HARRY MINER'S NEW THEATRE.

To Be Opened To-Night with "The Robber of the Rhine."

Bills Offered by the Various Play-Houses for Next Week.

The long-delayed opening of the Fifth Avenue Theatre will occur to-night, when "The Robber of the Rhine" will receive its initial production. This new opera, written by Maurice Barrymore and composed by Mr. Puerner, will be the only novelty on Broadway next week. The book was originally written about five years ago, Mr. Barrymore intending it for a romantic opera, to be called "Waldemar, and which was never produced. Mr. Barrymore has revised it considerably, emphasizing the comic interest. The music by Mr. Puerner is highly spoken of by those who have heard it. Mr. Hayden Coffin, the Anglo-American baritone will make his American debut in "The Robber of the Rhine." Miss Marion Manola and Mr. J. H Ryley will also be in the cast, while the chorus and orchestra will be large and, it is said, of pleasing strength. Mr. Miner's new theatre will delight the eye. The very well known John W. Hamilton has been specially engaged as business manager of the Fifth Avenue Theatre.

"The House on the Marsh" will be seen for the first time in New York Monday afternoon and evening, at the People's Theatre. The piece was first dramatized by Mervyn Dallas with the consent of the author, Florence Warden. The play is said to contain bright dialogue, dramatic situations, and to be full of incidents of keen interest. Mr. Dallas will play the principal part, that of Gervas Royner, alias Jim Woodfall, the gentleman burglar. The principal members of his supporting company are Tyrone Power, Harry St. Maur, Frank Opperman, Irving Williams, Littledale Powers, and the Misses Kate Vandenhoff, Ida Soiee, Marie Stuart, Emma Walker and Olive L. Oliver.

"Child of Fortune" is reaping a rich harvest at the Casino, and even as a matinee attraction this opera seems to are better than did several of the former acknowledged successes. Several commencement theatre parties from out-of-town colleges and schools have arranged to witness the performance during the coming week, and the most important party of the season will come June 10, the occasion of the West Point cadets' annual visit. Beginning next Wednesday night, there will be a double attraction at the Casino, for on that evening the enlarged and beautiful roof-garden will be thrown open to the public for the season. A continuous entertainment will be given from 8 o'clock until midnight. The entertainment will consist of the latest musical and Terpsichorean novelties from Europe and promenade concerts by a complete orchestra.

"Robin Hood," at the Garden Theatre, has met with such popular favor that the stay of the Bostonians has been extended two weeks. Elaborate preparations have been made for the two performances to be given Memorial Day. That old favorite, Patrick Sarsfield Gilmore, will begin his Summer engagement in the Madison Square Garden Amphitheatre Monday night, and the roof garden will be opened at the same time. The Garden Theatre will be specially decorated in commemorative of the occasion. In the evening Lillian Russell will occupy a box. After the performance Miss Russell and the more prominent members of her company and of the Bostonians will ascend to the roof garden. Mr. Gilmore's first three Monday nights preceded them, and the arrival of the operatic artists will be made the occasion of a unique ovation.

The fourth and last week of De Wolf Hopper's prosperous return engagement at the Broadway Theatre begins Monday, and when the four hundredth and closing performance of the sprightly burletta is given next Saturday "Wang" will have been played in the metropolis twenty-six weeks, or the exact half of one year. Mr. Hopper and his business associates, as well as every member of his excellent organization, are in a happy frame of mind, and not without reason, for the rentree of "Wang" has been greeted by a continuous succession of crowded houses. A special holiday matinee will be given on Memorial Day.

Digby Bell and his merry opera, "Jupiter," will enter upon the second month of their highly successful engagement at Palmer's Theatre Monday, when an extra matinee will be given. On Tuesday evening Mr. Bell will present the second edition of "Jupiter," upon which he and Mr. Smith have been hard at work for the past two weeks. In many respects it will be different from the original, yet it will possess all the popular features and musical numbers of the first edition. The introduction of Mr. Fred Lennox in the part of Grampus, the slave-dealer, makes the part more important, and in the place of finishing in the first act, as formerly, he will now play the part of a weather clerk in the second act, and has some strong comedy scenes with Mr. Bell. Mr. Charles Dungan will also make his debut in the new edition in the part of Dominicus, which has also been elaborated.

