cashed $4,800 worth of tickets. Kingstock defeated a crack field of sprinters at Sheepshead Bay just last April and Kelly cashed one hedge ticket at odds to 450. Fred Taral, who rode, received $500 for his work.

Barnegat will anxiously await the time will be ripe for Kelly and his Highness with Lacelaurie colt. Is a grandstanding fellow and a royal bottle will ensue if His Highness retains his high form of last year.

Toano was the crack sprinter at Guttenburg last Winter. He earned $9,952 in purses.

Old Blackthorn received the injection yesterday. It was an overdose, apparently, for when he got started he ran two miles before Hueston could pull him up.

STOCK REPORTS.

The Share Clearing-House Plan Tried at the Exchange.

A Sharp Advance in Prices During the Early Trading.

Bears Attempted a Raid, but Came to Grief.

WALL STREET, Monday, May 16.—The market after yielding ¼ to ¾ per cent at the opening advanced sharply. National Cordage jumped about 2 points, and Union Pacific, Northern Pacific, Rock Island, Atchison, Delaware and Hudson and Reading about a point each. Gas and Sugar were weak for a time, but later made a partial recovery.

The sales up to noon were 172,000 shares.

After meeting with opposition for many years the advocates of the Clearing-House plan at last have the satisfaction of seeing their sentiment tried at the Stock Exchange.

The stocks selected for the trial today were Reading, St. Paul, Northern Pacific preferred, and Louisville & Nashville. The Governors have ruled that all contracts in the above-named stocks one Tuesday, May 17, and thereafter, will be fulfilled through the Clearing-House, unless otherwise specially agreed. Clearing sheets for Tuesday's deliveries through the Clearing-House must be delivered to the Clearing-House Monday afternoon. The loan market for Tuesday's deliveries through the Clearing-House will be Monday afternoon. All cash transactions will necessarily be excepted from the Clearing-House.

Officials of the Chicago Gas Company deny that a call or a special meeting has been issued as stated. About June 1 the Fidelity Trust Company, of Philadelphia, will declare the usual quarterly dividend of 1¼ per cent.

President Ingalls, of the C., C., C. & St. L., says, concerning a rumored deal between his road and Reading Valley, that he knows nothing of it and does not believe there is any truth in the rumor.

There is an active canvass for proxies for the annual meeting of the Hocking Coal & Iron Company on Wednesday. This Company, it is stated, has also been taken into the combination which is being arranged among the bituminous coal operators in that section of the country.

The bears made a vicious attack upon Northern Pacific preferred this afternoon in the hope of demoralizing the general market. The stock was forced below 55, and considerable short lines were placed. Instead of declining, however, the remainder of the list developed increased strength and closed at about the best figures attained. The Grangers, Union Pacific and Louisville & Nashville were noticeably strong.

Hocking Valley dropped to 27 and rallied to 28½.

Late in the day 700 shares of Northern Pacific preferred were bought in "under the rule" for non-delivery for the account of a leading bear.

This caused a jump in the stock to 55½, and the little shorts were badly scared. The whole operation shows how heavily oversold the leading stocks are at the present time.

Bonds were active and strong throughout the day and the deals were kept busy executing orders over the counter.

The producers of soft coal east of the Alleghanies are trying to make an arrangement to advance prices which are now 40 cents for lump and 35 cents for slack.

The Treasury Department today purchased 210,000 ounces of silver at 88.40 a 88.46. The offerings were 370,000 ounces.

The following are the fluctuations made by the Stock Exchange Clearing-House: Reading, 50; St. Paul, 80; Northern Pacific preferred, 55, and Louisville & Nashville, 77.

The total sales at the New York Stock Exchange to-day were 210,500 shares of listed stocks, 7,000 ounces of silver and 3,000 barrels of Buckeye oil.

MEXICO MAY TAKE OUR CHINESE.

Reported Plan to Colonize Them in the State of Tamaulipas.

(BY ASSOCIATED PRESS.)