"Old Jed Prouty" has evidently come to New York to stay. The welcome accorded him this week at Proctor's Theatre was as hearty as Old Jed himself could wish. There is no doubt that the public like this sort of entertainment. Mr. Golden furnishes with this piece, overdrawn as it is. The laughter which follows the entrance of the absurdly rustic characters, and which is incessant throughout the performance, proves this. Mr. Golden's impersonation of the old Bucksport innkeeper, whose sterling worth is concealed beneath a quaint and somewhat rugged exterior, is likely to prove an attraction all Summer. A special matinee will be given Memorial Day.

The success of "Imagination" at the Fourteenth Street Theatre has been so pronounced that Manager Rosenquest lost no time in extending the stay beyond the original fortnight allotted. The duration of the engagement now depends solely on weather favorable to theatre prosperity. The dialogue of "Imagination" is bright, its situations are very funny and Mr. Rosenfeld has handled skillfully the introduction into an establishment of unquestionable propriety of a henpecked merchant, under the illusion that his environments are other than respectable. A special matinee will be given Monday.

But one more week remains of "The Grey Mare" at the Lyceum Theatre, which the supplementary season ends and the theatre will be closed until the return of Mr. Sothern in August. The work at this theatre the past year showed the highest artistic results that have yet been achieved by the Lyceum company. This has been shown in the demands made upon Mr. Frohman's organization by "Lady Bountiful," "Squire Kate," "Merry Gotham," "The Grey Mare," and the one-act plays "White Roses" and "The Organist." Most of these plays will be performed by the company during the coming Summer tour.

Mork Murphy in "O'Dowd's Neighbors" will be the attraction at the Columbus Theatre Monday, when a special Memorial Day matinee will be given. Mr. Murphy has been before the public for a good many years, but never appeared to so good advantage as in "O'Dowd's Neighbors." He is supported by a very good company.

The popularity of Bobby Gaylor and his Irish characterization has won him an extension of the engagement of "Sport McAllister" at the Bijou. The haps, mishaps and adventures of this quizzical, pugnacious and witty character are the sources of unbounded laughter, with the accompanying result, of crowded houses. George Parker, a clever player and graceful dancer; Camille Cleveland, a sweet-voiced singer, and a character quartet, with unique and taking contributions, are among the more prominent people in the high class company engaged by Manager Brady to support his Irish star. A special matinee will be given Monday.

"A Trip to Chinatown" is still drawing full houses to Hoyt's Madison Square Theatre. One of the reasons for its great popularity is, doubtless, the fact that every week some new and interesting feature is added. For next week Mr. Charles H. Hoyt has sent down a lot of new songs and sayings.

Manager Sanderson has prepared another strong bill of attractions for next week's show at Tony Pastor's. The list of charmers is headed by the popular James F. Hoey. For the first time in three years Adams, Casey and Howard will be seen. Then comes Billy Carter, Petrie and Elise, Will H. Fox, Clayton and Jennings, Little Bonnie Thornton, Marion Stanley, the Nelsons, Morris and Morris and Miss Emma Bell. A more entertaining vaudeville programme it would be difficult to arrange.

The fourth week of "Friends" begins at the Standard Monday. Mr. Boyle's play has met with a success which was hardly thought possible when it was first produced. It has steadily grown in favor, and to such an extent that it was found profitable to extend its time.

Princess Dolgorouky, the Russian violinist, will make her first appearance in America at the Academy of Music to-night. She will give three concerts in New York before going on a tour of the United States. At each concert she will be assisted by distinguished European artists and a large orchestra, which she will conduct in the principal selections. The Princess will appear in Russian costume as well as in Worth's latest creations.

The introduction of specialties is apparently depended upon to prolong the stay of "Elysium" at Hermann's Theatre. The added notoriety given to Omene by the trial of her suit against Koster & Bial has helped the business of the management of "Elysium," and she will appear in the harem scene, beginning to-night.

A new burlesque, entitled "Pocahontas up to Date," will be presented at Koster & Bial's for the first time Monday night. Mons. Dufour and Mlle. Hartley, who have created something of a sensation, will appear in a new pantomime and character dances. The latest importation, the Borand Brothers, are attracting considerable attention. The balance of the programme includes Carmencita, Joseph Natus, a clever tenor; Samuel Dearth and the Spanish Students.

The new American historical hall at the Eden Musee is a great success and confirms the admiration of all visitors. The groups are arranged with unusual skill and the figures delineated with that fidelity to the original for which the Musee is noted. Powell introduces new feats in magic each week and Mattison is a show in himself. Sacred concerts will be given to-morrow.

John P. Smith's new version of Mrs. Harriet Beecher Stowe's great work, "Uncle Tom's Cabin," will be given a revival with a specially selected company at H. R. Jacobs' Theatre next week. Many specialities will be introduced, including the Creole Warblers, Ena Robinson and Charles Asbury, the Alabama Quartet and twenty Virginia jubilee singers.

The attraction at the Grand Opera-House next week will be Kate Claxton, supported by an excellent company. That ever-popular drama, "The Two Orphans," will be presented, with Charles A. Stevenson as Jacques Frochard.

Memorial Day will be celebrated at Eldorado on the Palisades with a concert both afternoon and evening. At night Pain & Sons will make a grand fireworks display. These arrangements will not interfere with the regular Sunday afternoon and evening concerts.

Huber's Museum on Fourteenth street presents many new attractions and more than sustains its reputation. Among the signs are Sig. Mutty and monkeys; Musseller, the rock breaker; Delos, the glass blower; the Wood Specialty Co.—Daly and Pearl; Webster and Conlin, the Trevalle Sisters and the hero of Plevna, Save Perovic.

SPORTING NEWS AND NOTES.

McCarthy and Burns Said to Be in Fine Form for Their Battle.

College Athletes Preparing for the New Jersey A. C. Games.

The sports now have their eyes directed towards Coney Island. On Monday night the programme provided by the Athletic Club of the West End will be presented under more favorable circumstances than ever, and the card will be a drawing one. Cal McCarthy, of Jersey City, and Bobby Burns, of Providence, will be the stars of the evening, and they are governed by circumstances that will insure a hot contest. They are to battle in a twenty-foot postless ring for a purse of $2,500, governed by Marquis of Queensberry rules and the gloves are to be of regulation weight. McCarthy is very anxious to win, and says himself that he has done little, or nothing, of late, to get back into the good graces of those who lost on him in his fight with Dixon at Troy. McCarthy has whipped Tommy Warren and Tommy Callaghan in the mean time, but he does not count these victories as affecting his standing here to any great degree, and he is anxious to show his Northern friends that he is still in the ring. He is said to be looking remarkably well.

A well-known sporting man, in sizing Cal up, said: "When McCarthy's clothes don't fit him you can bet he is in condition. He has been taking off his superfluous flesh at easy stages and does not look at all weakened by his reduction in weight. He is now at Coney Island and is working like a beaver, with Jack O'Mara and Tom Collins keeping an eye on him." Burns has been doing all his training at Coney Island and is anxious to win this contest. He is regarded as a game and clever fighter, and, while he has not earned the reputation for himself that his opponent has, he thinks he is in a fair way to do so. Both men swear that they will be down to the required 115 pounds when they weigh in on Monday afternoon.