CITY OF MEXICO, May 16.—Ching Wun and Kong Foo, the former a wealthy Chinaman, of San Francisco, and the latter of St. Louis, are here and have had two audiences with President Diaz.

The object of their visit is to secure a colonization concession in the state of Tamaulipas for the purpose of removing almost the entire population of their countrymen who now reside in the United States. They claim to represent a society of Chinese in the United States, numbering several thousand.

SENATOR BARBOUR'S FUNERAL.

Services Held To-Day in the Senate Chamber at Washington.

(BY ASSOCIATED PRESS.)

WASHINGTON, May 16.—To-day for the second time within less than six months the United States Senate was called upon to pay tribute to the memory of one of its members.

About an hour before noon the body of the deceased Senator John S. Barbour, of Virginia, was brought to the Capitol from his home nearby and deposited in the chamber.

The body was encased in a black cloth covered sarcophagus, devoid of silver ornaments save a plain silver plate bearing the following inscription:

JOHN S. BARBOUR,
Born December 29, 1820
Died May 14, 1892.

A detail from the Capitol police stood guard over the casket until service began in the Senate and the doors leading to the marble room were closed to visitors.

The chamber was arranged for the occasion in the usual manner, seats being arranged for the Cabinet, the Supreme Court, the House of Representatives, the General commanding the army, the diplomatic corps, the widow Annulet of the Navy and the combined bars of the District of Columbia.

The chair occupied last Friday by the dead senator was draped in black. There was a large attendance of spectators in the galleries, the members of the House marched in at 12.55.

BRAINED HIS WIFE IN PUBLIC.

The Fiendish Deed of a Divorced Husband at Clarington, O.

(BY ASSOCIATED PRESS.)

WHEELING, W. Va., May 16.—The attempted murder of Mrs. Charles Hill, of this city, by her divorced husband at Clarington, O., yesterday, was diabolically planned.

Mrs. Hill received a telegram from Clarington informing her that her five-year-old child was sick and to come at once. She took the first train.

Hill was waiting on the Ohio bank for her, and as she stepped from the ferryboat he hit her on the head repeatedly with a hatchet, cutting five deep gashes and exposing the brain. Many people witnessed the fiendish deed.

The woman will certainly die. Hill is in the Wheeling jail. There were many threats of lynching at Clarington, but the prisoner was carefully guarded.

RANCHMEN ON THE RUN.

A Band of Texans Said to Have Been Hired to Murder.

(BY ASSOCIATED PRESS.)

BUFFALO, Wyo., May 16.—Alex Lowther, one of the sheriff's wounded in the fight at the T. A. Ranch, is dead.

Yesterday "Kid" Donnelly and Jim Taylor came in from Powder River, having fled from their ranches because of warnings given them that the stockmen were sending another band of Texans to clean out the country.

Several persons, they say, have seen bands of strangers avoiding railroads and towns and concentrating in the vicinity of this place. Scouts are out investigating.

The Sworn Tormentors of the Inquisition.

What cared they for the groans of the victim as he lay stretched upon the rack? Yet people whose hearts are neither as hard as the nether millstone, nor whose fortitude is excessive, often have no qualm themselves voluntarily incur ofttimes torture hardly less great. Rheumatism, the most agonizing and obstinate of complaints, is, perhaps, more frequently neglected in its inception than any other, the prolonged agony bringing sooner or later the conviction that "a cold in the bones" which will pass away of itself. Singular fatality—fatal delusion! Hostetter's Stomach Bitters is a potent safeguard against the terrible inroads of this insidious and dangerous malady—dangerous because of its proneness to attack the heart, the seat of life. Neuralgia is also effectually counteracted and relieved by the Bitters. Malaria, kidney, complaints, debility, indigestion, biliousness, la grippe, loss of appetite and the inability to sleep are among the complaints eradicable with this genial corrective.

DEACON WANTED A DIVORCE.

It Would Have Averted the Scandal and Murder of Abeille.

Once in Paris the Frenchman Was Caught in the False Wife's Room.

(BY ASSOCIATED PRESS.)