The preliminary battle, which is limited to eight rounds, between Eddie Pierce and Willie Kenny is attracting considerable attention. Pierce has been the pride of the Nonpareil Athletic Club for a long time, and was one of the men who came under Father Bill Curtiss's suspension act, and has decided to enter the professional ranks. Willie Kenny abandoned the amateur lists last Fall, when he met Alex Gallagher for six rounds, and the latter, although a heavier man, failed to stop him. He then met Tommy Callaghan in a small glove fight, and Callaghan punished him badly. Kenny and Pierce are game fighters.

The men from Chicago gave the Giants a lesson in the science of ball-playing yesterday. Because the New Yorks got to the Wildward or the Windy City players on Thursday Ewing thought he would astonish the spectators with a repetition. He did not do so, however. Luby went into the box for Chicago and the Giants managed to work in three hits, which netted them a total of one run, while Chicago made tour runs.

Pat Powers, the New York's manager, is getting rather tired of repeated defeats, and talk of an earthquake striking the team is current. A general shaking up has been threatened for some time, and it is now given out as certain that steps will be taken to compel the high-priced Giants to play better ball.

Over in Brooklyn the local interests were sadly neglected. Ward's stars have been shining brightly thus far this season, but they went down before the St. Louis team in a hurry yesterday. The score was 13 to 1 in favor of "der Browns." The Brooklyns seemed to be out of joint from the box down. Louisville touched up Boston 10 to 3. Philadelphia was defeated by Cincinnati, 8 to 6.

Washington led Pittsburg 6 to 4, and Cleveland defeated Baltimore 3 to 2 in the first game, and 10 to 4 in the second.

Games scheduled for to-day are:

Chicago at New York.	Cincinnati at Philadelphia.
St. Louis at Brooklyn.	Cleveland at Baltimore.
Louisville at Boston.	Pittsburg at Washington.

The Princeton College will furnish a number of its best athletes, as the students are anxious to see the Princeton College lacrosse team play the New Yorks. Among the Princeton men that will compete are: E. A. Beecherling, Irving Brokaw, G. W. Betts, W. H. Swain, C. N. Black, L. R. Crane and A. C. Heucken.

The Cornell University will also be represented, and the University of Pennsylvania will have F. H. Lee, W. Henry Hansell and E. M. Church to compete for it.

Entries have also been received from the following clubs:

Secretary C. C. Hughes, of the Manhattan Athletic Club, expects to see some good work done at the Club's annual spring games at Manhattan Field Monday. In talking about the event he said: "Of course we are sorry we had to postpone our games last Saturday, but that fact will not affect the quality of the sport any, as we expect to give the best set of Spring games on Monday yet given by the Club. We have greater facilities than ever before and the crack athletes of this vicinity are entered."

After waiting many months for the completion of their new club-house, the Crescent Athletic Club will formally open its magnificent new Summer home at Bay Ridge to-day. The building is a model from a social and athletic standpoint, and will doubtless prove a great attraction to the members of the club during the Summer. The grounds have also overhauled their boat-house and fleet of boats, and are well equipped from an aquatic standpoint. Tennis and cricket will have the call among the field sports during the season. The club has a large new cricket field, on which the club's football players can train for the championship of the Amateur Union this Fall.

The members of the Acorn Athletic Club are making good use of their new club-house on Fifth avenue, Brooklyn. The club has a large number of athletes in training for the Summer games, and some of them are showing up in excellent form. The club holds a set of members' games once a week, and the membership has almost doubled in the last two months. President Cumming is highly elated at the progress his club is making.

Many of the oarsmen from this city and Long Island who are to compete in the various events of the Passaic River regatta at Newark on Monday will take final spins to-morrow. The clubs along the Harlem will be better represented at the regatta than of any other locality, except those on the Passaic.

There are sports in this city who are firm in their belief that the Sullivan-Corbett fight will not take place before the Olympic Club, of New Orleans.

A dinner will be given in honor of Fred Johnson, the English pugilist, at Coney Island to-morrow night.