PARIS, May 16.—The *Du-Neuilleme Siecle* to-day publishes a biography of the married life of Edward Parker Deacon, who is now awaiting trial before the Assize Court of the Alpes Maritimes on the charge of manslaughter growing out of the killing of M. Abeille, whom Mr. Deacon discovered in his wife's apartments at the Hotel Splendide at Cannes on the 19th of February last.

The newspaper asserts that the story it publishes was told by Mr. Deacon to his solicitor. According to this story, Mr. Deacon says that a few days prior to the tragedy and again on the evening the shooting occurred, before he left the hotel to attend the ball given by the Cercle Nautique, he urged his wife to consent to a divorce.

He had a very strong suspicion that his wife's relations with Abeille were not what they should be, and he thought that if he could procure his wife's consent not to contest an action for divorce much scandal could be averted. Mrs. Deacon, however, objected to this course.

Mr. Deacon, the story adds, declared that his wife's conduct was exemplary until Abeille was introduced to her. The Frenchman became assiduous in his attentions to Mrs. Deacon, and Mr. Deacon frequently protested against his, to him, unpleasant actions.

After Abeille left the country Mr. Deacon began to receive letters from an anonymous source stating that his wife was deceiving him. In one day he received six such letters.

Subsequently he found letters that Abeille had written to his wife, but his suspicions as to her fidelity were not thoroughly aroused until he found Abeille on one occasion hidden behind a curtain in his wife's room at their Paris residence. After this occurrence scenes between himself and his wife were frequent, and Mrs. Deacon upbraided him in very strong language, accusing him of tyrannous and infamous conduct.

While they were at St. Moritz she became so violent that he threatened to send for the police and have her taken into custody. She retorted: "Send for them; I am tired of this life, and I don't want you to communicate with me except through my attorney."

He afterwards apologized to his wife and a reconciliation occurred. Some little time after he went to the United States and upon his return his wife declined to see him until Christmas. Though they then lived together, they never fully resumed their old relations.

The date of the trial of Mr. Deacon has been definitely fixed for the 20th inst. Mrs. Deacon will not be present, but her deposition will be read to the jury.

It is already generally believed that Mr. Deacon will be acquitted.

The hall in which the trial will take place is of small dimensions, and in view of the limited accommodations it affords Parisian and foreign reporters are already forwarding their requests for seats.

Scrofula Humors
IN THE BLOOD

Cause much Agony which Hood's Sarsaparilla fairly tried will soon overcome. Parents and all other sufferers, read this:

"We are so thankful to Hood's Sarsaparilla for what it has done for our little girl that we desire to make this statement for the benefit of other parents and the health of

Suffering Children

Our girl was a beautiful babe, fair and plump and healthy. But when she was two years old sores broke out behind her ears and spread rapidly over her head and forehead down to her eyes, and into her neck. We consulted one of the best physicians in Brooklyn, but nothing did her any good. The doctors said it was caused by a scrofula humor in the blood. Her head was

One Complete Sore

offensive to the smell and decided to look at. Her general health waned, and she would lay in a large chair all day without any life or energy. The sore caused great itching and burning, and we had to tie her hands to prevent scratching. For 3 years

She Suffered Fearfully

with this terrible humor, and we concluded we must try some other medicine. We were moved to give her Hood's Sarsaparilla and began to try it. We soon noticed that she had more life and appetite. The medicine seemed to drive out more of the humor for a short time, but it soon began to subside, the itching and burning ceased, and in a few months her head became entirely clear of the sore. She is

Perfectly Well

has no evidence of the humor, and her skin is clear and healthy. She seems like an entirely different child in health and general appearance from what she was before taking Hood's Sarsaparilla. We earnestly recommend this excellent medicine to all who suffer from scrofula or impure blood." I. W. FREDERICK, Danforth street, Cypress Hill, Brooklyn.

Confirmatory Statement

Hood's Sarsaparilla

of me." WM. F. MAGE, Druggist, Atlantic avenue, East New York, N. Y.
